INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Retirement Plan Committee
and Participants of the
organicgirl, LLC General Teamsters Local Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the organicgirl, LLC General Teamsters Local Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier ("qualified institution") in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

To the Plan Administrator, Retirement Plan Committee
and Participants of the
organicgirl, LLC General Teamsters Local Plan

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ORGANICGIRL, LLC
GENERAL TEAMSTERS LOCAL PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

1. Description of the Plan

The following description of the organicgirl, LLC General Teamsters Local Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was adopted by organicgirl, LLC (the “Company” or “Plan Sponsor”) on July 1, 1995 and was most recently amended on January 1, 2019. The Plan is defined as a contribution retirement plan containing a cash or deferred arrangement described in Internal Revenue Code (“IRC”) Section 401(a). All employees of the Company who are members of the General Teamsters, Warehousemen and Helpers Union Local #890 are eligible to participate in the Plan provided they are at least age 21 and have completed one year of service. Certain classes of employees are not allowed to participate in the Plan as outlined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the IRC.

Plan Administration

The Company has appointed a Retirement Plan Committee (the “Committee”) to manage the operation and administration of the Plan. Voya Institutional Trust Company (“Voya”) is the appointed trustee of the Plan, and acts at the direction of the Plan’s administrator. The Company is the Plan’s Administrator (“Plan Administrator”) and paid the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses were primarily comprised of auditing fees and expenses relating to the maintenance of the Plan’s records.

Contributions

Participants may elect to have a portion of their eligible compensation (1% to 100%) contributed to the Plan on a before-tax or after-tax basis pursuant to code section 401(k) up to the limits imposed by Sections 402(g) and 415 of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Company matches 100% of participant deferral contributions up to a maximum of 3% of eligible employee compensation. For the year ended December 31, 2022, employer matching contributions amounted to \$47,290. Profit sharing contributions may also be made at the discretion of the Company. For the year ended December 31, 2022, the Company elected not to make any discretionary profit sharing contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, employer contributions, if any, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant’s account balance. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

1. Description of the Plan, continued

Vesting

Participants are immediately vested in their voluntary contributions and matching contributions plus actual earnings thereon. Vesting in employer discretionary profit sharing contributions and earnings thereon is based on years of continuous service. The vesting schedule is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures

Forfeited non-vested accounts totaled \$3,848 and \$4,041 as of December 31, 2022 and 2021, respectively. After a participant has incurred a five-year break in service, forfeited amounts are added to the employer's discretionary contributions and allocated to the remaining participants based on their relative compensation. Forfeitures can be used to reduce employer contributions. No forfeitures were used for the year ended December 31, 2022.

Investment Options

Investments of the Plan are held by Voya. Upon enrollment in the Plan, a participant may direct his or her contributions in percentage or dollar increments into a series of mutual funds or guaranteed investment contract ("GIC") offered by the Plan. Participants may change their investment options at any time.

Participant Notes Receivable

Participants are allowed one loan at a time and may borrow from their fund accounts a minimum of \$1,000 up to 50% of the value of their vested account balance, or \$50,000, whichever is less. Loans must be repaid within a five-year period. Loans are secured by no more than 50% of the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the loan originates. The interest rates on participant notes receivable as of December 31, 2022 ranged from 3.25% to 10% per annum. Principal and interest are paid in equal installments through regular payroll deductions or payments to the Company.

Payment of Benefits

When participants leave the Company, upon normal retirement (age 65) or for any other reason, those participants (or their beneficiaries) may receive the full value of their salary deferrals, vested employer contributions, rollovers, and the net earnings thereon in a single lump-sum payment, or partial withdrawals. Hardship withdrawals are permitted from pre-tax and post-tax elective deferral accounts for certain immediate financial need as defined by the Plan document.

GENERAL TEAMSTERS LOCAL PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

1. Description of the Plan, continued

Payment of Benefits, continued

In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the Plan Administrator. Account values will be determined as of the day the distribution is made. The Plan allows for the automatic lump-sum distribution of participant vested account balances that do not exceed \$5,000.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are recorded at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee.

Investments in securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the valuation period. In accordance with the policy of stating investments at fair value, net realized and unrealized appreciation or depreciation for the year is reflected in the statement of changes in net assets available for benefits.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of Benefits

Benefit payments are recorded when paid.

ORGANICGIRL, LLC

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

3. Certified Information

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Voya as of December 31, 2022 and 2021, and for the year ended December 31, 2022:

	<u>2022</u>	<u>2021</u>
Investments:		
Mutual funds	\$ 906,374	\$ 1,356,655
Guaranteed investment contract	<u>797,388</u>	<u>747,747</u>
Total investments	<u>\$ 1,703,762</u>	<u>\$ 2,104,402</u>
Total investment income	<u>\$ 7,604</u>	N/A
Net depreciation in fair value of mutual funds	<u>\$ (216,997)</u>	N/A

4. Fair Value Measurements

Accounting standards for fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

ORGANICGIRL, LLC
GENERAL TEAMSTERS LOCAL PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

4. Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 906,374	\$ -	\$ -	\$ 906,374

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,356,655	\$ -	\$ -	\$ 1,356,655

The Plan's valuation methodology used to measure the fair values of mutual funds was derived from quoted market prices, as all of these instruments have active markets.

5. Guaranteed Investment Contracts

The Plan invests in a GIC with Voya totaling \$797,388 and \$747,747 as of December 31, 2022 and 2021, respectively. The contract maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than 3%. The crediting rate is reviewed on a quarterly basis for resetting. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

ORGANICGIRL, LLC
GENERAL TEAMSTERS LOCAL PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

5. Guaranteed Investment Contracts, continued

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

6. Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by Voya, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value or contract value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Tax Status

The Plan adopted a prototype plan that has received an opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC.

The Plan has been amended since receiving its opinion letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and its related trust is exempt from income taxes.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in any non-vested employer contributions.

9. Risks and Uncertainties

The Plan provides for various investment securities, which are exposed to various risks such as interest rate, market fluctuation and credit risks. The fair value of investments and securities are sensitive to changes in economic conditions, delinquencies, and defaults, and may be adversely affected by shifts in the market perception of the issuers. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

As of December 31, 2022 and 2021, approximately 67% and 55%, respectively, of net assets were held in three funds.

9. Risks and Uncertainties, continued

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments as of December 31, 2022 may not necessarily be indicative of amounts that could be realized in a current market exchange.

10. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through October 13, 2023, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred since December 31, 2022 that require recognition or disclosure in such financial statements.
