9a Plan funding arrangement (check all that apply) (1) ☐ Insurance (2) ☐ Code section 412(e)(3) insurance contracts (3) ☒ Trust (4) ☐ General assets of the sponsor		9b Plan benefit arrangement (check all that apply) (1) ☐ Insurance (2) ☐ Code section 412(e)(3) insurance contracts (3) ☒ Trust (4) ☐ General assets of the sponsor		
10 Check all applicable boxes in 10a and 10b to indicate which schedules are attached, and, where indicated, enter the number attached. (See instructions)				
a Pension Schedules (1) ☒ R (Retirement Plan Information) (2) ☐ MB (Multiemployer Defined Benefit Plan and Certain Money Purchase Plan Actuarial Information) - signed by the plan actuary (3) ☐ SB (Single-Employer Defined Benefit Plan Actuarial Information) - signed by the plan actuary		b General Schedules (1) ☒ H (Financial Information) (2) ☐ I (Financial Information – Small Plan) (3) ☐ A (Insurance Information) (4) ☒ C (Service Provider Information) (5) ☐ D (DFE/Participating Plan Information) (6) ☐ G (Financial Transaction Schedules)		

Part III Form M-1 Compliance Information (to be completed by welfare benefit plans)

11a If the plan provides welfare benefits, was the plan subject to the Form M-1 filing requirements during the plan year? (See instructions and 29 CFR 2520.101-2.) ☐ Yes ☐ No

If "Yes" is checked, complete lines 11b and 11c.

11b Is the plan currently in compliance with the Form M-1 filing requirements? (See instructions and 29 CFR 2520.101-2.) ☐ Yes ☐ No

11c Enter the Receipt Confirmation Code for the 2022 Form M-1 annual report. If the plan was not required to file the 2022 Form M-1 annual report, enter the Receipt Confirmation Code for the most recent Form M-1 that was required to be filed under the Form M-1 filing requirements. (Failure to enter a valid Receipt Confirmation Code will subject the Form 5500 filing to rejection as incomplete.)

Receipt Confirmation Code _____

SCHEDULE C (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Service Provider Information This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA). ▶ File as an attachment to Form 5500.	OMB No. 1210-0110
		2022
		This Form is Open to Public Inspection.

For calendar plan year 2022 or fiscal plan year beginning 01/01/2022 and ending 12/31/2022	
A Name of plan CRITICAL START 401(K) PLAN	B Three-digit plan number (PN) ▶ 001
C Plan sponsor's name as shown on line 2a of Form 5500 CRITICAL START, INC.	D Employer Identification Number (EIN) 26-3824084

Part I Service Provider Information (see instructions)

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

- a Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☒ Yes ☐ No
- b If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: TUGGLE BURTON & CO

(2) EIN: 75-2444915

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

	Yes	No	Amount
4a	X		377927

	Yes	No	Amount
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d		X	0
e Was this plan covered by a fidelity bond?	X		441000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	0
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
4i	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
4j		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
4k		X	
l Has the plan failed to provide any benefit when due under the plan?		X	0
4l		X	0
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
4m		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			
4n			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☐ Yes ☐ No ☐ Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

SCHEDULE R (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Retirement Plan Information This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ► File as an attachment to Form 5500. INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the Critical Start 401(k) Plan Critical Start 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Critical Start 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Critical Start 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of the years ended December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Critical Start 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Members Texas Society CPA's

Members American Institute of Certified Public Accountants

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Critical Start 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Critical Start 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Critical Start 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H Line 4a—Schedule of Delinquent Participant Contributions and Schedule H, Line 4i—Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CRITICAL START 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Critical Start 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement, as amended, and *Summary Plan Description*, which are available from the Plan administrator, for a more complete description of the Plan's provisions.

General

The Plan was established on March 3, 2016 and restated effective May 21, 2020. The Plan has been designed and amended to comply with the provisions of the Economic Growth Tax Relief Reconciliation Act ("EGTRRA"), and with certain provisions of the Pension Protection Act ("PPA"). The Plan is a defined contribution plan wherein eligible employees of the Plan (the "Company", "Employer" or the "Sponsor") are permitted to make contributions that are tax-deferred under Section 401(k) of the Internal Revenue Code. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the Internal Revenue Code ("IRC").

During the year ended December 31, 2020, the Plan was amended to revise the rules governing hardship distributions to conform to the Bipartisan Budget Act of 2018.

Eligibility

All employees who have reached the age of 18 years of age are eligible from on the earlier of 6 months of employment of the first day of Plan year after the six-month employment requirement is met. Employees who have met the requirements for entry into the Plan may make salary deferrals and receive discretionary employer matching contributions upon entry. Additionally, the Plan provides automatic enrollment with 6% contribution rate unless eligible participants opt out. All investments are participant-directed.

Effective February 1, 2022, the Plan Sponsor, Critical Start, Inc. and CyberOne, LLC. ("CyberOne"), a sister company, were separated. Effective May 18th, 2022, The Plan Sponsor was acquired by an unrelated party. Employees of CyberOne were eligible to contribute to the Plan up to acquisition of the Plan Sponsor.

Contributions

Each year, participant contributions to the Plan on a pretax basis are subject to an annual limitation (\$20,500 and \$19,500 for the years ended 2022 and 2021, respectively). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of \$6,500 for the years ended December 31, 2022 and 2021. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Compensation for IRS Code section 415 and 416 purposes is defined as wages, tips and other compensation reported on Form W-2. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a guaranteed investment account as investment options for participants.

Annually, the Company matches participant contributions up to 50% of the participant's deferral, limited to to 5% of salary deferred. The Company may also make discretionary profit sharing contributions. During the year ended December 31, 2022, the Company made a discretionary profit sharing contribution of \$-. During the year ended December 31, 2022 the Company made an employer matching contribution of \$745,238.

CRITICAL START 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF THE PLAN, (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Employer's discretionary matching contributions, discretionary profit sharing contributions, and Plan earnings and losses. Each participant's earnings are invested separately according to the individual's investment direction so that each participant's account realizes appreciation or depreciation based on related investment performance. Allocations are based on participant earnings or account balances, as defined. Plan earnings are calculated and credited to each participant's account on daily basis. An allocation of administrative and investment management fees is charged to each participant account based upon participant earnings or account balances as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions and related earnings thereon. Vesting in the Company's matching and discretionary contributions and related earnings thereon is based on years of continuous service which occurs at a rate of 20% per year of employment after an initial vesting of 20% at the end of the second year. A participant is 100% vested after six years of credited service.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable fixed rate commensurate with local prevailing rates as determined by the Plan trustee at the time the loan is made. Principal and interest are collected ratably through payroll deduction each payroll period. Notes receivable from participants may be from the following sources only: elective contributions (salary deferrals), employer matching contributions, employee rollover accounts. Delinquent notes receivable from participants are reclassified as deemed distributions based upon the terms of the Plan document.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits may be paid under the Plan, subject to limitations and conditions imposed by the IRC, upon a participant's termination of employment, retirement, disability, death or hardship due to an immediate and heavy financial need. The Plan specifies lump sum distributions or installment payments over twenty (20) years payable on an annual, quarterly or monthly basis. Benefits are generally 100% vested upon retirement, death or disability. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

CRITICAL START 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF THE PLAN, (continued)

Forfeited Accounts

In the event of an employee termination, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures of Employer contributions may be used to supplement employer matching contributions or to pay Plan administrative costs. Forfeitures of Employer discretionary contributions may be used to supplement non-elective contributions or to pay Plan administrative costs. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$36,474 and \$29, respectively. Forfeitures totaling \$2,110 were applied to Employer non-elective contributions in 2022.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provision of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Distributions

The value of the distribution is determined on the date as soon as practicable following the date of termination and is based upon the preceding valuation date. For participants subject to death, retirement, or disability, the distribution must be distributed with a reasonable period following the distribution determination date. Hardship distributions of pre-tax elective deferrals are permitted under the Plan. In service distributions are permitted for participants who have reached the age of 59 ½ provided that non-elective amounts have been allocated for at least 2 years, hardship, or the participant has contributed to the Plan for at least five years. Required minimum distributions are required at age 70 1/2 or April 1st of the calendar year following the participant's retirement. Under the terms of the Setting Every Community Up for Retirement Enhancement ("SECURE") act, required minimum distributions are required at age 72 or April 1st of the calendar year following the participant's retirement for participants born after June 30, 1949.

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the contract value of the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

CRITICAL START 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

Investment Valuation and Income Recognition (see Notes 3 and 4)

Investments are reported at fair value, with the exception of fully benefit-responsive contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This price, known as an exit price, is based upon market quotes of net asset values (“NAV”) at year end.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recognized as income on the ex-dividend date and interest is accrued as earned. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Operating Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are shown as a reduction of net appreciation of fair value of investments. For the year ended December 31, 2022, Plan maintenance fees of \$9,500 were paid by the Plan Sponsor.

Fair Value Measurements

In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, fair value is defined as a market-based measurement, not an entity-specific measurement. The objective of a fair value measurement is to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions (that is, an exit price at the measurement date from the perspective of a market participant that holds the assets or owes the liability).

A fair value measurement assumes that the transaction to sell the asset or transfer the liability either occurs in the principal market (or in its absence, the most advantageous market) for the asset or liability. For some assets and liabilities, observable market transactions or market information may be available. For other assets and liabilities, observable market transactions and market information might not be available. When a price for an identical asset or liability is not observable, a reporting entity measures fair value using another valuation technique that maximizes the use of relevant observable inputs and minimizes the use of unobservable inputs. Because fair value is a market-based measurement, it is measured using the assumptions that market participants would use when pricing the asset or liability, including assumptions about risk. As a result, a reporting entity's intention to hold an asset or settle or otherwise fulfill a liability is not relevant when measuring fair value.

CRITICAL START 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 3 - INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation and depreciation in fair value of investments, interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Benefit Trust Company (the trustee of the Plan). The custodian of Plan assets has certified that the investment value at December 31, 2022 and 2021 and the change in investment value for the year ended December 31, 2022 is complete and accurate.

The Plan's investments (including investments bought, sold, as well as those held during the year) appreciated in fair value by \$1,461,835 during the year ended December 31, 2022, which was solely due to appreciation of the mutual funds

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value utilizes a hierarchy which prioritizes inputs to valuation techniques used to measure fair value. Fair value focuses on the price that would be received to sell an asset or paid to transfer a liability regardless of whether an observable liquid market price exists (exit price). The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 as follows-

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- 1) Quoted prices for similar assets or liabilities in active markets;
- 2) Quoted prices for identical or similar assets or liabilities in inactive markets;
- 3) Inputs other than quoted prices that are observable for the asset or liability;
- 4) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable, but significant to the fair value of the asset or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

CRITICAL START 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 4 – FAIR VALUE MEASUREMENTS(continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan invests in various investments securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the Plan's investments and the amounts reported in the statement of net assets and the statement of changes in net assets.

The credit and liquidity crisis in the United States and throughout the global financial systems has resulted in substantial volatility in financial markets and the banking system. These and other economic events may have caused significant volatility to the Plan's investment portfolio subsequent to year-end.

Management reviews for other than temporary decline in accordance with the requirements of fair value measurements. The Plan's investments in mutual funds consist primarily of investments in exchange-traded debt and equity securities. Within the fund balance certain individual investments may have fair values measured below cost. The severity of any impairment and the duration of any impairment correlate with current market conditions. Based upon the near-term prospects of the issuer of any of those securities in relation to the severity and duration of the impairment, and based upon the Plan's ability and intent to hold those investments for a reasonable period of time sufficient for a forecasted recovery of fair value, the Plan does not consider those investments to be other-than-temporary impaired at December 31, 2022.

The accounting and financial reporting principles currently being used by the plan which affect reported amounts, presentations, and disclosures are subject to change from time to time based on new pronouncements and/or rules issued by various standard setting bodies and government regulatory agencies. Recently-adopted pronouncements which have effective dates subsequent to December 31, 2022, are not expected to have a material effect on the plan's future financial statements.

Unrealized gains/(losses) from the guaranteed investment contract are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

CRITICAL START 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 4 – FAIR VALUE MEASUREMENTS(continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Investments at fair value	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual Funds	\$ 9,592,820	\$ -	\$ -	\$ 9,592,820
Investments at fair value at December 31, 2022	<u>\$ 9,592,820</u>	<u>-</u>	<u>-</u>	<u>\$ 9,592,820</u>

Investments at fair value	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual Funds	\$ 8,774,830	\$ -	\$ -	\$ 8,774,830
Investments at fair value at December 31, 2021	<u>\$ 8,774,830</u>	<u>-</u>	<u>-</u>	<u>\$ 8,774,830</u>

NOTE 5 - PLAN TAX STATUS

The Company has adopted a prototype defined contribution plan. In a letter dated March 31, 2014, the Internal Revenue Service (“IRS”) has determined and informed the Company that the prototype plan and the related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Trustee and Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Trustee and Plan administrator have analyzed the tax positions taken by the Plan and have concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2019.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan provides for various variable investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer association or relatives of such persons.

CRITICAL START 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

Certain Plan investments are in funds managed by the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services were \$39,624 for 2022.

NOTE 8 – SIGNIFICANT ESTIMATES AND CONCENTRATIONS

Due to the current and ongoing instability of financial markets, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the participant account balances and the amounts reported in the accompanying Statement of Net Assets Available for Benefits.

NOTE 9 – REGULATORY RISK

The accounting and financial reporting principles currently being used by the Plan which affect reported amounts, presentations, and disclosures are subject to change from time to time based on new pronouncements and/or rules issued by various standard setting bodies and government regulatory agencies. Recently-adopted pronouncements which have effective dates subsequent to December 31, 2022, are not expected to have a material effect on the Plan's future financial statements.

NOTE 10 – SUBSEQUENT EVENTS

Subsequent events were evaluated by management through October 12, 2023, the date of the audit report, which was also the date the financial statements were available to be issued. Management has determined that there are no significant subsequent events required to be disclosed in the financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the Critical Start 401(k) Plan Critical Start 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Critical Start 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Critical Start 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of the years ended December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Critical Start 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Members Texas Society CPA's

Members American Institute of Certified Public Accountants

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Critical Start 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Critical Start 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Critical Start 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H Line 4a—Schedule of Delinquent Participant Contributions and Schedule H, Line 4i—Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CRITICAL START 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Critical Start 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement, as amended, and *Summary Plan Description*, which are available from the Plan administrator, for a more complete description of the Plan's provisions.

General

The Plan was established on March 3, 2016 and restated effective May 21, 2020. The Plan has been designed and amended to comply with the provisions of the Economic Growth Tax Relief Reconciliation Act ("EGTRRA"), and with certain provisions of the Pension Protection Act ("PPA"). The Plan is a defined contribution plan wherein eligible employees of the Plan (the "Company", "Employer" or the "Sponsor") are permitted to make contributions that are tax-deferred under Section 401(k) of the Internal Revenue Code. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the Internal Revenue Code ("IRC").

During the year ended December 31, 2020, the Plan was amended to revise the rules governing hardship distributions to conform to the Bipartisan Budget Act of 2018.

Eligibility

All employees who have reached the age of 18 years of age are eligible from on the earlier of 6 months of employment of the first day of Plan year after the six-month employment requirement is met. Employees who have met the requirements for entry into the Plan may make salary deferrals and receive discretionary employer matching contributions upon entry. Additionally, the Plan provides automatic enrollment with 6% contribution rate unless eligible participants opt out. All investments are participant-directed.

Effective February 1, 2022, the Plan Sponsor, Critical Start, Inc. and CyberOne, LLC. ("CyberOne"), a sister company, were separated. Effective May 18th, 2022, The Plan Sponsor was acquired by an unrelated party. Employees of CyberOne were eligible to contribute to the Plan up to acquisition of the Plan Sponsor.

Contributions

Each year, participant contributions to the Plan on a pretax basis are subject to an annual limitation (\$20,500 and \$19,500 for the years ended 2022 and 2021, respectively). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of \$6,500 for the years ended December 31, 2022 and 2021. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Compensation for IRS Code section 415 and 416 purposes is defined as wages, tips and other compensation reported on Form W-2. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a guaranteed investment account as investment options for participants.

Annually, the Company matches participant contributions up to 50% of the participant's deferral, limited to to 5% of salary deferred. The Company may also make discretionary profit sharing contributions. During the year ended December 31, 2022, the Company made a discretionary profit sharing contribution of \$-. During the year ended December 31, 2022 the Company made an employer matching contribution of \$745,238.

CRITICAL START 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF THE PLAN, (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Employer's discretionary matching contributions, discretionary profit sharing contributions, and Plan earnings and losses. Each participant's earnings are invested separately according to the individual's investment direction so that each participant's account realizes appreciation or depreciation based on related investment performance. Allocations are based on participant earnings or account balances, as defined. Plan earnings are calculated and credited to each participant's account on daily basis. An allocation of administrative and investment management fees is charged to each participant account based upon participant earnings or account balances as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions and related earnings thereon. Vesting in the Company's matching and discretionary contributions and related earnings thereon is based on years of continuous service which occurs at a rate of 20% per year of employment after an initial vesting of 20% at the end of the second year. A participant is 100% vested after six years of credited service.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable fixed rate commensurate with local prevailing rates as determined by the Plan trustee at the time the loan is made. Principal and interest are collected ratably through payroll deduction each payroll period. Notes receivable from participants may be from the following sources only: elective contributions (salary deferrals), employer matching contributions, employee rollover accounts. Delinquent notes receivable from participants are reclassified as deemed distributions based upon the terms of the Plan document.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits may be paid under the Plan, subject to limitations and conditions imposed by the IRC, upon a participant's termination of employment, retirement, disability, death or hardship due to an immediate and heavy financial need. The Plan specifies lump sum distributions or installment payments over twenty (20) years payable on an annual, quarterly or monthly basis. Benefits are generally 100% vested upon retirement, death or disability. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

CRITICAL START 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF THE PLAN, (continued)

Forfeited Accounts

In the event of an employee termination, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures of Employer contributions may be used to supplement employer matching contributions or to pay Plan administrative costs. Forfeitures of Employer discretionary contributions may be used to supplement non-elective contributions or to pay Plan administrative costs. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$36,474 and \$29, respectively. Forfeitures totaling \$2,110 were applied to Employer non-elective contributions in 2022.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provision of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Distributions

The value of the distribution is determined on the date as soon as practicable following the date of termination and is based upon the preceding valuation date. For participants subject to death, retirement, or disability, the distribution must be distributed with a reasonable period following the distribution determination date. Hardship distributions of pre-tax elective deferrals are permitted under the Plan. In service distributions are permitted for participants who have reached the age of 59 ½ provided that non-elective amounts have been allocated for at least 2 years, hardship, or the participant has contributed to the Plan for at least five years. Required minimum distributions are required at age 70 1/2 or April 1st of the calendar year following the participant's retirement. Under the terms of the Setting Every Community Up for Retirement Enhancement ("SECURE") act, required minimum distributions are required at age 72 or April 1st of the calendar year following the participant's retirement for participants born after June 30, 1949.

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the contract value of the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

CRITICAL START 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

Investment Valuation and Income Recognition (see Notes 3 and 4)

Investments are reported at fair value, with the exception of fully benefit-responsive contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This price, known as an exit price, is based upon market quotes of net asset values (“NAV”) at year end.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recognized as income on the ex-dividend date and interest is accrued as earned. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Operating Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are shown as a reduction of net appreciation of fair value of investments. For the year ended December 31, 2022, Plan maintenance fees of \$9,500 were paid by the Plan Sponsor.

Fair Value Measurements

In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, fair value is defined as a market-based measurement, not an entity-specific measurement. The objective of a fair value measurement is to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions (that is, an exit price at the measurement date from the perspective of a market participant that holds the assets or owes the liability).

A fair value measurement assumes that the transaction to sell the asset or transfer the liability either occurs in the principal market (or in its absence, the most advantageous market) for the asset or liability. For some assets and liabilities, observable market transactions or market information may be available. For other assets and liabilities, observable market transactions and market information might not be available. When a price for an identical asset or liability is not observable, a reporting entity measures fair value using another valuation technique that maximizes the use of relevant observable inputs and minimizes the use of unobservable inputs. Because fair value is a market-based measurement, it is measured using the assumptions that market participants would use when pricing the asset or liability, including assumptions about risk. As a result, a reporting entity's intention to hold an asset or settle or otherwise fulfill a liability is not relevant when measuring fair value.

CRITICAL START 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 3 - INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation and depreciation in fair value of investments, interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Benefit Trust Company (the trustee of the Plan). The custodian of Plan assets has certified that the investment value at December 31, 2022 and 2021 and the change in investment value for the year ended December 31, 2022 is complete and accurate.

The Plan's investments (including investments bought, sold, as well as those held during the year) appreciated in fair value by \$1,461,835 during the year ended December 31, 2022, which was solely due to appreciation of the mutual funds

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value utilizes a hierarchy which prioritizes inputs to valuation techniques used to measure fair value. Fair value focuses on the price that would be received to sell an asset or paid to transfer a liability regardless of whether an observable liquid market price exists (exit price). The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 as follows-

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- 1) Quoted prices for similar assets or liabilities in active markets;
- 2) Quoted prices for identical or similar assets or liabilities in inactive markets;
- 3) Inputs other than quoted prices that are observable for the asset or liability;
- 4) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable, but significant to the fair value of the asset or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

CRITICAL START 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 4 – FAIR VALUE MEASUREMENTS(continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan invests in various investments securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the Plan's investments and the amounts reported in the statement of net assets and the statement of changes in net assets.

The credit and liquidity crisis in the United States and throughout the global financial systems has resulted in substantial volatility in financial markets and the banking system. These and other economic events may have caused significant volatility to the Plan's investment portfolio subsequent to year-end.

Management reviews for other than temporary decline in accordance with the requirements of fair value measurements. The Plan's investments in mutual funds consist primarily of investments in exchange-traded debt and equity securities. Within the fund balance certain individual investments may have fair values measured below cost. The severity of any impairment and the duration of any impairment correlate with current market conditions. Based upon the near-term prospects of the issuer of any of those securities in relation to the severity and duration of the impairment, and based upon the Plan's ability and intent to hold those investments for a reasonable period of time sufficient for a forecasted recovery of fair value, the Plan does not consider those investments to be other-than-temporary impaired at December 31, 2022.

The accounting and financial reporting principles currently being used by the plan which affect reported amounts, presentations, and disclosures are subject to change from time to time based on new pronouncements and/or rules issued by various standard setting bodies and government regulatory agencies. Recently-adopted pronouncements which have effective dates subsequent to December 31, 2022, are not expected to have a material effect on the plan's future financial statements.

Unrealized gains/(losses) from the guaranteed investment contract are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

CRITICAL START 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 4 – FAIR VALUE MEASUREMENTS(continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Investments at fair value	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual Funds	\$ 9,592,820	\$ -	\$ -	\$ 9,592,820
Investments at fair value at December 31, 2022	<u>\$ 9,592,820</u>	<u>-</u>	<u>-</u>	<u>\$ 9,592,820</u>

Investments at fair value	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual Funds	\$ 8,774,830	\$ -	\$ -	\$ 8,774,830
Investments at fair value at December 31, 2021	<u>\$ 8,774,830</u>	<u>-</u>	<u>-</u>	<u>\$ 8,774,830</u>

NOTE 5 - PLAN TAX STATUS

The Company has adopted a prototype defined contribution plan. In a letter dated March 31, 2014, the Internal Revenue Service (“IRS”) has determined and informed the Company that the prototype plan and the related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Trustee and Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Trustee and Plan administrator have analyzed the tax positions taken by the Plan and have concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2019.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan provides for various variable investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer association or relatives of such persons.

CRITICAL START 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

Certain Plan investments are in funds managed by the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services were \$39,624 for 2022.

NOTE 8 – SIGNIFICANT ESTIMATES AND CONCENTRATIONS

Due to the current and ongoing instability of financial markets, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the participant account balances and the amounts reported in the accompanying Statement of Net Assets Available for Benefits.

NOTE 9 – REGULATORY RISK

The accounting and financial reporting principles currently being used by the Plan which affect reported amounts, presentations, and disclosures are subject to change from time to time based on new pronouncements and/or rules issued by various standard setting bodies and government regulatory agencies. Recently-adopted pronouncements which have effective dates subsequent to December 31, 2022, are not expected to have a material effect on the Plan's future financial statements.

NOTE 10 – SUBSEQUENT EVENTS

Subsequent events were evaluated by management through October 12, 2023, the date of the audit report, which was also the date the financial statements were available to be issued. Management has determined that there are no significant subsequent events required to be disclosed in the financial statements.
