SCHEDULE H (Form 5500) <small>Department of the Treasury Internal Revenue Service</small> <small>Department of Labor Employee Benefits Security Administration</small> <small>Pension Benefit Guaranty Corporation</small>	Financial Information This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA), and section 6058(a) of the Internal Revenue Code (the Code). ► File as an attachment to Form 5500.	OMB No. 1210-0110 2022 This Form is Open to Public Inspection
For calendar plan year 2022 or fiscal plan year beginning <u>01/01/2022</u> and ending <u>12/31/2022</u>		
A Name of plan <u>EPICOR SOFTWARE 401(K) SAVINGS PLAN</u>		B Three-digit plan number (PN) <u>001</u>
C Plan sponsor's name as shown on line 2a of Form 5500 <u>EPICOR SOFTWARE CORPORATION</u>		D Employer Identification Number (EIN) <u>45-1478440</u>

Part I Asset and Liability Statement			
1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.			
Assets		(a) Beginning of Year	(b) End of Year
a Total noninterest-bearing cash.....	1a	0	0
b Receivables (less allowance for doubtful accounts):			
(1) Employer contributions.....	1b(1)	0	0
(2) Participant contributions.....	1b(2)	0	0
(3) Other.....	1b(3)	0	0
c General investments:			
(1) Interest-bearing cash (include money market accounts & certificates of deposit).....	1c(1)	273128	226015
(2) U.S. Government securities	1c(2)	0	0
(3) Corporate debt instruments (other than employer securities):			
(A) Preferred	1c(3)(A)	0	0
(B) All other	1c(3)(B)	0	0
(4) Corporate stocks (other than employer securities):			
(A) Preferred	1c(4)(A)	0	0
(B) Common.....	1c(4)(B)	0	0
(5) Partnership/joint venture interests	1c(5)	0	0
(6) Real estate (other than employer real property)	1c(6)	0	0
(7) Loans (other than to participants).....	1c(7)	0	0
(8) Participant loans.....	1c(8)	4084123	3802491
(9) Value of interest in common/collective trusts.....	1c(9)	64391852	65009391
(10) Value of interest in pooled separate accounts	1c(10)	0	0
(11) Value of interest in master trust investment accounts.....	1c(11)	0	0
(12) Value of interest in 103-12 investment entities	1c(12)	0	0
(13) Value of interest in registered investment companies (e.g., mutual funds).....	1c(13)	535033881	398375824
(14) Value of funds held in insurance company general account (unallocated contracts).....	1c(14)	0	0
(15) Other	1c(15)	0	0

1d Employer-related investments:		(a) Beginning of Year	(b) End of Year
(1) Employer securities	1d(1)	0	0
(2) Employer real property	1d(2)	0	0
e Buildings and other property used in plan operation	1e	0	0
f Total assets (add all amounts in lines 1a through 1e)	1f	603782984	467413721

Liabilities

g Benefit claims payable	1g	0	0
h Operating payables	1h	0	0
i Acquisition indebtedness	1i	0	0
j Other liabilities	1j	0	0
k Total liabilities (add all amounts in lines 1g through 1j)	1k	0	0

Net Assets

l Net assets (subtract line 1k from line 1f)	1l	603782984	467413721
---	-----------	-----------	-----------

Part II Income and Expense Statement

2 Plan income, expenses, and changes in net assets for the year. Include all income and expenses of the plan, including any trust(s) or separately maintained fund(s) and any payments/receipts to/from insurance carriers. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 2a, 2b(1)(E), 2e, 2f, and 2g.

Income

		(a) Amount	(b) Total
a Contributions:			
(1) Received or receivable in cash from: (A) Employers	2a(1)(A)	5684161	
(B) Participants	2a(1)(B)	21218006	
(C) Others (including rollovers)	2a(1)(C)	3282868	
(2) Noncash contributions	2a(2)	0	30185035
(3) Total contributions. Add lines 2a(1)(A) , (B) , (C) , and line 2a(2)	2a(3)		
b Earnings on investments:			
(1) Interest:			
(A) Interest-bearing cash (including money market accounts and certificates of deposit)	2b(1)(A)	3370	
(B) U.S. Government securities	2b(1)(B)	0	
(C) Corporate debt instruments	2b(1)(C)	0	
(D) Loans (other than to participants)	2b(1)(D)	0	
(E) Participant loans	2b(1)(E)	184841	
(F) Other	2b(1)(F)	0	
(G) Total interest. Add lines 2b(1)(A) through (F)	2b(1)(G)		188211
(2) Dividends: (A) Preferred stock	2b(2)(A)	0	19604408
(B) Common stock	2b(2)(B)	0	
(C) Registered investment company shares (e.g. mutual funds)	2b(2)(C)	19604408	
(D) Total dividends. Add lines 2b(2)(A) , (B) , and (C)	2b(2)(D)		19604408
(3) Rents	2b(3)		0
(4) Net gain (loss) on sale of assets: (A) Aggregate proceeds	2b(4)(A)	0	0
(B) Aggregate carrying amount (see instructions)	2b(4)(B)	0	
(C) Subtract line 2b(4)(B) from line 2b(4)(A) and enter result	2b(4)(C)		
(5) Unrealized appreciation (depreciation) of assets: (A) Real estate	2b(5)(A)	0	0
(B) Other	2b(5)(B)	0	
(C) Total unrealized appreciation of assets. Add lines 2b(5)(A) and (B)	2b(5)(C)		

		(a) Amount	(b) Total
(6) Net investment gain (loss) from common/collective trusts	2b(6)		-2774478
(7) Net investment gain (loss) from pooled separate accounts	2b(7)		0
(8) Net investment gain (loss) from master trust investment accounts	2b(8)		0
(9) Net investment gain (loss) from 103-12 investment entities.....	2b(9)		0
(10) Net investment gain (loss) from registered investment companies (e.g., mutual funds)	2b(10)		-143205459
c Other income	2c		0
d Total income. Add all income amounts in column (b) and enter total	2d		-96002283
Expenses			
e Benefit payment and payments to provide benefits:			
(1) Directly to participants or beneficiaries, including direct rollovers	2e(1)	42072926	
(2) To insurance carriers for the provision of benefits	2e(2)	0	
(3) Other	2e(3)	0	
(4) Total benefit payments. Add lines 2e(1) through (3)	2e(4)		42072926
f Corrective distributions (see instructions)	2f		20993
g Certain deemed distributions of participant loans (see instructions)	2g		6790
h Interest expense	2h		0
i Administrative expenses: (1) Professional fees	2i(1)	0	
(2) Contract administrator fees	2i(2)	0	
(3) Investment advisory and management fees	2i(3)	47270	
(4) Other	2i(4)	-1069197	
(5) Total administrative expenses. Add lines 2i(1) through (4)	2i(5)		-1021927
j Total expenses. Add all expense amounts in column (b) and enter total	2j		41078782
Net Income and Reconciliation			
k Net income (loss). Subtract line 2j from line 2d	2k		-137081065
l Transfers of assets:			
(1) To this plan	2l(1)		711802
(2) From this plan	2l(2)		0

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: ALEXANDER LIEVENS LLP

(2) EIN: 74-2943125

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

	Yes	No	Amount
4a		X	

	Yes	No	Amount
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d		X	
e Was this plan covered by a fidelity bond?	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
4i	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
4j		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
4k		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
4l		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
4m		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		X	
4n		X	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☐ Yes ☐ No ☐ Not determined
If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

INDEPENDENT AUDITORS' REPORT

To the Participants and
Administrative Committee of the
Epicor Software 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Epicor Software 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Epicor Software 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022, and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects,

the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Epicor Software 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Epicor Software 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Epicor Software 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Epicor Software 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes and Schedule of Delinquent Participant Contributions as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and

reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The accompanying notes are an integral part of these financial statements.

Epicor Software 401(k) Savings Plan Notes to Financial Statements

A. Description of the Plan

The following description of the Epicor Software 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering substantially all employees of Epicor Software Corporation (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration. The Plan is administered by the Company.

Eligibility. All employees of the Company are eligible to participate in the Plan except for employees that are residents of Puerto Rico, employees covered by a collective bargaining agreement, leased employees and employees who are nonresident aliens with no U.S.-source compensation. Temporary employees who have attained at least 21 years of age and completed at least 1,000 hours of service will become eligible on the first entry date.

Participant Elective Deferrals. Participants may elect to contribute between 1 and 90% of eligible compensation, not to exceed the limits of the Internal Revenue Code (the IRC) which was \$20,500 for 2022. In addition, participants who have attained age 50 are permitted to contribute additional “catch-up” salary deferrals. A participant may designate all or a portion of his or her salary deferrals as Roth deferrals contributed on an after-tax basis. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Contributions. The Company may, in its discretion, contribute an Employer Matching Contribution. The Company will contribute matching contributions for the year for participants who have contributed salary deferrals to the Plan for the year. For the year ended December 31, 2022, the Company made matching contributions of 50% of the first 6% of compensation deferred by a participant. For the year ended December 31, 2022, the Company made Employer Matching Contributions to the Plan of \$5,658,380.

The Company may also make discretionary contributions as determined annually by the Board of Directors. For the year ended December 31, 2022, the Company made no discretionary contributions.

Participant Accounts. Each participant’s account is credited with the participant’s contributions, employer matching contributions, and allocations of (a) the Company’s discretionary contributions, (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Epicor Software 401(k) Savings Plan Notes to Financial Statements

A. Description of the Plan (continued)

Forfeiture Accounts. At December 31, 2022, and 2021, forfeited nonvested accounts totaled \$747 and \$2,786, respectively. These accounts may be used to pay certain Plan expenses or may reduce future employer contributions. Forfeitures of \$15,386 were used to reduce employer contributions for 2022.

Vesting. Participants are immediately vested in their Employee Before-Tax and Participant Rollover Contributions and earnings thereon. Participants are also immediately vested in the Company's contributions plus actual earnings thereon.

Payment of Benefits. Upon termination of employment due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount not to exceed the value of the participant's vested interest in his or her account. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding \$1,000 will be immediately distributed in a lump-sum payment. With the plan administrator's approval, participants may withdrawal all or part of their aggregate contributions in the event of financial hardship.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to the maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or within a reasonable period of time that is longer than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the rates that a bank or other professional lender would charge for making a loan in a similar circumstance. Principal and interest is paid ratably through payroll deductions.

Expenses of the Plan. Plan fees and administrative expenses are generally either paid directly by the Company or are passed through to the participants in the Plan. Some costs are covered by investment fees that are deducted directly from investment returns.

B. Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Common collective trust funds. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, as applicable, because contract value is the amount participants would receive if they were to initiate permitted transactions under the term of the Plan.

**Epicor Software 401(k) Savings Plan
Notes to Financial Statements**

B. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition. The Plan's investments, other than fully benefit-responsive investment contracts which are reported at contract value, are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers and trustee. See Note D for a further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payment of Benefits. Benefits are recorded when paid.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Recent Accounting Pronouncements. The Company reviewed all other recently issued accounting pronouncements and concluded that they were not applicable or not expected to have a significant impact on the financial statements.

Subsequent Events. The Plan has evaluated subsequent events through October 6, 2023, the date the financial statements were available to be issued.

C. Information Certified and Provided by Fidelity Management Trust Company (unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, Plan trustee, has certified that the following included in the accompanying financial statements and supplemental schedules is complete and accurate:

**Epicor Software 401(k) Savings Plan
Notes to Financial Statements**

***C. Information Certified and Provided by Fidelity Management Trust Company
(unaudited) (continued)***

- Investments, at fair and contract value, and notes receivables from participants, as shown in the statement of net assets available for benefits as of December 31, 2022, and 2021.
- Total investment income and interest income on notes receivables from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, Line 4i- schedule of assets (held at end of year) as of December 31, 2022.

The Plan Administrator has requested that the Plan's independent auditor perform no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedules.

D. Fair Value Measurements

The framework to measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques and used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of nonobservable inputs.

Epicor Software 401(k) Savings Plan
Notes to Financial Statements

D. Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value.

There have been no changes in the methodologies used at December 31, 2022, and 2021.

Mutual Funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. As such, they are classified as Level 1 investments.

Common Collective trust funds: Common collective trusts are valued at the NAV of units for each trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022, and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 398,375,824	\$ -	\$ -	\$ 398,375,824
Interest Bearing Cash	226,015	-	-	226,015
Total investments in Fair Value hierarchy	<u>\$ 398,601,839</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 398,601,839</u>
Investments measured at net asset value as a practical expedient (a)				<u>\$ 60,488,270</u>
Total investments at Fair Value				<u>\$ 459,090,109</u>

Epicor Software 401(k) Savings Plan
Notes to Financial Statements

D. Fair Value Measurements (continued)

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 535,033,881	\$ -	\$ -	\$ 535,033,881
Interest Bearing Cash	273,128	-	-	273,128
Total investments in Fair Value hierarchy	\$ 535,307,009	\$ -	\$ -	\$ 535,307,009
Investments measured at net asset value as a practical expedient (a)				\$ 63,953,191
Total investments at Fair Value				\$ 599,260,200

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022, and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common collective trust fund	\$ 60,488,270	n/a	Daily	12 Months
<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common collective trust fund	\$ 63,953,191	n/a	Daily	12 Months

E. Investment Contracts

The Plan also offers common collective trust funds that include Putnam Stable Value and Pioneer Select Mid Cap Growth Fund. The Pioneer funds may invest in various types of investments, including common stocks, money market funds and real estate investment trusts.

Wilmington Trust, N.A. (“WTNA”) maintains the Pioneer collective trust Funds and maintains ultimate fiduciary authority over the management of, and investments made, in the Pioneer funds. WTNA engaged Amundi Pioneer Institutional Asset Management, Inc. to provide investment advice with respect to the fund’s assets.

Epicor Software 401(k) Savings Plan
Notes to Financial Statements

E. Investment Contracts (continued)

WTNA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment in the Pioneer funds is carried at contract value and, as WTNA considers contract value to be fair value, this is reflected in the financial statements.

The Plan also invests in fully benefit-responsive investment contracts (common/collective trusts) held in the Putnam Stable Value fund (“Putnam Fund”). The Putnam Fund invests in guaranteed investment contracts (GICs), security backed investment contracts, as well as separate account products of insurance companies. In addition, at least 5% is invested in money market, cash and cash equivalents, and stable value funds.

Investment contracts are valued at contract value which is equal to principal balance plus accrued interest. Investment contracts will normally be held to maturity and meet the fully benefit responsive requirements.

	December 31, 2022
Traditional guaranteed investment contracts	\$ 13,651,439
Security-backed investment contracts	38,867,114
Short-term investments	3,892,352
Total	<u>\$ 56,410,905</u>

F. Participant-Directed Investments

The Plan permits participants to invest their account balance and contributions in investment accounts offered by Fidelity. Allocations may be made in any percentage and may be changed by the participant at any time by directly contacting Fidelity.

G. Related Party Transactions and Party in Interest Transactions

Certain Plan investments are invested in mutual funds managed by Fidelity. Fidelity is the Trustee of the Plan and custodian of plan assets.

The Plan issues loans to participants, which are secured by the balances in the participants' accounts. During 2022, the Plan received \$1,069,197 in contract administration fees from Fidelity. The Company paid certain administrative expenses of the Plan, including recordkeeping fees. Therefore, these transactions qualify as party-in-interest transactions. Transactions in such investments are exempt from the prohibited transaction rules.

Epicor Software 401(k) Savings Plan
Notes to Financial Statements

H. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported in the accompanying financial statements to the Plan's Form 5500 at December 31, 2022, and 2021, to Form 5500:

	December 31, 2022	December 31, 2021
Total net assets available for benefits per the financial statements	\$ 467,527,779	\$ 604,008,668
Adjustment for loans deemed distributed	(114,058)	(125,212)
Current year employer and participant contributions received after the end of plan year-end	-	(100,472)
Accrued liabilities for overfunded amounts repaid in the subsequent Plan year	-	-
Total net assets available for benefits per the Form 5500	<u><u>\$ 467,413,721</u></u>	<u><u>\$ 603,782,984</u></u>

I. Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

J. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Epicor Software 401(k) Savings Plan
Notes to Financial Statements

K. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and distributions will be made as soon as administratively practicable after the Plan terminates.

L. Plan Merger and Transfer of Plan Assets

The Company acquired KBMax in June 2021. Effective as of June 1, 2021, all associated assets, liabilities, and obligations of the KBMax Employer Flexible 401(k) Plan (“KBMax Plan”) were merged with and into the Plan, with the result that each participant in the KBMax Plan has an uninterrupted participation in the Plan, and the provisions of the Plan essentially replace the provisions of the KBMax Plan. In Plan year 2022 there were total assets of \$711,802 transferred into the Plan.

INDEPENDENT AUDITORS' REPORT

To the Participants and
Administrative Committee of the
Epicor Software 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Epicor Software 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Epicor Software 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022, and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects,

the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Epicor Software 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Epicor Software 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Epicor Software 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Epicor Software 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes and Schedule of Delinquent Participant Contributions as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and

reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Epicor Software 401(k) Savings Plan Notes to Financial Statements

A. Description of the Plan

The following description of the Epicor Software 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering substantially all employees of Epicor Software Corporation (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration. The Plan is administered by the Company.

Eligibility. All employees of the Company are eligible to participate in the Plan except for employees that are residents of Puerto Rico, employees covered by a collective bargaining agreement, leased employees and employees who are nonresident aliens with no U.S.-source compensation. Temporary employees who have attained at least 21 years of age and completed at least 1,000 hours of service will become eligible on the first entry date.

Participant Elective Deferrals. Participants may elect to contribute between 1 and 90% of eligible compensation, not to exceed the limits of the Internal Revenue Code (the IRC) which was \$20,500 for 2022. In addition, participants who have attained age 50 are permitted to contribute additional “catch-up” salary deferrals. A participant may designate all or a portion of his or her salary deferrals as Roth deferrals contributed on an after-tax basis. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Contributions. The Company may, in its discretion, contribute an Employer Matching Contribution. The Company will contribute matching contributions for the year for participants who have contributed salary deferrals to the Plan for the year. For the year ended December 31, 2022, the Company made matching contributions of 50% of the first 6% of compensation deferred by a participant. For the year ended December 31, 2022, the Company made Employer Matching Contributions to the Plan of \$5,658,380.

The Company may also make discretionary contributions as determined annually by the Board of Directors. For the year ended December 31, 2022, the Company made no discretionary contributions.

Participant Accounts. Each participant’s account is credited with the participant’s contributions, employer matching contributions, and allocations of (a) the Company’s discretionary contributions, (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Epicor Software 401(k) Savings Plan Notes to Financial Statements

A. Description of the Plan (continued)

Forfeiture Accounts. At December 31, 2022, and 2021, forfeited nonvested accounts totaled \$747 and \$2,786, respectively. These accounts may be used to pay certain Plan expenses or may reduce future employer contributions. Forfeitures of \$15,386 were used to reduce employer contributions for 2022.

Vesting. Participants are immediately vested in their Employee Before-Tax and Participant Rollover Contributions and earnings thereon. Participants are also immediately vested in the Company's contributions plus actual earnings thereon.

Payment of Benefits. Upon termination of employment due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount not to exceed the value of the participant's vested interest in his or her account. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding \$1,000 will be immediately distributed in a lump-sum payment. With the plan administrator's approval, participants may withdrawal all or part of their aggregate contributions in the event of financial hardship.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to the maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or within a reasonable period of time that is longer than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the rates that a bank or other professional lender would charge for making a loan in a similar circumstance. Principal and interest is paid ratably through payroll deductions.

Expenses of the Plan. Plan fees and administrative expenses are generally either paid directly by the Company or are passed through to the participants in the Plan. Some costs are covered by investment fees that are deducted directly from investment returns.

B. Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Common collective trust funds. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, as applicable, because contract value is the amount participants would receive if they were to initiate permitted transactions under the term of the Plan.

**Epicor Software 401(k) Savings Plan
Notes to Financial Statements**

B. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition. The Plan's investments, other than fully benefit-responsive investment contracts which are reported at contract value, are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers and trustee. See Note D for a further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payment of Benefits. Benefits are recorded when paid.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Recent Accounting Pronouncements. The Company reviewed all other recently issued accounting pronouncements and concluded that they were not applicable or not expected to have a significant impact on the financial statements.

Subsequent Events. The Plan has evaluated subsequent events through October 6, 2023, the date the financial statements were available to be issued.

C. Information Certified and Provided by Fidelity Management Trust Company (unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, Plan trustee, has certified that the following included in the accompanying financial statements and supplemental schedules is complete and accurate:

**Epicor Software 401(k) Savings Plan
Notes to Financial Statements**

***C. Information Certified and Provided by Fidelity Management Trust Company
(unaudited) (continued)***

- Investments, at fair and contract value, and notes receivables from participants, as shown in the statement of net assets available for benefits as of December 31, 2022, and 2021.
- Total investment income and interest income on notes receivables from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, Line 4i- schedule of assets (held at end of year) as of December 31, 2022.

The Plan Administrator has requested that the Plan's independent auditor perform no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedules.

D. Fair Value Measurements

The framework to measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques and used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of nonobservable inputs.

Epicor Software 401(k) Savings Plan
Notes to Financial Statements

D. Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value.

There have been no changes in the methodologies used at December 31, 2022, and 2021.

Mutual Funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. As such, they are classified as Level 1 investments.

Common Collective trust funds: Common collective trusts are valued at the NAV of units for each trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022, and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 398,375,824	\$ -	\$ -	\$ 398,375,824
Interest Bearing Cash	226,015	-	-	226,015
Total investments in Fair Value hierarchy	<u>\$ 398,601,839</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 398,601,839</u>
Investments measured at net asset value as a practical expedient (a)				<u>\$ 60,488,270</u>
Total investments at Fair Value				<u>\$ 459,090,109</u>

Epicor Software 401(k) Savings Plan
Notes to Financial Statements

D. Fair Value Measurements (continued)

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 535,033,881	\$ -	\$ -	\$ 535,033,881
Interest Bearing Cash	273,128	-	-	273,128
Total investments in Fair Value hierarchy	\$ 535,307,009	\$ -	\$ -	\$ 535,307,009
Investments measured at net asset value as a practical expedient (a)				\$ 63,953,191
Total investments at Fair Value				\$ 599,260,200

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022, and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common collective trust fund	\$ 60,488,270	n/a	Daily	12 Months
<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common collective trust fund	\$ 63,953,191	n/a	Daily	12 Months

E. Investment Contracts

The Plan also offers common collective trust funds that include Putnam Stable Value and Pioneer Select Mid Cap Growth Fund. The Pioneer funds may invest in various types of investments, including common stocks, money market funds and real estate investment trusts.

Wilmington Trust, N.A. (“WTNA”) maintains the Pioneer collective trust Funds and maintains ultimate fiduciary authority over the management of, and investments made, in the Pioneer funds. WTNA engaged Amundi Pioneer Institutional Asset Management, Inc. to provide investment advice with respect to the fund’s assets.

**Epicor Software 401(k) Savings Plan
Notes to Financial Statements**

E. Investment Contracts (continued)

WTNA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment in the Pioneer funds is carried at contract value and, as WTNA considers contract value to be fair value, this is reflected in the financial statements.

The Plan also invests in fully benefit-responsive investment contracts (common/collective trusts) held in the Putnam Stable Value fund (“Putnam Fund”). The Putnam Fund invests in guaranteed investment contracts (GICs), security backed investment contracts, as well as separate account products of insurance companies. In addition, at least 5% is invested in money market, cash and cash equivalents, and stable value funds.

Investment contracts are valued at contract value which is equal to principal balance plus accrued interest. Investment contracts will normally be held to maturity and meet the fully benefit responsive requirements.

	December 31, 2022
Traditional guaranteed investment contracts	\$ 13,651,439
Security-backed investment contracts	38,867,114
Short-term investments	3,892,352
Total	<u>\$ 56,410,905</u>

F. Participant-Directed Investments

The Plan permits participants to invest their account balance and contributions in investment accounts offered by Fidelity. Allocations may be made in any percentage and may be changed by the participant at any time by directly contacting Fidelity.

G. Related Party Transactions and Party in Interest Transactions

Certain Plan investments are invested in mutual funds managed by Fidelity. Fidelity is the Trustee of the Plan and custodian of plan assets.

The Plan issues loans to participants, which are secured by the balances in the participants' accounts. During 2022, the Plan received \$1,069,197 in contract administration fees from Fidelity. The Company paid certain administrative expenses of the Plan, including recordkeeping fees. Therefore, these transactions qualify as party-in-interest transactions. Transactions in such investments are exempt from the prohibited transaction rules.

Epicor Software 401(k) Savings Plan
Notes to Financial Statements

H. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported in the accompanying financial statements to the Plan's Form 5500 at December 31, 2022, and 2021, to Form 5500:

	December 31, 2022	December 31, 2021
Total net assets available for benefits per the financial statements	\$ 467,527,779	\$ 604,008,668
Adjustment for loans deemed distributed	(114,058)	(125,212)
Current year employer and participant contributions received after the end of plan year-end	-	(100,472)
Accrued liabilities for overfunded amounts repaid in the subsequent Plan year	-	-
Total net assets available for benefits per the Form 5500	<u>\$ 467,413,721</u>	<u>\$ 603,782,984</u>

I. Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

J. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Epicor Software 401(k) Savings Plan
Notes to Financial Statements

K. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and distributions will be made as soon as administratively practicable after the Plan terminates.

L. Plan Merger and Transfer of Plan Assets

The Company acquired KBMax in June 2021. Effective as of June 1, 2021, all associated assets, liabilities, and obligations of the KBMax Employer Flexible 401(k) Plan (“KBMax Plan”) were merged with and into the Plan, with the result that each participant in the KBMax Plan has an uninterrupted participation in the Plan, and the provisions of the Plan essentially replace the provisions of the KBMax Plan. In Plan year 2022 there were total assets of \$711,802 transferred into the Plan.

To the Participants and
Administrative Committee of the
Epicor Software 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Epicor Software 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Epicor Software 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022, and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects,

the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Epicor Software 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Epicor Software 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Epicor Software 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Epicor Software 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes and Schedule of Delinquent Participant Contributions as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and

reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Epicor Software 401(k) Savings Plan Notes to Financial Statements

A. Description of the Plan

The following description of the Epicor Software 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering substantially all employees of Epicor Software Corporation (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration. The Plan is administered by the Company.

Eligibility. All employees of the Company are eligible to participate in the Plan except for employees that are residents of Puerto Rico, employees covered by a collective bargaining agreement, leased employees and employees who are nonresident aliens with no U.S.-source compensation. Temporary employees who have attained at least 21 years of age and completed at least 1,000 hours of service will become eligible on the first entry date.

Participant Elective Deferrals. Participants may elect to contribute between 1 and 90% of eligible compensation, not to exceed the limits of the Internal Revenue Code (the IRC) which was \$20,500 for 2022. In addition, participants who have attained age 50 are permitted to contribute additional “catch-up” salary deferrals. A participant may designate all or a portion of his or her salary deferrals as Roth deferrals contributed on an after-tax basis. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Contributions. The Company may, in its discretion, contribute an Employer Matching Contribution. The Company will contribute matching contributions for the year for participants who have contributed salary deferrals to the Plan for the year. For the year ended December 31, 2022, the Company made matching contributions of 50% of the first 6% of compensation deferred by a participant. For the year ended December 31, 2022, the Company made Employer Matching Contributions to the Plan of \$5,658,380.

The Company may also make discretionary contributions as determined annually by the Board of Directors. For the year ended December 31, 2022, the Company made no discretionary contributions.

Participant Accounts. Each participant’s account is credited with the participant’s contributions, employer matching contributions, and allocations of (a) the Company’s discretionary contributions, (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Epicor Software 401(k) Savings Plan Notes to Financial Statements

A. Description of the Plan (continued)

Forfeiture Accounts. At December 31, 2022, and 2021, forfeited nonvested accounts totaled \$747 and \$2,786, respectively. These accounts may be used to pay certain Plan expenses or may reduce future employer contributions. Forfeitures of \$15,386 were used to reduce employer contributions for 2022.

Vesting. Participants are immediately vested in their Employee Before-Tax and Participant Rollover Contributions and earnings thereon. Participants are also immediately vested in the Company's contributions plus actual earnings thereon.

Payment of Benefits. Upon termination of employment due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount not to exceed the value of the participant's vested interest in his or her account. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding \$1,000 will be immediately distributed in a lump-sum payment. With the plan administrator's approval, participants may withdrawal all or part of their aggregate contributions in the event of financial hardship.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to the maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or within a reasonable period of time that is longer than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the rates that a bank or other professional lender would charge for making a loan in a similar circumstance. Principal and interest is paid ratably through payroll deductions.

Expenses of the Plan. Plan fees and administrative expenses are generally either paid directly by the Company or are passed through to the participants in the Plan. Some costs are covered by investment fees that are deducted directly from investment returns.

B. Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Common collective trust funds. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, as applicable, because contract value is the amount participants would receive if they were to initiate permitted transactions under the term of the Plan.

Epicor Software 401(k) Savings Plan
Notes to Financial Statements

B. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition. The Plan's investments, other than fully benefit-responsive investment contracts which are reported at contract value, are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers and trustee. See Note D for a further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payment of Benefits. Benefits are recorded when paid.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Recent Accounting Pronouncements. The Company reviewed all other recently issued accounting pronouncements and concluded that they were not applicable or not expected to have a significant impact on the financial statements.

Subsequent Events. The Plan has evaluated subsequent events through October 6, 2023, the date the financial statements were available to be issued.

C. Information Certified and Provided by Fidelity Management Trust Company (unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, Plan trustee, has certified that the following included in the accompanying financial statements and supplemental schedules is complete and accurate:

**Epicor Software 401(k) Savings Plan
Notes to Financial Statements**

***C. Information Certified and Provided by Fidelity Management Trust Company
(unaudited) (continued)***

- Investments, at fair and contract value, and notes receivables from participants, as shown in the statement of net assets available for benefits as of December 31, 2022, and 2021.
- Total investment income and interest income on notes receivables from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, Line 4i- schedule of assets (held at end of year) as of December 31, 2022.

The Plan Administrator has requested that the Plan's independent auditor perform no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedules.

D. Fair Value Measurements

The framework to measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques and used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of nonobservable inputs.

Epicor Software 401(k) Savings Plan
Notes to Financial Statements

D. Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value.

There have been no changes in the methodologies used at December 31, 2022, and 2021.

Mutual Funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. As such, they are classified as Level 1 investments.

Common Collective trust funds: Common collective trusts are valued at the NAV of units for each trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022, and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 398,375,824	\$ -	\$ -	\$ 398,375,824
Interest Bearing Cash	226,015	-	-	226,015
Total investments in Fair Value hierarchy	<u>\$ 398,601,839</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 398,601,839</u>
Investments measured at net asset value as a practical expedient (a)				<u>\$ 60,488,270</u>
Total investments at Fair Value				<u>\$ 459,090,109</u>

Epicor Software 401(k) Savings Plan
Notes to Financial Statements

D. Fair Value Measurements (continued)

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 535,033,881	\$ -	\$ -	\$ 535,033,881
Interest Bearing Cash	273,128	-	-	273,128
Total investments in Fair Value hierarchy	\$ 535,307,009	\$ -	\$ -	\$ 535,307,009
Investments measured at net asset value as a practical expedient (a)				\$ 63,953,191
Total investments at Fair Value				\$ 599,260,200

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022, and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust fund	\$ 60,488,270	n/a	Daily	12 Months
December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust fund	\$ 63,953,191	n/a	Daily	12 Months

E. Investment Contracts

The Plan also offers common collective trust funds that include Putnam Stable Value and Pioneer Select Mid Cap Growth Fund. The Pioneer funds may invest in various types of investments, including common stocks, money market funds and real estate investment trusts.

Wilmington Trust, N.A. (“WTNA”) maintains the Pioneer collective trust Funds and maintains ultimate fiduciary authority over the management of, and investments made, in the Pioneer funds. WTNA engaged Amundi Pioneer Institutional Asset Management, Inc. to provide investment advice with respect to the fund’s assets.

Epicor Software 401(k) Savings Plan
Notes to Financial Statements

E. Investment Contracts (continued)

WTNA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment in the Pioneer funds is carried at contract value and, as WTNA considers contract value to be fair value, this is reflected in the financial statements.

The Plan also invests in fully benefit-responsive investment contracts (common/collective trusts) held in the Putnam Stable Value fund (“Putnam Fund”). The Putnam Fund invests in guaranteed investment contracts (GICs), security backed investment contracts, as well as separate account products of insurance companies. In addition, at least 5% is invested in money market, cash and cash equivalents, and stable value funds.

Investment contracts are valued at contract value which is equal to principal balance plus accrued interest. Investment contracts will normally be held to maturity and meet the fully benefit responsive requirements.

	December 31, 2022
Traditional guaranteed investment contracts	\$ 13,651,439
Security-backed investment contracts	38,867,114
Short-term investments	3,892,352
Total	<u>\$ 56,410,905</u>

F. Participant-Directed Investments

The Plan permits participants to invest their account balance and contributions in investment accounts offered by Fidelity. Allocations may be made in any percentage and may be changed by the participant at any time by directly contacting Fidelity.

G. Related Party Transactions and Party in Interest Transactions

Certain Plan investments are invested in mutual funds managed by Fidelity. Fidelity is the Trustee of the Plan and custodian of plan assets.

The Plan issues loans to participants, which are secured by the balances in the participants' accounts. During 2022, the Plan received \$1,069,197 in contract administration fees from Fidelity. The Company paid certain administrative expenses of the Plan, including recordkeeping fees. Therefore, these transactions qualify as party-in-interest transactions. Transactions in such investments are exempt from the prohibited transaction rules.

H. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported in the accompanying financial statements to the Plan's Form 5500 at December 31, 2022, and 2021, to Form 5500:

	December 31, 2022	December 31, 2021
Total net assets available for benefits per the financial statements	\$ 467,527,779	\$ 604,008,668
Adjustment for loans deemed distributed	(114,058)	(125,212)
Current year employer and participant contributions received after the end of plan year-end	-	(100,472)
Accrued liabilities for overfunded amounts repaid in the subsequent Plan year	-	-
Total net assets available for benefits per the Form 5500	<u>\$ 467,413,721</u>	<u>\$ 603,782,984</u>

I. Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

J. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

K. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and distributions will be made as soon as administratively practicable after the Plan terminates.

L. Plan Merger and Transfer of Plan Assets

The Company acquired KBMax in June 2021. Effective as of June 1, 2021, all associated assets, liabilities, and obligations of the KBMax Employer Flexible 401(k) Plan (“KBMax Plan”) were merged with and into the Plan, with the result that each participant in the KBMax Plan has an uninterrupted participation in the Plan, and the provisions of the Plan essentially replace the provisions of the KBMax Plan. In Plan year 2022 there were total assets of \$711,802 transferred into the Plan.
