INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
FMI Aerostructures, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of FMI Aerostructures, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of FMI Aerostructures, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about FMI Aerostructures, LLC 401(k) Plan's ability to continue as a going concern for one year after the date financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of FMI Aerostructures, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about FMI Aerostructures, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of: (1) Schedule H, line 4i-Schedule of Assets (Held at End of Year) and (2) Schedule H, line 4a-Schedule of delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FMI AEROSTRUCTURES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE A - DESCRIPTION OF THE PLAN

The following description of the FMI Aerostructures, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

1. General

Effective January 1, 1999, Forrest Machining LLC, formerly known as Forrest Machining, Inc. (the “Employer” and “Plan Sponsor”), established the Plan as a contributory profit sharing plan under Sections 401(a) and 401(k) of the Internal Revenue Code (“IRC”), subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On June 2, 2021, Forrest Machining, Inc. converted to Forrest Machining LLC. On July 29, 2021, Dynamic Aerostructures Intermediate LLC acquired Forrest Machining LLC. Upon acquisition, the Plan Sponsor became Forrest Machining LLC dba FMI Aerostructures LLC (FMI Aerostructures LLC).

Effective January 1, 2022, the Employer, FMI Aerostructures, LLC, changed the name of the Plan to FMI Aerostructures, LLC 401(k) Plan. In addition, the Plan was amended and restated for changes in laws and plan design.

2. Eligibility

An employee is eligible to make deferral contributions to the Plan upon completion of one year of service and attainment of age twenty one, subject to quarterly entry dates. Employees who have attained age twenty one are eligible for discretionary Employer contributions upon completion of one year of service during which at least 1,000 hours are worked, if employed on the last day of the Plan year. Employees who are non-resident aliens, leased employees, or independent contractors are not eligible to participate in the Plan.

3. Contributions

Participants may elect to contribute, on a tax-deferred basis and/or make Roth contributions up to 100% of their eligible compensation not to exceed the maximum deferral limit per Section 402(g)(1) of the IRC. Additional “catch-up” contributions may be made beginning in the Plan year in which a participant will be at least age fifty by the end of the Plan year.

For the year ended December 31, 2022, the Employer made safe harbor matching contributions equal to 100% of deferrals (including Roth contributions) up to 3% of compensation plus 50% of deferrals in excess of 3% of compensation, not to exceed 5% of compensation.

In addition, the Employer may make discretionary matching, qualified non-elective and profit sharing contributions to the Plan. There were no Employer discretionary matching, qualified non-elective or profit sharing contributions during the year ended December 31, 2022.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Investment Options

Participants may direct employee and Employer contributions, as desired, in any of a variety of investment options offered by John Hancock Life Insurance Company (USA) ("John Hancock"). Participants may change their investment options daily.

5. Participant Accounts

Each participant's account is credited with the participant's contribution, Employer safe harbor matching contributions, Employer discretionary matching contributions, and allocations of Employer profit sharing contributions, qualified non-elective contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

6. Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum of 50% of their vested account balance (not to exceed \$50,000, less the highest outstanding loan balance during the prior twelve month period). All loans shall bear interest at a rate equivalent to the prime rate plus 2%. Loans must be paid back within five years of the date of issuance in accordance with terms established by the Plan administrator. Loans for the purchase of a principal residence may be paid back over a longer period of time, as determined by the Plan administrator, but not to exceed thirty years. Loans are due and payable upon the participant's termination of employment with the Employer. Participants may only have one loan outstanding at any given time.

7. Forfeitures

Forfeitures of terminated participants' non-vested accounts are used to pay administrative expenses of the Plan and any remaining forfeitures shall be used to reduce the Employer contributions for the Plan year following the Plan year in which the forfeitures occur. Forfeitures available as of December 31, 2022 and 2021 were not significant.

8. Vesting

Employee contributions, employee rollovers, Employer safe harbor matching contributions, Employer qualified non-elective contributions, and actual earnings thereon are fully vested at all times. Vesting of discretionary Employer matching contributions and Employer profit sharing contributions and actual earnings thereon, is based upon the participant's years of service with the Employer as follows:

DECEMBER 31, 2022 AND 2021

NOTE A - DESCRIPTION OF THE PLAN (Continued)

8. Vesting

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

9. Benefit Payments

Upon termination of employment with the Employer, a participant will automatically receive a lump sum disbursement if his or her vested account balance is \$5,000 or less. If the vested account balance is greater than \$5,000, the participant may elect to receive a lump sum disbursement at any date subsequent to termination. In the event of death, attainment of normal retirement age, or total and permanent disability, a participant's beneficiary or the participant is entitled to the total value of the participant's account. In-service and hardship distributions are permitted if certain criteria are met.

10. Plan Termination

Although it has not expressed such intent, the Employer reserves the right, at any time, to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants would become 100% vested in their discretionary Employer matching and profit sharing contributions and the assets of the Plan would be distributed to the participants based on each participant's interest in the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

2. Plan Administration

The Employer is the Plan sponsor and the Plan administrator. The administrator of the Plan is responsible for carrying out the duties imposed under ERISA.

3. Administrative Expenses

For the year ended December 31, 2022, administrative expenses incurred by John Hancock have been paid directly out of Plan assets. Audit fees and third party administration fees are paid directly by the Employer as a benefit to the employees. Expenses that are paid by the Employer are excluded from these financial statements. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

4. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

5. Payment of Benefits

Benefits are recorded when paid.

6. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment adviser and custodian. See Note D for discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE C - INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by John Hancock, the custodian, as complete and accurate, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule:

- Investments and notes receivable from participants reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021
- Net investment activity and interest income on notes receivable from participants reflected in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022
- Investments and notes receivable from participants reflected on the Schedule of Assets (Held at End of Year)

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Pooled separate accounts (except the John Hancock Stable Value Fund): The net asset value (“NAV”) of these accounts is based on the market value of its underlying investments. The NAV is not a publicly quoted price in an active market.

John Hancock Stable Value Fund pooled separate account: Included in pooled separate accounts is the John Hancock Stable Value Fund which invests in the John Hancock Stable Value Fund Collective Investment Trust (the “Trust”). The Trust invests primarily in fully benefit-responsive investment contracts and is valued at the NAV of participation units in the Trust. The NAV is based on the market value of the underlying investments. The John Hancock Stable Value Fund seeks to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value ^(a)				5,111,466
Investments at fair value				<u>\$ 5,111,466</u>

Assets at Fair Value as of December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value ^(a)				6,795,781
Investments at fair value				<u>\$ 6,795,781</u>

- ^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. Participant-directed transfers to other investment options are generally limited to two per calendar month.

<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 5,111,466	None	Daily ^(b)	None ^(b)
<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 6,795,781	None	Daily ^(b)	None ^(b)

- ^(b) Although participant transactions may generally occur daily, participant withdrawals from the John Hancock Stable Value Fund pooled separate account may be subject to a delay of up to seven or thirty additional calendar days if it is determined that such delay is necessary to maintain adequate liquidity for, or to avoid an adverse impact on, the underlying trust or investment vehicle. In addition, the fund's declaration of trust provides that withdrawals for purposes other than normal benefit payments or Plan permitted investment option transfers are subject to either a market value adjustment, or without a market value adjustment effected no later than twelve months. These events may include, but are not limited to, the following: mergers, layoffs, Plan termination, implementation of early retirement incentive programs, additional investment options are established that constitute a competing fund, or other events within the control of the Plan sponsor resulting in a material and adverse financial impact on the issuer's obligations under the contract.

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by John Hancock, the custodian and record keeper for the Plan, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants and the related interest income are also considered party-in-interest transactions. Exemptions exist for these party-in-interest transactions.

FMI AEROSTRUCTURES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE F - TAX STATUS

The Employer adopted a volume submitter profit sharing plan (“volume submitter plan”) which received its latest favorable opinion letter dated June 30, 2020, in which the Internal Revenue Service (“IRS”) stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the most recent opinion letter. However, the plan administrator and the Plan’s advisor believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Administration errors, if any, that are insignificant or operational in nature are handled by the Plan administrator in accordance with applicable IRS correction policies. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE H - SUBSEQUENT EVENTS

In March of 2023, the Plan management engaged Empower Trust Company, LLC and Empower Retirement LLC as a trustee/custodian of the Plan. Substantially all Plan’s assets were transferred on March 2, 2023. Additionally, in the second half of 2023 the Plan amended its eligibility criteria from one year of service to sixty days.

Plan management has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued.
