Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Prime Home Health Services, LLC 401(k) Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Prime Home Health Services, LLC 401(k) Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Prime Home Health Services, LLC 401(k) Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Prime Home Health Services, LLC 401(k) Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Prime Home Health Services, LLC 401(k) Pension Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Prime Home Health Services, LLC 401(k) Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented

and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 Description of Plan

The following brief description of the Prime Home Health Services, LLC (the "Company") 401(k) Pension Plan (the "Plan") is provided for general information purposes. Participants should refer to the Plan Document for more complete information.

General

The Plan is a defined contribution plan covering all eligible employees of the Prime Home Health Services, LLC and Prime Health Choice. Employees of Prime Home Health Services, LLC and Prime Health Choice (collectively referred to as the "Employer") are eligible to participate in the Plan upon completion of the earlier of one year of service or three consecutive calendar months of service, as defined in the Plan Document, are at least 21 years of age, are not covered by a collective bargaining agreement, and are not a non-resident alien.

The entry date for participants who satisfy the one year of service requirement is the earlier of the first day of the plan year that occurs after the date the one year of service requirement is satisfied or the date that occurs six months after the date the one year of service requirement is satisfied. The entry date for participants who satisfy the three consecutive calendar months of service requirement is the date such requirement is satisfied. The Board of Trustees oversees governance of the Plan. The Plan's Board of Trustees determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Each year participants may contribute up to 100% of their eligible annual compensation, as defined in the Plan Document, not to exceed amounts prescribed by the Internal Revenue Service ("IRS") ($20,500 for 2022). Participants who are eligible to make contributions under the Plan and who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions up to amounts prescribed by the IRS ($6,500 for 2022). Participants may also roll over amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Employer, at its discretion, may elect to make a matching contribution or a qualified nonelective contribution up to limits described in the Plan Document. Participants participate in the Employer discretionary matching contributions if they have completed one year of service, have at least 1,000 hours of service during the allocation period, are at least 21 years of age, and are actively employed on the last day of the Plan year. The entry date for eligible participants for the Employer's discretionary matching contributions is January 1st or July 1st coincident with or following the date eligibility requirements are satisfied. The Employer may make a matching contribution for any allocation period equal to a discretionary percentage of each benefiting participant's elective deferrals not to exceed, for any allocation period, 1% of each benefiting participant's compensation for the allocation period. For 2022 and 2021 the Employer made discretionary matching contributions of $68,271 and $62,496, respectively, which is recorded as employer contributions receivable. Contributions are subject to certain statutory limitations.

Note 1 Description of Plan (continued)

Participant Accounts
Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, employer's discretionary matching contributions, and Plan earnings (losses), and charged with an allocation of any administrative and miscellaneous expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments
Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a multitude of mutual funds as investment options for participants. Participants can change their allocation at any time.

Vesting
Participants are immediately vested in their contributions and earnings thereon. The Employer's discretionary matching contributions and earnings thereon will be vested as follows:

Years of Service for Vesting	Percentage
Less than 1 year	0%
1 to 2 years	25%
2 to 3 years	50%
3 to 4 years	75%
4 years or more	100%

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 8.00%. Interest rates are determined by the prime rate as published in the Wall Street Journal on the 14th day of each month plus 1.0%. Principal and interest are paid ratably through payroll deductions.

Note 1 Description of Plan (continued)

All loans are required to be paid back within five years of the date of the loan, unless the loan is used to purchase a principal residence, in which case the loan will be required to be repaid within 30 years of the original date of the loan.

Payment of Benefits

On termination of service due to retirement, termination of employment, or termination of service due to death, or upon disability a participant may elect to receive either a lump-sum amount equal to the value of the participant's interest in their account, in installments, or rollover such amount to either an Individual Retirement Account ("IRA") or a qualified retirement plan of their choice.

Participants who have attained age 59½ are eligible to receive in-service withdrawals from the vested interest in their accounts. Hardship withdrawals are permitted, as described in the Plan Document.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled $662 and $0, respectively. The Employer may elect to use all or any portion of the forfeitures account to pay administrative expenses incurred by the Plan. The portion of the forfeitures account that is not used to pay administrative expenses can be used first to restore previous forfeitures of participants' accounts and then to reduce Employer contributions. The $662 forfeited account balance as of December 31, 2022 was used to reduce 2022 Employer contributions paid in 2023.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Note 2 Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 3 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when received rather than on an ex-dividend basis and the effect is not material to a fair presentation. Net depreciation includes the Plan's gains and losses on investments bought and sold during the year as well as held at year end.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits
Benefit payments to participants are recorded when paid.

Administrative Expenses
The Employer at its discretion may pay all administrative expenses of the Plan, including audit, legal, and administrative fees. For 2022, the Employer paid part of the administrative fees of the Plan and has assumed the cost of the 2022 plan year annual audit of the Plan and therefore excluded these amounts from the financial statements. The Employer may elect in the future not to pay these expenses, which would affect the financial return to participants. Investment related expenses are included in net depreciation in fair value of investments.

Excess Contributions Payable
Amounts payable to participants totaling $12,308 and $1,506 for 2022 and 2021, respectively, for contributions in excess of amounts allowed by the IRS are recorded as excess contributions payable, with a corresponding reduction to 2022 and 2021 contributions, respectively. The excess contributions for the year ended December 31, 2022 were distributed in 2023. The excess contributions for the year ended December 31, 2021 were distributed in 2022.

Note 3 Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement,* are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 Fair Value Measurement (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	**Level 2**	**Level 3**	**Fair Value**
Mutual funds	**$ 4,092,612**	**$ -**	**$ -**	**$ 4,092,612**
Total assets at fair value	**$ 4,092,612**	**$ -**	**$ -**	**$ 4,092,612**

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 4,609,841	$ -	$ -	$ 4,609,841
Total assets at fair value	$ 4,609,841	$ -	$ -	$ 4,609,841

Note 4 Related Party Transactions and Party-in-Interest Transactions

Capital Bank and Trust Company, serves as record-keeper and custodian for the Plan and is therefore considered to be a party-in-interest. All Plan investments are shares of mutual funds managed by American Funds. American Funds, American Funds Retirement Plan Services, and Capital Bank and Trust Company are subsidiaries of The Capital Group Companies and therefore, these transactions qualify as party-in-interest transactions.

The Plan makes loans to participants and therefore, these transactions qualify as a party-in-interest.

Note 5 Information Prepared and Certified by the Plan's Custodian

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by the custodian, Capital Bank and Trust Company.

Note 6 Tax Status

The Plan is an adoption of the Non-Standardized Pre-Approved Profit-Sharing Plan with CODA (Cash or Deferred Arrangement) sponsored by CCH Incorporated DBA FTWilliam.com. The IRS has issued an opinion letter dated June 30, 2020 that stated that the form of the pre-approved plan was designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

Note 7 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risk include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at lease reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances and net assets will be allocated as prescribed by ERISA and regulations pursuant thereto.

Note 9 Subsequent Events

Plan management has evaluated subsequent events through October 13, 2023, the date on which the financial statements were available to be issued.
