401(k) Profit Sharing Plan

INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of JL Schwieters Construction 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520. 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520. 103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Prior Period Financial Statements

The financial statements for the year ended December 31, 2021, were audited by HG&K LTD, who merged with Abdo as of June 1, 2023, and whose report dated October 16, 2022, expressed an unmodified ERISA Section 103(a)(3)(C) opinion on those statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year), as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

JL SCHWIETERS CONSTRUCTION 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION

The following brief description of the JL Schwieters Construction 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the original Plan document as amended for a more complete description of the Plan's provisions.

General

The plan is a defined contribution plan established by JL Schwieters Construction Inc. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Participation in the plan is entirely voluntary. An eligible employee is any person employed by the Company, which have completed two months of service and have attained age 18 or older. An employee becomes eligible to participate in the plan on the first day of the month after the service and age requirements have been met.

Contributions

Participants may elect to contribute a percentage of their compensation to the Plan each year, subject to limitations, as defined in the Plan documents. Participants have the option to make pre-tax contributions or Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company currently matches the first 2 percent of base compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Elections

The participant contributions and the company matching contributions are allocated to the various investment options offered by the plan as directed by the participant.

Vesting

Participants are immediately 100 percent vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

JL SCHWIETERS CONSTRUCTION 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION (cont.)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25 percent to 8.75 percent, which commensurate with local prevailing rates at the time of the loan. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits

Benefit distributions to participants represent the amounts paid during the year to participants, upon the earliest occurrence of any of the following events: death, retirement, total and permanent disability, voluntary or involuntary termination of employment, or hardship. Benefits are distributed in the form of a lump sum amount, rollovers, transfers to annuities, or in installments over varying periods, as allowed by the Plan.

Forfeited Accounts

As defined by the Plan, forfeiture of the non-vested portion of a participant account will occur at the earliest of: (a) five consecutive breaks in vesting service or (b) when a participant terminates participation in the plan. Forfeitures are utilized to reduce the company matching contribution or for payment of plan expenses. However, if a participant is reemployed and fulfills certain requirements, as defined in the plan, the participant's account will be reinstated.

Forfeited nonvested amounts are used to pay plan administrative expenses of the plan, restore unvested amounts to reemployed participants, or reduce company matching contributions into the plan. Forfeited non-vested accounts totaled \$23,464 and \$10,417 at December 31, 2022 and 2021, respectively. During 2022, \$35,400 of forfeitures were used to reduce the company matching contribution or pay plan expenses. During 2021, \$54,204 of forfeitures were used to reduce the company matching contribution or pay plan expenses. Any remaining forfeitures will be allocated to participants in any year when there is a discretionary employer contribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

JL SCHWIETERS CONSTRUCTION 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for plan benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the company. Expenses that are paid by the company are excluded from these financial statements. Plan expenses may be charged pro rata to each participant in relation to the size of each participant's account balance or may be charged equally to each participant. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation (depreciation) in fair value of investments. Additionally, forfeitures may be used to pay plan expenses.

Notes Receivable from Participants

Notes receivable from participants are measured at there unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

NOTE 3 - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, dividends, and interest income on notes receivable from participants for the years ended December 31, 2022 and 2021 were obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan.)

JL SCHWIETERS CONSTRUCTION 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles define fair value, establish a framework for measuring fair value, and establish a fair value hierarchy that prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income, or cost approach are used to measure fair value. The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Plan has the ability to access.

Level 2 - Inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.

Level 3 - Unobservable inputs for the asset or liability rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Plan's own data.)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurement at the reporting date.

Investments at fair value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$17,092,604</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The following tables summarized investments for which fair value is measured using NAV per share practical expedient as of December 31, 2022:

JL SCHWIETERS CONSTRUCTION 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 5 - FEDERAL INCOME TAX EXEMPTION

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Compliance with the Employee Retirement Income Security Act of 1974 (ERISA) is required to maintain this tax status.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more than likely than not would not be sustained upon examination by the appropriate regulatory authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by the Trustee as defined by the plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to the administration of the plan were paid by the Plan or by the Company. These transactions qualify as party in interest transactions.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in all accounts and all of the assets would be distributed to the participants based upon the balance in their respective accounts.

NOTE 8 - RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

NOTE 9 - CONCENTRATION OF CREDIT RISK

Included in investments at December 31, 2022 and 2021 are shares of four mutual funds amounting to approximately \$8,320,000 and \$10,597,000, respectively. These mutual funds represent 57% and 61% of total plan assets at December 31, 2022 and 2021, respectively. A significant decline in the market value of these mutual funds would significantly affect the net assets available for plan benefits.

JL SCHWIETERS CONSTRUCTION 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 10 - FIDELITY BOND

The plan was covered by an \$500,000 fidelity bond during 2022 and 2021.

NOTE 11 - COMMITMENTS

The Plan at December 31, 2022 and 2021, holds assets of employees that have terminated and remain in the Plan totaling approximately \$2,002,000 and \$2,221,000, respectively.

NOTE 12 - DIFFERENCE ON THE FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The 2021 plan audit had one common collective trust fund reflected at contract value. The 2021 Schedule H of Form 5500 reflected the fund at fair value. This created a difference of \$1,399 between the financial statements and Schedule H of Form 5500 for the year ended December 31, 2021.

During 2022 the fund has been adjusted to be recorded at fair value on the financial statements. This created a difference of \$1,399 on the 2022 Statement of Changes in Net Assets Available for Benefits and the Income and Expense Statement of Schedule H of Form 5500. Because all funds are being reflected at fair value, this will eliminate any reconciliation between the audited financial statements and Schedule H of Form 5500 in future periods.

NOTE 13 - PLAN RESTATEMENT & AMENDMENT

During 2021, the Plan documents were restated to be in compliance with IRS rules and regulations.

The Plan Sponsor routinely reviews the investment options offered by the Plan. Effective April 2, 2021, the Plan investment options were modified. As a result of this change, participants could no longer contribute to previous investment options. The Plan Sponsor and investment advisor completed a mapping of the previous investment options to the new investment options.

NOTE 14 - SECURE Act 2.0

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 CARES Act. The effective date of the provisions of SECURE 2.0 vary from becoming effective immediately through 2028. Those provisions include both required and optional elements. Management has evaluated those provisions and determined there is no current impact on the Plan. Plan management will determine the optional provisions to elect in the future.

NOTE 15 - SUBSEQUENT EVENTS

During May 2023, the Plan's service agreement was amended to update the services provided by the plan and related fees paid by the employer and participant.

Management has evaluated subsequent events through October 13, 2023, the date which the financial statements were available to be issued.

To Plan Administrator

JL Schwieters Construction 401(k) Profit Sharing Plan

We have audited the financial statements of JL Schwieters Construction 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) for the year ended December 31, 2022, and have issued our report thereon dated October 13, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 16, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by JL Schwieters Construction 401(k) Profit Sharing Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2022. We noted no transactions entered into by the Plan during the year for which there is lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing the audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. You have corrected all such misstatements.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we have determined are sufficiently important to merit management's attention. Please refer to the internal control communication letter for reportable findings identified in our audit of the 2022 financial statements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 13, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plans financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of plan management charged with governance of JL Schwieters Construction 401(k) Profit Sharing Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

Abdo

Edina, Minnesota

The Plan Administrator

JL Schwieters Construction 401(k) Profit Sharing Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of JL Schwieters Construction 401(k) Profit Sharing Plan as of and for the year ended December 31, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered JL Schwieters Construction 401(k) Profit Sharing Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in JL Schwieters Construction 401(k) Profit Sharing Plan internal control to be significant deficiencies:

Segregation of Duties

Due to the relatively small size of the Plan, ideal segregation of duties cannot be achieved. This is not unusual for a Plan of your size; however, the lack of segregation of duties increases the risk of fraud related to misappropriation of assets, financial statement misstatement, or both. The Plan Administrator and management should constantly be aware of this condition. It is the responsibility of management and those charged with governance to make the decision to accept the degree of risk associated with this condition because of the cost or other considerations. While we recognize it may not be cost effective to justify implementing a full segregation of duties for an extensive system of internal control in all areas, we believe it is important that management and those charged with governance are aware that some deficiencies may exist and that they should continue to apply diligent oversight and monitoring activities.

Drafting of Financial Statements

Plan management is responsible for establishing and maintain internal control and for the fair presentation of the net assets available for benefits, changes in net assets available for benefits, supplementary information, and disclosures in the financial statements, in conformity with U.S. generally accepted accounting principles (GAAP). The Plan does not have a system of internal control that would provide management with reasonable assurance that the Plan financial statements and related disclosures are complete and presented in accordance with GAAP. As such, management requested us to compile the trial balance from plan records and prepare a draft of the financial statements, including the related note disclosures.

A reportable finding is an indication of deficiencies in internal control identified during the audit that have not been communicated to management by other parties and that, in the auditor's professional judgment, are of sufficient importance to merit management's attention. We consider the following deficiencies in JL Schwieters Construction 401(k) Profit Sharing Plan's internal control to be reportable findings:

Plan Oversight & Documentation

Plan management has an obligation to review the performance and structure of the plan on an ongoing basis. This review should be completed during regularly scheduled board meetings and should address topics such as:

- Investment options and changes
- Investment performance
- Reasonableness of plan expenses
- Plan participation
- Plan structure including review of plan documents and discussion of any plan amendments
- Plan compliance testing and results
- Review of audited financial statements
- Review of Forfeiture account activity and approval of use of forfeitures for plan expenses or reduction in company match
- Review of SOC1 Report provided by record-keeper and how complementary controls are implemented at the Plan Sponsor
- Review of trustee certification to ensure it meets the requirements for the Plan to have an ERISA Section 103(a)(3)(C) audit performed.

There are likely other issues and topics that should be covered as well.

Additionally, it is important that these topics be well documented in the board meeting minutes or a similar format. During our audit, we noted that the board meeting minutes were vague and did not document significant matters related to the plan. We recommend that the board meeting minutes be more detailed of matters discussed, approved, and actions taken.

Review of SOC1 Report and Complementary User Controls

As part of our audit, we receive SOC1 Reports from Fidelity which allows the plan to have a ERISA Section 103(a)(3)(C) audit performed. As part of the SOC1 Reports, complementary user entity controls are described. These complementary user entity controls need to be in place at the Plan Sponsor for Fidelity's controls to work effectively. We recommend, at least annually, that plan management review these SOC1 reports to ensure they have incorporated the complementary user entity controls into their internal control structure and document their review of the SOC1 report in the board meeting minutes.

Forfeiture Account:

During our audit, we noted that the forfeiture account had a balance of approximately \$23,500 as of December 31, 2022. Plan Management has a duty to review and monitor the forfeiture account activity and use up the balance in the account timely. We recommend that Plan Management review the forfeiture account activity on a regular basis and use up the balance in this account either to pay plan expenses or to reduce the company matching contribution. The use of forfeitures should be documented in the board meeting minutes.

Administrative Errors Identified

While performed auditing procedures related to participant testing, auditors identified an administrative error occurred related to an employee's deferral election and employer matching contribution. We recommend that plan management review their processes related to deferral elections and application of deferral elections to eligible compensation to ensure employee's deferral contributions and employer matching contribution are being properly calculated. Additionally, plan management should consider adding checks and balances to deferral contribution calculations to avoid administrative errors like the one identified in the current year audit.

While performing auditing procedures related to distribution testing, auditors noted there was an administrative error with not obtaining hardship support for a hardship taken out by an employee. We recommend that plan management make sure they gain support for all hardships that occur, to have on record.

Trustee Certification Statement

We are required to perform an ERISA Section 103(a)(3)(C) audit and express an opinion on the Plan's financial statements based on our audit procedures. As part of our procedures, we are required to verify that the plan administrator has reviewed the trustee certification statement and has assured that the certification statement can be relied upon to allow an ERISA Section 103(a)(3)(C) audit to be performed. We recommend, at least annually, that plan management review the current trustee certification statement and document their review of the certification in the board meeting minutes.

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with various Plan personnel and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.

This communication is intended solely for the information and use of management, and others within the Plan, and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Abdo
Minneapolis, MN
