Independent Auditor's Report

To the Plan Administrator
Stark Properties, Inc. Deferred Salary Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Stark Properties, Inc. Deferred Salary Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Stark Properties, Inc. Deferred Salary Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Stark Properties, Inc. Deferred Salary Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Stark Properties, Inc. Deferred Salary Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stark Properties, Inc. Deferred Salary Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Stark Properties, Inc. Deferred Salary Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of the Plan, as listed in the accompanying index, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Stark Properties, Inc. Deferred Salary Profit Sharing Plan

Notes to Financial Statements December 31, 2022 and 2021

Note 1 – Description of Plan

The following description of Stark Properties, Inc. Deferred Salary Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established April 1, 1985 by Stark Properties, Inc. (the Plan Sponsor and Company) under the provisions of Section 401(a) of the United States Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company and any adopting participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as certain provisions of the federal income tax laws.

The following adopting employers are allowed to participate in the plan:

- Jones Petroleum, Inc.
- Knight Petroleum, Inc
- Convenience Stores, Inc.

All employees of the Company and any participating affiliates are subject to the following eligibility requirements:

- Age: 21
- Service: 1,000 hours
- Status Exclusions:
 - a. None

Upon satisfying the eligibility requirements, employees may participate in the Plan on the first day of plan year or the first day of the 7th month of the plan year.

Contributions

The Plan is funded through employee elective deferrals and Company contributions. Each year, participants may elect to contribute a portion of their compensation, subject to certain maximum limitations imposed by Section 402(g) of the IRC. At the discretion of the Plan Administrator, participants may be permitted to deposit or “rollover” into the Plan distributions they have received from other qualified plans and certain Individual Retirement Accounts (IRAs). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The following contribution types are allowed by the plan:

- Elective deferrals
- Rollover contributions
- Employer matching
- Employer profit sharing

Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary matching and profit-sharing contributions which will be allocated in accordance with the plan document provisions. Participants must be employed on the last day of the plan year and have earned 1,000 hours of service to be eligible to receive discretionary profit-sharing contributions. There were no discretionary profit sharing contributions for the year ended December 31, 2022.

Administration

The Company serves as the Plan Administrator. The Plan Administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions which may affect eligibility of benefits. The Company engaged Schachle Benefit Services, Inc., a third-party administrator, to assist with administration of the Plan during 2022 and 2021. The sole shareholder of the Plan Sponsor serves as the Trustee of the Plan.

John Hancock Life Insurance Company (John Hancock or the Custodian) serves as the Custodian of the Plan. The Custodian receives all contributions made under the Plan, holds plan assets, pays benefits as directed by the Plan Administrator and assists in the administration of the Plan. The Custodian serves as the intermediary for all asset purchases and redemptions. Additionally, the Custodian manages certain investment options of the Plan (See Note 8).

Certain participants have self-directed brokerage accounts, which are held in accounts outside of John Hancock at Raymond James & Associates, Inc.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's contributions, and actual Plan earnings or losses thereon. The participant's account is also charged with withdrawals and an applicable allocation of administrative expenses. Allocations are based on the participant's Plan compensation, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their elective deferrals including catch-up contributions, rollover contributions from other qualified plans, and actual earnings thereon. The method for crediting vesting service for company matching and profit-sharing contributions is based on vesting periods of service. Participants are credited with a period of service for 1,000 hours earned. Participants are always 100% vested in their company matching and profit-sharing contributions if they are employed on or after their Normal Retirement Age or if they terminate employment on account of their death or disability.

<u>Service Years</u>	<u>Matching</u>	<u>Profit Sharing</u>
<1	0%	0%
1	0%	0%
2	20%	20%
3	40%	40%
4	60%	60%
5	80%	80%
6	100%	100%

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. The Plan allows forfeitures of non-vested Company contributions to be used in the following ways:

- Reduce Company Contributions
- Pay Administrative Expenses

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$71,541 and \$89,488, respectively. During the year ended December 31, 2022, forfeited non-vested accounts of \$91,454 were used to reduce Company contributions.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments totaling 100% among the various investment options offered by the Custodian and selected by the Plan Administrator, including certain options for which the Custodian or its affiliates serve as investment advisors (see Note 8). Participants can make changes to their investment options daily.

Notes Receivable from Participants

Participants who are active employees may borrow against their vested account balances a minimum of \$1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance or \$50,000. The loans, in the form of promissory notes, are secured by the balances in the participant's account, and bear interest at reasonable rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions and generally repaid within 5 years. Notes receivable from participants used for financing the purchase of a participant's principal residence may be repaid over a period exceeding 5 years. The interest rate on notes receivables from participants is the prime interest rate plus 2% (9.50% and 5.25% at December 31, 2022 and 2021, respectively).

Benefits Paid to Participants

Upon termination of service, disability, or retirement, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account. Distribution of a deceased participant's account will be made to the designated beneficiary.

As required under Section 401(a)(9) of the IRC, a participant must begin receiving required minimum distributions from the Plan by April 1 of the calendar year following the later of (i) the year in which the participant reaches age 70½ or 72 if the participant is not 70½ prior to January 1, 2020, or (ii) the year in which the participant retires.

The following types of distributions are also allowed by the plan:

- In Service
- Hardship
- Termination partial withdrawal
- Involuntary cash-out

Involuntary cash-outs are allowed for account balances less than \$1,000.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or IRA.

Termination of the Plan

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participant's account will become 100% vested. The Company will direct the distribution of the participant's account in a manner permitted by the Plan as soon as practicable.

CARES Act

The Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law on March 27, 2020. The CARES Act allows certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, delay the commencement date for required minimum distributions, and take a coronavirus-related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. The Plan adopted the temporary provisions of the CARES Act.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plans' investment are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of investments, including gains and losses, are recorded on the trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of investments represents the change in fair value during the year, including realized and unrealized gains and losses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment recorded.

Payment of Benefits

Benefit payments are recorded when paid by the Plan.

Plan Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the plan document. These expenses include, but are not limited to, legal, accounting and recordkeeping fees, and investment expenses. Expenses paid directly by the Company are excluded from these financial statements. For expenses paid by the Plan, a proportionate share of fees and expenses is charged to each participant's account. In addition, certain investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 3 – Certified Investments

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the amounts for investment assets and transactions in those assets included in the accompanying financial statements and supplemental information and as outlined below as of December 31, 2022 and 2021, and for the year ended December 31, 2022, was derived from information certified as complete and accurate by the Custodian in accordance with DOL regulations. As permitted under such election, the Plan's independent auditors did not perform any auditing procedures with respect to the following information certified by the Custodian, except for comparing such information certified by the Custodian to Information included in the Plan's financial statements and supplemental information:

	2022	2021
Investment values certified	\$ 12,875,979	\$ 14,180,296
Notes receivable from participants certified	304,407	389,879
Investment income certified:		
Net depreciation in fair value of investments	\$ (1,097,669)	
Interest on notes receivable from participants certified	18,276	

Note 4 – Information Not Certified by the Custodian

The following presents uncertified investment information as of December 31, 2022 and 2021, and for the year ended December 31, 2022:

	2022	2021
Investment values certified	\$ 1,685,173	\$ 1,601,818
Notes receivable from participants certified	109,341	32,942
Investment income certified:		
Net depreciation in fair value of investments	\$ (982,157)	
Interest	2,461	
Dividends	22,156	
Interest on notes receivable from participants certified	4,415	

Note 5 – Fair Value Measurements

The accounting standard for fair value measurement provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure for fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Self-Directed Brokerage Accounts

Self-directed brokerage accounts are invested in mutual funds, exchange traded funds, fixed income securities and equity securities and are valued at quoted market prices on the last day of the Plan year.

Guaranteed Interest Accounts

Guaranteed interest accounts guarantee the return of principal plus compounded interest earned over a defined 3, 5 or 10-year term. Interest is credited to each account based on a composite rate of interest. The composite rate of interest is the effective annual rate earned by all contributions to that guaranteed account during that reporting year. The fair value of the guaranteed interest accounts is equal to the total contributions plus earned interest credited at the guaranteed composite rate for each account at the measurement date.

Pooled Separate Accounts

Pooled separate accounts are valued using the net asset value (NAV) of units held by the Plan at year end. The NAV is determined by the custodian of the fund and is based upon the fair value of the underlying assets held by the fund. NAV is used as a practical expedient to estimate fair value. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	2022	2021
Level 1		
Self directed brokerage accounts	\$ 1,685,173	\$ 1,601,818
Level 2		
Guaranteed interest accounts	215,925	180,977
Level 3	-	-
Total investments in the fair value hierarchy	1,901,098	1,782,795
Investments measured at net asset value (a)		
Pooled separate accounts	12,660,054	13,999,318
Total investments at fair value	<u>\$ 14,561,152</u>	<u>\$ 15,782,113</u>

(a) These investments are measured using NAV as a practical expedient and are not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for the purpose of reconciling to the statements of net assets available for benefits as of December 31, 2022 and 2021.

Note 6 – Group Annuity Contract

John Hancock offers the Plan certain services, such as enrollment, recordkeeping, and allocations of participant directed investment options, exclusively through a group annuity contract. This contract consists of guaranteed interest accounts and sub-accounts of separate accounts.

All contributions to the guaranteed interest accounts are maintained in the Custodian's general account. Guaranteed accounts guarantee the return of principal plus compound interest earned over a 3, 5, or 10-year term, less any applicable contract or participant-level record keeping charges, provided all contributions remain in the account until the end of the guarantee period. Interest was credited at rates of return ranging from 0.80% to 1.00% in 2021 and the related certificates mature on various dates through December 2031.

All contributions to the sub-accounts are maintained in pooled separate accounts that invest in underlying mutual funds, exchange traded funds or collective investment trusts, as defined in the contract. John Hancock owns the shares of the underlying investments and the contract is assigned rights of ownership based on units.

Note 7 – Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

The excess contributions as of December 31, 2022 and 2021 were distributed by the Plan to the applicable participants within the allowable time frame as required by ERISA.

Note 8 – Related Party Transactions and Transactions with Parties-in-Interest

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under DOL regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the Custodian, Trustee, third-party administrator (TPA), investment managers, investment advisors, legal counsel, and Plan auditor.

During the year ended December 31, 2022, the Plan made direct payments of \$97,679 to certain parties-in-interest for administration and investment advisory fees, as allowed by ERISA. The Plan sponsor pays directly any other fees related to the operation of the Plan.

Fees incurred by the Plan for the investment management services are included in the net appreciation (depreciation) in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is, at least, reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 – Tax Status

The Plan sponsor adopted a plan which received a favorable opinion letter, from the Internal Revenue Service dated May 11, 2021, which states that the Plan is designed in accordance with the applicable sections of the IRC and is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

The Plan has been amended since the receipt of the favorable opinion letter. However, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and tax exempt as of December 31, 2022.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.

Note 11 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits between the financial statements and Form 5500 as of December 31, 2022 and 2021:

	2022	2021
Net assets available for benefits per the financial statements	\$ 16,845,687	\$ 17,756,092
Add: Excess contributions payable	<u>172,003</u>	<u>87,374</u>
Net assets available for benefits per Schedule H of Form 5500	<u>\$ 17,017,690</u>	<u>\$ 17,843,466</u>

The following is a reconciliation of changes in net assets available for benefits between the financial statements and Form 5500 as of December 31, 2022:

	2022
Changes in net assets available for benefits per the financial statements	\$ (910,405)
Add: Excess contribution payable, end of year	172,003
Less: Excess contribution payable, beginning of year	<u>(87,374)</u>
Changes in net assets available for benefits per Form 5500	<u>\$ (825,776)</u>

Note 12 - Subsequent Events

The Securing a Strong Retirement Act (SECURE 2.0 Act) was signed into law on December 29, 2022, and includes mandatory and optional provisions with varying effective dates in 2023 and later. Plan management is currently evaluating the impact of the SECURE 2.0 Act on the Plan.

The Plan has evaluated for subsequent events between the date of the statement of net assets available for benefits as of December 31, 2022 and the report date, the date the financial statements were available for issuance. Management has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements.
