## **Independent Auditors' Report**

To the Participants and Plan Administrator of  
The Brooklyn Hospital Center 403(b) Retirement Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We were engaged to perform audits of the financial statements of The Brooklyn Hospital Center 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

### **Disclaimer of Opinion**

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

### **Basis for Disclaimer of Opinion**

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Notes to Financial Statements

December 31, 2022 and 2021

## 1. Description of the Plan

The following description of The Brooklyn Hospital Center 403(b) Retirement Plan (the Plan) provides general information about the Plan's provisions. The Brooklyn Hospital Center (the Hospital and the Plan Administrator) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

### General

The Plan is a defined contribution plan covering substantially all full-time employees of the Hospital.

The Brooklyn Hospital Center 403(b) Retirement Plan Subcommittee (the Committee) is responsible for the general administration of the Plan. TIAA and CREF (TIAA-CREF), Transamerica Financial Life Insurance Company Inc., State Street Bank and Trust Company, Brighthouse Life Insurance Company (formerly MetLife Insurance Company), Metropolitan Life Insurance Company and Mutual of America Life Insurance Company are the trustees, custodians and recordkeepers of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

In March 2020, the Plan was amended and restated in its entirety effective as of January 1, 2010.

### Contributions

Each year, participants may contribute up to 85% of compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. An employee shall become eligible to receive a matching contribution and nonelective contributions upon completing one year of service as an eligible employee. The Hospital retains sole discretion over the matching and nonelective contribution amounts. The Hospital contributes matching contributions for employees in certain designated job classifications of 1% of base salary if the employee voluntarily contributes at least 2% of their salary to the Plan. Additional discretionary contributions may be contributed at the discretion of the Hospital's Board of Trustees; such contributions totaled approximately \$1,039,000 in 2022 and \$1,105,000 in 2021. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis by contacting the trustee directly. The Hospital's contributions are allocated in the same manner as that of the participant's elective contributions.

### Participant Accounts

Each participant's account is credited with the participant's contributions and the Hospital's matching and/or nonelective contributions and allocations of Plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### Vesting

Participants are immediately vested in their contributions and matching contributions. Upon a participant's termination of employment for any reason other than retirement, death or disability, the participant is entitled to the following vested percentage of nonelective contributions:

| <u>Years of Service</u> | <u>Vested Percentage</u> |
|-------------------------|--------------------------|
| Less than 3             | 0 %                      |
| 3 or more               | 100                      |

A participant shall become 100% vested in nonelective contributions upon attaining normal retirement age, dies or becomes disabled. Additionally, an employee must complete at least 1,000 hours of service during a vesting computation period to receive credit for a year of service.

### Notes Receivable From Participants

Participants may borrow from their accounts in increments of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, not less than \$1,000. Loan terms range from one to five years or up to 15 years for the purchase of a primary residence. The \$50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. A participant may not have more than one loan outstanding at any point in time. The loans bear interest at the prime rate as identified in the Wall Street Journal plus 1%. Principal and interest are paid ratably through bi-weekly payroll deductions. If a participant terminates employment with the Hospital, the outstanding balance is due or the loan will be in default. If the participant is on a leave of absence, the loan payment will be suspended during the leave and re-amortized upon return to employment.

Prior to November 2011, participants were also able to borrow directly from TIAA-CREF. Adequate security was required and a portion of the participant's Plan account was reserved, or held in collateral, to guarantee 110% of the outstanding loan in case of default. At December 31, 2022 and 2021, the balance of such loans is \$61,011 and \$97,530, respectively. The amounts held as collateral are included in investments in the accompanying Statements of Net Assets Available for Benefits.

### Payment of Benefits

Upon separation from service with the Hospital due to death, disability, retirement or termination, a participant whose vested account balance exceeds \$1,000 may elect to receive either a lump-sum or may elect installment payments on a monthly, quarterly or annual basis. A participant whose vested account balance is \$1,000 or less and has not commenced receiving installment payments will automatically receive an immediate lump-sum distribution equal to his/her vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

## **Administrative Expenses**

The Plan's administrative expenses are paid by either the Plan or the Hospital, as provided by the Plan's provisions. Administrative expenses paid by the Plan include certain recordkeeping, trustee and professional fees. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Hospital. Expenses that are paid by the Hospital are excluded from the accompanying financial statements.

## **2. Summary of Significant Accounting Policies**

### **Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

### **Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

### **Investment Valuation and Income Recognition**

Investments held by the Plan (except for fully benefit-responsive investment contracts which are stated at contract value, see Note 4) are stated at fair value. See Note 4 for further discussion and disclosures related to fair value measurements.

The Plan invests in guaranteed investment contracts (GICs). The plan sponsor determined that all GICs, except for the TIAA Traditional Non-Benefit Responsive Annuity, are fully benefit-responsive. Management has determined that the contract value of the non-benefit responsive GIC is a reasonable approximation of its fair value. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net realized and unrealized depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

### **Notes Receivable From Participants**

Notes receivable from participants are valued at their unpaid principal balance plus accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Notes to Financial Statements

December 31, 2022 and 2021

## Due to TIAA-CREF

Amounts due to TIAA-CREF represent loans taken directly from TIAA-CREF that are in default (see Note 1). Such amounts are recorded by the Plan upon notification of default by TIAA-CREF. Such amounts are distributed to TIAA-CREF upon the related participant's separation from service with the Hospital due to death, disability, retirement or termination.

## Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Hospital. Expenses that are paid by the Hospital are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

## Payment of Benefits

Benefits are recorded when paid.

## Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 13, 2023, the date the financial statements were available to be issued.

The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

## 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

## The Brooklyn Hospital Center 403(b) Retirement Plan

Notes to Financial Statements  
December 31, 2022 and 2021

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds are valued at the quoted market price of shares held by the Plan at year end.

Variable annuity contracts are valued at the net asset value of shares held by the Plan at year end as quoted by the issuer daily.

Pooled separate accounts are valued at the net asset value of shares held by the Plan at year end as quoted by the issuer.

Non-benefit responsive guaranteed investment contract are valued as described in Note 2.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

#### 4. Fully Benefit-Responsive Investment Contracts

The Plan invests in several fully benefit-responsive traditional GICs. These contracts are reported at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions plus earnings, less participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than between 1% and 3.5%, depending on the contract. The crediting rates are reviewed on a quarterly or annual basis for resetting. The contracts cannot be terminated before the scheduled maturity dates.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with contract issuers. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

Notes to Financial Statements

December 31, 2022 and 2021

### **5. Pooled Separate Account - Government Fixed Fund**

The Transamerica Financial Life Insurance Company (TFLIC) Government Fixed Fund (the Government Fund) is an actively managed guaranteed pooled separate account of TFLIC. The Government Fund is fully benefit-responsive and is maintained separately from TFLIC's general assets. Both principal and interest are guaranteed by TFLIC. The Government Fund invests in obligations of the U.S. Government and its Agencies and provides a book value guarantee in all market environments. The Government Fund seeks to provide higher yields than short-term fixed maturity alternatives. The crediting rate is based on a formula established by the contract issuer but may not be less than 3%; the crediting rate is reviewed on an annual basis for resetting. The Government Fund is stated at contract value.

Participants are generally permitted to make benefit distributions at contract value. However, participant elected withdrawals for any other reason than benefit withdrawals, hardships and loans, may be subject to a withdrawal charge.

### **6. Related-Party and Party in Interest Transactions**

Certain of the Plan's investments are managed by the custodians and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net depreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Hospital. No such officer or employee receives compensation from the Plan.

### **7. Plan Termination**

Although it has not expressed any intent to do so, the Hospital has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

### **8. Tax Status**

The Plan has been designed to qualify under Section 403(b) of the Code and, therefore, it is not eligible to receive a determination letter from the IRS. The Plan is required to operate in conformity with the Code to maintain its qualification under Section 403(b). The plan administrator believes that the Plan is operating in accordance with the applicable requirements of Section 403(b) of the Code and, therefore, believes the Plan is qualified and the related custodial accounts are tax-exempt.

Accounting principles generally accepted in the United States require the plan administrator to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **9. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2022 and 2021, the Plan had investments of \$46,483,563 and \$56,502,331, respectively, that were concentrated in two funds.

### **10. Information Certified by Custodians**

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, Brighthouse Life Insurance Company, Metropolitan Life Insurance Company, Transamerica Financial Life Insurance Company Inc., State Street Bank and Trust Company (on behalf of Transamerica Retirement Solutions, LLC), Mutual of America Life Insurance Company, and TIAA-CREF, the custodians of the Plan, have certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.
