Independent Auditor's Report

Board of Directors
MORryde International, Inc. 401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of MORryde International, Inc. 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the MORryde International, Inc. 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of MORryde International, Inc. (the Company) who are at least 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective April 19, 2022, the Plan transferred its assets from Newport Trust Company (Newport) to Fidelity Trust Management Company (Fidelity). Effective this date, Fidelity took over as the custodian of the Plan.

Contributions: Each year, participants may contribute a percentage of their gross wages, as defined by the plan agreement. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make, at its discretion, a matching contribution to the plan. For the year ended December 31, 2022, the Company contributed a discretionary match equal to 100% of the first 1%, and 25% on the next 4% of total deferrals of the participants' taxable wages that a participant contributed to the Plan. Additional amounts may be contributed at the option of the Company's board of directors. There were no additional amounts contributed to the plan year ended December 31, 2022. The Company's contributions are invested in a manner similar to participant contributions and are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, if any, and (b) plan earnings, and charged with any withdrawals and an allocation of certain administrative expenses. Income and realized and unrealized gains and losses on investments are allocated to the participant accounts on each valuation date based on the earnings of directed investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as of the issuance date of the loan, based upon the terms of the plan document. Principal and interest are paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of participant accounts plus actual earnings thereon, if any, is based on years of continuous service. A participant is 100% vested after five years of credited service.

Payment of benefits: Upon termination of service, attainment of age 60, death, or retirement, a participant may generally receive a lump-sum amount equal to the value of his or her account. Benefits are recorded when paid.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Administration of plan assets: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses for the custodian's fees are paid directly by the Company.

Forfeitures: At December 31, 2022 and 2021, forfeited non-vested accounts were not material. These accounts will be used to reduce plan expenses, which were not material for the year ended December 31, 2022.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with generally accepted accounting principles in the United States of America.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: The brokerage account consists primarily of mutual funds, a common collective trust, and interest-bearing cash.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

Fair value measurements: Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in methodologies used at December 31, 2022, and 2021. Following is a description of the valuation methodologies used for assets measured at fair value:

Shares of registered investment companies: Valued at the closing price reported on the active market on which the individual securities are traded.

Common collective trust: Valued at the net asset value (NAV) of the units held by the Plan at year-end. The value is supported by the information reported by the investment advisor using the audited financial statements of the fund. The NAV, as provided by the custodian, is used as a practical expedient estimating fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 12, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified by Fidelity and Newport

The following is a summary of the plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, including the Plan's financial statements and ERISA required supplemental schedule, obtained by management and agreed to or derived from information certified by Fidelity and Newport, the custodians of the Plan. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the assets below.

The following table presents the values of the Plan's investments as certified by Fidelity and Newport at December 31, 2022 (Fidelity) and 2021 (Newport):

	2022	2021
Investments, at fair value:		
Registered investment companies	\$ 14,220,966	\$ 17,002,072
Common collective trust	1,636,206	1,190,874
	<u>\$ 15,857,172</u>	<u>\$ 18,192,946</u>
Cash	<u>\$ 281</u>	<u>\$ 1,135</u>

Newport certified to the completeness and accuracy of \$1,311,754, of net depreciation in fair value of investments and \$41,560 of interest and dividends relating to the aforementioned investments for the period from January 1, 2022 to April 19, 2022.

Fidelity certified the completeness and accuracy of \$2,270,168 of net depreciation in fair value, \$592,068 of interest and dividends related to the aforementioned investments, and \$12,766 of interest related to notes receivable from participants for the period from April 20, 2022 to December 31, 2022.

Fidelity also certified the completeness and accuracy of \$463,612 of notes receivable from participants as of December 31, 2022.

Note 4. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value	\$ 14,220,966	\$ -	\$ -	\$ 14,220,966
Investments measured at NAV				1,636,206
				<u>\$ 15,857,172</u>

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value	\$ 17,002,072	\$ -	\$ -	\$ 17,002,072
Investments measured at NAV				1,190,874
				<u>\$ 18,192,946</u>

For investments in certain entities that calculate the NAV per share as the investment's fair value measurement, the following table provides an overview, by major category, of the nature and risks associated with such investments as well as whether it is probable those investments are being sold at amounts different from their reported NAV per share based on redemption restrictions, if any.

Investment Category	Fair Value		Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Period Notice
	2022	2021			
Common collective trust	\$ 1,636,206	\$ 1,190,874	\$ -	Daily	None

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2022, there were no transfers into and out of Level 3 assets.

Note 5. Related-Party and Party-in-Interest Transactions

Certain plan investments are shares of registered investment companies managed by Fidelity. Recordkeeping and custodial services for the Plan were provided by Newport prior to April 19, 2022, and were provided by Fidelity after the assets were transferred on April 19, 2022, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan to these service providers totaled \$50,658 for the year ended December 31, 2022.

Notes to Financial Statements

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 7. Income Tax Status and Uncertain Tax Positions

The Plan is an adopter of a non-standardized form of a prototype plan. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan Administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and had taken no significant uncertain tax positions that require adjustment to the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2019.
