INDEPENDENT AUDITOR'S REPORT

Board of Trustees and Participants
Mercer Advisors Inc. 401(K) Plan
Santa Barbara, California

Opinion

We have audited the accompanying financial statements of Mercer Advisors Inc. 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Mercer Advisors Inc. 401(K) Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Mercer Advisors Inc. 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mercer Advisors Inc. 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mercer Advisors Inc. 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mercer Advisors Inc. 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MERCER ADVISORS INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 - DESCRIPTION OF THE PLAN

The following description of the Mercer Advisors Inc. 401(k) Plan (Plan) provides general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Mercer Advisors Inc. and subsidiaries (Company) that have one month of service and are age twenty-one or older. Employees must have two years of service to be eligible for employer profit sharing contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective April 6, 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Each year, at the Company's discretion, it contributes the lesser of 50% of the participant contributions or 3% of the participant compensation. The Company elected to make a matching contribution for the year ended December 31, 2022. Additional amounts may be contributed at the option of the Company's board of directors.

Investments

Investments are held in participant-directed accounts. The participants select the percentage of contributions to be allocated to each investment option. Participant's contributions are withheld from their paychecks and remitted to the Plan. The participant's accounts are credited with the actual earnings on the underlying investments and are charged for Plan withdrawals. Earnings on investments include interest income, realized and unrealized gains and losses, and dividends.

Participant Accounts

Each participant's account is credited with the participant's contributions, the employer's matching contributions, and an allocation of the Plan's income and expenses. Allocations are based on account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

MERCER ADVISORS INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 - DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in their contributions and earnings. For employer's matching contributions and earnings, the vesting is over a four-year period as follows: 25% after two years of service, 50% after three years of service and 100% after four years of service. Early vesting to 100% also occurs in the event of death or disability of the participant.

Notes Receivable From Participants

Participants in the Plan may borrow up to 50% of their vested account balance with a minimum of \$1,000 and a maximum of \$50,000. Loan transactions are treated as transfers between the investment fund and the loan fund. Monthly repayments are automatically deducted from the participant's wages. Loan terms range from one to five years, or greater than five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear an interest rate of 3.50% to 8.00%, which are commensurate with local prevailing rates as determined by the plan administrator. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when requested from participants. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum equal to the value of the participant's vested account balance, or take installment payments over a specified period of time, not exceeding the life expectancy of the participant and beneficiary.

Forfeited Accounts

Forfeited accounts will be used to reduce future employer contributions, or in the event there are no employer contributions forfeitures are used to pay administrative expenses or allocated to the participants. At December 31, 2022 and 2021, forfeited account balances totaled \$133,392 and \$106,357, respectively. Forfeitures for the year ended December 31, 2022, totaled \$144,755.

Income Taxes

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and advisory committee believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

MERCER ADVISORS INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 - DESCRIPTION OF THE PLAN (continued)

Income Taxes (continued)

The Plan evaluates uncertain tax positions, whereby the effect of the uncertainty would be recorded if the outcome was considered probable and reasonably estimable. As of December 31, 2022, the Plan had no uncertain tax positions requiring accrual.

The Plan files tax returns in the U.S. federal jurisdiction. The Plan is no longer subject to U.S. federal examinations by tax authorities for years before 2019.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan at year end are stated at market value, which is based on quoted market prices. The aggregate change between years in the market value of investments is reflected as net investment gain. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Subsequent Events

The Plan's Trustees have evaluated subsequent events through October 9, 2023, the date which the financial statements were available to be issued.

Note 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 4 - PLAN EXPENSES

Accounting and certain administrative expenses incurred in the administration of the Plan are either paid by the Company or are paid with forfeitures and are not allocated to individual participant accounts.

MERCER ADVISORS INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 5 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.
Level 2	Inputs to the valuation methodology may include: quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for asset measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds	Valued at the net asset value of shares held by the Plan at year end
--------------	--

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. As of December 31, 2022 and 2021, the Plan did not classify any assets as Level 2 or Level 3.

MERCER ADVISORS INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 5 - FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair values as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 86,398,400	\$ -	\$ -	\$ 86,398,400
Total assets at fair value	\$ 86,398,400	\$ -	\$ -	\$ 86,398,400

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair values as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 80,851,186	\$ -	\$ -	\$ 80,851,186
Total assets at fair value	\$ 80,851,186	\$ -	\$ -	\$ 80,851,186

Note 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Plan investments in funds which invest in securities of foreign countries, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those securities of comparable U.S. companies.
