INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Barson Composite Corporation
401(k) Plan
Old Bethpage, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Barson Composite Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("**ERISA**"), as permitted by ERISA Section 103(a)(3)(C) ("**ERISA Section 103(a)(3)(C) audit**"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Barson Composite Corporation 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Barson Composite 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Barson Composite Corporation 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Barson Composite Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Barson Composite Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BARSON COMPOSITE CORPORATION

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

(1) DESCRIPTION OF PLAN

The following description of the Barson Composite Corporation 401(k) Plan ("**Plan**") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering certain employees of Barson Composite Corporation and its subsidiaries, Hitemco, LLC and Hitemco Medical Applications, Inc. (collectively, the "**Company**"), who are eighteen years of age or older. Employees of the Company may begin participation in the Plan after 90 days of service for purposes of salary deferrals and after-tax voluntary contributions. Plan participants must be employed by the Company for at least one year and have been credited with 1,000 hours of service in order to become eligible to receive employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("**ERISA**").

Administration

Certain administrative functions of the Plan are performed by employees of the Company. No such employee receives compensation from the Plan.

Charles Schwab Bank serves as a custodian and record keeper for the Plan as of and for the years ended December 31, 2022 and 2021.

The Company has appointed a third-party administrator, Sentinel Benefits & Financial Group ("**Sentinel**"), as the administrator of the Plan (the "**Administrator**"). The Administrator performs the day-to-day operations and all reporting relating to the Plan.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Participants, who are age 50 or older and making contributions to the Plan, are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans.

The Company may make a matching employer contribution to the Plan equal to a discretionary percentage of the salary deferrals that the participants contribute to the Plan. The Company may also make discretionary profit-sharing contributions to the Plan. Profit-sharing contributions are allocated to participants based upon their relative compensation. The Company did not make any contributions to the Plan in 2022 and 2021.

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching and profit-sharing contributions and (b) Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

BARSON COMPOSITE CORPORATION

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions is based on years of service as follows:

<u>Years of Service</u>	<u>Percentage Vested</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Regardless of the vesting schedule, participants are fully vested in their accounts upon normal retirement, death or total and permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes are secured by 50% of the balance in the participant's account and bear interest at rates ranging from 5.25% to 8.00%, which is commensurate with local prevailing rates as determined by the plan administrator. Loan terms may not extend beyond five years except loans for the purchase of a home, for which the plan administrator may permit a longer payment term. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of employment or service due to death, disability or retirement, participants are entitled to receive the vested portion of their accounts in a lump sum distribution.

Forfeitures

Forfeitures of terminated participants' non-vested account balances may be used to reduce future employer contributions or pay administrative expenses of the Plan. There were no forfeited non-vested accounts at December 31, 2022 and December 31, 2021.

Administrative Expenses

Certain administrative expenses are paid by the Company and therefore excluded from these financial statements.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

BARSON COMPOSITE CORPORATION

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("**U.S. GAAP**") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant notes receivable are recorded as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events have been evaluated through October 12, 2023, the date the financial statements were available to be issued.

(3) FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 – Inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.

Level 2 – Inputs consist of observable inputs other than quoted prices for identical assets.

Level 3 – Inputs are unobservable and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

There have been no changes in the valuation methodologies used at December 31, 2022 and 2021. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2022 and 2021:

Mutual Funds – The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Collective Investment Trusts – The fair value of the collective investment trusts is based on the unit value of the trusts, which is based on the market value of the underlying assets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

		2022			
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds		\$5,939,761	\$ -	\$ -	\$ 5,939,761
Collective investment trusts (a)		-	-	-	3,347,965
		<u>\$5,939,761</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,287,726</u>
		2021			
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds		\$7,322,908	\$ -	\$ -	\$ 7,322,908
Collective investment trusts (a)		-	-	-	3,469,287
		<u>\$7,322,908</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$10,792,195</u>

(a) Investments that are measured at fair value using the net asset per share practical expedient have not been classified in the fair value hierarchy. These investments have been included in this table to permit reconciliation to the amounts presented in the statements of net assets available for benefits.

The collective investment trusts, which are not registered under the Investment Company Act of 1940 nor with the Securities and Exchange Commission under the Securities Act of 1933, held by the Plan are as follows:

Reliance Trust SVF Metlife 25157 Fund – The primary investment objective of this fund is to preserve principal while generating earnings at rates competitive over time with short-term high quality fixed income investments. The fund invests entirely in the MetLife Group Annuity Contract which consists of separately managed investment portfolios directed by Reliance Trust Company.

FRS Total Return Bond Fund – This fund seeks total return by investing in a diversified portfolio of bonds from multiple fixed income sectors.

BARSON COMPOSITE CORPORATION

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

SPA Aggressive Portfolio Fund – The Fund's primary objective is long-term growth of capital. Typically, the majority of portfolio assets will be invested in equity strategies.

SPA Balanced Portfolio Fund – The Fund's primary objective is long-term total return with consideration for both growth of capital and income generation. Typically, the majority of portfolio assets will be invested in equity strategies.

SPA Conservative Portfolio Fund – The Fund seeks a balance between current income and growth of capital, with a greater emphasis on current income. To pursue this goal, the portfolio, which is composed of diversified strategies, normally invests approximately 60% of its assets in strategies that invest primarily in fixed income securities.

SPA Growth Portfolio Fund – The Fund's primary objective is long-term growth of capital. Current income is a minor consideration for this portfolio. Typically, the majority of portfolio assets will be invested in equity strategies.

SPA Moderate Portfolio Fund – The Fund's primary objective is income. Long-term growth of capital is a secondary consideration. Typically, the majority of portfolio assets will be invested in bond strategies.

The Funds' net asset value is determined each business day and unitholder transactions are processed daily at the Funds' current net asset value.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer.

(4) INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of compliance as permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, and related investment activity included in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the supplemental schedule of assets (held at end of year) as of December 31, 2022.

(5) PARTY-IN-INTEREST TRANSACTIONS

Sentinel provides plan administration and investment advisory services to the Plan. Fees for these services were \$ 35,590 in 2022 and \$36,629 in 2021. Charles Schwab Bank ("**Schwab**") is the custodian of the plan. Custody fees were \$5,028 in 2022 and \$5,477 in 2021.

Certain officers and employees of the Company (who may also participate in the Plan) perform administrative services related to the operation, recordkeeping, and financial reporting of the Plan. The Company pays these individuals' salaries and other administrative expenses. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions under ERISA.

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

(6) TAX STATUS

The underlying non-standard prototype Plan has received an opinion letter from the Internal Revenue Service ("**IRS**") dated March 31, 2008 stating that the form of the Plan is accepted under Section 401(a) of the Internal Revenue Code (the "**Code**") for the use by employers for the benefit of their employees. The Plan Sponsor has adopted this Plan and may rely on the current qualifications of the IRS prototype plan opinion letter. Once qualified, the Plan must operate in conformity with the Code to maintain qualification. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes the Plan has been designed to comply with the requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has not identified any uncertain tax positions taken or expected to be taken in an income tax return which would require adjustment to or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2019.

(7) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

(8) RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
