Independent Auditor's Report

To the Plan Administrator
Thermal Solutions Manufacturing 401k Profit Sharing Plan
Nashville, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

I have performed an audit of the financial statements of Thermal Solutions Manufacturing 401K Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements. The financial statements of Thermal Solutions Manufacturing 401K Profit Sharing Plan were audited by other auditors whose report dated October 11, 2022, expressed an unqualified opinion, other than those agreed to or derived from the certified investment information.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520-103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by with ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment o the plan(investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 DFR 2520.103-5 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating the certified investments information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audit with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of Thermal Solutions Manufacturing 401K Profit Sharing Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in aggregate, that raise substantial doubt about Thermal Solutions Manufacturing 401K Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA 103(a)(3)(C) Audit of the Financial Statements section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by are reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identifying and assessing the risks of material misstatements of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Thermal Solutions Manufacturing Employee Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- Conclude whether, in my judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Thermal Solutions Manufacturing 401K Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investments information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at year end) as of December 31, 2022 are presented as purposes for additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investments information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedules, I evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investments information, are presented, in all material respects, in conformity with the department of labor's rules and regulations for reporting and disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Thermal Solutions Manufacturing 401k Profit Sharing Plan

Notes to Financial Statements

December 31, 2022

NOTE A – DESCRIPTION OF THE PLAN

The following description of the Thermal Solutions Manufacturing 401k Profit Sharing Plan (the “Plan”) provides only general information. Participants may review the Plan’s “Adoption Agreement” for a more complete presentation of the Plan’s provisions. Copies of this document are available from the Plan administrator.

General: The Plan is a defined contribution plan covering substantially all employees of Thermal Solutions Manufacturing, Inc. (the “Company”) who are age nineteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions: Participants in the Plan can elect to contribute through salary deferrals (i.e. payroll deductions) up to the maximum amount allowed by law (i.e. Internal Revenue Code Sections 402(g) and 415). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. In order to participate, employees must make a minimum contribution of 1% of compensation. Participant contributions are permitted up to 90% of compensation. Eligible participants may make “catch-up” contributions to the Plan.

The Plan also provides that the Company may make nonelective contributions for an amount authorized by the Company’s Board of Directors. The Company did not make any nonelective contributions in 2022 and 2021.

Participants actively employed on the last day of the Plan year are eligible to share in nonelective contributions as soon as eligibility requirements are met. Participants that terminated prior to the last day of the Plan year due to death, disability, or attainment of age 65, the Plan’s Normal Retirement Age, are eligible to receive any nonelective contribution that the Company makes for the year in which employment terminated.

Participant Accounts: Each participant’s account is credited (charged) with the participant’s contributions, Company contributions, investment earnings (losses), and administrative expenses. Allocations are based on participant compensation or account balances, as defined in the Plan’s “Adoption Agreement”. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting: Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Vesting in the Company’s non-elective contributions plus related earnings is based upon the participant’s length of service with the Company. Vesting is based on a graded schedule as follows:

<u>Years of Service</u>	<u>Vesting</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE A – DESCRIPTION OF THE PLAN (Continued)

Participant Loans: A participant may borrow from the participant's account a minimum of \$500 up to a maximum equal to the lesser of \$50,000 reduced by the excess of the highest outstanding balance of plan loans during the one-year period ending on the day before the loan is made, over the outstanding plan loan balance on the date the loan is made, or 50 percent of the participant's vested account balance. The loan is secured by the vested balance in the participant's account and generally cannot exceed a 5-year maturity schedule. The loan interest rate, determined monthly, is two percent above prime rate, as defined in the Plan agreement. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payments of Benefits: Upon termination of service, death, permanent disability or retirement, a participant may elect to receive distributions equal to the vested balance of the participant's account pursuant to the participant's election and as otherwise permitted by the Plan. Withdrawal of part or all of the participant's account may be authorized by the Plan's administrator prior to termination of employment if the participant experiences a financial hardship, as defined by the Plan's "Adoption Agreement".

Forfeitures: Forfeitures are created when participants terminate employment prior to becoming fully vested in the Company's non-elective contribution portion of their accounts. Forfeiture amounts may be used to pay Plan administrative expenses and to reduce future employer discretionary profit-sharing contributions. Employer contributions have been reduced by \$0 from forfeited uninvested accounts in 2022 and 2021, respectively.

As of December 31, 2022, and 2021, there were no forfeited uninvested accounts. Any such accounts would be used to reduce future employer contributions.

Hardship Withdrawals: The Plan permits distributions in the event of a hardship, as defined in the Plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Participants are required to withdraw at least \$500 and are limited to the participant's elective account balance.

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Other expenses of maintaining the Plan are paid from Plan assets and are included in administrative expenses.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Income Tax Status: The Company received an opinion letter from the IRS dated April 10, 2014 that states that the Plan is acceptable under Section 401 of the Internal Revenue Code ("IRC"). The Plan administrator has not requested a determination letter from the IRS on the Plan. The Plan has been amended since the date of the IRS opinion letter on the Plan. While the Plan cannot rely on the IRS opinion letter, the Company and the Plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

NOTE A – DESCRIPTION OF THE PLAN (Continued)

Secure Act and CARES Act:

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement (“SECURE”) Act was passed, and most provisions in the law became effective on January 1, 2020. The SECURE Act implements key retirement legislation reform for plan sponsors and individuals. These provisions did not have a material impact on the financial obligations under the Plan.

In Response to the COVID-19 global pandemic, on March 27, 2020 the Coronavirus Aid, Relief and Economic Security (“CARES”) Act was enacted and signed into law. Certain provisions of the CARES Act impact the operation of retirement plans during 2022 and 2021. These provisions did not have a material impact on the financial obligation under the Plan.

On August 3, 2022, the IRS released Notice 2022-33, which extends the deadline for adopting any SECURE Act plan amendments until December 31, 2025, to provide relief for plan sponsors waiting for final IRS guidance on many of the SECURE Act’s provisions. The IRS expects SECURE Act guidance to be issued with the 2023 Required Amendment list. The Notice also extends the deadline for the 2020 waiver in the CARES Act of required minimum distributions until December 31, 2025. These amendments can be retroactively adopted; therefore, the Plan could have implemented the amendments prior to amending the plan instrument. Similarly, plans without amending the plan as long as the plan management makes the required amendment to plan documents by December 31, 2025.

Secure 2.0 Act of 2022:

The SECURE 2.0 Act of 2022 (“SECURE 2.0 Act”) was signed into law on December 29, 2022, to increase retirement savings, improve retirement rules, and lower employer costs of setting up a retirement plan. Plan amendments required by the SECURE 2.0 Act generally need not be made until the end of the first plan year beginning on or after January 1, 2025; however, plans must be operated in accordance with the effective date of each new provision. There is no current impact to the Plan and these provisions did not have an impact on the financial statements. Since the provisions include both required and optional elements, the Plan Administrator would have determined the optional provisions to elect.

Plan Changes Subsequent to Year End

On November 10, 2022, the sponsor amended the plan to add additional hardship qualifiers to the plan. They were changed to match the maximum reasons under the plan. The change is effective January 1, 2023.

On November 10, 2022, the sponsor amended the plan to include a safe harbor matching contribution for participants. The safe harbor matching contribution is subject to the vesting schedule in vesting section of Note A Description of the plan. This change goes into effect January 1, 2023.

The Safe harbor match is 100% of your salary deferrals that do not exceed 3% of your compensation, plus 50% of your salary deferrals that exceed 3% of your compensation but do not exceed 5% of your compensation.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Thermal Solutions Manufacturing 401k Profit Sharing Plan

Notes to Financial Statements

December 31, 2022

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Valuation of Investments: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers.

See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: There were direct administrative expenses of the Plan paid by the Plan in 2022 and 2021 of \$1,795 and \$1,255, respectively.

Subsequent Events: In preparing the accompanying financial statements, management has evaluated subsequent events through October 11, 2023, which represents the date the financial statements were available to be issued.

NOTE C – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information was certified as complete and accurate by Reliance Trust Company, trustee, for the period from January 1, 2022 to December 31, 2021.

	2022	2021
Investments	\$ 1,434,721	\$ 1,649,969
Notes receivable from participants	14,540	49,697
Net change resulting from investment activity	(304,688)	256,201
Interest on notes receivable from participants	1,042	2,029

NOTE D – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, Fair Value Measurement, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;

Thermal Solutions Manufacturing 401k Profit Sharing Plan

Notes to Financial Statements

December 31, 2022

NOTE D – FAIR VALUE MEASUREMENTS (Continued)

- Inputs other than quoted prices that are observable for the asset or liabilities
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- Mutual funds: Valued at the net asset value of shares held by the Plan at year end based on a quoted price in an active market.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis:

Fair Value Measurement as of December 31, 2022 using the following inputs			
	Level 1	Level 2	Level 3
Mutual funds	\$ 1,219,748	\$ -	\$ -
Total assets in fair value hierarchy	<u>1,219,748</u>	<u>-</u>	<u>-</u>
Investments measured at NAV (a)			<u>200,433</u>

Fair Value Measurement as of December 31, 2021 using the following inputs			
	Level 1	Level 2	Level 3
Mutual funds	\$ 1,513,597	\$ -	\$ -
Total assets in fair value hierarchy	<u>1,513,597</u>	<u>-</u>	<u>-</u>

NOTE D – FAIR VALUE MEASUREMENTS (Continued)

- (a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021.

Description	Fair Value 12/31/2022	Fair Value 12/31/2021	Unfunded Commitments	Frequency (if currently eligible)	Redemption Notice Period
Collective Trust Funds	\$ 200,433	\$ 136,372	n/a	Daily	n/a

NOTE E – TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments were managed by Reliance Trust Company, the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees of \$1,772 in 2022 and \$1,795 in 2021, respectively, were paid by the Plan to the trustee and other third-party service providers.

NOTE F – RISKS AND UNCERTAINTIES

The Plan's investments include various types of investment securities, which are exposed to several risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements and supplemental schedule.

NOTE G – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The financial statement caption "Net Assets Available for Benefits", as presented on pages 3 and 4 of the accompanying financial statements, is synonymous with the caption "Net Assets", as presented on Form 5500, Schedule H, Part I, Line 1l. In addition, the financial statement caption "Net Increase (Decrease)", as presented on page 4 of the accompanying financial statements, is synonymous with the caption "Net income (loss)", as presented on Form 5500, Schedule H, Part II, Line 2k.

C Plan sponsor's name as shown on line 2a of Form 5500		D Employer Identification Number (EIN)	

Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.
