Independent Auditor's Report

Administrative Committee of
Juniper Communities Retirement Plan
Bloomfield, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed audits of the accompanying financial statements of Juniper Communities Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Juniper Communities Retirement Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Juniper Communities Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Juniper Communities Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Juniper Communities Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Juniper Communities Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held for Investment as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Juniper Communities Retirement Plan
Notes to Financial Statements
Years Ended December 31, 2022 and 2021

A. Description of the Plan:

The following description of the Juniper Communities Retirement Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description (SPD) for more complete information on the Plan's provisions.

General - The Plan is a defined contribution retirement plan which includes a 401(k) salary reduction feature and provides retirement, disability and death benefits for all eligible employees electing membership. Participation in the Plan is open to all employees of Juniper Communities. Employees are eligible to participate in the Plan when they have completed three months of service and have attained the age of 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Eligible employees may contribute up to 90% of their eligible compensation to the annual maximum allowed by the Internal Revenue Code (\$20,500 for 2022 and \$19,500 for 2021). Individuals aged 50 or older are eligible to make additional annual catch-up contributions to a maximum of \$6,500 for 2022 and 2021. Rollover contributions are also permitted.

The Company may, at its discretion, contribute to the Plan. For each of the years ended December 31, 2022 and 2021, the Company made a matching contribution equal to 25% of each eligible employee's contributions. These matching contributions were calculated after year-end and remitted the following year.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of **(a)** the Company contribution and **(b)** investment earnings, and charged with allocations of **(a)** investment losses and **(b)** expenses. Allocations are based on participant compensation, account balances, or account activity, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - The participant's own contributions and any rollover amounts are fully vested at all times.

The employer's matching contributions and earnings become vested based on years of service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

A. Description of the Plan (continued):

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of the non-forfeitable account balance. The notes are secured by the balance in the participant's account and bear interest at rates of 5.25% to 9.50%. Principal and interest is paid through monthly payroll deductions.

Payment of Benefits - Distributions as a result of death are subject to various election options as defined by the Plan. For termination of service due to other reasons, participants with vested balances over \$5,000 may elect to leave their vested balance in the Plan or they may elect a lump sum or other form of payment. For vested balances of \$1,000 to \$5,000, if no other form of payment is elected, the vested balance is automatically rolled into an individual retirement account (IRA). For vested balances under \$1,000, if no other form of payment is elected, the vested balance is automatically paid as a lump sum.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of loans to participants are charged directly to the participant's account and are included in administrative fees. Investment related expenses are included in net investment appreciation (depreciation).

Plan Termination - The Plan sponsor has the right to terminate the Plan in the event it is concluded that it is impossible or inadvisable to continue the Plan. In the event of a termination of the Plan, the participants, retired participants, and beneficiaries will become fully vested and entitled to receive the amounts then credited to their accounts in the Trust Fund.

B. Significant Accounting Policies:

Basis of Accounting - The accompanying financial statements include the accounts of the Juniper Communities Retirement Plan. A contracted trust company holds the assets of the Plan. The accounting records of the Plan are maintained on the accrual basis.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

In accordance with the contract agreements, interest, dividends, and realized gains and losses are automatically re-invested. The net change in fair value of investments consists of the net change in appreciation (depreciation) in current value, purchases of investments, and gains and losses on sales of investments.

B. Significant Accounting Policies (continued):

Payment of Benefits – Benefits are recorded when paid.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Allowance for Doubtful Accounts – The Plan provides an allowance for doubtful accounts based on management's evaluation of year-end receivables. No allowance was deemed necessary at December 31, 2022 and 2021.

Operating Expenses – The Plan Sponsor and employees absorb certain administrative fees. Expenses that are paid by the Plan Sponsor are excluded from these financial statements.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates.

C. Fair Value Measurements:

Fair value is defined as a market-based measurement. The objective of a fair value measurement is to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions (that is, an exit price at the measurement date from the perspective of a market participant that holds the assets or owes the liability). A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market (or in its absence, the most advantageous market) for the asset or liability.

For some assets and liabilities, observable market transactions or market information may be available. For other assets and liabilities, observable market transactions and market information might not be available. When a price for an identical asset or liability is not observable, a reporting entity will measure fair value using another valuation technique that maximizes the use of relevant observable inputs and minimizes the use of unobservable inputs. Because fair value is a market-based measurement, it is measured using the assumptions that market participants would use when pricing the asset or liability, including assumptions about risk. As a result, a reporting entity's intention to hold an asset or settle or otherwise fulfill a liability is not relevant when measuring fair value.

(Continued)

C. Fair Value Measurements (continued):

Three levels of inputs may be used to measure fair value:

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities in active markets that the reporting entity has the ability to access at the measurement date.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active and other inputs that are observable or can be corroborated by observable market data. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

For the years ended December 31, 2022 and 2021, there were no transfers between levels in the fair value hierarchy.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

<u>Assets</u>	<u>December 31, 2022</u>		<u>December 31, 2021</u>

C. Fair Value Measurements (continued):

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Common/Collective Trusts - The fair value of participation units held in the Invesco Stable Asset Fund, a common/collective trust (CCT) is reported on the net asset value, as reported by the manager of the collective trust fund, Invesco Trust Company. The Fund invests in high-quality guaranteed investment contracts and other similar contracts issued by insurance companies, banks and other financial institutions. The Fund also invests in security-backed investment contracts, including separate account products of insurance companies. The fair value of participation units held in the Reliance Trust Stable Value Fund (MetLife Series 25157, Class 0), a common/collective trust, is based on net asset value, as reported by the collective trust fund, Reliance Trust Company. The Fund invests in the MetLife Group Annuity Contracts 25157 and 37001, which consist of separately managed investment portfolios in fixed income securities, and also enters into wrapper contracts, which are issued by third-parties and are designed to allow the Fund to maintain a constant net asset value. The Fund provides for daily redemptions by the Plan at the reported net asset value, with no advance notice requirements.

The following table summarizes investments measured at fair value based on net asset per share as of December 31, 2022 and 2021, respectively:

<u>Investment</u>	<u>Fair Value</u> <u>12/31/22</u>	<u>Fair Value</u> <u>12/31/21</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption Frequency</u> <u>(if currently eligible)</u>	<u>Notice Period</u>

D. Forfeitures:

A forfeiture is the non-vested portion of a participant's account which the participant loses upon termination of employment. Forfeitures can be used to reduce employer contributions or pay Plan expenses. During 2022, no forfeitures were used to reduce employer contributions. During 2021, approximately \$17,000 of forfeitures were used to reduce employer contributions. Net assets available for benefits include approximately \$75,000 and \$69,000 of forfeitures at December 31, 2022 and 2021, respectively.

E. Income Tax Status:

On July 8, 2014, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under the applicable sections of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon an examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

F. Investment Income:

In accordance with the contract agreements, interest, dividends, and realized gains and losses are automatically re-invested. The net change in fair values of investments consists of the net change in appreciation (depreciation) in current value, purchases of investments, and gains and losses on sales of investments.

G. Information Prepared and Certified by the Trustees (Unaudited):

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2022 and 2021, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Reliance Trust Company (the trustee of the Plan).

G. Information Prepared and Certified by the Trustees (Unaudited) (continued):

During 2022 and 2021, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by approximately \$(1,903,000) and \$1,365,000, respectively.

The fair values of the investments as of December 31, 2022 and 2021 are as follows:

H. Reconciliation of Financial Statements to Form 5500:

The 2022 financial statements are prepared on the accrual basis of accounting whereas the Form 5500 is prepared on the cash basis of accounting. The following is a reconciliation of certain amounts per these financial statements to Form 5500:

	<u>Employer Contributions</u>	<u>Participant Contributions</u>	<u>Increase (decrease) in Net Assets</u>	<u>Net Assets</u>

December 31, 2021 excess contributions payable	<u>-</u>	<u>5,074</u>	<u>(54,535)</u>	<u>-</u>
Per Form 5500	<u>\$ 250,454</u>	<u>\$1,266,548</u>	<u>\$(1,575,522)</u>	<u>\$ 9,514,623</u>

I. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Financial instruments that potentially subject the Plan to concentrations of credit risk consist of receivables. Receivables are principally due from the employer and participants.

J. Corrective Distributions:

The Plan is subject to ERISA and tax requirements for design and operation. The requirements relate to minimum participation, coverage, vesting, and funding, as well as contributions, distributions, and nondiscrimination. During 2022 and 2021, the Plan made corrective distributions of approximately \$60,000 and \$55,000, respectively, to participants in order to comply with the applicable regulations.

Juniper Communities Retirement Plan
Notes to Financial Statements
Years Ended December 31, 2022 and 2021
(Continued)

J. Corrective Distributions (continued):

Additionally, accrued corrective distributions of approximately \$52,000 were made during 2023. Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 and 2021 excess contributions to the applicable participants prior to March 15, 2023 and March 15, 2022, respectively.

K. Plan Adoptions:

Effective March 31, 2022, the Plan was amended and restated to bring the Plan into compliance with the legislative and regulatory changes set forth in IRS Notice 2017-37 (i.e., the 6-year pre-approved plan restatement cycle).

The eligibility conditions of the Plan were modified effective November 1, 2022. Employees will be eligible to participate in the Plan when they have satisfied the following eligibility conditions:

- attainment of age 21
- completion of 3 months of service

L. Coronavirus (COVID-19):

In early 2020, an outbreak of a novel strain of coronavirus was identified and infections have affected a number of countries around the world, including the United States. The coronavirus and its impact on trade, customer demand, travel, employee productivity, and other economic activities has had, and may continue to have, a significant effect on financial markets and business activities. The extent to which the coronavirus will adversely affect the Plan, its financial condition, Plan assets, and changes in Plan assets is dependent on numerous factors, many that are highly uncertain, rapidly changing, and uncontrollable. These factors include but are not limited to; (i) the duration and scope of the virus; (ii) governmental, business, and individual actions that have been taken and continue to be taken in response to the virus; (iii) the impact of the virus on the Plan's contributing employer; and (iv) the potential impact on financial markets.

M. Subsequent Events:

Plan management has evaluated subsequent events through October 5, 2023, the date the financial statements were available to be issued by the Plan Administrator.
