Independent Auditor's Report

To the Plan Administrator
Right Networks, LLC 401(k) Plan
Hudson, New Hampshire

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Right Networks, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Right Networks, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Right Networks, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Right Networks, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Right Networks, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Right Networks, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held at End of Year is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and

reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Right Networks, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 1 – Description of the Plan

The following description of Right Networks, LLC 401(k) Plan (“the Plan”) provides only general information. Participants should refer to the “Summary Plan Description” and the Plan document for a more complete description of the Plan’s provisions. Copies are available from the Plan Administrator.

General

The Plan is a defined contribution plan covering all eligible employees of Right Networks, LLC and its subsidiaries XCloud, LLC, Right Labs, LLC and Firmworks, LLC. The Plan was established on January 1, 2003 and was most recently amended and restated on March 30, 2022, with an effective date of January 1, 2003. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Sponsor has appointed an investment trustee, State Street Bank and Trust Company, to execute transactions and to hold the Plan’s assets under a custodial agreement with Reliance Trust Company for the years ended December 31, 2022 and 2021.

Amendments

The Plan was amended effective January 1, 2021 to allow a wholly owned subsidiary, Firmworks LLC, to participate in the Plan.

The most recently amended and restated on March 30, 2022, with an effective date of January 1, 2003, to be in compliance with the legislative and regulatory changes, as well as Internal Revenue Service regulations.

Eligibility

Employees become eligible to participate in the Plan upon completing six months of service.

Contributions

The Plan provides for employee pre-tax and after-tax Roth deferral contributions. Participants may contribute up to their eligible W-2 compensation, which includes pre-tax elective deferral contributions. Pre-tax contributions are subject to limitations under federal law of \$20,500 and \$19,500 for the Plan years ending December 31, 2022 and 2021, respectively. The Plan also accepts certain eligible rollover contributions from other qualified plans.

The Plan also provides that participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan could also make a catch-up contribution of \$6,500 for 2022 and 2021.

**Right Networks, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021**

Note 1 – Description of the Plan (continued)

Contributions (continued)

The Company provides a safe harbor matching contribution. The safe harbor matching contribution equals 100% of the participant's compensation up to 4% which is deferred as an elective deferral. The Company can also make non elective contributions. For the year ended December 31, 2022, no nonelective contributions were made.

Vesting

Participants are immediately 100% vested in their deferral and safe harbor matching contributions plus actual earnings thereon. Nonelective contributions and earnings are vested based on years of service. A year of service is defined as one calendar year with at least 1,000 hours of service. Hours of service credited are calculated by using the equivalency method. For each month in which there is an hour of service credited, the participant will receive 190 hours of service. For nonelective contributions, participants become 20% vested after two years of service, 40% vested after three years of service, 60% vested after four years of service, 80% vested after five years of service, and 100% vested after six years of service. A participant will be fully vested upon an occurrence of death or disability.

Participant Accounts

Each participant's account is credited with safe harbor matching contributions and participant contributions and allocations of Plan earnings and losses, which are charged with an allocation of administrative expense. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their Plan accounts in amounts attributable to the participant's vested balance. A participant may borrow a maximum of 50% of their vested account balance up to \$50,000. The minimum loan is \$1,000 and only one loan can be outstanding at any time. The loan balance is secured by the participant's account and the interest rate is fixed at the inception of the loan in an amount equal to prime interest plus 1%. The interest rate charged on loans outstanding as of December 31, 2022 are 5.25% to 9.00% per annum, and the loans mature on various dates through October 2027.

Plan Investments

The Plan's investments were held on a custodial basis by Reliance Trust Company, agent for State Street Bank & Trust Company, the trustee, and includes various common collective trusts and mutual funds. Participants had the option to allocate their individual accounts among various investment alternatives and to make transfers throughout the year ended December 31, 2022, as specified under the Plan document.

Note 1 – Description of the Plan (continued)

Benefits and Withdrawals

If a participant's vested benefit is \$5,000 or less at the date of termination, the entire vested amount will be paid out as a lump-sum payable. On termination of services due to death, retirement at age 59½, or disability, the participants or their beneficiaries may elect distribution in an amount equal to the value of his or her vested account in a lump-sum distribution. In-service withdrawals are only allowed when the participant reaches the age of 59½. Hardship withdrawals are allowed under the provisions of the Plan, and cannot exceed the amount required to meet the immediate financial need created by the hardship.

Forfeitures

If a participant terminates employment, any unvested portion of his or her account is forfeited to the Plan. Such forfeitures will be applied to reduce the out-of-pocket expenses or safe harbor matching contributions of the Plan Sponsor. For the years ended December 31, 2022 and 2021, there were no forfeiture balances.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Fair Value Measurements

FASB ASC 820-10, "*Fair Value Measurements*," applies to reported balances that are required or permitted to be measured at fair value under an existing accounting pronouncement. ASC 820-10 emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability and establishes a fair value hierarchy. The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Right Networks, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 2 - Summary of Significant Accounting Policies (continued)

Fair Value Measurements (continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the years ended December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at NAV of units, as provided by the trustee and used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The portfolio attempts to obtain prices from one or more third party pricing vendors or brokers to value its investments and when current market prices or quotations are not readily available or reliable, securities will be valued in good faith. Factors used in determining value vary by security type and may include market or security specific events, changes in interest rates and credit quality.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Right Networks, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021**

Note 2 – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

All investments are stated at fair value based on quoted redemption values on the last day of the Plan year. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Fair Value policy below for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as investments held as of December 31, 2022.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Contributions from the Plan Sponsor accrued as of December 31, 2022 and 2021 are based upon the contribution formula. Participants' contributions are recorded in the period in which their payroll deductions are withheld.

Benefits Paid Directly to Participants

Benefits payments are recorded when paid.

Administrative Expenses

All participant related administrative expenses and fees for maintenance of individual loans and distributions are deducted from the participants' respective accounts. Investment-related expenses are included in either net appreciation of fair value of investments or administrative fees. The fees paid by the Plan and its Sponsor for the year ended December 31, 2022 was \$56,764.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan Sponsor to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Right Networks, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 3 – Information Certified by the Plan’s Agent for the Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, in addition to the information contained in Note 4 – Fair Value of Investments and in the Supplemental Schedule – Schedule of Assets Held at End of Year, Reliance Trust Company, the custodian and recordkeeper of the Plan as agent for State Street Bank & Trust Company, the trustee of the Plan, certified that the following data included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2022 and 2021 are complete and accurate.

	2022	2021
Investments, at fair value	\$ 19,498,351	\$ 19,229,380
Notes receivable from participants	106,218	112,001
Investment loss	(3,702,761)	
Interest on notes from participants	5,956	
Administrative expenses	42,764	

The Plan’s independent auditors did not perform auditing procedures with respect to this information other than comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value of Investments

The Plan uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures. The following table presents the Plan’s fair value hierarchy for those assets measured at fair value on a recurring basis as of December 31, 2022 and 2021.

December 31, 2022	Total	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
Common collective trusts*	\$ 158,094	\$ -	\$ -	\$ -
Mutual funds	19,340,257	19,340,257	-	-
Total	<u>\$19,498,351</u>	<u>\$19,340,257</u>	<u>\$ -</u>	<u>\$ -</u>

Right Networks, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 4 – Fair Value of Investments (continued)

December 31, 2021	Total	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
Common collective trusts*	\$ 146,975	\$ -	\$ -	\$ -
Mutual funds	19,082,405	19,082,405	-	-
Total	<u>\$19,229,380</u>	<u>\$19,082,405</u>	<u>\$ -</u>	<u>\$ -</u>

* In accordance with ASC 820-10 (see Note 2), certain investments that were measured fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of assets available for benefits.

Note 5 –Exempt Party-in-Interest Transactions

Certain Plan investments include shares of funds managed by Reliance Trust Company, as agent for State Street Bank & Trust Company, the trustee, as defined by the Plan, and, therefore, transactions executed by the agent on behalf of the trustee qualify as party-in-interest transactions. Fees are also paid by the Plan and its Sponsor for investment management fees and services.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Further, due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Note 7 – Tax Status

The Plan has obtained an opinion letter, issued to ADP, LLC (the Plan's Third-Party Administrator) from the IRS dated October 6, 2020, stating that the prototype plan is acceptable under section 401 of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Right Networks, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 7 – Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 9 - Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31:

	<u>2022</u>	<u>2021</u>

Net assets available for benefits per Form 5500	<u>\$19,604,569</u>	<u>\$19,341,381</u>
