Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the B-Stock Solutions, Inc. Retirement Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to the participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules included in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The B-Stock Solutions, Inc. Retirement Trust (the Plan) was established by B-Stock Solutions, Inc. (the Company) on March 1, 2015 to provide participants with a method to fund their retirement on a tax-deferred basis. The following description of the Plan, as amended effective July 1, 2022, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan under Sections 401(a) and 401(k) and related provisions of the Internal Revenue Code (the Code) and applicable state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the Plan sponsor and Plan administrator. Reliance Trust Company (Reliance) serves as the Plan's trustee. Reliance holds, invests and reinvests Plan assets in the interest and direction of the participants and their beneficiaries. Automatic Data Processing, LLC. (ADP) serves as the Plan's record keeper.

Eligible Participants:

Employees, as defined by the Plan agreement, may participate in the Plan immediately upon hire.

Contributions:

Participants may make contributions to the Plan through pre-tax salary deferral and after-tax Roth contributions of up to 90% of annual compensation, as defined by the Plan agreement, subject to certain limitations under the Code. Participants who have reached the age of 50 may elect to withhold additional catch-up contributions under the Code. Participants may also contribute amounts representing distributions from other tax-qualified plans (rollovers), subject to Code regulations.

The Company has elected to operate the Plan as a safe harbor plan. Under the safe harbor provisions, the Company is required to make matching contributions equal to 100% of a participant's salary deferrals up to 4% of eligible compensation. The Company made safe-harbor matching contributions of \$601,780 to the Plan in 2022, of which \$18,926 was receivable as of December 31, 2022.

The Company may make non-elective contributions, at the discretion of the Company's Board of Directors. The Company has not made any non-elective contributions to the Plan through December 31, 2022.

Notes to Financial Statements

1. Description of Plan (continued)

Contributions: (continued)

In 2022, the Company made a qualified non-elective contribution of \$1,492 to the Plan representing estimated lost earnings on delinquent remittances (Note 5).

Contributions are subject to certain limitations under the Code.

Participant Accounts:

Participant accounts are credited with participant contributions, Company safe-harbor contributions, non-elective Company contributions, if any, rollovers plus earnings (less any losses) thereon. Allocations are based on participant earnings or account balances, in accordance with Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's balance.

Participants may elect to invest their accounts in a variety of participant-directed investment options offered by the Plan that are designed to provide the participants with a wide range of investment options. Participants may authorize transfers among investment options at any time.

Vesting:

Participants are fully (100%) vested in their account balances.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan agreement. Notes receivable transactions with participants qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules under ERISA.

Participants may borrow up to one-half of their account balance, a minimum of \$1,000 and not to exceed \$50,000, for a period of one to five years, except for notes used to purchase a primary residence for which longer terms may be granted. Participant notes are evidenced by a written note, secured by the balance in the participant account, and bear interest at 2% over the prime rate that is commensurate with local prevailing rates, as determined by the Plan administrator under the Plan's note policy. Participants may have only two notes outstanding. Interest rates on notes outstanding as of December 31, 2022 range from 5.25% to 8.25%. Repayment of principal and interest is generally made through payroll deductions.

1. Description of Plan (continued)

Payment of Benefits:

Upon termination of service, participants may elect to leave their account balances in the Plan or receive their benefits in a lump sum amount equal to the value of the account balances, or partial withdrawals in amounts elected by the participants. The Plan may elect to distribute terminated participant account balances of less than \$1,000 in a lump-sum cash distribution without participant consent. Benefits are recorded when paid.

Plan Expenses:

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. These fees are charged directly against the fund's investment performance and, thus, are not separately disclosed in the financial statements. Participant accounts are assessed a separate fee for the administration of notes receivable and certain third-party administration fees. All other expenses to administer the Plan are paid by the Company and are not reflected in the Plan's financial statements.

Risks and Uncertainties:

Participants may invest their account balances in a variety of investment options offered by the Plan. Investments are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment options offered by the Plan, it is at least reasonably possible changes in risk in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan at any time, subject to provisions of ERISA. In the event of a Plan termination, participants would remain fully vested in their accounts and distributions will be made to participants as described in the Plan agreement.

2. Summary of Significant Accounting Policies

Basis of Presentation:

The Plan prepares its financial statements on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

B-Stock Solutions, Inc. Retirement Trust

Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments:

The Plan's investments consist of mutual funds and a common/collective trust and are accounted for as follows:

Mutual Funds: These funds are valued at the net asset value (NAV) of shares held by the Plan at year end, as quoted in active markets. It is not probable the funds will be sold at amounts that differ materially from the NAV of shares held.

Common/Collective Trust (CCT): The Invesco Stable Asset Fund-ADPZ Class is a CCT and stable value fund that is composed primarily of fully benefit-responsive investment contracts. Units held in the CCT are valued using the NAV practical expedient of the CCT as valued by Invesco Trust Company (Invesco), the issuer. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV of a CCT is calculated based on the compilation of primarily observable market information. The Plan has no unfunded commitments with the CCT and investments are redeemable daily.

The NAV practical expedient would not be used if it is determined to be probable the Plan will sell the investment for an amount different from the reported NAV. If the Plan initiates a full redemption of the trust, Invesco reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidated will be carried out in an orderly business manner.

Fair Value Measurement:

The Plan uses a three-level hierarchy for fair value measurement based on the nature of inputs used in the valuation of an asset or liability as of the measurement date. The three-level hierarchy prioritizes within the measurement of fair value, the use of market-based information over entity-specific information. Fair value focuses on an exit price and is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. The inputs or methodology used for valuing financial instruments are not necessarily an indication of the risk associated with investing in those financial instruments.

B-Stock Solutions, Inc. Retirement Trust
Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurement: (continued)

The three-level hierarchy for fair value measurement is defined as follows:

Level I: Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level II: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level III: Inputs to the valuation methodology, which are significant to the fair value measurement, are unobservable.

A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The Plan's mutual funds are recorded at fair value and are classified within Level I of the fair value hierarchy as of December 31, 2022 and 2021. The CCT is excluded from the fair value hierarchy under GAAP.

Income Recognition:

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual method of accounting. Dividends are recorded on the ex-dividend date. Net depreciation includes gains and losses on the Plan's investments bought, sold or held during the year.

B-Stock Solutions, Inc. Retirement Trust

Notes to Financial Statements

3. Information Prepared and Certified by Reliance

Reliance, as the Plan's trustee, has certified the current value of the following assets held as of December 31, 2022 and 2021, and net loss for the year ended December 31, 2022, that were used in the preparation of the financial statements and supplemental schedules.

The following table summarizes the certified information as of December 31:

	<u>2022</u>	<u>2021</u>
Investments	\$ 6,891,893	\$ 6,935,037
Notes receivable from participants	<u>122,134</u>	<u>70,943</u>
Total certified assets	<u>\$ 7,014,027</u>	<u>\$ 7,005,980</u>
Certified net loss for the year ended December 31, 2022	<u>\$ (1,309,324)</u>	

4. Income Tax Status

The Plan is a prototype plan offered by ADP. The Internal Revenue Service (IRS) has determined and informed ADP by a letter dated October 6, 2020, that the plan submitted for review was qualified under applicable provisions of the Code. The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and related state statutes and is, therefore, qualified and the trust that forms a part of the Plan is exempt from federal and state income taxes.

GAAP requires Plan management to evaluate income tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain income tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded, as of December 31, 2022, there are no uncertain income tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

B-Stock Solutions, Inc. Retirement Trust
Notes to Financial Statements

5. Nonexempt Prohibited Transactions

In 2019, the Company did not remit participant contributions and note repayments totaling \$640,503 timely, as required by the Department of Labor (DOL). The DOL considers these late remittances to be nonexempt prohibited transactions with the Plan sponsor that can jeopardize the Plan's tax-exempt status. The Plan sponsor contributed estimated lost earnings on the delinquent contributions and note repayments in 2022 and 2023 to correct these prohibited transactions.

6. Subsequent Events

Subsequent events have been evaluated through September 25, 2023, which is the date the financial statements were approved by the Plan administrator and available to be issued.
