Independent Auditors' Report

The Participants and Administrator of
Command Health 401(k) Plan
Boulder, CO

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Command Health 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Command Health 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2022 and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Command Health 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Command Health 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Command Health 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Command Health 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the

financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of the Plan

The following description of the Command Health 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

a) General and Eligibility

The Plan is a contributory, defined contribution plan covering all employees except employees covered by a collective bargaining agreement with the employer and leased employees are eligible to participate upon completing two (2) months of service. An hour of service is an hour for which an employee is paid or is entitled to be paid. Employees absent due to qualified military service will count as service for purposes of meeting the Plan's eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The original effective date of the commencement of the Plan was January 1, 1998.

Effective November 1, 2023, the Plan was modified to include an automatic deferral feature. The Employer will automatically withhold 1% of each eligible employee's compensation and contribute that amount to the employee's pre-tax 401k account unless the employee elects to modify or terminate the deferral. The automatic deferral feature applies only to new employees hired on or after the effective date stated above.

b) Contributions and Investments

Participants in the Plan may elect to contribute, on a pre-tax basis as well as after tax basis, up to 90% of total pay subject to the maximum annual elective contribution established by the Internal Revenue Service.

The Company may, at its sole discretion, make a Nonelective Contribution to the Plan on behalf of the participants that will be allocated to all eligible employees that complete at least one (1) hour of service during the Plan year and are employed by the Company on the last day of the Plan Year. Contributions are subject to certain IRS limitations.

The assets of the Plan, which comprise of various investment funds approved by the sponsor, are allocated to these funds at the direction of the participants. Participants can change their investment allocations at their discretion by communicating directly with the Plan custodian via the telephone or internet.

c) Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's match, and an allocation of the Plan's earnings. This allocation is based upon the participant's account balance in comparison to the Plan's total balance for each investment.

Note 1 – Description of the Plan (Continued)

d) Vesting

All contributions, except nonelective contributions, are fully vested. The Nonelective Contributions become fully vested after a participant completes the following years of vesting service:

Years of Vesting Service	***Vesting Percentage***
Less than Two Years	0%
Two Years but less than Three Years	20%
Three Years but less than Four Years	40%
Four Years but less than Five Years	60%
Five Years but less than Six Years	80%
Six or More Years	100%

e) Notes Receivable from Participants

The Plan allows eligible participants to borrow funds from their accounts equal to the lesser of 50% of the participant's account balance or $50,000 subject to certain restrictions, with a minimum loan requirement of $500. The term of the loan should not exceed five years (the term of a loan taken for the purpose of purchasing a primary residence should be determined at the time the loan is made). The notes are repayable through payroll deductions in approximately equal payments. Unless a participant qualifies as a party in interest, the principal amount and accrued interest shall become immediately due and payable upon termination of employment. There were no outstanding loan balances at December 31, 2022.

f) Benefit Payments

Vested benefits are payable upon death, disability, attainment of normal retirement age or termination with the Company. In-service withdrawals of rollover contributions are permitted at any time. In-service withdrawals of pre-tax and after tax contributions are permitted at age 59½. For participants with vested accounts with amounts of $5,000 or less, the Plan will rollover the distribution to an IRA if affirmative election to either receive or rollover the distribution is not made. Participants with accounts over $5,000 must consent to the distribution before it may be made and they may delay the receipt of benefits until age 70½, at which time minimum distributions, as defined, are required. There were no benefits payable at December 31, 2022 and 2021.

g) Forfeitures

Forfeitures of non-vested Company contributions are used to reduce future Company contributions. There were no forfeiture amounts in both the years ended December 31, 2022 and 2021.

Note 1 – Description of the Plan (Continued)

h) Plan Termination

The Company expects to continue the Plan indefinitely, but reserves the right to amend or terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 2 – Summary of Significant Accounting Policies

a) Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting.

b) Investment Valuation, Fair Value Measurements and Income Recognition

The Plan's investments were with Reliance Trust Company (RTC), the custodian (Note 3). Interest and dividend income were recorded when received. The assets of the Plan are subject to market value fluctuations that could affect balances available for retirement benefits and future funding requirements. Loans to participants are valued at cost, which approximated fair value, and measured at their unpaid principal balances plus any accrued interest. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses was recorded at December 31, 2022 and 2021.

In accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, the Plan has established a framework for measuring fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

Note 2 – Summary of Significant Accounting Policies (Continued)

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Registered investment companies (or mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts are valued at the respective net asset values ("NAV") as reported by such trusts, which are reported at fair value. The value of each unit is determined by subtracting total liabilities from the total value of the assets, including accrued income, and dividing the amount remaining by the number of units outstanding on the valuation date. There are no restrictions as to the redemption of these investments nor does the Plan have any contractual obligations to further invest in any of these trusts. The NAV is a quoted price in a market that is not active and classified within Level 2 of the valuation hierarchy.

c) Benefit Distributions

Payments to participants and beneficiaries for benefit distributions are recognized when paid by the custodian.

d) Expenses of the Plan

All expenses incurred in the administration of the Plan are paid by the Company. However, individual transaction brokerage fees and certain other individually related expenses are paid directly from the Plan's assets.

e) Pervasiveness of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates

Note 2 – Summary of Significant Accounting Policies (Continued)

and assumptions that affect the reported amounts of assets and liabilities, and the disclosure of contingent assets and liabilities at the date of the financial statements, and revenues and expenses during the reporting period. Actual results could differ from those estimates.

f) Risk and Uncertainties

The Plan provides for various investment options which may invest in any combination of stocks and bonds, fixed income securities, mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for Plan benefits and the statement of changes in net assets available for Plan benefits.

g) Recently Issued Accounting Standards

The Plan does not anticipate that the adoption of recently issued and not yet effective accounting pronouncements will have a significant effect on the Plan's results of operations and net assets available for benefits.

Note 3 – Summary of Financial Data Certified by the Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments and interest for the year ended December 31, 2022, was obtained or derived from information supplied by the plan administrator and certified as complete and accurate by RTC (the custodian of the Plan).

The following represent the fair value of each level of participant directed investments at December 31, 2022 (as determined by the custodian):

	Fair Value Measurements Using Inputs Considered as			***Fair Value of Assets***
	Level 1	***Level 2***	***Level 3***	***2022***

Note 3 – Summary of Financial Data Certified by the Custodian (Continued)

The following represent the fair value of each level of participant directed investments at December 31, 2021 (as determined by the custodian):

	Fair Value Measurements Using Inputs Considered as			*Fair Value of Assets*
	Level 1	*Level 2*	*Level 3*	*2021*
Registered Investment Companies	$ 430,835	$ -	$ -	$ 430,835
Common Collective Trust	-	300	-	300
	$ 430,835	$ 300	$ -	$ 431,135

Note 4 – Tax Status of the Plan

The Plan has adopted a Volume Submitter Plan which has been accepted under section 401 of the Internal Revenue Code as a qualified plan. Therefore, the Plan is treated as tax-exempt under the appropriate sections of the Internal Revenue Code. Consequently, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

Note 5 – Party-in-Interest Transactions

The Plan's custodian, RTC, and the record keeper, ADP, Inc. are considered parties-in-interest and were paid for services provided to the plan in 2021 and 2022. ADP, Inc. also provides payroll services to the Plan's sponsor.

Note 6 – Reconciliation of Financial Statements to Form 5500

There is no reconciliation required between the financial statements and Form 5500.

Note 7 – Fidelity Bond

As of December 31, 2022, the plan was covered by a fidelity bond in the amount of $44,000.

Note 8 – Subsequent Events

In accordance with FASB ASC 855, the management of Command Health 401(k) Plan has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued.
