INDEPENDENT AUDITOR'S REPORT

To the Investment Committee, Plan Administrator and Participants of
Offit Kurman, P.A. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Offit Kurman, P.A. 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Investment Committee, Plan Administrator and Participants of
Offit Kurman, P.A. 401(k) Profit Sharing Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

To the Investment Committee, Plan Administrator and Participants of
Offit Kurman, P.A. 401(k) Profit Sharing Plan

Auditor's Responsibilities for the Audits of the Financial Statements - continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Investment Committee, Plan Administrator and Participants of
Offit Kurman, P.A. 401(k) Profit Sharing Plan

Supplemental Schedules Required by ERISA - continued

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan, established on October 1, 1994, is a defined contribution plan covering substantially all employees of Offit Kurman, P.A (the Company). The Plan is subject to the provisions of ERISA.

During 2022, the Plan evaluated its classification of participating employers and amended the Plan to properly reclassify them as predecessor employers for predecessor service only. The Plan was further amended to provide prior recognition of service for employees of Dahan & Nowick LLP (effective January 1, 2022), Hagan Barrett, PLLC (effective August 1, 2022) and Clark & Trevithick, A Professional Corporation (effective December 1, 2022).

Effective October 6, 2020, the prototype plan with ADP, LLC (ADP) was amended and restated in accordance with the Cycle 3 Restatement as required by the Internal Revenue Service (IRS). Accordingly, the plan administrator executed a new ADP Adoption Agreement, effective June 1, 2022. There were no significant changes to plan provisions as a result of this amendment and restatement.

Eligibility - The Plan covers substantially all full-time employees. Employees must complete two months of service to become eligible. Part-time employees, whose regularly scheduled service is less than 1,000 hours during a year, and leased employees are excluded. However, if a part-time employee completes a year of service, as defined, they will become eligible to participate at the next plan entry date. New employees are eligible for auto enrollment. Additional eligibility requirements for the Company contributions are described below.

Recognition of Service with Other Employers - The Plan recognizes predecessor service for employees of certain affiliated employers for eligibility, vesting and contribution allocation purposes. These employers are specifically identified in the plan document.

Contributions - Each year, participants may elect to contribute up to 90% of their eligible compensation (as defined), up to the maximum allowable contribution under the Internal Revenue Code (IRC). These contributions may be made as pre-tax or after-tax Roth deferral contributions. Under the auto enrollment provision, a pre-tax deferral contribution of 6% of compensation will automatically be elected, unless otherwise directed by the employee. Participants who have attained age 50 before the end of the plan year are eligible to make age 50 catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company provides a safe harbor matching contribution equal to 100% of a participant's elective deferrals up to 1% of a participant's eligible compensation plus 50% of a participant's elective deferrals that exceed 1% but do not exceed 6% of a participant's eligible compensation. All participants are eligible for this contribution except for principals of the Company considered highly compensated employees. The Company's safe harbor matching contribution for 2022 totaled \$965,446, net of forfeitures.

The Company may contribute a discretionary contribution as it determines. In order to share in the allocation of the discretionary contribution, a participant must complete two months of service.

OFFIT KURMAN, P.A. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Contributions - continued - Participants not actively employed at the end of the plan year will not share in the discretionary contribution, regardless of service, unless the participant dies or terminates employment due to becoming disabled or reaching normal retirement age. No discretionary contribution was made for 2022.

The Company may also make Qualified Nonelective Contributions (QNECs) to eligible participants, as defined in the Plan. No QNECs were made for 2022.

Participant Accounts - Each participant's account is credited with the participant's contributions and the Company's contributions, as well as allocations of plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings/losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - Participants may direct the investment of their contributions and the Company's contributions into various registered investment companies (mutual funds) offered by the Plan. For those participants who do not make an investment selection, their contributions and the related Company's contributions are automatically invested in the Plan's qualified default investment account.

Vesting - Participants are immediately vested in their contributions and QNECs plus earnings thereon. Vesting in the Company's safe harbor and discretionary contributions are based upon years of service. A participant is not fully vested in the safe harbor matching contribution and discretionary contribution until they have completed two and three years of service, respectively. Regardless of the vesting schedule, participants will become fully vested upon reaching the normal retirement age, death or total and permanent disability.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 (reduced by the excess of the participant's highest outstanding participant note balance during the 12-month period ending on the date of the note over the participant's current outstanding participant note balance on the date of the note) or 50% of their vested account balance. The notes are secured by the balance in the participant's account; bear interest at a rate of return commensurate with the prevailing interest rate charged on similar notes and can only exceed a repayment period of five years for the purchase of a principal residence. A participant may have only one note outstanding at a time. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - Benefit payments may be in the form of lump sums, substantially equal installments and partial withdrawals and are payable upon termination of employment, death or retirement at age 65. The Plan may automatically distribute vested account balances less than \$5,000 in accordance with plan provisions. Distributions from a participant's rollover account may be made at any time. Hardship withdrawals and in-service withdrawals at age 59 ½ are also permitted, subject to provisions defined in the plan document, and a minimum withdrawal amount of \$500.

Forfeitures - Forfeitures of the Company's contributions (due to participants' termination prior to full vesting) are to be used to pay administrative expenses and reduce the Company's contributions. During the year ended December 31, 2022, forfeitures of \$49,898 were used to reduce the Company's safe harbor contribution. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$8,012 and \$9,965, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Basis of Accounting - The Plan's financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management and the Investment Committee determine the Plan's valuation policies utilizing information provided by the Plan's investment advisor and recordkeeper. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant notes are reclassified as distributions based on the terms of the plan document.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment management fees of individual fund investments are charged to the respective investment and included in the net appreciation/depreciation of the investment. Investment advisor fees and an annual recordkeeping fee is charged to each participant's account based on the ratio of the participant's account balance to the total of all participants' account balances and are included in administrative expenses. Fees related to the administration of notes receivable from participants and participant distributions are charged directly to the participant's account and are included in administrative expenses.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 3 - FAIR VALUE MEASUREMENTS - CONTINUED

Level 2

Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021 .

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. As of December 31, 2022 and 2021, the Plan's assets at fair value are invested in registered investment companies and are classified as Level 1 within the fair value hierarchy.

NOTE 4 - INFORMATION CERTIFIED BY A QUALIFIED INSTITUTION

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest income on notes receivable from participants, and dividend income for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, a qualified institution.

NOTE 5 - TAX STATUS

The IRS has determined and informed ADP, by a letter dated October 6, 2020, that the prototype plan adopted by the Plan effective June 1, 2022, is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since it received the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - TAX STATUS - CONTINUED

The IRS had determined and informed ADP by a letter dated July 16, 2014, that the prototype plan adopted by the Plan through May 31, 2022, was designed in accordance with applicable sections of the IRC. Although the Plan had been amended since it received the opinion letter, the plan administrator believed that the Plan was designed, and was being operated, in compliance with the applicable requirements of the IRC and, therefore, believed that the Plan was qualified, and the related trust was tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

ADP, Inc. provides certain administrative services to the Plan pursuant to the Administrative Services Agreement (the Agreement) between the Company and ADP, Inc. Pursuant to the Agreement, participants pay to ADP, Inc. an annual recordkeeping fee and transactional fees relative to notes and distributions. In addition, ADP, Inc. receives, as additional compensation, certain fees from the Plan's investment funds, or from affiliates or agents of such investment funds, for services provided by ADP, Inc. with respect to such investment funds. These fees reduce the amount of expenses that would otherwise be payable pursuant to the Agreement. Further, ADP, Inc. receives compensation in the form of interest or similar income (float) on contributions, plan loan repayments and withdrawals from the Plan. Fees paid by the Plan to ADP, Inc. amounted to \$63,534 for the year ended December 31, 2022.

NOTE 7 - DELINQUENT CONTRIBUTIONS

DOL regulations require employee contributions be remitted as soon as they can be segregated from the plan sponsor's assets, but in no instance later than the fifteenth business day of the month following the month of the contribution. The Company's procedures allowed for the employee contributions and loan repayments to be remitted as soon as reasonably segregated. However, there were two remittances that exceeded this practice. The Company has determined that \$37,571 of employee contributions and loan repayments were not remitted timely. Applicable lost earnings were remitted to the Plan during 2022 and 2023.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 - RISKS AND UNCERTAINTIES - CONTINUED

As of December 31, 2022 and 2021, 61% and 58%, respectively, of net assets available for benefits is invested in the T Rowe Price Retirement Funds; however, by their nature, the T Rowe Price Retirement Funds are a diversified mix of equities and fixed income that rebalance over time.

NOTE 10 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 9, 2023, the date the financial statements were available to be issued.

Effective January 1, 2023, the Plan was amended to no longer exclude part-time employees whose regularly scheduled service is less than 1,000 hours during a year from participating in the Plan. In addition, hardship withdrawals will be limited to two per year.

During May 2023, the Company executed a Letter of Intent with Fidelity Investments to provide recordkeeping, trust and administration services for the Plan. The effective date of the transfer is November 30, 2023.
