Report of Independent Auditors

The Employee Benefit Committee
Lear Corporation Hourly Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Lear Corporation Hourly Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

A member firm of Ernst & Young Global Limited

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2022, and of assets (held at end of year) as of December 31, 2022 (referred to as the "supplemental schedules"), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such

information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Lear Corporation Hourly Retirement Savings Plan

Notes to Financial Statements

December 31, 2022

1. Plan Description

The following description of the Lear Corporation Hourly Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution pension plan established to encourage and facilitate systematic savings and investment by eligible hourly employees of Lear Corporation (the Company or the Plan Sponsor) and may, from time to time, cover certain hourly employees of the Company's wholly owned U.S. subsidiaries and certain of the Company's less than wholly owned U.S. subsidiaries and affiliates. The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA), applicable to defined contribution pension plans.

Eligibility

Generally, full-time, U.S. hourly employees employed on a non-bargaining basis and U.S. hourly employees covered by a collective bargaining agreement that provides for their participation in the Plan are eligible to participate in the Plan effective as of the first day of any calendar month coincident with or following the date on which they complete between one and twelve full calendar months of service (depending on the terms of the applicable collective bargaining agreement and/or plant location). Generally, part-time, U.S. hourly employees who have completed 1,000 hours of service in the one-year period following commencement of employment, or during any calendar year commencing thereafter, are eligible to participate in the Plan effective as of the January 1 or July 1 following the one-year period in which they complete 1,000 hours of service.

Contributions

The Plan allows for standard before-tax contributions and for catch-up before-tax contributions. Catch-up contributions are available to employees who are eligible to contribute to the Plan and who have attained (or will attain) age 50 before the close of the plan year. Both standard contributions and catch-up contributions contain a Roth 401(k) (Roth) contribution feature that allows participants to contribute to the Plan on an after-tax basis in lieu of all or a portion of before-tax contributions. In March 2022, the Plan was amended to add an in-Plan Roth conversion feature that allows participants to convert non-Roth funds to a Roth account within the Plan. The aggregate amount of standard, Roth and catch-up contributions may not exceed 75% of eligible compensation, subject to certain limitations.

1. Plan Description (continued)

To the extent that a particular collective bargaining agreement or plant location provides for matching contributions, the Company's matching contributions range from 25% to 100%, up to the first 2% to 8% of compensation contributed to the Plan (depending on the terms of the applicable collective bargaining agreement and/or plant location), subject to certain limitations. Catch-up contributions are not matched.

The Company also makes primary contributions on behalf of eligible participants. The amount of primary contributions, if any, varies by collective bargaining agreement and/or plant location and is based on the number of hours worked by the employee. For the year ended December 31, 2022, primary contributions were $770,585.

Employees direct the investment of their contributions into investment options offered by the Plan. Company contributions are generally invested in the same funds and in the same proportions as employee contributions. In the event that a participant has not elected investment directions, Company contributions are invested in the default fund which is designated by the plan administrator and intended to serve as a qualified default investment alternative.

Participant Accounts

Each participant's account is credited and/or debited with: (a) the participant's contributions, (b) Company contributions, (c) withdrawals and distributions, (d) the participant's share of earnings and/or losses associated with his or her investment options and (e) allocation of any administrative expenses that are paid from the Plan's trust fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting of Benefits

Participants vest immediately in their employee contributions and actual earnings thereon, if any.

Collective bargaining participants vest in the Company's contributions and actual earnings thereon, if any, in accordance with the terms of the applicable collective bargaining agreement.

All other participants generally vest in the Company's contributions and actual earnings thereon, if any, at a rate of 20% per year and are 100% vested after completion of five years of service or upon termination of employment due to disability (as defined in the Plan), death or the attainment of age 65 at or prior to termination of employment.

1. Plan Description (continued)

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, in accordance with the Plan's provisions. Expenses relating to purchases, sales or transfers of the Plan's investments are generally charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan may be paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Plan Forfeitures

If a participant terminates employment, any non-vested amounts are forfeited. Forfeited amounts are retained in the Plan and are used to reduce future Company contributions and/or pay the expenses of the Plan. There were $131,021 and $92,909 of unallocated forfeitures included in the Plan's assets as of December 31, 2022 and 2021, respectively. In 2022, unallocated forfeitures of $105,789 were used to reduce Company contributions.

Distributions of Benefits

Benefits due upon death are paid in a lump sum or installments, depending on the terms of the applicable collective bargaining agreement and whether benefit distributions have already begun. Death benefits are based on vested amounts in the participants' accounts. Benefits due upon termination, withdrawal or disability are generally paid in a lump sum or installments, as applicable, and are based on vested amounts in the participants' accounts. In addition, terminated participants with benefits due in excess of $5,000 may defer distribution of such benefits until April 1 of the calendar year subsequent to the calendar year in which the participant attains age 70½ or age 72 for participants who attained age 70½ on or after January 1, 2020.

In accordance with the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act), for participants who die after December 31, 2019 (or the date on which the applicable collective bargaining agreement terminates but not later than December 31, 2021), the entire balance of the participants' accounts must be distributed within ten years. There are exceptions for: (a) a surviving spouse, (b) a child who has not reached the age of majority, (c) a disabled or chronically ill person or (d) a person not more than ten years younger than the participant.

1. Plan Description (continued)

Participants may elect to make a withdrawal of certain components of their account balance during employment. A participant may withdraw up to 100% of the vested value of: (a) certain components of his or her account on or after the attainment of age 59½, (b) any pension savings plan account after attainment of age 65, (c) his or her rollover account, and, to the extent applicable, after-tax contribution account, or (d) certain components of his or her account by requesting a hardship withdrawal due to certain immediate and heavy financial needs of the participant. Other withdrawal options and/or forms of benefit payment may be available with respect to participants who were covered under certain plans that were previously merged into the Plan.

Participant Loans

Participants may borrow from the Plan a minimum of $1,000 up to a maximum of the lesser of: (a) $50,000, reduced by the highest outstanding balance of all other Plan loans to the participant during the one-year period ending on the day before the date such loan was made, or (b) 50% of his or her vested account balance. Interest is payable based on the annual prime rate as published by *The Wall Street Journal* on the first business day of the month immediately preceding the month the loan is originated, plus one percentage point. Repayment of any loan is generally made through employee payroll deductions over a period of five years or less. Generally, a participant's loan shall be considered to be in default if no payment is made by the last day of the calendar quarter following the calendar quarter in which the payment was due. If the participant is age 59½ or older upon default and upon the participant's request, the unpaid loan balance can be offset by an equal amount of the participant's account and shall be treated as a withdrawal from the Plan. If the participant is under age 59½, to the extent the unpaid loan balance is attributable to amounts that are available for in-service withdrawal, the amounts available for in-service withdrawal shall be treated as a withdrawal from the Plan and shall be used to offset the unpaid loan balance. If any portion of the unpaid loan balance cannot be satisfied by these terms, such portion shall be treated as a deemed distribution.

Plan Termination

Although it has not expressed the intent to do so, the Company may discontinue its contributions or terminate the Plan at any time, subject to the provisions of the applicable collective bargaining agreements, ERISA and the Internal Revenue Code (the Code). In the event of complete discontinuance of Company contributions or the total or partial termination of the Plan, the accounts of the participants affected by such actions shall become 100% vested and nonforfeitable.

1. Plan Description (continued)

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator determines the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States (U.S. GAAP) requires management to make estimates and assumptions that affect the amounts in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan (except for fully benefit-responsive investment contracts stated at contract value) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements and Note 5 for further discussion of the fully benefit-responsive investment contract.

2. Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

3. Investments

As of December 31, 2022 and 2021, the net assets of the Plan are held by the Lear Corporation Hourly Retirement Savings Plan Trust (the Trust). Empower Trust Company, LLC (Empower) is the trustee (the Trustee) as of December 31, 2022, and Great-West Trust Company, LLC (Great-West) was trustee as of December 31, 2021. Charles Schwab Bank is the custodian of the self-directed brokerage accounts maintained under the Plan as of December 31, 2022 and 2021.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments held and notes receivable from participants as of December 31, 2022 and 2021, and net depreciation in the fair value and contract value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Empower as of December 31, 2022 and for the year then ended and Great-West as of December 31, 2021. The fair value of the underlying investments of the self-directed brokerage accounts was not certified by the Trustee.

The table below presents the net assets of the Plan by general type of investment fund as of December 31, 2022 and 2021:

	December 31	
	2022	**2021**
Investments at fair value, certified by Trustee:		
Mutual funds	**$ 84,941,538**	$ 155,892,578
Collective investment trusts	**38,327,864**	–
Investments at contract value, certified by Trustee:		
Fully benefit-responsive investment contracts with insurance company	**11,050,458**	10,682,628
	134,319,860	166,575,206
Investments at fair value, not certified by Trustee:		
Self-directed brokerage accounts	**386,148**	625,308
Total investments	**$ 134,706,008**	$ 167,200,514

3. Investments (continued)

Total net investment loss of the Plan for the year ended December 31, 2022, is as follows:

Investment income (loss) from investments at fair value, certified by Trustee:	
Net depreciation	$ (31,523,156)
Dividend income	2,299,961
	(29,223,195)
Investment income from investments at contract value, certified by Trustee:	
Interest income	269,007
Investment income (loss) from investments at fair value, not certified by Trustee:	
Net depreciation	(283,439)
Dividend income	2,822
	(280,617)
Net investment loss	$ (29,234,805)

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets

4. Fair Value Measurements (continued)

- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level of input that is significant to the fair value measurement in its entirety.

The fair value of the Plan's assets is measured on a recurring basis. The following is a description of the valuation technique and input used for the general type of assets measured at fair value by the Plan:

Market: This approach uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities.

The following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value by the Plan:

Mutual funds: Valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year end.

Collective investment trusts: Valued at the NAV as provided by the administrator of the fund.

Self-directed brokerage accounts: Accounts primarily consist of common stock, mutual funds and cash. Common stock is valued at the closing pricing on the active markets in which the individual securities are traded. Mutual funds are valued at quoted market prices, which represent the NAV of shares held by the Plan at year end.

4. Fair Value Measurements (continued)

The following table sets forth, by fair value hierarchy level, the Plan's investments that are measured or disclosed at fair value as of December 31, 2022:

	Total	**Level 1**	**Level 2**	**Level 3**
Mutual funds	**$ 84,941,538**	**$ 84,941,538**	**$ –**	**$ –**
Collective investment trusts	**38,327,864**	**38,327,864**	**–**	**–**
Self-directed brokerage accounts	**386,148**	**386,148**	**–**	**–**
Total investments at fair value	**$ 123,655,550**	**$ 123,655,550**	**$ –**	**$ –**

The following table sets forth, by fair value hierarchy level, the Plan's investments that are measured or disclosed at fair value as of December 31, 2021:

	Total	**Level 1**	**Level 2**	**Level 3**
Mutual funds	$ 155,892,578	$ 155,892,578	$ –	$ –
Self-directed brokerage accounts	625,308	625,308	–	–
Total investments at fair value	$ 156,517,886	$ 156,517,886	$ –	$ –

5. Fully Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract with New York Life Insurance Company (NYL Insurance) that meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

NYL Insurance maintains the contributions in a pooled separate account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract has certain restrictions that impact the ability to collect the full contract value. For example, withdrawals due to events initiated by the Company including,

5. Fully Benefit-Responsive Investment Contract (continued)

but not limited to, total or partial termination of the Plan, group lay-offs or early retirement incentives, may result in a penalty if these withdrawals exceed limitations defined in the contract. The Company believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. NYL Insurance may not terminate the contract at any amount less than contract value.

NYL Insurance is contractually obligated to pay the principal and any interest and dividends that have been credited to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 0%. Such interest rates are reviewed not less frequently than quarterly nor more frequently than daily for resetting.

6. Risks and Uncertainties

The Plan's exposure to a concentration of credit risk is dependent upon the funds selected by the participants. Investment securities are exposed to various risks and uncertainties, such as interest rate, market volatility and credit risks, as well as economic changes, political unrest and regulatory changes.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Income Tax Status

The Plan received a determination letter from the Internal Revenue Service (the IRS) dated September 22, 2021, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance and, therefore, believes the Plan, as amended, will remain qualified and the related trust will maintain its tax-exempt status.

7. Income Tax Status (continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Related-Party and Party-in-Interest Transactions

The Plan holds investments managed by Empower, the Trustee of the Plan as of December 31, 2022, and Charles Schwab Bank, the custodian of the self-directed brokerage accounts as of December 31, 2022 and 2021. The Plan also held investments managed by Great-West, the trustee of the Plan as of December 31, 2021. The transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

9. Subsequent Events

Management evaluated subsequent events for the Plan through October 3, 2023, the date that the financial statements were available to be issued.

As part of the Consolidated Appropriations Act (CAA) of 2023, which was signed into law on December 29, 2022, the Setting Every Community Up for Retirement Enhancement Act of 2022 (SECURE 2.0 Act) includes provisions that: (a) increase the age for required minimum distributions to 73, for participants who attain age 73 on or after January 1, 2023, and to 75, for participants who attain age 75 on or after January 1, 2033, (b) expand opportunities for in-service distributions, including the reduction of substantiation obligations in connection with hardship withdrawals, (c) expand the IRS self-correction program and increase flexibility with respect to recovery of overpayments, and (d) prohibit pre-tax, catch-up contributions for certain highly paid participants. The Plan will be amended to incorporate the applicable provisions of the SECURE 2.0 Act within the timeframe required by law.
