Independent Auditors' Report

Plan Administrator
Apex Service Partners LLC 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Apex Service Partners LLC 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

APEX SERVICE PARTNERS LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

(1) Description of the Plan

The following description of the Apex Service Partners LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

(a) General

The Plan is a single-employer defined contribution plan covering all employees of Apex Service Partners LLC (the “Company” or “Plan Sponsor”), and a controlled group of employers as defined by the Plan, with the exception of union employees and certain nonresident aliens, who are age 21 or older and have completed 2 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was amended and restated effective January 1, 2021.

The Plan operates under agreements with ADP, LLC (“ADP”) and Reliance Trust Company (“RTC”) to act as recordkeeper and trustee of the Plan, respectively. RTC holds the Plan’s investments and executes the Plan’s investment transactions.

(b) Contributions

Participants may contribute up to 90% of eligible compensation to their accounts up to the maximum allowed under Internal Revenue Code section 402(g), including Roth deferrals. The Plan also provides for “catch-up” contributions subject to Internal Revenue Service limitations. Participants may also contribute amounts representing distributions from other qualified plans.

The Plan provides for safe harbor matching contributions equal to 100% of salary deferrals up to 3% of participants’ eligible compensation plus 50% of salary deferrals between 3% and 5% of participants’ eligible compensation. The Company may also elect to make a discretionary profit sharing contribution to participants employed by the Company on the last day of the year who have completed 1,000 hours of service during the year. No such profit sharing contributions were made for the year ended December 31, 2022.

(c) Participant Accounts

Each participant’s account is credited with the participant’s contributions, rollover contributions from other qualified retirement plans, allocations of the Company’s safe harbor matching and profit sharing contributions and plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

(d) Vesting

Participants are immediately vested in their contributions and the Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions is based on a six year graded vesting schedule. Participants become vested in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

(e) Investment Options

Upon enrollment in the Plan, a participant may direct their contributions and the employer contributions in any of the available funds as offered by the trustee. During 2022 and 2021, the Plan offered registered investment companies and a common collective trust.

(f) Administrative Expenses

The administrative expenses of the Plan are shared by the Plan and the Company. Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits.

(g) Payment of Benefits

In the event of termination of employment with the Company, attainment of normal retirement age, death or disability, a participant shall be entitled to benefits equal in value to the participant's account. Benefit payments are recorded when paid.

The Plan also provides for in-service distributions for participants who have attained age 59 ½ and for participants who have an immediate and heavy financial need.

Effective January 1, 2020, the Plan was operationally amended to adopt the provisions under the Bipartisan Budget Act of 2018 which removed the requirement to suspend contributions for six months following receipt of a hardship withdrawal.

(h) Participant Loans

Participants may borrow from their account balance, subject to limitations. Loan amounts must be at least \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 1% (4.25% to 9.00% for outstanding loans at December 31, 2022). Principal and interest are paid ratably through payroll deductions. All loans shall be repaid within five years, unless the loan is for the purchase of a primary residence, in which case the loan term shall not exceed fifteen years.

Related fees are recorded as administrative expenses and are expensed when they are incurred.

(i) Forfeitures

Forfeitures from the Plan may first be used to pay plan expenses then may be used to reduce future employer profit sharing contributions. Forfeitures available were approximately \$65,000 and \$255,000 at December 31, 2022 and 2021, respectively. For the year ended December 31, 2022, the Company used approximately \$164,000 of forfeited non-vested account balances to offset employer contributions.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting and present the net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

(b) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

(2) Summary of Significant Accounting Policies - Continued

(c) Investment Valuation and Income Recognition - Continued

The Invesco Stable Asset Fund (the “Fund”) is a common collective trust which seeks stability of principal and high current income. The Fund invests primarily in stable value products, including guaranteed investment contracts (“GICs”) and synthetic GICs issued by major insurance companies and money market instruments and is valued by State Street Bank and Trust. Participants may purchase units of the Fund daily based on the established unit value of \$1.00. Participants have a proportionate undivided interest in all assets of the Fund, and hold units of the Fund. Net investment income is distributed to participants monthly and is reinvested to purchase additional units. The principal value per unit of the Fund is determined at the end of each day by dividing net assets of the Fund by the number of outstanding units. The investment does not qualify as a fully benefit-responsive investment.

Generally, contributions to and withdrawals from the Fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants’ accounts are charged or credited with the number of units properly attributable to each participant.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

(d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

(3) Information Certified by RTC

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, RTC, the Plan’s trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Total investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021;
- Total investment income, net depreciation in fair value of investments and related investment activity, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022;
- The Schedule of Assets (Held at End of Year), as of December 31, 2022 included in the supplemental schedule.

(3) **Information Certified by RTC - Continued**

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements.

(4) **Fair Value Measurements**

Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- (a) Quoted prices for similar assets or liabilities in active markets;
- (b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- (c) Inputs other than quoted prices that are observable for the asset or liability;
- (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies: shares of registered investment companies held by the Plan are valued based on quoted market prices in active markets, which represent the net asset value of the units or shares held by the Plan at year end and are classified as Level 1 investments.

Common Collective Trust: valued at the net asset value of shares held by the Plan at year end as determined by Invesco Trust Company.

The above methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values.

APEX SERVICE PARTNERS LLC 401(K) PLAN

Notes to Financial Statements - Continued

(4) Fair Value Measurements - Continued

As of December 31, 2022 and 2021, the Plan's investments measured at fair value on a recurring basis were as follows:

Description	Assets Measured at Fair Value at December 31, 2022	Fair Value Measurements at Reporting Date Using		
		Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	\$ 37,856,662	37,856,662	-	-
Common collective trust at NAV	4,565,418 (a)			
Investments, at fair value	\$ 42,422,080			

Description	Assets Measured at Fair Value at December 31, 2021	Fair Value Measurements at Reporting Date Using		
		Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	\$ 21,775,452	21,775,452	-	-
Common collective trust at NAV	4,039,948 (a)			
Investments, at fair value	\$ 25,815,400			

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value ("NAV") per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(5) Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(6) Transactions with Parties-in-Interest

During the year ended December 31, 2022, the Plan paid approximately \$65,000 to ADP for recordkeeping services provided to the Plan. Notes receivable from participants are managed by ADP as of December 31, 2022. These transactions qualify as party-in-interest transactions, as defined in Section 3(14) of ERISA, however they are expressly exempted from the prohibited transaction rules.

APEX SERVICE PARTNERS LLC 401(K) PLAN

Notes to Financial Statements - Continued

(7) **Risks and Uncertainties**

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(8) **Income Tax Status**

The Plan has adopted a pre-approved plan document sponsored by ADP, which received its latest opinion letter from the Internal Revenue Service dated October 6, 2020, which stated that the pre-approved plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The pre-approved plan document has since been amended; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) **Reconciliation of Financial Statements to Schedule H of Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to net assets available for benefits per Schedule H of Form 5500:

Net income per Schedule H of Form 5500, Line 2(k)	<u>\$ 17,128,247</u>

(10) Transfers In

The Company acquired Southern Air, Inc., Best Electric, Air Conditioning and Plumbing, LLC, Frank Gay Services, Inc. and ZCS Visionary, LLC in 2019 and 2020. As a result of the acquisitions, effective January 1, 2021, participant accounts totaling \$13,466,624 were transferred from the Southern Air, Inc. 401(k) Profit Sharing Plan, Best Electric, Air Conditioning and Plumbing, LLC 401(k) Plan, Frank Gay Commercial 401(k) Plan, and ZCS Visionary, LLC 401(k) Plan into the Plan.

Additionally, participant and employer contributions which were receivable at December 31, 2020 to the Southern Air, Inc. 401(k) Plan totaling \$1,843,516 were included in transfers. These amounts were received directly to the Plan.

(11) Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 9, 2023, the date the financial statements were available to be issued.
