INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Cotton & Company 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Cotton & Company 401(k) Profit Sharing (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 30, 2022 (in liquidation) and September 30, 2022 (ongoing), and the related statement of changes in net assets available for benefits for the period ended December 30, 2022 (in liquidation), and the related notes to the financial statements (Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 30, 2022 and September 30, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit section of our report. We are required to be independent of Cotton & Company 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 1 to the financial statements, Cotton & Company, LLP was acquired by Sikich LLP and became Cotton & Company Assurance and Advisory, LLC, which is also branded as Cotton, A Sikich Company. Cotton & Company 401(k) Profit Sharing Plan was merged into Sikich LLP Employees' 401(k) Plan as of January 1, 2023.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material, if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cotton & Company 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

COTTON & COMPANY 401(K) PROFIT SHARING PLAN
Notes to Financial Statements
December 30, 2022 (in liquidation) and September 30, 2022 (Ongoing)

Note 1 - Description of Plan

The following brief description of Cotton & Company 401(k) Profit Sharing Plan, also known as Cotton & Company Assurance and Advisory, LLC 401(k) Profit Sharing Plan (Plan), is provided for general information purposes only. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan, effective October 1, 1986, is a defined contribution and profit sharing plan sponsored and administered by Cotton & Company, LLP (Company). The Plan covers all employees of the Company who have completed three full calendar months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On April 1, 2022, the Company was acquired by Sikich LLP and became Cotton & Company Assurance and Advisory, LLC, which is also branded as Cotton, A Sikich Company. On January 1, 2023, Cotton & Company 401(k) Profit Sharing Plan was merged into Sikich LLP Employees' 401(k) Plan. As of December 30, 2022, the net assets of \$23,824,261 were transferred to the Sikich LLP Employees' 401(k) Plan.

Contributions

Participants may contribute up to the maximum amount allowed by law, i.e., Internal Revenue Code (IRC) Section 402(g) and 415. The Company will make, on behalf of all participants, a safe harbor non-elective contribution equal to 3% of participant's eligible pay for the plan year.

The Company may also make a discretionary profit sharing contribution. This profit sharing contribution will be allocated on a pay ratio basis within a job classification declared by the Company on an annual basis. Eligible profit sharing participants are those employed on the last day of the plan year.

The Plan also accepts catch-up contributions, employer matching contributions and participant rollover contributions.

Benefits

The purpose of the Plan is to provide retirement benefits to employees of the Company who made contributions to the Plan through a salary reduction agreement. The Plan was adopted to provide an opportunity for participating employees to benefit from tax-deferred savings in accordance with IRC Section 401(k), in addition to any benefits otherwise provided by the Plan.

Note 1 - Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution and allocations of (a) the Company's contribution, if any, and (b) plan earnings reduced by investment expense. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants have a fully vested interest in their contributions and the investment earnings thereon. All safe harbor contributions are automatically 100% vested.

Participants become vested in employer discretionary profit sharing and discretionary matching contributions based upon the following schedule:

<u>Years of Credited Service</u>	<u>Vesting Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

One year of credited service is earned for each plan year in which the participant works at least 1,000 hours.

Investment Options

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. For fund objectives, risks, charges and expenses, participants should contact the fund manager for a prospectus.

Forfeitures

Forfeitures of non-vested Company contributions may first be used to pay plan expenses. Any forfeitures remaining after paying plan expenses are used to offset any Company contributions. At December 30, 2022 and September 30, 2022, forfeitures totaled \$5,218 and \$14,058, respectively. At December 30, 2022 and September 30, 2022, the Plan used forfeitures in the amount of \$6,187 and \$7,798, respectively, to reduce the Company contributions. As of December 30, 2022 and September 30, 2022, forfeited non-vested accounts totaled \$0 and \$6,278, respectively.

Note 1 - Description of Plan (Continued)

Payments of Benefits

All distributions from the Plan are subject to the Internal Revenue Code sections governing distributions. A participant is eligible to withdraw funds from the Plan for the following reasons:

1. Termination of employment
2. Hardship as defined by the Internal Revenue Code
3. Death
4. Disability
5. Normal retirement (age 65)
6. Attainment of age 59 ½ while actively employed

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of the fair market value of their vested account balance. Loan repayments must be made not less frequently than quarterly through payroll deductions. The repayment period of any loan shall be no more than five years or not extend beyond 10 years if such loan is for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The interest rate will be equal to the prime rate plus 1%. The interest rates on current participant loans are 4.25% - 7.25%.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investment income derived from the stable value collective trust, including unrealized and realized gains and losses and interest and dividend income, is included in "Net investment gain from stable value collective trust."

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 30, 2022 or September 30, 2022.

Benefit Payments

Benefits to participants are recorded when paid.

Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan.

Subsequent Events

The Plan has evaluated subsequent events and transactions through October 13, 2023, the date the financial statements were available to be issued.

Note 3 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

December 30, 2022 (In Liquidation) and September 30, 2022 (Ongoing)

Note 4 - Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their profit-sharing contributions.

Note 5 - Information Certified by the Plan's Trustee (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 30, 2022 and September 30, 2022, and net appreciation in fair value of investments, net investment gain from stable value collective trust, and interest and dividends for the period ended December 30, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the trustee of the Plan.

Note 6 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the volume submitter plan adopted by the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. The Plan was amended since receiving the determination letter. However, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code. Therefore, the plan administration believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 30, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Employee benefit plans are subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress for the Plan. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note 7 - Related Party Transactions

Certain Plan investments are shares of registered investment companies and a stable value collective trust managed by Fidelity. As of December 30, 2022, plan administrative expenses of \$18,919 were paid by the Plan to Fidelity. Fidelity is the trustee, as defined by the Plan, for the period ended December 30, 2022. Therefore, these transactions qualify as party-in-interest transactions.

Note 8 - Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. It defines fair value as an exit price, which is the price that would be received for an asset or paid to transfer a liability in the Plan's principal or most advantageous market for the asset or liability, in an orderly transaction between market participants on the measurement date.

The fair value hierarchy generally requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability and are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the entity's own assumptions based on market data and the entity's judgments about the assumptions that market participants would use in pricing the asset or liability, and are to be developed based on the best information available in the circumstances.

The Plan determines the fair market value of its investment in securities based on the established fair value definition and hierarchy levels. The three levels within the hierarchy that may be used to measure fair value are:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs, including Level 1 prices that have been adjusted; quoted prices for similar assets or liabilities; quoted prices in markets that are less active than traded exchanges; and other inputs that are observable or can be substantially corroborated by observable market data.

Level 3: Unobservable inputs that are supported by little or no market activity and that are a significant component of the fair value of the assets or liabilities.

The lowest level of input that is a significant component of the fair value measurements determines the placement of the entire fair value measurement in the hierarchy. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the classification of fair value assets and liabilities within the fair value hierarchy levels.

Note 8 - Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2022.

Registered investment companies:

Registered investment companies, which include mutual funds and a money market fund, are valued at the daily closing price as reported by the fund. The registered investment companies held by the Plan are deemed to be actively traded.

Stable value collective trust:

A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value (NAV) of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the stable value collective trust fund will sell the investment for an amount different from the reported net asset value. As of September 30, 2022, the Plan had no unfunded capital commitments with respect to its investment in the stable value collective trust fund. The stable value collective trust fund seeks to preserve the Plan's principal investment while earning a level of interest income that is consistent with principal preservation. The stable value collective trust fund invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds. Plan sponsor directed withdrawals are subject to 12 months' notice. The stable value collective trust fund is subject to certain withdrawal restrictions. Withdrawals prompted by certain events may be paid at the market value of the stable value collective trust fund's securities and exchanges must first be exchanged to a non-competing fund for 90 days.

The preceding valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 8 - Fair Value Measurements (Continued)

The following table sets forth, by level, the Plan's assets that were accounted for at fair value on a recurring basis as of September 30, 2022.

<u>September 30, 2022</u>	<u>Total Fair Value</u>	<u>Level 1</u>
Investments, at fair value:		
Registered investment companies:		
Money market fund	\$ 4	\$ 4
Mutual funds	<u>25,332,284</u>	<u>25,332,284</u>
Total registered investment companies	25,332,288	25,332,288
Stable value collective trust at NAV*	<u>1,236,669</u>	<u>-</u>
Total investments	<u>\$ 26,568,957</u>	<u>\$ 25,332,288</u>

*In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in the table above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The Plan had no Level 2 or 3 assets as of September 30, 2022. There are no investments at December 30, 2022.
