INDEPENDENT AUDITOR'S REPORT

Trustees
Bank of Charles Town 401(k) Retirement Savings Plan
Charles Town, West Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bank of Charles Town 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bank of Charles Town 401(k) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bank of Charles Town 401(k) Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bank of Charles Town 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bank of Charles Town 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bank of Charles Town 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) at December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

Note 1. Plan Description

The following description of the Bank of Charles Town (the "Company") 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan adopted on January 1, 2001 and subsequently amended effective January 1, 2019. The Plan covers all employees of the Company who are United States citizens and 21 years old, except union or leased employees and non-resident aliens. Employees hired prior to January 1, 2018, became eligible after completing 1 year of service and could enter the Plan quarterly. Employees hired after January 1, 2018 became eligible after reaching the required age of 21 and can enter the Plan immediately. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees are responsible for oversight of the Plan. The Plan's Management determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Trustees.

Contributions

Eligible participants may contribute up to the maximum allowed by the Internal Revenue Code. In addition, the Plan allows for catch up contributions by employees 50 years and older before the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan's provisions.

Effective September 1, 2021 the Plan enacted an auto-enrollment provision. Under this provision, all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated investment fund until changes are made by the participant.

The Plan allows for ADP safe harbor contributions, ACP safe harbor contributions, non-safe harbor matching contributions, and discretionary profit sharing contribution. In 2022, the Company contributed an ADP safe harbor match equal to 100% of participant's contributions that did not exceed 4% of eligible compensation. Effective April 1, 2021, the Company elected to discontinue the employer discretionary ACP safe harbor contribution of 4% of eligible compensation. There were no non-safe harbor matching or discretionary profit sharing contributions for the year ended December 31, 2022.

Participants direct the investment of their contributions, employer matching contributions, and discretionary profit sharing contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contribution, related matching contributions, the Company's discretionary profit sharing contribution (if any), Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and ADP safe harbor contributions, as well as actual earnings and losses thereon. Vesting in the employer ACP safe harbor contributions, non-safe harbor matching contributions, and discretionary profit sharing contribution are based on years of service. A participant becomes 100% vested in these contributions after five years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, reduced by the amount of the participant's highest outstanding loan balance during the previous one-year period. Loan terms range from one to five years, or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing commercial rates for similar loans. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or for other reasons, a participant may elect to receive a qualified joint and survivor annuity, or a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Vested account balances of participant, which have never exceeded \$5,000, will be rolled over to an individual retirement plan designated by the Plan administrator if no other election is made by the participants after termination occurs.

Distributions may be deferred until the normal retirement date. However, payments must begin no later than the April 1st following the calendar year in which the participant attains age 70½ years. In certain hardship situations, as described in the Plan, participants may withdraw their account balances while actively employed.

Forfeited Accounts

Forfeitures are used to reduce employer contributions and pay Plan expenses. During the year ended December 31, 2022, the Plan sponsor used \$4,231 to reduce employer contributions. The balance of forfeited nonvested accounts at December 31, 2022 and 2021 was \$11 and \$10, respectively.

Note 2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Net depreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net depreciation of fair value of investments.

Notes to Financial Statements

Note 3. Certification

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, net depreciation in fair value of investments, interest income on guaranteed interest contracts and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by John Hancock Life Insurance Company, the former custodian for the period from January 1, 2021 to September 1, 2021, and by Reliance Trust Company, the current custodian for the period from September 1, 2021 to December 31, 2021 and as of and for December 31, 2022.

Note 4. Fair Value Disclosures

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in similar markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements

Collective Trust and Pooled Separate Accounts: Valued at the fair value of the funds share of the underlying investments. The NAV is based on the fair value of the underlying investments, which are traded at publicly quoted amounts.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Collective trusts	\$ 253,785	\$ - -	\$ - -	\$ 253,785
Mutual Funds	7,433,833	- -	- -	7,433,833
Total assets at fair value	<u>\$ 7,687,618</u>	<u>\$ - -</u>	<u>\$ - -</u>	<u>\$ 7,687,618</u>

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Collective trusts	\$ 119,531	\$ - -	\$ - -	\$ 119,531
Mutual Funds	8,734,832	- -	- -	8,734,832
Total assets at fair value	<u>\$ 8,854,363</u>	<u>\$ - -</u>	<u>\$ - -</u>	<u>\$ 8,854,363</u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value to another.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2022, there were no significant transfers in or out of different levels.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and/or to terminate the Plan, subject to the provisions of ERISA. In the event of a complete or partial Plan termination, participants would become 100% vested in their entire account balances. In the event of such Plan termination, the trustees shall determine whether the assets of the Plan shall be liquidated and distributed or whether the assets shall continue to be held in trust and distributed in accordance with the terms of the Plan.

Notes to Financial Statements

Note 6. Tax Status

The Plan has adopted a volume submitter plan sponsored by ADP, Inc. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related Party Transactions and Party in Interest Transactions

Certain Plan investments were managed by Reliance Trust Company, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment.

The custodians provided certain administrative services to the Plan pursuant to an agreement between the Company and custodians. The custodians receive revenue from mutual fund and collective trust service providers for services provide to the funds. This revenue is used to offset certain amounts owed to the custodians for its administrative services to the Plan.

If the revenue received by the custodians from such mutual fund or collective trust service providers exceeds the amount owed under the agreement, the custodians remit the excess to the Plan's trust on a regular basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2022, \$20,397 was deposited into the Plan and used to reduce administrative expenses by Reliance Trust Company. The Plan or Plan Sponsor may make a payment to the custodians for administrative expenses not covered by revenue sharing.

ADP Inc., record-keeper, provided certain services to the Plan. Therefore, amounts paid to ADP Inc. qualify as party-in-interest transactions. These fees are included as a component of administrative expenses on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

Notes to Financial Statements

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. 5500 Reconciliation

The following is a reconciliation of net assets available for benefits and the increase in net assets available for benefits per the financial statements to Form 5500 as of December 31, 2021:

	December 31, 2021	
	Net Assets Available for Benefits	Increase in Net Assets Available for Benefits
Balance per financial statements	\$ 8,994,385	\$ 1,015,597
Employer contributions receivable	(22,799)	(22,799)
As reported on Form 5500	<u>\$ 8,971,586</u>	<u>\$ 992,798</u>

The following is a reconciliation of net assets available for benefits and the decrease in net assets available for benefits per the financial statements to Form 5500 as of December 31, 2022:

	December 31, 2022	
	Net Assets Available for Benefits	Decrease in Net Assets Available for Benefits
Balance per financial statements	\$ 7,881,239	\$ (1,113,146)
Employer contributions receivable	(34,770)	22,799
As reported on Form 5500	<u>\$ 7,846,469</u>	<u>\$ (1,090,347)</u>

Note 10. Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2023, the date the financial statements were available to be issued.
