INDEPENDENT AUDITOR'S REPORT

Plan Trustees
Del-Air Profit Sharing Plan
Sanford, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Del-Air Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Plan Trustees
Del-Air Profit Sharing Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan Trustees
Del-Air Profit Sharing Plan

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DEL-AIR PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Year Ended December 31, 2022

NOTE 1 - PLAN DESCRIPTION

The following description of the Del-Air Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Plan was established on May 1, 1984 and was subsequently amended and restated by Del-Air Heating, Air Conditioning & Refrigeration, Inc. (the “Employer”). Effective October 18, 2022, the Plan name was changed from Del-Air Heating, Air Conditioning & Refrigeration, Inc. Profit Sharing Plan to Del-Air Profit Sharing Plan. The Plan is classified as a defined-contribution plan, covering all employees 18 years and older with at least 90 days of service during the eligibility computation period, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan’s funds were held during the year by Voya Retirement Insurance and Annuity Company and Fidelity Management Trust Company (the “Plan Custodians”) (see Note 5).

Contributions

Each participant may elect to contribute on a tax-deferred basis, a percentage of their eligible salary, as defined, each payroll period subject to Internal Revenue Code (“IRC”) rules and limitations.

All employees hired on or after November 18, 2022 were automatically enrolled in an elective deferral percentage of 2% of their compensation upon their first date of eligibility. Elective deferrals will be increased automatically annually on January 1 of each proceeding year, by 1% up to a maximum of 5%. Employees hired within six months of January 1 will have their annual increase skipped.

The Employer may make discretionary matching and profit-sharing contributions at the direction of Board of Directors. Contribution limitations are defined in the Plan document and in the IRC. The Employer elected to not make any discretionary contributions to the Plan for the year ended December 31, 2022.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, allocations of investment fund earnings, Employer matching contributions, and profit-sharing contributions, if any. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based upon participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTE 1 - PLAN DESCRIPTION *(Continued)*

Participant Notes Receivable

Loans are not permitted by the Plan.

Investment Options

Participants may direct their account balance among any of the investment options offered by the Plan. Participants may change their investment options at any time, with certain exceptions.

Vesting

Participants are immediately vested in their voluntary contributions, plus earnings thereon. Upon the death or permanent disability of a participant while an employee, their entire account balance becomes fully vested. Otherwise, vesting in the Employer discretionary contributions portion of their account, plus actual earnings thereon, is based on years of continuous service, as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
0 - 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Upon retirement or other separation from service, a participant is entitled to receive an amount equal to the vested portion of the balance in their account. There were no unpaid amounts allocated to participants who elected to withdraw from the Plan at December 31, 2022 and 2021.

Expenses

Certain administrative expenses are paid directly by the Employer at its discretion and are not reimbursed by the Plan. Commissions and other investment-related expenses are netted against the net change in fair value of investments. Participant distribution administration fees are paid from the participant's accounts.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right, under the Plan agreement, to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). In the event of Plan termination, the amounts credited to the accounts of all affected participants become fully vested.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America and with the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosures under ERISA requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Investments

As of December 31, 2022 and 2021, the Plan's funds were invested in various registered investment companies, pooled separate accounts, a collective investment trust fund and a fully benefit-responsive investment contract.

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which was reported at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Registered investment companies and pooled separate accounts are valued at the reported net asset value ("NAV") of shares held by the Plan at year end determined by quoted market prices in active markets. The NAV is based on the fair value of the underlying assets owned less any fund liabilities.

In accordance with the Plan's policy of stating marketable securities at fair value, the appreciation or depreciation for each year is reflected in the Plan's statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Purchases and sales of marketable securities are reflected on a trade-date basis, and interest income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Investments *(Continued)*

The Plan uses NAV per unit to value the collective investment trust fund (see Note 4). The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investment Risk

The Plan's investments are not insured and are subject to credit and market risks. Financial information relating to those investments is included in these financial statements based on information provided by the Plan Custodians.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and due to market volatility, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

In preparing these financial statements, the Employer has evaluated events and transactions for potential recognition through October 6, 2023, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENT

The fair value of financial instruments is presented based upon a hierarchy of levels that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments recorded at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments:				
Investments in the fair value hierarchy:				
Registered investment companies	<u>\$ 6,618,112</u>	<u>-</u>	<u>-</u>	<u>\$ 6,618,112</u>
Investments in the fair value hierarchy	<u>\$ 6,618,112</u>	<u>\$ -</u>	<u>\$ -</u>	<u>6,618,112</u>
Investments measured at NAV:				
Collective investment trust fund (a)				<u>17,178</u>
Total investments at fair value				<u>\$ 6,635,290</u>

- (a) Certain investments that were measured using the NAV per share practical expedient (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments recorded at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE 3 - FAIR VALUE MEASUREMENT (Continued)**Investments Measured Using the NAV per Share Practical Expedient**

The following table summarizes the investment for which fair value is measured using the NAV per share practical expedient as of December 31, 2022:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Notice Redemption Period</u>
Goldman Sachs Stable Value Collective Trust	\$ 17,178	None	Daily	Up to 12 months

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

Investments in the Voya Fixed Account were offered by the Voya Retirement Insurance and Annuity Company and were maintained in its general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate was based on a formula established by the contract issuer and reset quarterly.

This contract met the fully benefit-responsive investment contract criteria and, therefore, was reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the issuer, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As part of the change in Plan Custodian (see Note 5), this investment was liquidated in October 2022.

NOTE 5 - INFORMATION CERTIFIED BY THE CUSTODIANS

The Plan Custodians hold the Plan's investments and execute all investment transactions. Custody of the Plan's investments was transferred from Voya Retirement Insurance and Annuity Company to Fidelity Management Trust Company with the final receipt and allocation of funds to participant accounts occurring on October 18, 2022. All investment information disclosed in the financial statements and accompanying supplemental schedule, including investments held at December 31, 2022 and 2021, net change in fair value of investments, and dividends and interest income for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Plan Custodians.

NOTE 6 - INCOME TAX STATUS

The Plan is intended to be a qualified trust under Section 401(a) of the IRC and is, therefore, subject to the provisions of ERISA. The Plan operated under two plan documents during 2022. The original Plan was a prototype plan and received a determination of qualification from the IRS dated June 30, 2020. Effective October 18, 2022, the Plan adopted a new Volume Submitter Profit Sharing Plan document (the “Amended Plan”) that was adopted with substantially the same provisions as the old prototype plan document. The Amended Plan received a determination of qualification from the IRS dated June 30, 2020 and, therefore, management believes that the Plan is qualified, and the related trust is tax exempt. The Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

NOTE 7 - PROHIBITED TRANSACTIONS

During 2023, it was discovered that the Employer incorrectly calculated certain employee deferrals. This is considered a prohibited transaction per ERISA.

IRS guidelines require that the sponsor remedy the underfunding, including lost earnings, for those participants who were impacted. In 2023, the Employer made a corrective contribution to the Plan of approximately \$36,000, which represents 50% of the missed employee deferrals from the period January 1, 2017 through December 31, 2022, as well as the related computed lost earnings.
