INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Daimler Truck Financial Services Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Daimler Truck Financial Services Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 (Liquidated) and 2021 (Ongoing), and the related statements of changes in net assets available for benefits for the year ended December 31, 2022 (Liquidated) and for the period from November 30, 2021 to December 31, 2021 (Ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Daimler Truck Financial Services Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 (Liquidated) and 2021 (Ongoing), and for the year ended December 31, 2022 (Liquidated) and for the period from November 30, 2021 to December 31, 2021 (Ongoing), stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Daimler Truck Financial Services Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

As discussed in Note 1 to the financial statements, in December 2022, Daimler Truck Financial Services Retirement Savings Plan’s management approved a formal plan to merge Daimler Truck Financial Services Retirement Savings Plan with Daimler Truck North America LLC Employee Retirement Savings Plan effective December 31, 2022. In accordance with accounting principles generally accepted in the United States of America, Daimler Truck Financial Services Retirement Savings Plan has adopted the liquidation basis of accounting in presenting the accompanying 2022 financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Daimler Truck Financial Services Retirement Savings Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Daimler Truck Financial Services Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Daimler Truck Financial Services Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Daimler Truck Financial Services Retirement Savings Plan

Notes to Financial Statements

December 31, 2022 (Liquidated) and 2021 (Ongoing)

1. DESCRIPTION OF PLAN

The following description of the Daimler Truck Financial Services Retirement Savings Plan (the “Plan”) of Daimler Truck Financial Services US (the “Company”) provides only general information. Participants of the Plan should refer to the Plan document for more detailed and complete information.

General

The Plan is a defined contribution plan, established on November 30, 2021, in accordance with the provisions of Internal Revenue Code (“IRC”) 401. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Merger

In December 2022, the Company approved the merger of the Plan into Daimler Truck North America LLC Employee Retirement Savings Plan (the “DTNA Plan”) effective as of December 31, 2022. On January 3, 2023, all net assets of the Plan were transferred into the DTNA Plan. As of the effective date, the DTNA Plan is the surviving plan and the Plan ceased to exist as a separate stand-alone retirement plan.

Contributions

Participants were permitted to make pre-tax and after-tax Roth contributions up to the limitation stated in the IRC in effect for each taxable year. In 2022 and 2021, participants were permitted to contribute up to a maximum of \$20,500 with an additional \$6,500 catch-up contribution for employees over 50 years old. Eligible employees who do not otherwise elect a deferral percentage were automatically enrolled in the Plan at 3% of their compensation with a 1% increase annually, up to 8%. Eligible employees may also rollover contributions from other qualified plans.

The Company made matching contributions equal to 75% of the first 8% of participant contributions up to 6% of compensation.

The Company also made discretionary contributions based on a percentage of the participant’s compensation, as defined in the Plan document. The percentage is determined as of December 31 of the Plan year and is based upon the participant’s age and other criterion defined in the Plan document. The employer contributions ranged from 1% to 13% for the period from November 30, 2021 to December 31, 2021 (Ongoing). For the year ended December 31, 2022 (Liquidated) the Company did not make discretionary contributions.

Participant Accounts

Each participant’s account was credited with the participant’s contribution, Company contributions, if any, the Plan earnings (losses), participant withdrawals, and administrative expenses, if applicable. The benefit to which a participant was entitled is the benefit that can be provided from the participant’s vested account.

Investment Options

A participant could direct contributions into a variety of investment funds offered by Russell Investments Trust Company (the “Trustee”). Participants directed the investments of their own accounts within such investment funds and could change their investment options daily.

Vesting

Participants were immediately vested in their contributions plus actual earnings or losses thereon. Vesting in the Company’s matching and discretionary contribution portion of their accounts plus actual earnings or losses thereon was based on years of credited service, as defined. A participant was vested 20% each year and 100% vested after five years of credited service.

Forfeitures

Forfeitures of nonvested Company contributions were first applied to reduce any reasonable administrative expenses incurred in the operation and administration of the Plan and then used to reduce future Company contributions. There were no forfeitures for the year ended December 31, 2022 (Liquidated) and for the period from November 30, 2021 to December 31, 2021 (Ongoing).

Benefits

A participant's vested balance was payable upon the participant's normal retirement, termination of employment, total and permanent disability or death, and financial hardship, subject to certain limitations.

Administrative Expenses

Administrative expenses of the Plan were paid by the Company or from forfeited nonvested Company contributions, except for certain Trustee and recordkeeping expenses which were deducted directly from participant investment funds. Investment fees are reflected as an offset of net investment income and were not readily determinable.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. As a result of the Plan merger, effective December 31, 2022, the liquidation basis of accounting was used for the year ended December 31, 2022 (Liquidated).

Under the liquidation basis of accounting, the Plan did not have any material administrative expenses to be accrued through the end of its liquidation.

Investment Valuation and Income Recognition

The investments of the Plan were in commingled employee benefit funds and were valued at the fair market value on the last business day of the year based on net asset value of the shares held by the Plan.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date.

Earnings and losses from the Plan were allocated based on the actual performance of the participant's investments.

Payment of Benefits

Amounts paid to participants are recorded upon distribution.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect certain reported amounts and disclosures, including contingencies. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The assets of the Plan are primarily financial instruments, which are monetary in nature and concentrated in investment securities. Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board guidance relating to fair value measurement establishes a framework for measuring fair value and classifies fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal (or most advantageous) market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The standard describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value which is as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Interests in Commingled Employee Benefit Funds

Interests in commingled employee benefits funds were valued based on the net asset value ("NAV") of the shares held by the Plan at year end, which is based on the unit prices quoted by the fund, representing the fair value of the underlying investments. The NAV is a quoted price in a market that is not active and is used as a practical expedient to approximate fair value. There were no significant unfunded commitments or restrictions on redemptions related to the commingled employee benefit funds at December 31, 2022 (Liquidated) and 2021 (Ongoing). Redemption of commingled employee benefit funds can occur at any time and no notice period is required.

The Plan's investments at fair value consist of interest in commingled employee benefit funds, which are measured using net asset value as a practical expedient for fair value, and totaled \$0 and \$95,450,053 at December 31, 2022 (Liquidated) and 2021 (Ongoing), respectively.

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. The assets of the Plan were held by the Trustee. The Trustee has certified the completeness and accuracy of all investments, and related investment activity from investments in the accompanying statements of net assets available for benefits as of December 31, 2022 (Liquidated) and 2021 (Ongoing), the statements of changes in net assets available for benefits for the year ended December 31, 2022 (Liquidated) and for the period from November 30, 2021 to December 31, 2021 (Ongoing) and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2021 (Ongoing).

Notes to Financial Statements
December 31, 2022 (Liquidated) and 2021 (Ongoing)

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and the supplemental schedule of assets (held at end of year). Based on information provided and certified by the Trustee, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible, as defined by ERISA, at December 31, 2022 (Liquidated) and 2021 (Ongoing) and for the year ended December 31, 2022 (Liquidated) and for the period from November 30, 2021 to December 31, 2021 (Ongoing).

5. TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated October 4, 2022, that the Plan and related trust were designed in accordance with applicable sections of the IRC. The Company and the Plan's tax counsel believe that the Plan was designed and in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Under authoritative guidance, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the DOL. Plan management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 (Liquidated) and 2021 (Ongoing) there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for periods presented in these financial statements.

6. PARTIES-IN-INTEREST

The Plan's investments were managed by Russell Investments Trust Company who served as the Trustee, as defined, of the Plan. Accordingly, these investments and related transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered to be party-in-interest transactions. Additionally, certain fees and expenses of the Plan were paid by the Company.

Certain administrative functions were performed by officers or employees of the Company. No such officer or employee received compensation from the Plan.

7. PLAN TRANSFERS

Effective November 30, 2021, Mercedes-Benz Financial Services USA LLC Retirement Plan and Mercedes-Benz USA LLC Employees' Retirement Savings Plan transferred \$23,489,250 and \$68,813,380, respectively, of assets to the Plan.

Effective December 31, 2022, the Plan transferred \$86,959,488 of its total net assets to Daimler Truck North America LLC Employee Retirement Savings Plan.

8. SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events occurring after December 31, 2022 through October 12, 2023, the date the financial statements were available to be issued. Based on this evaluation, the Plan administrator has determined that no subsequent events require recognition or disclosure in these financial statements.
