Keats Manufacturing Co. 401(k) and Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 - Plan Description

The following description of Keats Manufacturing Co. 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all nonunion employees of Keats Manufacturing Co. (the "Company") who have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 60 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for discretionary employer matching contributions of the employee's deferred compensation. The percentage is determined annually. For 2022, the Company contributed 25 percent of the first 6 percent of eligible compensation deferred by the participant.

The Company may make annual discretionary profit-sharing contributions to the Plan, as approved by the Company's board of directors, for participants who are employed as of December 31 or have 500 hours of service if terminated before December 31. There was no profit-sharing contribution for 2022.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$500 up to a maximum of 50 percent of their vested account balances, not to exceed \$50,000. Notes receivable are collateralized by the participant's account balance and bear interest at 1 percent above the prime rate.

Vesting

Participants are immediately vested in their employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service.

The Company's matching and discretionary contributions, if any, vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	- %
2	20
3	40
4	60
5	80
6	100

December 31, 2022 and 2021

Note 1 - Plan Description (Continued)

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. Active participants may also begin taking tax-free distributions from the Plan upon reaching the age of 59½, provided they are 100 percent vested. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The plan administrator must approve any such hardship withdrawals.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

The common/collective trust fund is valued at net asset value per share (NAV) (or its equivalent) of the fund, which is based on the fair value of the fund's underlying assets. There are no redemption restrictions or unfunded commitments on this investment. All other investments are valued based on quoted market prices reported in active markets. See Note 4 for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

December 31, 2022 and 2021

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 12, 2023, which is the date the financial statements were available to be issued.

Note 3 - Certified Information

Reliance Trust Company (the "Custodian") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Custodian.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Note 5 - Tax Status

The Plan uses a pre-approved plan. The pre-approved plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.
