INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Sunshine Bouquet Company 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sunshine Bouquet Company 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sunshine Bouquet Company 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sunshine Bouquet Company 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sunshine Bouquet Company 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sunshine Bouquet Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sunshine Bouquet Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2022 and 2021

1. PLAN DESCRIPTION

The following description of the Sunshine Bouquet Company 401(k) Plan (the "Plan") is provided for general information purposes. Participants of the Plan should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, qualifying under section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees of Sunshine Bouquet Company (the "Employer") and their beneficiaries funds for retirement.

Eligibility

Employees of the Employer become eligible for participant deferrals in the Plan and Employer contributions following the attainment of eighteen years of age and the completion of three consecutive months of service with the Employer. Union employees and employees who are nonresident aliens are not eligible to participate in the Plan. Participants' entry dates for the Plan are the first day of the month coinciding with or next following the date when eligibility requirements are met. To meet continuing eligibility requirements, participants must earn at least 1,000 hours of service during the Plan year.

Participant Contributions

An employee participating in the Plan may annually contribute through payroll deductions, pretax deferrals or Roth deferrals in any amount up to 90% of compensation not exceeding amounts as determined by the Internal Revenue Service ("IRS") and may transfer in amounts representing distributions from other qualified plans. Any participant, age 50 or over, may make an additional "catch up" contribution as determined by the IRS. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may increase or decrease their level of participation or suspend contributions before each payroll period.

Employer Contributions

The Employer is required to make a safe harbor matching contribution equal to 100% of the participant's elective deferrals up to the first 3% of the participant's compensation plus 50% of the participant's elective deferrals of the next 2% of the participant's compensation. Highly compensated employees are not eligible for the safe harbor matching contribution. The Employer may make a discretionary matching contribution in an amount to be determined by the Employer. Employer discretionary matching contribution was made to the highly compensated employees, which was 25% up to 5% of compensation for the year ended December 31, 2022. The Employer may make additional discretionary profit-sharing contributions which are allocated based on the Plan document. The total Employer contributions for the year ended December 31, 2022 were \$508,031.

Participant Accounts

Individual accounts are established for each participant. The Plan offers a variety of investment options with varying investment objectives. Each participant's account is credited with the participant's pre-tax and post-tax contributions, the Employer contributions, if any, and the proportionate share of dividends, interest, and investment gains since the preceding valuation date. The participant's account is reduced by withdrawals, losses on investments, Plan expenses, and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Sunshine Bouquet Company 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Vesting

Elective contributions and safe harbor matching contributions are always 100% vested. The Employer's non elective contributions are vested after the completion of six years of continuous service based upon the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A participant's "vested percentage" is based on vesting years of service. A participant earns and accumulates a year of vesting for each 12 months of continuous service or, if less than a year of service, when his or her account is credited with 1,000 hours of service. A participant is always 100% vested in his or her own deferred salary contribution and earnings to the Plan, but with respect to the Employer contributions, any unvested portion of his or her account shall be forfeited upon termination. A participant shall become fully vested upon death or total and permanent disability.

Payment of Benefits

Upon reaching normal retirement age, as defined, termination, death, or disability, vested Plan benefits can be distributed to a participant either in a lump sum distribution or annuity payment. In addition, the Plan provides for participant withdrawals in the event of certain financial hardships. Benefits are recorded when paid.

Forfeitures

Forfeitures of matching contributions may be used to reduce future Employer contributions or Plan expenses.

Notes Receivable From Participants

Participants may borrow from their fund accounts a maximum equal to 50% of their vested account balance or \$50,000. The minimum loan amount is \$1,000. Loan terms cannot exceed 5 years except for the purchase of a primary residence which allows for a 30-year term. The loans are secured by the balance in the participant's account and bear interest at the prevailing rate at the time the loan is taken. The interest rates on all outstanding loans at year end ranged from 4.25% to 8.00% and have various maturity dates ranging through 2049. Principal and interest are paid ratably through payroll deductions. The outstanding balance becomes due upon termination of employment.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting standards generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Sunshine Bouquet Company 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are discussed in the investments note.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

Administrative Expenses

For the year ended December 31, 2022, \$6,295 of administrative costs were charged to the Plan participants. Other direct expenses necessary to administer the Plan, including, but not limited to, retaining necessary professional assistance from an attorney, an accountant, an actuary, or an investment advisor are paid by the Employer. Participants are charged service fees for any loan or distribution transactions they request. In addition, certain fees assessed by investment fund managers have been offset against net investment income and are not readily determinable.

Payment of Benefits

Benefits are recorded when paid.

Forfeited Accounts

Forfeitures are to be disposed of in the Plan year in which the forfeiture occurs. Forfeitures of Employer matching contributions will be used first to pay Plan administrative expenses, and then used to reduce any Employer contributions. At December 31, 2022 and 2021, the Plan had \$-0- and \$10, respectively, of forfeited non-vested accounts. For the year ended December 31, 2022, \$4,887 of forfeitures were applied to the Employer match.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate volatility, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board established a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Sunshine Bouquet Company 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgement or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques are designed to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Mutual Funds: Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Common/Collective Trust: The common/collective trust is valued at net asset value ("NAV") as determined by the issuer of the fund based on the fair value of the underlying investments. The common/collective trust has the objective of preserving principal while maintaining a stable credit rating that is responsive to changes in interest rates.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2022				
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 12,667,045	\$ 12,667,045	\$ -	\$ -
Common/collective trusts at NAV*	1,152,633			
Total assets at fair value	<u>\$ 13,819,678</u>			
2021				
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 14,246,970	\$ 14,246,970	\$ -	\$ -
Common/collective trust at NAV*	549,920			
Total assets at fair value	<u>\$ 14,796,890</u>			

Sunshine Bouquet Company 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. COMMON/COLLECTIVE TRUST

The Plan invests in the Reliance Trust Company Metlife Series 25053 Stable Value Fund, which is a stable value pooled fund of common/collective trusts. The crediting interest rate is based on the level of market interest rates, the amount and timing of participant contributions, transfers, withdrawals, investment returns, and the duration of the underlying fixed income investments. The interest crediting rate cannot be less than zero and is typically reset on a monthly or quarterly basis.

The following table summarizes investments measured at fair value based on net asset value per share as of December 31:

	<u>Fair Value</u>		<u>Unfunded</u>	<u>Redemption</u>	<u>Redemption</u>
	<u>2022</u>	<u>2021</u>	<u>Commitment</u>	<u>Frequency</u>	<u>Notice Period</u>
Common/collective trust	\$ 1,152,633	\$ 549,920	\$ -	Daily	None

5. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the trustee, Reliance Trust Company, except for comparing such information with the related information included in the financial statements. Based on information provided and certified by the trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2022 and 2021.

The following information as of and for the years ended December 31 was prepared from reports certified by the trustee:

	<u>2022</u>	<u>2021</u>
Investments at fair value	\$ 13,819,678	\$ 14,796,890

6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2022 and 2021, and the changes in net assets available for benefits for the year ended December 31, 2022 per these financial statements to amounts reported in Form 5500:

	2022		2021
	Net Assets Available for Benefits	Changes in Net Assets Available for Benefits	Net Assets Available for Benefits
Per financial statements	\$ 14,295,974	\$ (907,363)	\$ 15,203,337
Current year contribution receivable - participants	(27,975)	(27,975)	(28,866)
Current year contribution receivable - Employer	(20,840)	(20,840)	(24,865)
Prior year contribution receivable - participants	-	28,866	-
Prior year contribution receivable - Employer	-	24,865	-
Per Form 5500	<u>\$ 14,247,159</u>	<u>\$ (902,447)</u>	<u>\$ 15,149,606</u>

7. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Employer by a letter dated October 6, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Thus, no provision for income taxes has been made in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by the taxing jurisdiction; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

8. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan has an investment in a common/collective trust that is managed by the trustee of the Plan. In addition, the Plan has paid administrative expenses \$6,295 to Reliance Trust Company and certain expenses with Reliance Trust Company have been offset with investment income (loss), during the year ended December 31, 2022. These transactions qualify as party-in-interest transactions. Loans to participants represent exempt party-in-interest transactions.

Sunshine Bouquet Company 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

9. PLAN TERMINATION

The Employer intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to modify, amend, or terminate the Plan at any time by resolution of its Board of Directors. In the event of termination of the Plan, all amounts credited to participants' accounts shall be 100% vested and non-forfeitable. All participants shall receive a total distribution of their accounts as described in the Plan. Any amount in the forfeiture account upon termination, which has not been applied to reduce the Employer's contribution or pay expenses, shall be allocated on a pro rata basis to the participants' accounts.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events occurring after the statement of net assets available for benefits date through October 2, 2023, the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred which would require adjustment to or disclosure in the financial statements.
