To the Administrative Committee
AVIAN 401(k) Profit Sharing Plan
Lexington Park, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the AVIAN 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF PLAN

The following description of the AVIAN (“Company” or “Plan Sponsor”) 401(k) Profit Sharing Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering all employees of the Company, with the exception of the following classes of employees: (a) union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, unless the collective bargaining agreement requires the employee to be included within the Plan; and (b) certain nonresident aliens who have no earned income from sources within the United States. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Administrative Committee is responsible for the oversight of the Plan and determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Sponsor.

Contributions: Each year, participants may contribute the lessor of 90% of eligible compensation or \$20,500 (in 2022; thereafter as adjusted by the Secretary of the Treasury) in a calendar year. Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to contribute to the Plan immediately and includes an automatic salary deferral feature. Unless the participant makes an affirmative election, the employer will withhold 6% of compensation each payroll period. Participants who are automatically enrolled will have their balances automatically increased by 1% each year up to 10% unless they go online to change this automatic increase. Effective January 1, 2022, the automatic deferral was increased to 8% with a maximum deferral of 15%. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. If a participant does not elect how to invest their contributions, the contributions will automatically be invested in the investment fund designated by the Plan Sponsor or the trustee as the default fund. The Plan currently offers various mutual funds and common collective trusts as investment options for participants. For employees who have been employed for three (3) months, the Company makes contributions equal to 3% of the employee’s compensation. Additional discretionary profit sharing contributions may be contributed at the option of the Company’s board of directors. In order to receive an allocation of the profit sharing contributions a participant is required to complete 1,000 hours of service in a plan year and be employed on the last day of the Plan year. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts: Each participant’s account is credited with the participant’s contributions and Company allocations of any employer discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. The vesting percentage of profit sharing contributions is determined under the following schedule, where a twelve-month period from the date of employment is considered a year of service, with the exception of participants employed by the Company on December 31, 2016. Such participants are 100% vested in accounts attributable to profit sharing contributions.

Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount generally equal to the lesser of \$50,000 or 50% of their vested account balance, as further described in the Plan document, with certain exceptions under the legislative provisions. Generally, the term of the loan may not exceed five years, unless the loan is used to acquire a dwelling unit to be used as the principal residence of the participant. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 8.25%, which are commensurate with prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Loans are considered in default if the participant fails to make payments when they are due under the terms of the loan.

Payment of Benefits: On termination of service due to death, disability or retirement, participants (or their designated beneficiaries) who have a balance greater than \$5,000 may elect to receive the total vested balance in a lump sum distribution or installments or may leave the balance in the Plan until minimum distribution is required. A participant with a vested balance of less than \$5,000 will receive a mandatory lump sum distribution. A distribution of vested balances between \$1,000 to \$5,000 will be rolled over to an IRA unless the participant makes an affirmative election to either receive or roll over the distribution. Balances under \$1,000 will be paid as a lump sum distribution.

In-service distributions are allowed for participants upon attainment of age 59 $\frac{1}{2}$. Additionally, a qualified reservist in-service distribution may be available from elective deferral accounts to participants who are qualified members of the reserves and meet certain conditions set forth in the Plan.

Hardship distributions are permitted from elective deferral accounts to participants who satisfy certain financial needs and meet specified conditions set forth the Plan. Other in-service withdrawals may be permitted from rollover and after-tax employee contributions. In order for the earnings on Roth elective deferrals to be distributed tax-free for federal income tax purposes, a distribution from Roth deferral and rollover accounts, must be a qualified distribution, including attainment of age 59 $\frac{1}{2}$, disability or death, and may be subject to the expiration of a 5-year participation period.

Forfeited Accounts: Forfeitures may be used by the Plan for several purposes, including restoring a previous forfeiture and the payment of Plan expenses. To the extent that forfeitures are not used to reduce Plan expenses, they are to be used to reduce the employer's contribution. For the year ended December 31, 2022, no expenses or employer contributions were paid from forfeited nonvested accounts. Forfeited nonvested accounts totaled \$6,350 and \$4,237 on December 31, 2022 and 2021, respectively.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Plan Budget Account: Under the Amendment to the Administrative Services Agreement between the recordkeeper, ADP Retirement Services (“ADP”) and the Plan Sponsor, the recordkeeper deposits quarterly revenue sharing payments to the Plan Budget Account (“PBA”). The payments are used to offset ERISA-qualified administrative expenses of the Plan.

The PBA balances are invested in mutual funds or collective trusts that serve as investment funds available to participants and beneficiaries under the Plan. Credits in the PBA may be allocated to participant accounts to offset participant expenses under the Plan. Any unused PBA funds at the end of the Plan year are accumulated and used to offset future Plan expenses. For the year ended December 31, 2022, the Plan’s administrative expenses, net of revenue sharing, reflect \$0 of revenue sharing credits in the PBA, offset by \$0 of Plan expenses paid from the PBA. At December 31, 2022 and 2021, the Plan’s PBA had a total balance of \$1,172 and \$1,154, including interest, respectively.

Benefits Paid: At December 31, 2022 and 2021, there were no benefits payable recorded for Plan corrections.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Administrative Committee determines the Plan’s valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year. Net investment returns reflect certain fees paid by the investment funds to their affiliated investment advisors, transfer agents, and others as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan’s investment earnings activity and thus are not separately identifiable as an expense.

Notes Receivable from Participants: Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Corrective Contributions: Corrective contributions include qualified nonelective contributions or other plan corrections and are generally recorded in the year of the event as ‘other employer contributions’ in the statement of changes in net assets available for benefits. Any associated receivable is presented as ‘other employer contribution receivable’ as of the Plan’s year-end.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Corrective Distributions: Corrective distributions, including Plan corrections, and the associated liability, are generally recorded in the Plan year deemed payable to participants.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Generally, all expenses of maintaining the Plan are shared by the Plan and the Plan Sponsor. The Plan's individual account fees and expenses are charged directly to participant accounts. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Certain expenses of maintaining the Plan paid by the Plan Sponsor are excluded from these financial statements.

Subsequent Events: The Plan has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company ("Reliance"), the trustee of the Plan.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification Topic 820 (ASC Topic 820) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

(Continued)

PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Mutual funds, which are actively traded, are valued at quoted market prices on nationally recognized securities exchanges and represent the net asset value (NAV) of shares held by the Plan at year-end and are classified as Level 1 within the valuation hierarchy.

Collective Trusts: Collective trust funds are valued based upon the units of the collective trust funds held by the Plan at year end times the respective unit value. The collective trust funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the fund manager, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business fashion. The Plan's investment in the funds is not subject to any withdrawal restrictions, and distributions may be taken at any time

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Fair Value as of December 31, 2022				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

(a) In accordance with ASC Topic 820, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the NAV per Share as a Practical Expedient

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions or redemption notice periods for these investments.

		<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
<u>December 31, 2022</u>					
Collective trusts	\$	5,867,665	N/A	Daily	None
<u>December 31, 2021</u>					
Collective trusts	\$	7,473,962	N/A	Daily	None

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 – TAX STATUS

The Plan is a volume submitter profit sharing plan with 401(k) features established by ADP, LLC. The Plan has received an opinion letter from the IRS dated October 6, 2020 that the form of plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC"). The Company has not sought an individual determination letter for the Plan and is relying on the opinion letter, as provided for in Revenue Procedure 2005-16. Although the Plan has been amended since the volume submitter profit sharing plan with 401(k) features was adopted, the Plan Administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for the years prior to 2019.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility risk, including global events, such as the coronavirus pandemic. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 –PARTY-IN-INTEREST TRANSACTIONS

During 2022 and 2021, ADP was the recordkeeper of the Plan and Reliance was the trustee. The financial statements include Plan recordkeeping expenses paid by the Plan. Fees paid during the year for accounting and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

The Plan issues notes to its participants, which are secured by the participants' balance. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.
