Investment Committee
Pediatric Home Service Employees Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pediatric Home Service Employee Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of delinquent participant contributions as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Pediatric Home Service Employees Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Pediatric Home Service Employees Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Pediatric Care Holdings, LLC (the Company) not covered by a collective bargaining agreement. The Company is responsible for oversight of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (the Code). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may elect to contribute up to 100% of pretax annual compensation, as defined in the Plan, up to the maximum allowed by the Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. In addition to participants' contributions, the Company contributes matching contributions equal to 50% of the first 6% of the participant's eligible compensation contributed to the Plan. Contributions are subject to certain statutory limitations.

Participant accounts: Each participant's account is credited with the participant's elective contributions, the Company's contributions, and allocations of investment results and administrative expenses that are paid by the Plan. Allocations are based on participants' earnings, account balances or specific transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and the actual earnings thereon. Vesting in the Company's matching contributions plus actual earnings thereon is based on years of credited service. A participant becomes 20% vested after two years of credited service, vests ratably over years two through six, and is 100% vested after six years of credited service. A participant is also fully vested in their entire account balance upon the earliest occurrence of death, permanent disability, attainment of age 65 or Plan termination.

Notes receivable from participants: Participants may borrow from their vested accounts a minimum of \$1,000, up to a maximum of equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance during the one-year period ending the day before the loan request. Participants may have a maximum of one note receivable outstanding at a time. Notes receivable are secured by the remaining balance in the participant's vested account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. The terms require principal and interest payments through payroll deductions, and notes receivable generally have a term of not more than five years, except as permitted in accordance with Plan provisions. Upon termination of employment, the balance of any outstanding notes receivable becomes due immediately. Notes receivable are also subject to the deduction of certain origination and processing charges. Notes receivable from participants have interest rates ranging from 4.25% to 8.00%, and mature at various dates through November 2045.

Participants' investment options: Upon enrollment in the Plan, a participant may direct contributions in whole percentages to various investment options, as more fully described in the Plan's literature. Participants may change their investment options daily.

Note 1. Plan Description (Continued)

Payment of benefits: Upon termination of service for any reason, including death or permanent disability, a participant's vested interest in his or her account will be paid out in a lump sum. Active participants with hardships and those reaching the normal retirement age of 59½ may also receive benefit payments, as defined by the Plan. If a participant terminates with a vested balance of less than \$1,000, the amount of their vested balance will be distributed to the participant in a lump-sum payment. If the vested balance is less than \$5,000 but greater than \$1,000, the balance will be transferred into a qualified individual retirement account for the participant, unless the participant elects a lump-sum payment.

Hardship withdrawals: If approved by the Plan Administrator, a participant may withdraw the vested portion of his or her elective deferral account balance to satisfy any of the following immediate and heavy financial needs: unreimbursed medical expenses for qualified persons, purchase of a principal residence, to prevent eviction from or foreclosure on a principal residence, to pay for postsecondary education expenses for qualified persons, funeral expenses or for expenses that qualify as a casualty deduction under the Code. Prior to receiving a hardship withdrawal, a participant must first exhaust all other options, including a loan from the participant's account.

Forfeited accounts: At December 31, 2022 and 2021, forfeited nonvested accounts totaled approximately \$22,000. These accounts will be used to fund future employer matching contributions or pay Plan expenses. During the year ended December 31, 2022, forfeitures of approximately \$42,000 were used to fund employer matching contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value (except for any fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Investment Committee determines the Plan's valuation policies, utilizing information provided by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the trustees of the Plan. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Pediatric Home Service Employees Savings Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded at December 31, 2022 and 2021. Delinquent notes receivable from participants are recorded as a distribution based on the term of the Plan document.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purpose and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—schedule of assets (held at end of year).

Payment of benefits: Benefit payments to participants are recorded when paid.

Administrative expenses: The majority of the administrative expenses are paid by the Plan; however, the Company may also pay certain administrative expenses of the Plan. Administrative expenses that are paid by the Company are excluded from these financial statements. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Investment-related expenses are included in net depreciation in fair value of investments.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 12, 2023, the date on which the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Plan Trustees

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, that was prepared or derived from information provided by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the trustees, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustees that the information provided to the Plan Administrator by the trustees related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule related to the following assets certified by the trustees:

	2022	2021
Investments, at fair value:		
Registered investment companies	\$ 26,581,522	\$ 31,883,029
Investments, at contract value:

Notes receivable from participants	303,637	374,366
	<u>\$ 27,193,163</u>	<u>\$ 32,896,950</u>

Pediatric Home Service Employees Savings Plan

Notes to Financial Statements

Note 3. Information Certified or Provided by the Plan Trustees (Continued)

The trustees also certified to the completeness and accuracy of \$6,259,550 of net depreciation in fair value of investments, \$1,039,109 of dividends and interest, and \$24,579 of other income related to the aforementioned investments, and \$15,856 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

Accounting standards established the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. For the year ended December 31, 2022, there were no significant transfers between Level 1 and Level 2 and no transfers in or out of Level 3.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Registered investment companies: Registered investment companies are valued at quoted prices for identical investments in active markets for shares held.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Pediatric Home Service Employees Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 26,581,522	\$ -	\$ -	\$ 26,581,522

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 31,883,029	\$ -	\$ -	\$ 31,883,029

Note 5. Fully Benefit-Responsive Investment Contract

The Plan has a traditional group annuity contract with Great-West Life & Annuity Insurance Company that invests contributions in the Key Guaranteed Portfolio Fund. The fund is credited with interest earned based on the stated interest rates over the life of the contract. Withdrawals can be made at any time for the purpose of participant withdrawals or benefit payments at contract value. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed by the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.10%. The crediting rate is reviewed annually for resetting. The contract cannot be terminated before the scheduled maturity date. The contract meets the fully benefit-responsive investment contract criteria, and therefore, the fund is reported in the financial statements at contract value. Contract value, as reported to the Plan Administrator by Great-West Life & Annuity Insurance Company, represents contributions made under the contract, plus earnings, less any participant withdrawals, benefit payments and administrative expenses.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under section 401(a) of the Code or the failure of the trust to be tax-exempt under section 501(a) of the Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations

Pediatric Home Service Employees Savings Plan

Notes to Financial Statements

Note 5. Fully Benefit-Responsive Investment Contract (Continued)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are a group annuity contract issued by Great-West Life & Annuity Insurance Company and shares of registered investments managed by Great-West Trust Company, LLC, the trustees of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Additionally, administrative and record-keeping fees for the Plan are paid to Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC.

Note 8. Tax Status

The Plan is qualified under section 401 of the Code and is exempt from federal and state income taxes. The prototype plan adopted by the Plan obtained its latest opinion letter June 30, 2020, in which the Internal Revenue Service (IRS) stated that the underlying prototype plan was in compliance with the applicable requirements of the Code. The Plan has been amended subsequent to the version of the prototype plan receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate income tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
