INDEPENDENT AUDITOR'S REPORT

October 3, 2023

To the Plan Administrator of the
PRICE INDUSTRIES, INC. 401K RETIREMENT PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of PRICE INDUSTRIES, INC. AZ UNION 401(K) PLAN, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of PRICE INDUSTRIES, INC. AZ UNION 401(K) PLAN'S financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the years then ended, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above relates to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PRICE INDUSTRIES, INC. AZ UNION 401(K) PLAN and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Merger

Effective December 31, 2022, PRICE INDUSTRIES, INC. AZ UNION 401(K) PLAN merged into a related Plan sponsored by PRICE INDUSTRIES, INC. The Net Assets of the Plan were transferred to PRICE INDUSTRIES, INC. 401(K) PLAN resulting in a zero balance on the Statement of Net Assets Available for Benefits as of December 31, 2022.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PRICE INDUSTRIES, INC. AZ UNION 401(K) PLAN'S ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PRICE INDUSTRIES, INC. AZ UNION 401(K) PLAN'S internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PRICE INDUSTRIES, INC. AZ UNION 401(K) PLAN'S ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

AZ UNION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Price Industries, Inc. (the Company) AZ Union 401(k) Plan (the Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

General

The Plan is a defined contribution plan covering substantially all eligible employees of the Company who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective December 31, 2022, the Plan merged 100% of the Net Assets Available for Benefits into a related Plan sponsored by the Company.

Contributions

Participants may elect to defer a percentage of their annual compensation subject to annual deductibility limits specified under the Internal Revenue Service limitations. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans (rollover).

The Plan also allows the Company to make discretionary matching contributions. During the years ended December 31, 2022 and 2021 the Company matched 50% of the first 6% of compensation that a participant contributed to the Plan as outlined in the Collective Bargaining Agreement.

Participant Accounts

Each participant's account is credited with the participant's deferral contributions, the Company's matching contributions, and a proportionate interest in the investment earnings or losses of the funds which the contributions are invested. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balance, or specific participant transactions, as defined. Participants may direct employee contributions to any of the plan's investment alternatives and may transfer among investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at 5.25% to 9.00%, which is commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service, death, disability, or retirement, the participant or their beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may request a withdrawal of a portion of their employee contribution account balance if they can demonstrate financial hardship as defined by the Plan. The Plan also allows for in-service withdrawal for participants who have attained age 59 1/2 and have met all vesting requirements previously mentioned.

Forfeited Accounts

At December 31, 2022 the balances in forfeited nonvested accounts were transferred to PRICE INDUSTRIES, INC. 401(K) PLAN sponsored by the Company. In 2021, forfeited nonvested accounts \$118, respectively. These accounts will be used to reduce future employer contributions or to pay administrative expenses of the Plan. In 2022 and 2021, plan expenses were reduced by \$1,529 and \$12,064, respectively, and employer contributions were reduced by \$7,689 and \$3,529, respectively, from forfeited nonvested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

PRICE INDUSTRIES, INC.
AZ UNION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company as provided by the Plan document, except for certain account activity charges which are paid from the accounts of the participants that incurred the charge. Investment management fees and 12B-1 distribution fees are paid by the Plan in the form of reductions of net investment income earned by Plan participants.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

PRICE INDUSTRIES, INC.
AZ UNION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: Valued at fair value reported by the fund manager based on the underlying investments within each fund and are expressed in units representing the net asset value of each fund by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value, on a recurring basis, as of December 31, 2022 and 2021:

All investments were transferred out of the Plan and in to the Price Industries, Inc. 401(K) Plan as of December 31, 2022.

Fair Value Measurements				
At December 31, 2021				
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ 2,022,444	\$ -	\$ -	\$ 2,022,444
Total Investments at fair value	\$ 2,022,444	\$ -	\$ -	\$ 2,022,444

NOTE 4 - TRANSFER OF ASSETS

For the years ended December 31, 2022 and 2021, \$1,899,889 and \$0, respectively, were transferred out of the Plan to the Price Industries, Inc. 401(K) Plan. During 2021, transfers were based on the employment status of the participants transferred. The transfers in 2022 were as a result of the Plan merging into the Price Industries, Inc. 401(K) Plan. This plan is sponsored by a related entity.

NOTE 5 - RELATED-PARTY TRANSACTIONS

Plan investments include shares of pooled separate accounts available through the group annuity contract with John Hancock Life Insurance Company. John Hancock Life Insurance Company is the custodian as defined by the plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for investment management services are included in net investment income.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

NOTE 7 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

All investment information and transactions in those assets included in the accompanying financial statements at December 31, 2022 and 2021 were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Plan's custodian.

NOTE 8 - TAX STATUS

The Plan is a non-standardized pre-approved profit sharing/money purchase/CODA Plan and the Internal Revenue Service has determined on November 30, 2020, that the plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has not obtained an individual determination letter and has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
