INDEPENDENT AUDITOR'S REPORT

October 5, 2023

To the Plan Administrator of the
Metro Health 403 (b) Retirement Savings Plan
Wyoming, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We were engaged to perform audits of the financial statements of Metro Health 403 (b) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Metro Health 403 (b) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of Metro Health 403 (b) Retirement Savings Plan. Because of the significance of the matters described in the *Basis for Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Metro Health 403 (b) Retirement Savings Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note B to the financial statements, the Metro Health 403 (b) Retirement Savings Plan has excluded from investments in the accompanying statement of assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Metro Health 403 (b) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Metro Health 403 (b) Retirement Savings Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the *Basis for Disclaimer of Opinion on the Financial Statements* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Metro Health 403 (b) Retirement Savings Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion on the Financial Statements* section of our report, it is inappropriate to, and we do not express an opinion on this supplemental schedule.

The following description of Metro Health 403 (b) Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 403(b) plan covering substantially all employees of University of Michigan Health – West (Organization), the Plan's sponsor. Eligible employees can become participants in the Plan on the employee's date of employment. Employees become eligible for employer matching contributions and employer discretionary contributions on the first entry date after the employee completes six months of participation service, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make contributions to the Plan through payroll deductions from each participant's compensation, as defined, subject to statutory limitations. Upon satisfying eligibility requirements, an employee who is regularly scheduled to work at least 20 hours per week shall automatically defer 3% of eligible compensation, unless an alternate election is made. In addition, the automatic deferral will be annually increased by 1% of compensation on each subsequent January 1 until it reaches 6%. Participants that meet certain criteria are eligible to make catch-up contributions to the Plan. The Plan also allows participants to transfer funds from other qualified plans into the Plan.

The Organization may elect to make matching contributions. Matching contributions are made for each pay period if pay deferral contributions are made on behalf of the participant with regard to the pay period. The participant must be regularly scheduled to work 20 hours of service a week or have completed at least 1,000 hours of service during that plan year. The Organization will also make a true-up contribution for the plan year. The Organization made matching contributions of 50% of the first 4% of eligible wages deferred during the years ended December 31, 2022 and 2021.

The Organization may elect to make discretionary contributions. Discretionary contributions are allocated to eligible employees who are employed on the last day of the plan year, regularly scheduled to work 20 hours of service a week or have completed at least 1,000 hours of service during that plan year. There was no discretionary contribution made for the year ended December 31, 2022. A discretionary contribution of \$3,381,768 was made for the year ended December 31, 2021.

Note A – Description of Plan (Continued)

Plan Operations

The Organization has appointed Principal Trust Company (Trustee) to serve as Trustee of the Plan. The Organization has been appointed to act as plan administrator. The Trustee is responsible for holding the investment assets of the Plan, executing investment transactions, and making distributions to participants. The plan administrator interprets and communicates the provisions of the Plan and ensures that all government and participant reporting requirements are fulfilled. The Plan's fiduciary committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment strategy, and monitors investment performance.

Participant Accounts

Individual accounts are maintained for each participant, with benefits limited to the amount contributed to the participant's account plus or minus any allocation of income, expenses, gains, or losses. Allocations to participant accounts are based on compensation or account balances, as specified by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan allows a participant to self-direct investment transactions associated with separate investment fund options made available by the employer for this purpose.

Vesting

Participants are always 100% vested in salary deferral, matching, and rollover accounts. Discretionary non-elective contributions become fully vested after completing three years of service.

Loans to Participants

Under certain conditions, a participant may obtain a loan from the Plan. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the participant's highest outstanding loan balance during the 12-month period ending before the loan is made, or one half of the participant's nonforfeitable interest in the Plan. The loan will bear interest at a reasonable rate, be adequately secured, and not exceed a period of five years (unless secured by a principal residence). Principal and interest repayments are made through payroll deductions.

Payment of Benefits

On termination of service, a participant may elect to receive a lump sum payment equal to the vested interest in his or her account or installment payments. In-service withdrawals are also permitted after having attained age 59½ or in cases of financial hardship.

NOTES TO FINANCIAL STATEMENTS

METRO HEALTH 403 (b) RETIREMENT SAVINGS PLAN

December 31, 2022 and 2021

Note A – Description of Plan (Continued)

Costs and Expenses

Certain trustee fees, transaction fees, and other administrative expenses are paid by the Plan and are based on reasonable and customary rates. Certain other costs and expenses incurred in connection with the operation of the Plan are borne by the Organization.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts are used to reduce employer contributions or pay Plan expenses. The balance in the forfeiture account at December 31, 2022 and 2021 was \$79,124 and \$10, respectively. Forfeitures of \$65,647 and \$23,441 were used as allowed by the Plan during the years ended December 31, 2022 and 2021, respectively.

Note B – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported in the Plan's financial statements at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Income from interest is recorded as it is earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis. Net appreciation or depreciation of investments is determined using the value at the beginning of the year or purchase price if acquired since that date. Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

NOTES TO FINANCIAL STATEMENTS

METRO HEALTH 403 (b) RETIREMENT SAVINGS PLAN December 31, 2022 and 2021

Note B – Summary of Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the participant's account and are included in administrative expense when incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document; therefore, an allowance for credit losses is not considered necessary at December 31, 2022 and 2021.

Benefits

Benefits are recorded when paid.

Excluded Contracts

The plan administrator has elected to exclude certain contracts and accounts from plan assets in accordance with Department of Labor's Field Assistance Bulletin No. 2009-02 due to the following:

- the contract or account was issued to a current or former employee before January 1, 2009
- the employer ceased to have any obligation to make contributions (including employee salary reduction contributions), and in fact, stopped making contributions to the contract or account before January 1, 2009
- all the rights under the contract or account are legally enforceable against the insurer by the individual owner of the contract or account without any involvement by the employer
- the individual owner of the contract should be fully vested in the contract or account

Because the plan administrator has elected to exclude certain contracts in accordance with Department of Labor's Field Assistance Bulletin No. 2009-02, the excluded contracts are not in accordance with accounting principles generally accepted in the United States of America and, accordingly, it is not intended that these financial statements be presented in accordance with accounting principles generally accepted in the United States of America.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 5, 2023, which is the date the financial statements were available to be issued.

Note C – Fair Value Measurements

The Plan's investments, except for the guaranteed investment contract, are reported at fair value in the accompanying statements of assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets and liabilities in markets that are not active
- other inputs that are observable or can be corroborated by observable market data
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs are generally unobservable and significant to the fair value measurement. Such inputs typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability, including certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued based on quoted net asset values of the shares held by the Plan on the last business day of the plan year.

NOTES TO FINANCIAL STATEMENTS

METRO HEALTH 403 (b) RETIREMENT SAVINGS PLAN

December 31, 2022 and 2021

Note C – Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>December 31, 2022</u>				
Mutual funds	\$ 131,858,115	\$ -	\$ -	\$ 131,858,115
<u>December 31, 2021</u>				
Mutual funds	\$ 146,278,618	\$ -	\$ -	\$ 146,278,618

Note D – Investment Contract with Insurance Company

Plan assets include a fully benefit-responsive group annuity fixed income contract issued by the Principal Life Insurance Company (Principal Life). The methodology for calculating the interest crediting rate is defined in the terms of the contract. Under terms of the existing contract, the crediting rate is reset on a semiannual basis and will never be less than 1%. The interest rate credited was 1.75% and 1.55% for the years ended December 31, 2022 and 2021, respectively.

As described above, because the fixed income contract is fully benefit responsive, contract value is the relevant measure attribute for that portion of the assets available for benefits attributable to the contract. Contract value, as reported to the Plan by Principal Life, represents contributions made under the contract, plus earnings at guaranteed crediting rates, less participant withdrawals and fees. There are no events that could limit the ability of the Plan to transact at contract value paid within twelve months. There are not any events that allow the issuer to terminate the contract, and which require the plan sponsor to settle at an amount different than contract value paid within twelve months. Participants may ordinarily direct permitted withdrawals or transfer of all or a portion of their investment at contract value within reasonable timeframes.

Note E – Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

METRO HEALTH 403 (b) RETIREMENT SAVINGS PLAN

December 31, 2022 and 2021

Note F – Information Certified by Trustee

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments and interest and dividends for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

Note G – Party-In-Interest Transactions

Fees paid by the Plan to parties-in-interest for services rendered to the Plan were \$365,204 and \$436,003 for the years ended December 31, 2022 and 2021, respectively. Such fees were based on reasonable and customary rates.

Note H – Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

Note I – Tax Status

The Plan terms have been drafted in reliance on the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Internal Revenue Code (IRC) to maintain the tax-exempt status for plan participants under Section 403(b). The plan administrator and the Plan's tax counsel believe that the Plan and related trust is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.
