REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees and Plan Participants and their Beneficiaries
Miller Waste Mills, Inc. 401(k) Plan and Trust

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Miller Waste Mills, Inc. 401(k) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2022 and delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules, that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - PLAN DESCRIPTION

The following description of the Miller Waste Mills, Inc. (the “Company”, “Plan Sponsor” and “Plan administrator”) 401(k) Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan was established on June 22, 1954. The Plan was last amended effective January 1, 2021 in order to add a qualified automatic contribution arrangement and permit Roth elective deferrals.

Eligibility

All employees of the Company who have reached age 18 and are not covered by a collective bargaining agreement are eligible to participate in the Plan after completion of two months of service, as defined by the Plan. Leased employees and non-resident aliens are not eligible to participate in the Plan. Eligible employees are allowed to enter the Plan at the beginning of each quarter.

Funding Policy

Participants may make pre-tax and Roth deferral contributions in 1% increments up to 100% of eligible compensation. Participants satisfying certain criteria are permitted to make catch-up contributions. Participants may also make rollover contributions to the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Plan includes an automatic increase provision whereby, unless otherwise elected, deferral contributions will increase by 1% on January 1 of the plan year up to a maximum of 6%. The Plan provides for employer matching contributions in amounts equal to 100% of elective deferral contributions for the first 1% and 50% of each subsequent percentage up to 6% of eligible compensation contributed to the Plan by a participant. These contributions are based on compensation as defined by the Plan and are subject to certain limitations contained in the Plan and defined by ERISA.

Vesting

Participant elective deferral and rollover contributions plus actual earnings thereon are fully vested and non-forfeitable at all times. Employer matching contributions are 0% vested for any period of service less than two years and 100% vested after two years of service. The Plan also provides for 100% vesting at the normal retirement date, upon involuntary termination which is not caused by an act of the Employer because of the Participant’s dishonesty, misconduct, or insubordination, and upon death or permanent disability, as defined by the Plan.

Forfeitures

Participants who are not 100% vested in the employer matching contribution will forfeit the non-vested amount upon termination of employment. Forfeitures of terminated participants’ non-vested amounts are used to reduce employer matching contributions in accordance with the Plan agreement. Forfeitures used to reduce employer matching contributions totaled \$80,136 and \$65,883 in 2022 and 2021, respectively. Unallocated forfeitures was \$0 as of December 31, 2022 and 2021.

Participant Accounts

Participant accounts are credited with participant contributions (elective deferral, catch-up and rollover), employer matching contributions, an allocation of the Plan's earnings or losses and an allocation of certain administrative expenses. Allocations of Plan earnings or losses and certain administrative expenses are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account balance.

Benefits Paid to Participants

On termination of service due to death, total and permanent disability, termination of employment, retirement, liquidation or dissolution of the Plan Sponsor, or termination of the Plan, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, net of tax, or equal monthly installments over a determined period. If the vested balance exceeds \$5,000, a participant can elect to keep the vested account balance in the Plan, receive a lump-sum distribution equal to the value of the participant's vested interest in their account, net of tax, or to roll over the entire vested portion to a qualified plan.

If the vested account balance exceeds \$1,000 but is less than \$5,000, the Plan will pay the mandatory distribution in a direct rollover to an individual retirement account designated by the Plan Administrator. If the vested account balance does not exceed \$1,000, a lump-sum distribution, net of tax, will be made.

The Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law on March 27, 2020. The following provision was implemented by the Plan in response to the CARES Act:

- Participants were allowed to request penalty free distributions up to \$100,000 from the 401(k) account for reasons related to COVID-19.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Investment Options

All funds of the Plan are participant directed. Participants may direct the investment of their account balance into various funds and may transfer assets in their accounts between funds on a daily basis.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

The Plan holds a guaranteed interest account with Principal. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest account promises contract value for a benefit event (termination, death, disability and retirement); however, there is a possible surrender charge when funds are withdrawn prior to their maturity. Thus, the guaranteed interest account is considered non-benefit responsive. Fair market value is the amount that would be received were the funds to be withdrawn or transferred within the Plan prior to maturity. This fair market value represents guaranteed interest account contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. This value represents contributions allocated to the guaranteed interest account, plus interest at the contractually guaranteed rate, less funds used to pay benefits and insurance company's administrative expenses. All withdrawals from the guaranteed interest account are made at either book value, the lesser of book or market value, or market value depending upon the withdrawal type as outlined in the contracts. Book value equals the sum of all contributions made to the participant account plus interest owed less all asset charges, fees and any previous withdrawals. The contracts are therefore included in the financial statements at fair value as reported to the Plan by Principal. Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation (Depreciation) in Fair Value of Investments

Net appreciation (depreciation) in the fair value of investments represents the net realized gains (losses) and net unrealized appreciation (depreciation) on investments. The realized gains (losses) on investments are the difference between the proceeds received and the carrying value of investments sold determined on an average cost basis, or fair value at the end of the previous year, whichever is applicable. Unrealized appreciation (depreciation) is the change in the difference between the fair value and the cost of the investment or the fair value at the end of the previous year, whichever is applicable.

Benefits Paid to Participants

Benefits paid to participants are recorded by the Plan when paid.

Administrative Expenses

Administrative expenses are paid by the Plan Sponsor, except for contract administration fees, which are paid by the Plan.

Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Use of Estimates

Preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported

401(k) Plan and Trust**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

amount of assets, liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The Plan evaluated its December 31, 2022 financial statements for subsequent events through October 13, 2023, the date the financial statements were available to be issued. The Plan administrator is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

NOTE C - INVESTMENTS

Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurement and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end based on active market prices.

Collective trust fund: Valued at NAV as a practical expedient to fair value of the units held by the Plan at year end.

Pooled separate accounts: Valued at the NAV of units held by the pooled separate account. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV for the pooled separate account is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

**Miller Waste Mills, Inc.
401(k) Plan and Trust**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Guaranteed interest account: The guaranteed interest account provides a guaranteed interest rate for a specified period of time as determined, or allowed, by the Plan. The underlying assets of the accounts consist principally of group annuity contracts invested in fixed income securities, intermediate term bonds, and commercial mortgages.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

NOTE D- CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, a member of the Principal Financial Group, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net investment (loss) income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- Schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2022.

NOTE E - INCOME TAX STATUS

The Plan adopted a prototype basic plan document which received an opinion letter from the IRS on June 30, 2020, which stated that the prototype basic plan document is designed in accordance with the applicable sections of the IRC. The Company has determined that it is eligible to and has chosen to rely on the current IRS opinion letter. The Plan has adopted other discretionary amendments. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - RELATED PARTIES

The Plan Sponsor has been designated as the Plan administrator and certain employees of the Plan Sponsor provide administrative services to the Plan. These services are provided at no cost to the Plan. Certain administrative and trust fees are paid by the Plan Sponsor. Principal Trust Company serves as trustee for the Plan and these services are paid by the Plan Sponsor.

Certain Plan investments are managed by Principal Trust Company, the trustee of the Plan. Contract administration service fees charged by the trustee to the Plan totaled \$156,866 and \$145,456 for the years ended December 31, 2022 and 2021, respectively. These transactions qualify as party in interest transactions.

NOTE G - RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of total deductions per the financial statements to total expenses per the Form 5500 for the years ended December 31, 2022 and 2021:
