INDEPENDENT AUDITORS' REPORT

To the Trustees
Poplar Healthcare Retirement Plan
Memphis, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Poplar Healthcare Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits in liquidation as of December 29, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits in liquidation for the period ended December 29, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements of information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification letters from a qualified institution as of December 29, 2022 and December 31, 2021 and for the period ended December 29, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Poplar Healthcare Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Poplar Healthcare Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are issued (or within one year after the financial statements are available to be issued when applicable).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provision, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of a Matter

As further discussed in Note J to the financial statements, effective December 29, 2022, the Plan merged into the Path AI 401(k) Plan and the plan participants immediately became participants of the Path AI 401(k) Plan. In accordance with GAAP, the Plan has presented the December 29, 2022 and December 31, 2021 financial statements on the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of delinquent participant contributions at December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to, or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Poplar Healthcare Retirement Plan
NOTES TO FINANCIAL STATEMENTS

NOTE A - PLAN DESCRIPTION

The following description of Poplar Healthcare Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Poplar Healthcare, PLLC (the “Company”) who have one year of service and are age twenty-one or older. For purposes of elective deferrals, employees who are twenty-one or older are eligible to participate immediately. The Plan allows other employers to adopt its provisions. Another participating employer of the Plan is Poplar Healthcare Management, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

For 2022, participants may elect to contribute up to \$20,500 of pretax annual compensation, as defined by the Plan. Additionally, participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions (maximum catch-up contribution for 2022 is \$6,500). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and interest-bearing cash as investment options for participants. The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of participant’s elective deferrals each pay period. Each year, the Company will determine the formula for the discretionary matching contribution. The Company also may make a discretionary non-elective contribution to the Plan each year. Contributions are subject to certain limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, employer matching, and an allocation of (a) the Company’s contribution and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTE A - PLAN DESCRIPTION - CONTINUED

Vesting

Participants are immediately vested in their elective deferrals (including catch-up contributions) and rollover contributions, plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of service in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0
2	20
3	40
4	60
5	80
6 or more	100

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account for amounts not exceeding \$5,000. If the participant's vested account balance exceeds \$5,000, the participant may elect to receive a single lump-sum payment of entire account balance or a portion of account balance, or monthly, quarterly, semi-annual or annual installments over a period of not more than the participant's assumed life expectancy.

Forfeited Accounts

At December 29, 2022, forfeited nonvested accounts totaled \$0. These accounts will be used first to pay any administrative expenses, then to reduce future employer matching and employer non-elective contributions. In 2022, \$181,006 from forfeited nonvested accounts was used to reduce employer contributions.

Plan Termination

The Company has the right to terminate the Plan at any time subject to the provisions of ERISA. On December 29, 2022, the Company merged the Plan into the Path AI 401(k) plan. Upon the merger, participants in the Plan immediately became participants in the Path AI 401(k) plan.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Poplar Healthcare Retirement Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE B - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by Capital Bank and Trust Company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued.

NOTE C - INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The following is a summary of the Plan's information as of December 29, 2022 and December 31, 2021, and for the period ended December 29, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Capital Bank and Trust Company, the custodian of the Plan. The Plan Administrator has obtained certification from the custodian that the information provided to the Plan Administrator by the custodian related to the following information is complete and accurate:

	<u>2022</u>	<u>2021</u>
Investments	\$ -	\$27,917,696
Investment income		
Net depreciation in fair value of investments	(5,856,449)	
Dividends and Interest	879,248	
Other income	132,713	

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE D - FAIR VALUE MEASUREMENTS - CONTINUED

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 29, 2022 and December 31, 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	<u>Assets at Fair Value as of December 31, 2021</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Interest-bearing cash	\$ 748,082	\$ -	\$ -	\$ 748,082
Mutual funds	<u>27,169,614</u>	<u>-</u>	<u>-</u>	<u>27,169,614</u>
Investments at fair value	<u>\$27,917,696</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$27,917,696</u>

NOTE E - PARTY -IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by American Funds. American Funds is an affiliate of Capital Bank and Trust Company, the custodian of these investments and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments.

NOTE H - TAX STATUS

Effective June 30, 2020 (initial effective date was October 1, 1997), the Plan adopted an amended and restated non-standardized form of a prototype plan sponsored by American Funds Distributors, Inc. The Plan has since been amended, effective May 14, 2021. Adopters of the non-standardized version of the Plan may not rely on an opinion letter from the Internal Revenue Service as to the Plan's qualified status. As such, the plan has not received a determination letter specific to the plan itself; however, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - LIQUIDATION SHORT PERIOD

The statement of net assets available for benefits includes the year ending December 31, 2021, and the period ending December 29, 2022. The short period was the period during which the Plan fully liquidated and transferred the remaining net assets available for benefits to the new Path AI 401(k) Plan.

NOTE K - PROHIBITED TRANSACTIONS

During 2022, the Plan sponsor inadvertently failed to deposit \$47,172 of participant contributions within the required timeframe as stated by the United States Department of Labor (DOL) regulations. The Company has remitted the contributions and is computing the lost earnings on these contributions and will subsequently remit the lost earnings to the Plan.
