REPORT OF INDEPENDENT AUDITORS

To the Participants and Trustees of
International Association of Sheet Metal,
Air, Rail, and Transportation Workers
(SMART) Local Union No. 36 401(k) Plan

Opinion

We have audited the financial statements of International Association of Sheet Metal, Air, Rail, and Transportation Workers (SMART) Local Union No. 36 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits - modified cash basis for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of International Association of Sheet Metal, Air, Rail, and Transportation Workers (SMART) Local Union No. 36 401(k) Plan as of December 31, 2022 and 2021, and the changes in net assets available for benefits for the years then ended, in accordance with the modified cash basis of accounting as described in Note 2.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

(SMART) LOCAL UNION NO. 36 401(K) PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

NOTE 1. DESCRIPTION OF THE PLAN

International Association of Sheet Metal, Air, Rail, and Transportation Workers (SMART) Local Union No. 36 401(k) Plan (the Plan) was established during 1996 as a result of collective bargaining agreements between Sheet Metal, Air, Rail and Transportation Workers (SMART) Local Union No. 36 (the Local) and the St. Louis chapter of Sheet Metal and Air Conditioning Contractors Association (SMACNA). The Plan is primarily funded by employer contributions and participant deferrals. The Plan is a multiemployer defined contribution retirement plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Benefits are not insured by the Pension Benefit Guaranty Corporation.

Under current provisions of the Plan, individuals become eligible to participate in the Plan on the first day that employer contributions are received on their behalf. Employer contributions were paid at a rate of \$0.50 per hour worked for the years ended December 31, 2022 and 2021. Additionally, participants may elect to defer contributions from their hourly compensation, as defined by the Plan, in increments of \$0.10, subject to limits set forth under the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified retirement plans.

Contributions to the Plan are invested as directed by the participant in various investment options. In the absence of participant direction, contributions are invested in a default investment fund. Participants must evaluate their own investment goals and objectives and choose the funds best suited to achieve those goals and objectives. Poor investment performance by the investments selected by the participants may cause their balances to be lower than the amounts contributed on their behalf.

Each participant's account is fully vested at all times and is maintained so as to separately reflect the amounts attributable to employer contributions and participant contributions as well as an allocation of earnings or losses, and administrative expenses. Allocations are based on participant earnings or losses or account balances as defined by the Plan. Participant accounts are charged a quarterly fee, which was equal to \$21.25 for the year ended December 31, 2022 and \$23.75 for 2021. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

The Plan allows participants to take a withdrawal from their account upon retirement, disability, death or termination of service. Participants may also receive a distribution under the hardship withdrawal provisions of the Plan.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

While the participants are fully vested in their entire account balance at all times, their balance may be subject to forfeiture under the following circumstances: a) a participant is eligible to apply for a benefit; b) for a period of three years thereafter has not filed an application for benefits or otherwise communicated in writing with the Plan; and c) the participant fails to communicate in writing with the Plan a current mailing address one year after communication attempts by the Plan. Participants may file an application for benefits to restore forfeited amounts. Total forfeitures for the years ended December 31, 2022 and 2021 were \$0 and \$102, respectively.

At December 31, 2022 and 2021, net assets available for benefits include unallocated amounts totaling \$245,137 and \$247,932 respectively, which are available to pay administrative expenses of the Plan.

Participants should refer to the summary plan description for more information.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements have been prepared on the cash basis of accounting, modified to record assets or liabilities that arise from cash transactions and events which provide a benefit or result in an obligation that covers a period greater than the period in which the cash transactions or events occurred. The modifications result in the recording of certain liabilities on the statements of net assets available for benefits. Except for unrealized gains or losses on investments, all transactions are recognized as either revenue or expenses when received or paid in cash. The modified cash basis of accounting is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP).

Investments - The investments of the Plan are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. For all other investments, the fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price).

Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of the investments are reflected on a trade-date basis.

Plan Administration - The Plan is maintained under an agreement with Prudential Retirement Services (Prudential), who has custody of the assets of the Plan and makes payments to participants at the direction of the Trustees. During 2022, Prudential was acquired by Empower Retirement, LLC (Empower).

Payment of Benefits - Benefits paid to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but were not yet paid at either December 31, 2022 or 2021.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and Equipment - Property and equipment consist of office furniture and equipment and are carried at cost. Major additions are capitalized while replacements, maintenance and repairs which do not improve or extend the lives of the respective assets are expensed currently. Depreciation is computed by the straight-line method over estimated useful lives of five years.

Depreciation expense for the years ended December 31, 2022 and 2021 was \$0 and \$19 respectively. At both December 31, 2022 and 2021, accumulated depreciation totaled \$5,082 and property and equipment were fully depreciated.

Revenue Recognition - Revenue is primarily derived from employer contributions. Under GAAP, revenue derived from employer contributions would be recognized when covered work is performed. Employers are required to remit contributions on a monthly basis, based on the number of hours worked in covered employment and the contribution rate currently in effect, as set forth in the applicable collective bargaining agreements. The Plan carries out its purpose described in Note 1 within a jurisdiction primarily located in the Greater St. Louis area.

The Plan is signatory to reciprocity agreements with various affiliated multiemployer retirement plans for its participants who perform work outside the geographic jurisdiction of the local union. Participants who are normally employed within the territory of one local union (home local) may be temporarily employed within the territory of another local union (reciprocating local). When a participant works in the territory of a reciprocating local, the latter is to make contributions to the former's fringe benefit plans on the participant's behalf. Monies received by the Plan on behalf of persons from outside participating local unions are forwarded to their home local fringe benefit plans. The Plan uses the same recognition and measurement criteria for contributions received on behalf of its participants under the terms of reciprocity agreements, as for all other employer contribution revenue. Amounts paid to other plans under the terms of reciprocity agreements are not reflected in the statements of changes in net assets available for benefits, as the amounts received are not revenue earned by the Plan, and the corresponding payments are not an expense of the Plan. The Plan recognizes a liability upon receiving reciprocal contributions on behalf of non-participants working within the jurisdiction of the local union, and recognizes a decrease in that liability upon remitting those contributions to the appropriate plan. Employer contributions included reciprocal contributions of \$4,606 and \$20,065 for the years ended December 31, 2022 and 2021, respectively, from various other retirement plans under the terms of reciprocity agreements. The Plan remitted a total of \$38,600 and \$10,538 in reciprocal contributions to various other retirement plans under the terms of reciprocity agreements for the years ended December 31, 2022 and 2021, respectively.

Leases - The Plan recognizes lease expense when rent payments are made, in accordance with the modified cash basis of accounting. Under GAAP, the Plan would need to determine if an arrangement is a lease at inception. The Plan has not directly entered into a lease but only reimburses a related party for shared facilities. The Plan has included in the accompanying financial statements informative disclosures about the Plan's arrangement with the related party relative to the lease.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Expenses - Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments. The Plan pays directly any other expenses related to the Plan's operations.

Estimates - The preparation of financial statements require management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through October 11, 2023, which is the date the financial statements were available to be issued.

NOTE 3. PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved to the Trustees. Termination shall not permit any part of the Plan assets to be used for or diverted to purposes other than the exclusive benefit of the participants and their beneficiaries. In the event of termination, the net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations. Whether or not a particular participant will receive full benefits should the Plan terminate at some future time will depend on the sufficiency of the Plan's net assets at the time and the priority of those benefits.

NOTE 4. TAX STATUS

The Plan's latest determination letter is dated July 6, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code and was, therefore, exempt from federal income taxes under the provisions of Section 501(a). The Plan has been amended since receiving the determination letter. The Trustees and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. They therefore believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Plan is required to evaluate its tax positions and disclose the amount of a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5. FAIR VALUE MEASUREMENTS

The Plan prepares its financial statements in accordance with the modified cash basis of accounting. Because one of the modifications to the cash basis the Plan has made is to carry certain investments at fair value, the *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification, which established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, has been implemented by the Plan. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The following describes the three levels of the fair value hierarchy.

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022 and 2021. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. As required, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the following tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

		Fair Value Measurements at 12/31/22 Using		
		Quoted Prices		
		in Active	Significant	
		Markets for	Other	Significant

Investments measured at net asset value:				
Pooled separate accounts	30,915,664			
Total	<u>\$ 141,654,665</u>			

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

		Fair Value Measurements at 12/31/21 Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	Total			
Mutual funds	\$ 134,507,877	\$ 134,507,877	\$ -	\$ -
Investments measured at net asset value:				
Pooled separate accounts	36,342,120			
Total	\$ 170,849,997			

Level 1 Measurements

The fair values of the mutual funds are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

Measurements Using Net Asset Value as a Practical Expedient

The pooled separate accounts are valued at the net asset value per share, used as a practical expedient to estimate fair value. The net asset value is based on the underlying investments held by the fund less its liability. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

The pooled separate accounts are direct filing entities (DFEs) and file a Form 5500 annual report with the U.S. Department of Labor. The Plan is not required to disclose the significant investment strategies of DFE investments. Redemptions are available on a daily basis without notice.

NOTE 6. BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has a traditional fully benefit-responsive group annuity contract with Empower (formerly Prudential), who maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Interest crediting rates are determined based on many factors. Rates are not developed by a formula method since the contracts do not have pre-defined cash flows, maturity dates, or a singular interest crediting rate from inception through discontinuance. The crediting rate is reviewed on a quarterly basis for resetting. The applicable crediting interest rate was 1.70% at December 31, 2022 and 1.65% at December 31, 2021. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6. BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events, such as premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value. The Plan administrator believes the occurrence of such events, that would also limit the Plan's ability to transact at contract value with Plan participants, is not probable.

NOTE 7. RELATED ORGANIZATIONS

The Plan is related to several tax-exempt organizations, which include a pension plan, a vacation savings plan, a health and welfare plan, an apprentice fund and the Local.

Shared Administrative Costs

The Plan shares facilities, equipment and staff with the related benefit plans and the Local. Salaries, payroll taxes, benefits and other expenses are initially paid by the related pension plan. Expenses allocated to the Plan totaled \$175,579 and \$130,968 for the years ended December 31, 2022 and 2021, respectively. Amounts due to the pension plan totaled \$70,814 and \$12,776 as of December 31, 2022 and 2021, respectively. The Plan shares office space with the related pension plan. The Plan is allocated a portion of the rent based on estimates of space utilized. The Plan's portion of rent expense for the years ended December 31, 2022 and 2021 was \$9,169 and \$7,035 respectively.

Clearing Account

Contributions for the Plan and related organizations are received and deposited in a general depository account which is held by the related welfare plan. On a regular basis, contributions due to the Plan are transferred from the clearing account into the Plan's account. Amounts due from the clearing account totaled \$1,549 and \$1,435 as of December 31, 2022 and 2021, respectively, which are not included in the accompanying modified cash basis financial statements.

NOTE 8. PARTICIPANT DEFERRALS

Employers withhold participants' contributions from their payroll. During the years ended December 31, 2022 and 2021, several instances occurred where certain employers remitted contributions to the Plan after the 15th business day of the following month. The late payments did not meet the timeliness requirements as prescribed by the U.S. Department of Labor (DOL) regulations and therefore constitute a prohibited transaction with a party-in-interest. During the years ended December 31, 2022 and 2021, contributing employers failed to timely remit participant contributions totaling \$195,619 and \$177,334 respectively.

The Plan has a collection program that pursues legal action against delinquent employers. As part of its collection program, the Plan may collect contributions, liquidated damages, interest and attorney fees from delinquent employers. Upon receipt of late contributions from a delinquent employer, the amount of contributions, plus assessed liquidated damages and interest, is credited to the participant's account to compensate the participant for lost earnings resulting from the delay in contributions.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are held by Empower (formerly Prudential), who provides certain recordkeeping services to the Plan. Therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

Air, Rail and Transportation Workers
(SMART) Local Union No. 36 401(k) Plan

We have audited the financial statements of International Association of Sheet Metal, Air, Rail and Transportation Workers (SMART) Local Union No. 36 401(k) Plan (the Plan) as of and for the years ended December 31, 2022 and 2021, and our report thereon dated October 11, 2023, which expressed an unmodified opinion on those financial statements, appears on pages 1 and 2. Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. Supplemental Schedules 1 and 2 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
