INDEPENDENT AUDITORS' REPORT

To the Retirement Committee and Management of
Olympia/Fandango/Legends 401(k) Plan
Las Vegas, Nevada

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Olympia/Fandango/Legends 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Olympia/Fandango/Legends 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier ("qualified institution") in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Olympia/Fandango/Legends 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Olympia/Fandango/Legends 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Olympia/Fandango/Legends 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Olympia/Fandango/Legends 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - *Supplemental Schedules Required by ERISA*

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OLYMPIA/FANDANGO/LEGENDS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

1. Description of Plan

The following description of the Olympia/Fandango/Legends 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- A. General: The Plan is a defined contribution plan covering all employees of Olympia Land/Southern Highlands and any affiliates (the Company) who have three months of service and are age eighteen or older. As of 2016, the Olympia division automatically enrolls employees to contribute 2% on a pretax basis beginning the first of the month following ninety days after hire unless the employee opts out of participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- B. Contributions: Participants may contribute from 1% to 60%, or 75% if they are electing catch-up contributions, of gross wages not to exceed current ERISA limits. Participants may make additional deferral contributions in an amount up to 100% of their effectively available compensation for the payroll period(s) designated by the employer. Participants may elect to contribute up to 100% of any employer paid cash bonuses. If no election is made, the same percentage elected by the participant for regular contributions will be used. Participant contributions can be pre-tax elective deferrals and Roth elective deferrals. The employer may make a contribution on a discretionary basis, on behalf of all participants who have made elective contributions for the Plan year. The employer determines from year to year the amount to be contributed to the Plan. The employer may decide in any year not to make a contribution. If a contribution is made, it will be allocated to the accounts of participants who are eligible to share in the contributions in accordance with the allocation formula. The employer may make an additional contribution on a discretionary basis on behalf of all eligible, non-highly compensated employees whether or not they made elective contributions for the Plan year. Effective January 1, 2008, the Company's contribution to the Plan will be equal to 50% of the first 4% of participant's contribution, not to exceed 2% of the participant's compensation. In 2022 and 2021, participating employer Casino Fandango elected to make the matching contribution, while the other affiliates elected not to make the matching contribution.
- C. Participant Account: Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- D. Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant's vesting percentage is shown in the following schedule opposite the number of whole years of his vesting service.

Vesting Service	Percentage
Less than 1	0
1	20
2	40
3	60
4	80
5 or more	100

NOTES TO FINANCIAL STATEMENTS

6. Tax Status

The Plan uses a volume submitter plan document sponsored by Fidelity Management Trust Company. Fidelity Management Trust Company received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan has been amended since receiving the opinion letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Reconciliation of Financial Statements and Form 5500

There are no differences between the financial statements and the Form 5500.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

9. Related-Party Transactions

Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$3,890 for the year ended December 31, 2022.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. Subsequent Events

In accordance with ASC 855-10, Subsequent Events (ASC 855-10), the Plan has evaluated subsequent events through October 13, 2023 (the date the financial statements are available to be issued) and determined that no significant subsequent events have occurred requiring adjustments to the financial statements or disclosures.

OLYMPIA/FANDANGO/LEGENDS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

1. Description of Plan

- E. Investment Options: Upon enrollment in the Plan, a participant may direct account funds in any of the funds available.
- F. Payment of Benefits: On termination of service, a participant will receive either a lump-sum amount equal to the value of his or her account or if the participant is not at retirement age their account balance may be left in until attaining retirement age. However, the participant may elect to roll over the distribution to another retirement plan. If a participant is at retirement age the participant may receive monthly, quarterly or annual installments over a fixed and reasonable period of time. Upon request of payments, benefits due are to be paid after the fiscal year in which the participant terminates employment.
- G. Notes Receivable from Participants: The participants may request a loan from the Plan at any time during their employment at the minimum loan amount of \$1,000 and maximum loan amount of the lesser of (a) \$50,000 (reduced by any outstanding loans the participant has from the Plan or any other plans of the employer) or (b) 50% of the vested interest in the participant's accounts. A participant may have a maximum of one outstanding loan at any time. Loans may be requested only once during the year. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.25% and mature through December 2026. Principal and interest is paid ratably through payroll deductions generally over a maximum of five years.
- H. Deemed Loan Distributions: The Plan treats notes receivable that are in default due to a missed payment, and outstanding loan balances when a terminated participant takes a distribution, as deemed distributions. In accordance with Internal Revenue Service (IRS) regulations, a participant who repays a loan after a deemed distribution will receive credits pursuant to IRS requirement.
- I. Excess Contributions: For the year ending December 31, 2022, the Plan elected to make Qualified Non-Elective Contributions of \$2,185.28. The amount will be distributed to non-highly compensated employees instead of refunded to the highly compensated.
- J. Forfeited Accounts: Forfeited non-vested amounts are first used to pay administrative expenses of the Plan. Any remaining forfeitures are used to reduce employer contributions into the Plan. Forfeited non-vested accounts totaled \$3,663 and \$1,270 at December 31, 2022 and 2021, respectively. During 2022, \$500 in forfeited non-vested accounts were used to pay administrative expenses.
- K. Expenses: Significant expenses of the Plan may be paid from the Trust Fund unless paid by the Company, except those related to individual participant loans and investments. The expenses will be allocated among the accounts of all participants proportionately. Currently, the Company absorbs a major portion of the Plan's administrative costs. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

There were two amendments to the 401(k) plan in 2022. As of January 1, 2022, the sponsor entity changed from Olympia Land Corporation to Olympia Companies, LLC. In addition, in May 2022, Mint Casino, Inc. dba Legends Bay Casino was recognized as an unrelated employer to the plan. Therefore, the name of the plan was altered to Olympia/Fandango/Legends 401(k) Plan to reflect the addition mentioned herein.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires that the plan administrator makes estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

The Plan values notes receivable from participants at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payments of Benefits

Benefits are recorded when paid.

Excess Contributions

The Plan is required to return contributions received during the Plan year in excess of the Code's limits.

The December 31, 2022 and 2021 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The trustee certifies the investment assets, transactions, income and reportable transactions. The Plan's investments are presented at fair value for the years ended December 31, 2022 and 2021.

5. Fair Value Measurements

ASC 820, Fair Value Measurements and Disclosures (ASC 820), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

OLYMPIA/FANDANGO/LEGENDS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

5. Fair Value Measurements, continued

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for that asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021:

Money market fund: Valued using amortized cost which approximates fair value.

Registered investment companies (Mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Fair Value as of December 31, 2022
