Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MORI Associates, Inc. 401(k) Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MORI Associates, Inc. 401(k) Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

**To the Participants and Plan Administrator of the
MORI Associates, Inc. 401(k) Plan and Trust**
North Bethesda, Maryland

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MORI Associates, Inc. 401(k) Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MORI Associates, Inc. 401(k) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

**To the Participants and Plan Administrator of the
MORI Associates, Inc. 401(k) Plan and Trust**
North Bethesda, Maryland

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MORI Associates, Inc. 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2022 and 2021

Note 1: The Plan and its significant accounting policies:

The following description of the MORI Associates, Inc. (the Company) 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established by the Company on January 1, 2000 to provide benefits to eligible employees. The Plan was amended and restated on November 1, 2015 and again on September 21, 2021. The Plan covers all employees of the Company, other than residents of Puerto Rico, leased employees, W-2 consultants, and employees covered by a collective bargaining agreement. The Plan is subject to the provisions of ERISA.

Basis of accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Administration - Under the terms of the Plan, Fidelity Management Trust Company (Fidelity) acts as trustee, recordkeeper, and custodian. Substantially all expenses incurred for administering the Plan are paid by the Company. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Investment valuation and income recognition - Investments of the Plan are held by Fidelity and invested based solely upon instructions received from participants. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. The Plan administrator believes all notes receivable from participants are collectible.

Notes to Financial Statements

December 31, 2022 and 2021

Note 1: The Plan and its significant accounting policies: (continued)

Payment of benefits - Benefits are recorded when paid.

Income taxes - The Plan is using a prototype plan document prepared by Fidelity, the trustee and custodian of the Plan. The Internal Revenue Service has determined and informed Fidelity by letters dated March 31, 2014 and June 30, 2020, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has not applied for or received an individual determination letter and has been amended since June 30, 2020, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently operated, in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Plan assets may have decreased in value since December 31, 2022 due to normal market fluctuations.

Notes to Financial Statements

December 31, 2022 and 2021

Note 1: The Plan and its significant accounting policies: (continued)

Plan amendments - On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The CARES Act included a series of temporary provisions that plan sponsors were able to adopt relating to participant loans and distributions. After the passing of the CARES Act, the Plan chose to adopt the following temporary provisions: (1) allowing for a one-year deferral of loan repayments due between March 27, 2020 and December 31, 2020 and (2) allowing for qualified individuals to take coronavirus-related distributions, as defined in the CARES Act, of up to \$100,000 during 2020. Plan management intends to formally amend the Plan in order to reflect these changes.

Note 2: Participation and benefits:

Participant contributions - Participants may elect to have the Company contribute a percentage of their eligible pre-tax compensation up to the lesser of 75% of eligible compensation or the amount allowable under current income tax regulations. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. These eligible employees may also elect to make Roth elective deferrals. Roth elective deferrals are made after taxes have been withheld. Participants may contribute a combination of pre-tax elective deferrals and Roth elective deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions - The Company is allowed to make discretionary matching contributions and discretionary profit sharing contributions as defined in the Plan and as approved by the Board of Directors. Discretionary matching contributions were \$1,425,018 and \$1,353,236 for the years ended December 31, 2022 and 2021, respectively. In 2022 and 2021, the Company matched 100% of each participant's contribution up to a maximum of 4% of the participant's compensation. The Company did not make a profit sharing contribution in 2022 or 2021.

MORI Associates, Inc. 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2022 and 2021

Note 2: Participation and benefits: (continued)

Participant accounts - Each participant's account is credited with the participant's contributions, Plan earnings or losses, administrative expenses, Company matching contributions, and an allocation of the Company's profit sharing contribution, if any. Allocation of the Company's matching contributions is based on participant contributions. Allocation of the Company's profit sharing contribution is based on participant's compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their salary deferral and rollover contributions and related earnings. Prior to January 1, 2017, participants vested ratably and were fully vested in the employer's matching and profit sharing contributions allocated to their account after six years of credited service. Effective January 1, 2017, participants vest ratably and are fully vested in the employer's matching and profit sharing contributions allocated to their account after four years of credited service.

Forfeited accounts - At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$198 and \$1, respectively. These accounts will be used to pay administrative fees and reduce future employer contributions. Forfeitures of \$82,227 and \$83,642 were used to reduce employer contributions for the years ended December 31, 2022 and 2021, respectively.

Payment of benefits - Upon termination, the participant or beneficiary will receive the benefits in a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in installments, paid at least annually over a period not exceeding the joint and survivor life expectancy of the participant and beneficiary. The Plan allows for automatic lump-sum distributions of participant vested account balances which do not exceed \$5,000. Account balances which exceed \$1,000 but are less than \$5,000 for which the participant has not made a distribution election are rolled over to an individual retirement account designated by the Plan administrator.

Notes receivable from participants - The Plan allows participants to borrow a minimum of \$1,000 and up to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the participant's vested account balance and bear interest at the available market financing rates. The loans must be repaid to the Plan within a five-year period unless the loan is used for the purchase of a primary residence. The specific terms and conditions of such loans are established by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Notes to Financial Statements

December 31, 2022 and 2021

Note 3: Certified information:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2022 and 2021, was obtained and derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity, the custodian of the Plan.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule. In addition, the information in the Form 5500 Supplemental Attachment to Schedule H has been certified by Fidelity as of December 31, 2022.

Note 4: Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

MORI Associates, Inc. 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2022 and 2021

Note 4: Fair value measurements: (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2022 and 2021.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market account - Valued at cost, which equates to the closing price reported in the active market in which the fund is traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$26,564,651	\$ -	\$ -	\$ 26,564,651
Money market	1,114,278	-	-	1,114,278
Total investments at fair value	<u>\$27,678,929</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 27,678,929</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$28,746,831	\$ -	\$ -	\$ 28,746,831

Notes to Financial Statements

December 31, 2022 and 2021

Note 5: Related party transactions and party in interest transactions:

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the custodian and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participants' accounts. These transactions are considered party in interest transactions.

Note 6: Reconciliation of financial statements to Schedule H of Form 5500:

The differences between the information reported in the financial statements and the information reported in the Form 5500 arise from classification differences in investment income.

Note 7: Plan termination and/or modification:

The Company intends to continue the Plan indefinitely for the benefit of its employees; however, it reserves the right to terminate and/or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

Note 8: Subsequent events:

Subsequent events have been evaluated through August 17, 2023, which is the date the financial statements were available to be issued.

Shanaz Amirjafari, President/CEO
MORI Associates, Inc. 401(k) Plan and Trust
6116 Executive Blvd., Suite 720
North Bethesda, Maryland 20852-4920

Dear Shanaz,

We have audited the financial statements of MORI Associates, Inc. 401(k) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2022 and we will issue our report thereon dated August 17, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the custodian, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 15, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by MORI Associates, Inc. 401(k) Plan and Trust are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2022. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No such misstatements were noted during the audit.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. Please see our internal control letter issued along with this governance letter for discussion of the reportable findings we identified.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 17, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Additionally, please note the following key reminders and deadlines:

Under the terms of the SECURE Act, starting with Plan years beginning on or after January 1, 2021, part-time employees who complete at least 500 hours of service in three consecutive years must be given the opportunity to participate in the Plan. Therefore, a part-time employee who works at least 500 hours in each of 2021, 2022 and 2023 must be given the opportunity to participate in the Plan as of January 1, 2024. Under the terms of the SECURE 2.0 Act, effective January 1, 2025, the service requirement for part-time employees is reduced from three years to two years. Therefore, a part-time employee who works at least 500 hours in each of 2023 and 2024 must be given the opportunity to participate in the Plan as of January 1, 2025.

The deadline for amending the Plan for any provisions, required or optional, adopted under the terms of the CARES Act or the SECURE Act is now December 31, 2025, per IRS Notice 2022-33.

Please note the passing of the SECURE 2.0 Act provides for many additional unique provisions that may affect your plan. We recommend that you work with your third-party administrator to implement these changes.

This representation letter is provided in connection with your audits of the financial statements and supplemental schedule of MORI Associates, Inc. 401(k) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the disclosures (collectively, the “financial statements”), for the purpose of expressing an opinion as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States (U.S. GAAP) and whether the supplemental schedule is fairly stated in all material respects in relation to the financial statements as a whole. As permitted by Regulation 2520.103-8 of the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have elected for you to not perform any auditing procedures with respect to information prepared and certified to by Fidelity Management Trust Company, the custodian, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedule. We understand that the form and content of the information in the financial statements and supplemental schedule, other than that derived from the information certified by Fidelity Management Trust Company, has been audited by you in accordance with auditing standards generally accepted in the United States of America, and was subjected to tests of our accounting records and other procedures you considered necessary to enable you to express an opinion as to whether they are presented in compliance with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.
