INDEPENDENT AUDITORS' REPORT

To: The Plan Administrator of
Stryker Puerto Rico Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Stryker Puerto Rico Savings and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Stryker Puerto Rico Savings and Retirement Plan in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Stryker Puerto Rico Savings and Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

RSM Puerto Rico is a member of the RSM network and trades as RSM. RSM is the trading name used by the members of the RSM network. Each member of the RSM network is an independent accounting and consulting firm which practices in its own right. The RSM network is not itself a separate legal entity in any Jurisdiction.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Stryker Puerto Rico Savings and Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stryker Puerto Rico Savings and Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Stryker Puerto Rico Savings and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules Schedule H, Line 4i – Schedule of Assets (Held at end of year) as of December 31, 2022 and Schedule H, Line-4j – Schedule of Reportable Transactions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

STRYKER PUERTO RICO SAVINGS AND RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021

1) Plan Description:

The following brief description of Stryker Puerto Rico Savings and Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan's agreement for a complete description of the Plan's provisions.

A) General – The Plan was established on July 1, 1989 as a profit sharing plan with a qualified cash or deferred contribution agreement to provide benefits upon retirement, disability, or death to participating employees or beneficiaries of the Plan Sponsor, Stryker Puerto Rico, LLC (the Employer). Effective December 31, 2020, it changed its name to Stryker Puerto Rico Savings and Retirement Plan. The Plan's Custodian is The Vanguard Group, Inc. (the Custodian) and the Plan's trustee is Banco Popular de Puerto Rico (the Trustee). The Plan qualifies under Section 1081.01 of the Puerto Rico Internal Revenue Code (PRIRC) and is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

B) Contributions – The Plan provides for contributions to be made by the Employer and by participants are as follows:

i) Employee contributions – Eligible employees may elect to have a portion of their compensation, as defined in the plan document, deferred and the corresponding amount contributed to the Plan on their behalf. Deferrals may be made for any plan year in increments of 1% up to a maximum of 25% of earnings or $15,000, whichever is less. Participant's contributions are deducted directly from each participant's salary and sent to the Trustee. In addition, participants who are age 50 or older at the end of a calendar year may make additional pre-tax contributions (catch-up contributions) of up to $1,500 per calendar year.

ii) Employer contributions – The amount of the employer matching contribution shall be an amount equal to 50% of the participant's salary deferrals not exceeding 6% of total compensation of the participant. The entire employer matching contributions up to 1% of the participant's contribution shall be made in shares of common stock of Stryker Corporation, the parent company of the employer. The employer's contributions are made once a year. Matching contributions of parent company common stock totaled $319,489 in 2022. In addition, at the end of the year, the employer's may make a discretionary contribution.

For the year ended December 31, 2022, total annual contributions made by the employer and participants were limited to the lesser of $61,000 or the total compensation paid by the employer to the participant during the plan year. In addition, at the end of the year, the employer's may make a discretionary contribution. Transfers from qualified plans are allowed.

C) Investment options – The Plan allows participants to direct their contributions in various investment options available under the Plan.

D) Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts plus actual earnings thereon is based on years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5 or more	100%

E) Participant accounts – Individual accounts are maintained for each of the Plan's participants to reflect the participant's and employer's contributions, as well as the participant's share of the Plan's income and any related expenses. Allocations are based on the proportion of each participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested accounts.

F) Benefits paid to participants – Upon termination of service, a participant may receive a lump-sum amount equal to the vested value of his/her account or elect to receive an annuity payable in equal installments. Normal retirement age is 65 years, with an early retirement option at age of 55.

G) Forfeitures – Amounts forfeited for each plan year are used to reduce the employer's contributions for the plan year in which the forfeiture occurs. The Plan used forfeitures aggregating $73,824 and $352,824 during the years ended December 31, 2022 and 2021, respectively. Forfeitures balances held by the Plan as of December 31, 2022 and 2021, were $95,387 and $349,687, respectively.

2) Summary of Significant Accounting Policies:

The most significant accounting policies followed by the Plan are summarized below:

A) Basis of accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

B) Use of estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C) Interest in Master Trust – Investments assets of the Plan are maintained in the master trust administered by The Vanguard Group, Inc., as Custodian. The Plan participates in one master trust.

D) Investment valuation and income recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's interest in the master trust for the Stryker Corporation Stock Fund is tracked on a unitized basis. The fund consists of Stryker Corporation common stock and funds held in a money market fund sufficient to meet the fund's daily cash needs and other miscellaneous assets and liabilities. Unitizing the fund allows for daily trade. The fair value of a unit is based on the combined fair value of Stryker Corporation common stock (closing price in an active market on which the securities are traded) and other miscellaneous assets and liabilities held by the fund at year-end.

Net appreciation in fair value of investments, including realized gains or losses and net change in unrealized gains or losses, is reflected in the statement of changes in net assets available for benefits. Realized gains or losses on the disposal of investments are determined by specific identification. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date.

E) Contributions – Employees' and employer's matching contributions are recorded in the period in which the Plan Sponsor makes the payroll deductions from the participant's earnings.

F) Excess contributions payable – Amounts payable to participants for contributions in excess of amounts allowed by the Puerto Rico Internal Revenue Code are recorded as a liability with a corresponding reduction to the contributions.

G) Benefits paid to participants – Benefit payments are recorded when paid.

H) Administrative expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. A direct fixed annual charge estimated at $43 per participant, is charged in equal quarterly installments annually. Participants with balances under $50 are not charged the administration fixed fee.

3) Information Certified by The Vanguard Group, Inc. (the Custodian):

Plan's assets information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedules, was prepared by or derived from information provided by the Custodian furnished to the Plan Administrator. Accordingly, as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedules related to the following assets:

Description	December 31, 2022	December 31, 2021
Mutual funds	**$ 34,225,428**	$ 41,494,835
Separately managed accounts	**$ 6,786,458**	$ 10,349,901
Collective trusts	**$ 11,671,186**	$ 15,611,386
Stryker Corporation Stock Fund for the Plan´s interest in the Master Trust	**$ 8,355,969**	$ 9,389,500

The Custodian also certified the completeness and accuracy of $13,130,001 of net depreciation in fair value of investments, $736,096 in loss for the Plan's interest in the Master Trust for the Stryker Corporation Stock Fund, and $1,035,727 in interests and dividends income related to the aforementioned assets for the year ended December 31, 2022.

4) Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The valuation techniques are based upon observable or unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's and master trust's market assumptions.

These two types of inputs create the following fair value hierarchy:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the Plan assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual funds – Valued at quoted prices in an active market which represents net asset value of shares held by the Plan. The mutual funds invest in domestic and international fixed income and equity securities. These investments are open-end funds incorporated in the United States.

Separately managed accounts – Valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, and then divided by the number of shares outstanding.

Collective trust – These funds are valued using the NAV, provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in a market that is not active.

Common stocks – Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The carrying amounts of investments and notes receivable from participants approximate their fair values because of the relatively short-term maturities of these financial instruments. For investment information related to the Master Trust refer to Note 5.

5) Plan's Interest in the Master Trust for the Stryker Corporation Stock Fund:

A portion of the Plan's investments are invested in the master trust for the Stryker Corporation Stock Fund (Master Trust), which is invested in Stryker Corporation common stock. Each participant in the retirement plan directs their investments other than the portion of the Employer Matching Contribution invested in the stock fund within the master trust. The Plan's record keeper maintains supporting records for the purpose of allocating net assets and net gains and losses of each of the investments of the plans and to each participant's account based on participant direction.

The Plan's interest in the Master Trust was 1.6% as of December 31, 2022 and 2021. The following is a summary of the Master Trust assets as of December 31, 2022 and 2021:

	December 31, 2022		December 31, 2021	
Description	**Master Trust**	**Plan's Interest in Master Trust**	Master Trust	Plan's Interest in Master Trust
Investments, at fair value:				
Stryker Corporation Stock Fund	**$ 523,201,141**	**$ 8,355,969**	$ 582,632,233	$ 9,389,500
FMI Large Cap Gro	**125,789,242**	**-**	149,694,405	-
Jennison Large Cap Growth Portfolio	**141,461,254**	**-**	241,890,259	-
Total investments, at fair value	**$ 790,451,637**	**$ 8,355,969**	$ 974,216,897	$ 9,389,500

The net investment income of the master trust for the year ended December 31, 2022, is summarized as follows:

Description	Master Trust	Plan's Interest in Master Trust
Plan's interest in Master Trust net depreciation	$ (51,673,088)	$ (833,935)
Interest and dividend income	6,165,538	97,839
Total net investment loss	$ (45,507,550)	$ (736,096)

During 2022, the Plan received an allocation of 1.6% on the net investment income in the Master Trust. Investment income is allocated to each plan based on the plan's specific interest attributed to the underlying assets of the master trust.

Net depreciation in the fair value of the Plan's interest in the master trust, consists of the Plan's specific share of realized gains or losses and unrealized appreciation or depreciation on those investments. The net depreciation, interest and dividends are allocated to the participating plans based upon participant plan account balances.

Information of the master trust's investment by level was not readily available. Investments held by the Plan within the master trust are classified as Level 1.

Refer to Note 4 for description of valuation methodologies used.

6) Party-in-Interest Transactions:

Stryker Puerto Rico, LLC (a subsidiary of Stryker Corporation) is a party-in-interest as defined by ERISA. A portion of the Plan's funds is invested in the Stryker Corporation Stock Fund, which invests in the Company's stock. Those transactions qualify as party-in-interest. In addition, there is a portion of the Plan's funds invested in: (i) money market, mutual funds and collective trusts pertaining to the Custodian of the Plan and (ii) a time deposit open account from Banco Popular de Puerto Rico, who is the Trustee of the Plan. Therefore, these transactions also qualify as party-in-interest transactions as defined by ERISA. There were no prohibited party-in-interest investments or transactions as of December 31, 2022 and 2021, respectively.

7) Tax Status:

The Plan is intended to be a tax qualified arrangement that complies with the provisions of the Employee Retirement Income Security Act of 1974, as amended, and with the code. The latest determination letter received from the Puerto Rico Treasury Department was dated November 15 ,2015. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the code and therefore, remains qualified. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Puerto Rico Treasury Department. The Plan Administrator evaluated the tax positions taken by the Plan and concluded that the Plan as of December 31, 2022 and 2021, had maintained its tax exempt status and had taken no uncertain tax positions that would require adjustment or disclosures to the financial statements.

8) Risks and Uncertainties:

The Plan's investments may be exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

9) Plan Termination:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their employer contributions.

10) Subsequent Events:

The Plan Administrator has evaluated subsequent events through October 13, 2023, the date on which the financial statements were available to be issued.
