Independent Auditors' Report

Plan Administrator
Arizona-Sonora Desert Museum, Inc. Retirement Plan
Tucson, Arizona

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Arizona-Sonora Desert Museum, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Arizona-Sonora Desert Museum, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of Arizona-Sonora Desert Museum, Inc. Retirement Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Arizona-Sonora Desert Museum, Inc. Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 3 to the financial statements, the Arizona-Sonora Desert Museum, Inc. Retirement Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Arizona-Sonora Desert Museum, Inc. Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit

Our responsibility is to conduct an audit of Arizona-Sonora Desert Museum, Inc. Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Arizona-Sonora Desert Museum, Inc. Retirement Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

Arizona-Sonora Desert Museum, Inc. Retirement Plan

Notes to Financial Statements

Year Ended December 31, 2022

1. Description of plan:

The following description of the Arizona-Sonora Desert Museum Inc. Retirement Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan was established on January 1, 1982, and has been amended several times since that date.

General:

The Sponsor of the Plan is Arizona-Sonora Desert Museum, Inc. (Sponsor).

The Plan is a defined contribution retirement plan with 403(b) provisions consisting of a salary reduction agreement. All employees of the Plan Sponsor working more than twenty hours per week are eligible to participate in the Plan upon hire. Participants must complete two years of service prior to becoming eligible for the discretionary matching and non-elective provisions of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants' contributions:

Participants can elect to defer a percentage of their pre-tax compensation to the Plan, subject to current statutory limits determined annually and prescribed by the Internal Revenue Service (IRS). The Plan also permits eligible participants to make additional voluntary contributions of qualified rollovers from other retirement plans.

Participants are auto enrolled into the Plan once they satisfy the eligibility requirements. Eligible employees are auto enrolled at a contribution rate of 3% of eligible pre-tax compensation unless the employee elects to decline participation or to defer a different percentage subject to current statutory limits determined annually and prescribed by the IRS.

Employer contributions:

All employer contributions are completely at the employer's discretion. These contributions are subject to certain statutory limitations. Although there is no set formula for matching contributions under Plan provisions or for non-elective contributions, the employer may make discretionary contributions to each. For the year ended December 31, 2022, the Sponsor made matching contributions equal to 100% of the participant's elective deferral up to 3%. Employer contributions are invested in the same funds and increments as directed by the participant for the participant's contributions.

Vesting:

Participants are immediately vested in their elective deferral contributions, employer matching contributions, non-elective employer contributions and any rollover contributions made to the Plan, plus actual earnings thereon.

Arizona-Sonora Desert Museum, Inc. Retirement Plan

Notes to Financial Statements (continued)

Year Ended December 31, 2022

1. Description of plan (continued):

Investment options:

Upon enrollment in the Plan, a participant may direct contributions in any increments into any of several investment options. At the discretion of the Sponsor, various insurance companies and custodians have been utilized during the Plan's existence. As of December 31, 2022 and 2021, all of the accounts' assets are in the custody of Empower Annuity Insurance Company (previously Prudential Insurance Company of America), TIAA and CREF, Reliance Trust Company or Standard Insurance Company (The Standard). Participants may change their investment options at any time. As of February 1, 2014, the Plan Sponsor exclusively uses the Standard for salary deferrals, employer matching and non-elective contributions.

Participant accounts:

Each participant's account is credited with the participant's elective deferral and rollover contributions, actual earnings thereon, allocations of the employer's contributions and Plan earnings, and charged with an allocation of administrative expenses. The basis for allocations is defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits:

On termination of service due to death, disability, retirement or other reasons, a participant whose vested account balance does not exceed \$5,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants with account balances greater than \$1,000 but not exceeding \$5,000 are automatically rolled over to an IRA established on behalf of participants who do not affirmatively consent to receive their distributions. Participants with vested account balances over \$5,000 must consent to any distribution of their account balance.

Participant loans:

The Plan allows for participants to obtain loans from the Plan. Participant loans cannot exceed 50% of the vested portion of the participant's account (or \$50,000 if less), must be a minimum of \$1,000 and the maximum number of loans outstanding at any one time is two. The loan must be repaid within five years unless the entire proceeds are used to purchase the participant's primary residence, in which case the loan may be repaid over a ten-year period. All loans will provide for the repayment of interest at rates commensurate with local prevailing rates, as determined by the Plan Administrator, on the date of the loan. Principal and interest may be paid through payroll deduction. The participant's individual account serves as collateral for the loan and, in the event of default, death, disability or termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable. Because the participant's account collateralizes the loan in its entirety, the credit quality of the participant is not assessed by the Plan Administrator. Unpaid loans will be treated as a taxable distribution from the Plan.

For financial reporting purposes, participants' loans are included in the statement of net assets available for benefits as notes receivable from participants.

Arizona-Sonora Desert Museum, Inc. Retirement Plan

Notes to Financial Statements (continued)

Year Ended December 31, 2022

1. Description of plan (continued):

Plan loans:

Under TIAA and CREF, the Plan allowed for participants to obtain loans from an insurance company using Plan assets as collateral. Plan loans were issued directly from funds owned by TIAA and CREF and not directly from a participant's account. A portion of the participant's account is reserved, or held in collateral, to cover 110% of the outstanding loan in case of default. Accordingly, these loans are not part of Plan assets as of December 31, 2022 and 2021. All loans provide for the repayment of interest at a fixed or variable rate and the initial rate as determined by the terms of the controlling contract.

Principal and interest payments are remitted directly to the insurance company from the participant and salary deduction through payroll is prohibited. The loan must be repaid within five years unless the proceeds are used for purchase of a principal residence in which case the loan may be repaid over a longer term. Loans will be considered in default if payments are not in compliance with the loan agreement or if there is any outstanding principal remaining after the last scheduled repayment date. Upon formal declaration of default, death, disability or termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable. Unpaid loans will be treated as a taxable distribution from the Plan. At December 31, 2022 and 2021, there were \$5,888 and \$5,641 in loans considered to be in default. These defaulted loans have been segregated by the loan holder.

Plan loans outstanding at December 31, 2022 and 2021 totaled \$8,434 and \$12,586 and mature at various dates through June 2026.

Hardship withdrawals:

If approved by the Plan Administrator, a participant may withdraw the vested portion of his/her individual account balance to satisfy any of the following immediate and heavy financial needs: unreimbursed medical expenses for qualified persons, purchase of a principal residence, to prevent eviction from or foreclosure on a principal residence, to pay for post-secondary education expenses for qualified persons, funeral expenses or for expenses that qualify as a casualty deduction under the Internal Revenue Code (IRC).

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of significant accounting policies (continued):

Investment valuation and income recognition:

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net depreciation in fair value of investments includes both realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred.

Payments of benefits:

Benefits paid to participants are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid for by the Sponsor. Investment related expenses are included in net depreciation in fair value investments.

Subsequent events:

The Plan has evaluated the events that have occurred subsequent to December 31, 2022 through October 5, 2023, the date that the financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after this date.

3. Excluded contracts and amounts:

The Plan Administrator has elected to exclude certain accounts from Plan assets in accordance with Department of Labor's Field Assistance Bulletin No. 2009-02 due to the fact that:

- The contract or account was issued to a current or former employee before January 1, 2009;
- The employer ceased to have any obligation to make contributions (including employee salary reduction contributions), and in fact ceased making contributions to the contract or account before January 1, 2009;
- All of the rights and benefits under the contract or account are legally enforceable against the insurer or insurance company by the individual owner of the contract or account without any involvement of the employer; and
- The individual owner of the contract is fully vested in the contract or account.

Prior to the Department of Labor issuing new rules and regulations effective January 1, 2009, those acting on behalf of the Plan or the Sponsor were not under any requirement to maintain accounting records for benefit plans that were qualified under Internal Revenue Code section 403(b). Each individual participant was free to negotiate their own custodial agreements for the accounts, and made their own investment and fee management decisions. As the Plan operated under these guidelines for many years, the Plan Administrator and Sponsor do not have access to these Plan asset records and accounts, nor can they reasonably be expected to recreate the records given the expiration of statute of limitation filing and record retention requirements. The ability to exclude plan assets that originated before January 1, 2009 was permitted by the Department of Labor so the Sponsor, the Plan Administrator and those within the organization that acted with the required fiduciary oversight prior to that date were not unreasonably burdened with the task of retroactively applying the new fiduciary oversight and reporting requirements.

GAAP requires that all assets attributable to the Plan be included in the statements of net assets available for benefits and that related changes in the value of such assets be included in the statement of changes in net assets available for benefits. Quantification of the effect of this departure from GAAP on the Plan's financial statements is not practicable.

4. Federal income tax status:

The Sponsor adopted a volume submitter 403(b) plan as published by CCH Incorporated DBA FTWilliam Com who obtained its latest opinion letter on March 31, 2017, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and the Plan Sponsor believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust tax-exempt.

4. Federal income tax status (continued):

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets or active markets that the Plan does not have access to;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

5. Fair value measurements (continued):

At December 31, 2022, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments in the fair value hierarchy:				
Investment contract with insurance company	\$ 1,147,627	\$ -	\$ -	\$ 1,147,627
Investments measured at net asset value ^(a) :				
Pooled separate accounts	6,749,024	-	-	-
	<u>\$ 7,896,651</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

At December 31, 2021, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments in the fair value hierarchy:				
Investment contract with insurance company	\$ 1,138,875	\$ -	\$ -	\$ 1,138,875
Investments measured at net asset value ^(a) :				
Pooled separate accounts	8,462,138	-	-	-
	<u>\$ 9,601,013</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts: These funds' assets are invested and reinvested primarily in mutual funds, other pooled separate accounts, international stocks, fixed securities, short-term securities and domestic stocks. Investments are valued using quoted market prices for similar assets in active markets. The fair value of the accounts has been estimated using their net asset value as a practical expedient. The net asset value of the funds' shares is determined daily and includes adjustments for investment fees.

5. Fair value measurements (continued):

Following is a description of the valuation methodologies used for assets measured at fair value (continued):

Pooled separate real estate account - TIAA Real Estate account: This account invests primarily in real estate properties and real estate related investments. The fair value of the account has been estimated using the net asset value of its underlying assets as a practical expedient. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The account sometimes holds securities. These are priced using values obtained from independent pricing sources. Unit values are calculated daily.

Investment contract with insurance company - Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

A reconciliation of assets measured at fair value on a recurring basis with the use of significant unobservable inputs (Level 3) from December 31, 2021 to December 31, 2022 is as follows:

	Investment contract with insurance company
Balance, December 31, 2021	\$ 1,138,875
Net realized and unrealized gains included in net depreciation	36,689
Transfers in	-
Transfers out	-
Purchases	260,353
Sales	<u>(288,290)</u>
Balance, December 31, 2022	<u>\$ 1,147,627</u>

5. Fair value measurements (continued):

Investments measured using the NAV per share practical expedient:

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption frequency is applicable only to the Plan.

December 31, 2022	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Equity funds	\$ 3,054,958	n/a	n/a	None
Fixed income funds	303,359	n/a	n/a	None
International funds	15,219	n/a	n/a	None
Target date funds	3,217,923	n/a	n/a	None
TIAA real estate fund	157,565	n/a	Quarterly	None

December 31, 2021	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Equity funds	\$ 3,979,257	n/a	n/a	None
Fixed income funds	389,772	n/a	n/a	None
Target date funds	3,944,772	n/a	n/a	None
TIAA real estate fund	148,337	n/a	Quarterly	None

Equity funds: These funds consist of professionally managed investment products primarily invested in equity instruments to create a diversified pool of securities to achieve growth objectives.

Fixed income funds: These funds consist of professionally managed investment products primarily invested in debt instruments with the objective of generating income.

International funds: These funds consist of professionally managed investment products primarily invested in equity instruments in foreign markets to achieve growth in multiple economies.

Target date funds: These funds consist of a blend of investments that are re-balanced over time to address retirement goals. Funds with longer horizons are invested more aggressively to achieve growth objectives while shorter-term funds are invested in more conservative securities with the objective of generating income.

Real estate account: This fund consists of direct ownership interest in real estate and indirect interests in real estate through real estate-related securities. Transfers out of this fund must generally be at least \$1,000 (except for systematic transfers, which must be at least \$100) or the entire fund balance, whichever is less.

6. Investment certification:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2022 and 2021, and net depreciation in fair value of investments and interest for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Reliance Trust Company, TIAA and CREF, Empower Annuity Insurance Company, and Standard Insurance Company, the custodian and insurance companies.

7. Investment contracts with insurance companies:

The Plan invests in the following investment contracts: TIAA Traditional Annuity, Prudential Guaranteed Interest Account and the Standard Stable Asset A (the funds). The funds are annuity contracts with insurance companies and consist primarily of guaranteed interest contracts.

TIAA Traditional Annuity:

The Plan holds a non benefit-responsive investment contract with TIAA totaling \$1,147,627 and \$1,138,875 at December 31, 2022 and 2021. TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not generally be less than 3%. The crediting rate is reviewed on an annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The contract is reported at fair value in the accompanying statements of net assets available for benefits. Fair value approximates contract value.

Prudential Guaranteed Interest Account and the Standard Stable Asset A:

The Plan entered into benefit-responsive guaranteed investment contracts with Prudential and Standard Insurance Company. Prudential and the Standard maintain the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The crediting rates are based on a formula established by the contract issuer but may not be less than 3%. The crediting rates are reviewed on an annual basis for resetting. The guaranteed investment contracts do not permit the insurance companies to terminate the agreements prior to the scheduled maturity date.

Because these guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to these guaranteed investment contracts. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

7. Investment contracts with insurance companies (continued):

Prudential Guaranteed Interest Account and the Standard Stable Asset A (continued):

Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The Plan's ability to receive amounts due is dependent on the issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

8. Related party and party in interest transactions:

Certain Plan investments are managed by the Standard Insurance Company, the insurance company of the Plan. The Plan paid certain expenses to Standard Insurance Company and other service providers during 2022 related to plan administration and investment activity. These transactions qualify as exempt party in interest transactions under ERISA.

Expenses that are paid directly by the Sponsor are excluded from these financial statements. Employees of the Sponsor perform certain accounting and administrative functions for the Plan, however, no employee receives compensation from the Plan.

9. Plan termination:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Arizona-Sonora Desert Museum, Inc. Retirement Plan

Notes to Financial Statements (continued)

Year Ended December 31, 2022

10. Risks and uncertainties:

The Plan invests in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by subprime mortgage loans. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rate. In addition, the Plan invests in various investment securities that are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Reconciliation of financial statements to Form 5500:

The following is a reconciliation of investments per the financial statements to Form 5500 at December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Per financial statements:		
Pooled separate accounts	\$ 6,749,024	\$ 8,462,138
Investment contracts with insurance companies	1,287,034	1,358,694
Rounding	<u>2</u>	<u>5</u>
	<u>\$ 8,036,060</u>	<u>\$ 9,820,832</u>
Per Form 5500:		
Registered investment companies	\$ 4,476,530	\$ 219,819
Pooled separate accounts	3,559,530	8,462,138
Investment contracts with insurance companies	<u> </u>	<u>1,138,875</u>
	<u>\$ 8,036,060</u>	<u>\$ 9,820,832</u>

The earnings on the investment contracts with insurance companies are included in interest income on the financial statements, but reported as net investment gain from pooled separate accounts on the Form 5500.
