Independent Auditor's Report

To the Plan Administrator
Windsor Electric Co., Inc. 401(k) Retirement Plan
Owings Mills, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Windsor Electric Co., Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

General

The following description of Windsor Electric Co., Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established April 30, 1965 to provide benefits to substantially all employees of Windsor Electric Co., Inc. (the Employer), except union, non-resident alien and part-time, temporary and seasonal employees. Employees 20 years of age or older may participate in the Plan upon completion of six months of service, effective January 1, 2021, and one year of service prior to January 1, 2021. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

T. Rowe Price Retirement Plan Services, Inc. (TRP RPS) has been engaged to serve as the recordkeeper that processes and maintains the records of participant data. Reliance Trust Company (Reliance Trust) has been engaged to serve as the trustee. The Employer serves as the Plan Administrator and is responsible for the day-to-day operations and oversight of the Plan.

Participant Contributions

Participants may elect to contribute a percentage of their eligible pre-tax compensation up to the amount allowable under current income tax regulations. Participants who elect to contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's election into various investment options offered by the Plan. In addition, the Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at six percent of eligible compensation. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Internal Revenue Code (IRC). The Plan does not permit participants to make rollover contributions from other retirement plans.

Employer Contributions

The Employer, upon approval of the Board of Directors, may make a discretionary matching contribution on an annual basis to all eligible employees. During 2022, the Employer's discretionary match was 100% of the participant contributions up to 6% of the participant's annual compensation. Employer discretionary matching contributions for the year ended December 31, 2022 totaled \$619,789, as well as \$10,905 of reallocated forfeitures. Additionally, the Employer may make discretionary profit-sharing contributions to the Plan. Discretionary profit-sharing contributions for the year ended December 31, 2022 totaled \$480,211, as well as \$17,032 of reallocated forfeitures. The Employer also provides prevailing wage contributions for participants as required by certain government contracts. Prevailing wage contributions for the year ended December 31, 2022 totaled \$24,928.

Notes to Financial Statements
As of December 31, 2022 and 2021
and for the Year Ended December 31, 2022

The Employer contributions were remitted to the Plan subsequent to December 31, 2022 and 2021 and, accordingly, are included as Employer contributions receivable in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's discretionary matching contributions, if any, and allocations of the Employer's discretionary profit-sharing contribution, if any, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferral contributions, Employer prevailing wage contributions, and related earnings. Participants vest in the Employer's discretionary matching and profit-sharing contributions and earnings thereon according to the following schedule:

<u>Years of service</u>	<u>Percentage of vesting</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures

Forfeited non-vested amounts may be used to pay Plan administrative expenses or reduce Employer discretionary contributions in the year in which the forfeitures occur. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$27,937 and \$19,389, respectively. During the year ended December 31, 2022, \$19,389 of forfeitures were used to reduce Employer contributions.

Payment of Benefits

Benefit payments are available to participants upon retirement (age 65), termination of employment, death, attainment of age 59 ½, or disability. Participants are entitled to a benefit equal to the vested portion of their account, which will be distributed in the form of a lump sum payment, unless the participant elects another option provided by the Plan. Distributions are subject to the applicable provisions of the Plan agreement. In addition, upon termination, the Plan allows for automatic lump sum distributions of participant vested account balances that do not exceed \$5,000. Certain income taxes and penalties may apply to withdrawals or distributions prior to age 59 ½.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 and up to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the participant's vested account balance and no more than one outstanding note is permitted at any time. Such notes bear interest at the available market financing rates and must be repaid to the Plan within a five-year period, unless the note is used to purchase a principal residence. The specific terms and conditions of such notes are established by the plan administrator. Principal and interest is paid ratably through payroll deductions.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements have been prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the Plan year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the note receivable balance is reduced and a benefit payment is recorded based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements
As of December 31, 2022 and 2021
and for the Year Ended December 31, 2022

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the specific participant transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

TRP RPS provides an administrative budget (ERISA Account) to the Plan whereby a portion of the Plan's revenue sharing received from a fund/fund company is returned to the Plan. Amounts held in the ERISA Account may be used to pay certain administrative expenses of the Plan or allocated back to Plan participants. As of December 31, 2022, and 2021, the ERISA Account totaled \$28,740 and \$26,652, respectively. During the year ended December 31, 2022, \$53,658 and \$17,088 from the ERISA Account were reallocated to Plan participants and used to pay Plan expenses, respectively.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment loss and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

The framework for measuring fair value, Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Windsor Electric Co., Inc. 401(k) Retirement Plan
Notes to Financial Statements
As of December 31, 2022 and 2021
and for the Year Ended December 31, 2022

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Interest-bearing cash

Valued at amortized cost plus accrued interest, which approximates fair value.

Mutual funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust

Valued at the NAV of units of the trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This investment is a direct filing entity.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

(a) In accordance with FASB ASC 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Related-Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by T. Rowe Price. Certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. Participant loan and distribution processing fees are paid to TRP RPS by participants. As described in Note 2, TRP RPS contributed \$72,500 to the Plan's ERISA Account during the year ended December 31, 2022. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

6. Tax Status

The Plan adopted the Non-Standardized Pre-Approved Plan with CODA sponsored by DST Retirement Solutions LLC (DST), effective June 1, 2022. The Internal Revenue Service (IRS) ruled on June 30, 2020 that the DST Plan qualified under Section 401 of the IRC and the related trust is, therefore, not subject to tax under present income tax law. Prior to June 1, 2022, the Plan used a volume submitter plan sponsored by DST, which received an opinion letter from the IRS on June 1, 2015, which states that the volume submitter plan, as then designed, satisfies the applicable provisions of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan's investment options provide participants with a variety of investment alternatives with differing levels of risk and income potential. Investment securities are exposed to various risks such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participant accounts will become fully vested and non-forfeitable.

9. Subsequent Events

Management has evaluated events and transactions for potential recognition or disclosure through the independent auditor's report date, October 13, 2023, the date the financial statements were available to be issued. There were no material events that required recognition or disclosure in the financial statements.
