INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Burlington Automotive Group Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Burlington Automotive Group Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of Burlington Automotive Group Profit Sharing Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America; and
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Burlington Automotive Group Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Burlington Automotive Group Profit Sharing Plan's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Burlington Automotive Group Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Burlington Automotive Group Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2022, respectively are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and
- The information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Burlington Automotive Group Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following brief description of the Burlington Automotive Group Profit Sharing Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a participant-directed defined contribution plan qualifying under Section 401(k) of the Internal Revenue Code (“IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was established on January 1, 1994 for the purpose of providing eligible employees of Burlington Automotive Group (the “Company”), its affiliates, and their beneficiaries funds for retirement. There are currently nine affiliated employers who have adopted the Plan.

Eligibility

An employee of the Company becomes eligible to participate in the Plan for purposes of employee deferrals, matching contributions, and profit-sharing contributions following the attainment of 21 years of age and the completion of three consecutive months of service. Excluded employees include those under a collective bargaining agreement and nonresident aliens who received no earned income from services performed within the United States. Participants are eligible for employer contributions if they have completed 1,000 hours of service in the Plan year and are employed on the last day of the Plan year.

Employees are automatically enrolled into the Plan on the first day of the month following completion of the eligibility criteria unless they choose not to participate. Participants are initially enrolled at a deferral rate of 6% of Plan compensation. There is no automatic escalation provision.

Participant Contributions

A participant in the Plan may annually contribute through payroll deductions, any amount up to 100% of pretax and post-tax compensation not exceeding amounts as determined by the Internal Revenue Service (“IRS”). Any participant, age 50 or over, may make an additional “catch up” contribution as determined by the IRS. Changes or revocations of deferral elections take effect at the beginning of each payroll period. Rollover contributions are permitted into the Plan, regardless of whether such employee has met the service requirements, in accordance with IRS regulations and Plan provisions.

Employer Contributions

The Company may contribute a discretionary matching contribution to the Plan. The matching contribution may be either a predetermined amount or a percentage of base compensation that a participant contributes to the Plan. The Company elected to make an employer-matching contribution for the year ended December 31, 2022 equal to 25% of an employee’s contribution up to 6% of compensation. The discretionary match for the year ended December 31, 2022 was \$288,336. The Company may annually elect to also make a discretionary profit-sharing contribution. Any profit-sharing contribution is allocated pro rata in the ratio that each participant’s compensation bears to the total compensation of all eligible participants. For the Plan year ended December 31, 2022, the Company did not make a profit-sharing contribution.

Participant Accounts

Individual accounts are established for each participant. The Plan offers a variety of investments with varying investment objectives as investment options. Each participant’s account is credited with the participant’s pre-tax and post-tax contributions, the Company contributions, if any, and the proportionate share of dividends, interest and investment gains since the preceding valuation date. The participant’s account is reduced by withdrawals, losses on investments, and expenses of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their employee contributions plus actual earnings thereon. Participants automatically vest in their employer contributions upon reaching early or normal retirement age, becoming disabled, or upon death. All other participants vest as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 - 3	20%
3 - 4	40%
4 - 5	60%
5 - 6	80%
6 +	100%

A participant's "vested percentage" is based on vesting years of service. A participant earns and accumulates a year of vesting for each 12 months of continuous service or completion of 1,000 hours of service. With respect to the Company contributions, any unvested portion of the participant's account shall be forfeited upon termination.

Forfeited Accounts

Forfeited accounts are retained in the Plan and may be applied to pay administrative costs of the Plan or used to reduce future employer contributions. The balance in the forfeiture account was \$37,631 and \$41,218 at December 31, 2022 and 2021, respectively. Forfeitures of \$17,258 were applied to expenses for the year ended December 31, 2022.

Benefits Paid

Benefits under the Plan are distributed upon death, disability, retirement, or termination of employment. Upon approval by the Plan administrator, participants may also make withdrawals of voluntary employee contributions and withdrawals in the event of serious financial hardship. The Plan has an involuntary cash-out policy for terminated participants whose vested account balances are under \$5,000.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime plus 1% at the date of origination. The interest rates on all outstanding loans at year-end ranged from 4.25% to 8.50%. The maximum number of loans outstanding at any time is one. The loan period may not exceed 5 years, with the exception of loans to purchase a primary residence, which may have a term up to 30 years. Principal and interest are paid ratably through payroll deductions. The outstanding balance becomes due upon termination of employment.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Burlington Automotive Group Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents, in the statement of changes in net assets available for benefits, the net depreciation in the fair value of investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) of those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

The expenses necessary to administer the Plan, including, but not limited to, retaining necessary professional assistance from an attorney, an accountant, or an investment advisor, are paid by the Company. All expenses except for account maintenance fees, transaction fees, and investment fund management fees have been paid by the Company. Certain investment related expenses have been offset with net investment income and are not readily determinable. Participants are charged service fees for any loan and distribution transactions they request. For the year ended December 31, 2022, the Plan paid administrator fees of \$28,989.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded when paid.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Burlington Automotive Group Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Brokerage Account: Valued at the daily closing price as reported by the fund or investment. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Registered investment Companies: Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Pooled Separate Accounts ("PSA"): Units held in pooled separate accounts are valued based at the net asset value ("NAV") of the shares held by the Plan at year-end, which is based on the unit prices quoted by the fund, representing the fair value of the underlying investment.

Common/Collective Trust: Valued based on the Plan's pro rata share of the fund's value, which is determined by the underlying market value of the funds and has been measured at NAV.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

4. INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by Principal Trust Company, the custodian of the Plan, except for comparing such information with information reported in the financial statements. Based on information provided and certified by the custodian, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the year ended December 31, 2022 and 2021.

Burlington Automotive Group Profit Sharing Plan

December 31, 2022 and 2021

The following information as of December 31, 2022 and 2021 and for the year ended December 31, 2022 included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian:

	<u>2022</u>	<u>2021</u>
Investments, at fair value	\$ 8,248,822	\$ 9,418,264
Investments, at contract value	<u>454,700</u>	<u>298,941</u>

Dividends and interest income	\$ 51,978	
Interest income on notes receivable from participants	\$ 9,077	

5. INSURANCE CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive group annuity investment contract with Principal Life Insurance Company ("Issuer") through the Principal Fixed Income Guaranteed Option totaling \$454,700 and \$298,941, respectively, at December 31, 2022 and 2021. The methodology for calculating the interest crediting rate is defined in Article I, Section of the contract under the term "Composite Crediting Rate." The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against contract values for credit risk of Issuer or otherwise.

The Plan's investment contract does not specify certain conditions under which distributions from the contract would be payable at amounts below contract value. The terms and methods under which the contract may transact are defined in Article II (Deposits and Ownership), Article III (Fees), Article IV (Benefits and Other Payments) and Article IV (Limitations; Termination) in the contract. The contract does not specify the circumstances under which the Issuer may terminate the contract. Under the contract terms, the contract is terminated when no deposit arrangements have been made and there are no deposits with a value greater than zero under the contract. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

6. PLAN TERMINATION

The Company intends to continue the Plan indefinitely for the benefit of its employees but reserves the right to modify, amend, or terminate the Plan at any time by resolution of its Board of Directors. In the event of a termination, all amounts credited to participants' accounts shall be 100% vested and nonforfeitable. All participants shall receive a total distribution of their amount in the Plan.

7. INCOME TAX STATUS

The Plan adopted a Prototype Standardized Profit-Sharing Plan with CODA, which obtained its latest opinion letter on June 30, 2020, stating that the Plan was designed in accordance with the provisions of the IRC. The Plan has been amended since receiving the opinion letter.

Burlington Automotive Group Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in various investments, maintained and managed by Principal Trust Company, the custodian of the Plan's investments and record keeper for the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan to these entities amounted to \$28,989 for the year ended December 31, 2022.

9. EXCESS CONTRIBUTIONS

The Plan failed the IRC 401(k) Actual Deferral Percentage ("ADP") Compliance Test of Employee Contributions for the years ended December 31, 2019 and 2018. As of December 31, 2022, the Plan has not yet corrected the excess contribution liability. As of December 31, 2022 and 2021, the excess contribution liability was \$33,444.

10. LATE REMITTANCE OF EMPLOYEE CONTRIBUTIONS

During the year ended December 31, 2018, participant contributions totaling \$13,805 were not remitted to the investment custodian in a timely manner as defined by ERISA. The Plan took corrective action in 2022 by funding \$33 of lost earnings of the employee contributions.

During the year ended December 31, 2021, participant contributions totaling \$26,638 were not remitted to the investment custodian in a timely manner as defined by ERISA. The Plan took corrective action in 2022 by funding \$58 of lost earnings on the employee contributions.

During the year ended December 31, 2022, participant contributions totaling \$342 were not remitted to the investment custodian in a timely manner as defined by ERISA. The Plan took corrective action in 2023 by funding the late deposits. No earnings were due on these late deposits.

11. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 11, 2023, the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred that would require adjustment to or disclosure in the financial statements.
