Financial Statements and Supplemental Schedule

Year Ended December 31, 2022

WIPFLI

Independent Auditor's Report

To the Plan Administrator
Corza Medical 401(k) Plan
Westwood, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Corza Medical 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Corza Medical 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Corza Medical 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Corza Medical 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Corza Medical 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Corza Medical 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Corza Medical 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for eligible employees of Corza Medical Inc. (formerly known as Surgical Specialties Corporation (US), Inc.), and its affiliated companies who adopt the Plan (collectively referred to as "the Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended. On January 21, 2021, Surgical Specialties Corporation was acquired by Corza Health, at which time a new company was created, Corza Medical Inc. The significant provisions of the Plan remained unchanged in relation to this Plan Sponsor merger.

Effective January 1, 2022, the Company restated and amended its non-standardized pre-approved Prototype Plan document to be in accordance with IRS legislative requirements and maintain the Plan's qualified status.

Effective August 5, 2022, the Plan's name was changed from Surgical Specialties 401(k) Plan to Corza Medical 401(k) Plan.

Eligibility

Employees of the Company, except union employees, non-resident aliens, leased employees and employees of the affiliate located in Puerto Rico, are eligible to participate in the Plan on the first day of their employment.

Contributions

Each year, participants may contribute, on a pre-tax or Roth after-tax basis, up to 80% of their annual compensation, as defined by the Plan, up to dollar amounts permissible under the Internal Revenue Code (IRC). The Plan also allows catch-up contributions, on a pre-tax or Roth after-tax basis, by participants age 50 or older, subject to certain IRC limitations, and allows for rollover contributions from other qualified sources, as defined by the Plan. Participants whose salary deferral rate is less than 5% will have their salary deferral rate increased 1% in September of each year up to a maximum deferral of 5% unless the participant opts out of the increase.

The Plan provides for the Company to make safe harbor matching contributions to eligible participants in an amount equal to 100% of the participant's deferrals up to 3% of eligible compensation, plus 50% of the participant's deferrals on their next 2% of eligible compensation. The Company made safe harbor contributions of \$761,486 for the year ended December 31, 2022. The Plan also provides for Company discretionary contributions allocated on a pro-rata basis of compensation to participants who have completed in the Plan year a minimum of 1,000 hours of service, as defined by the Plan, and who are employed on the last day of the Plan year. No discretionary Company contribution was made for the year ended December 31, 2022.

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, Company safe harbor matching contributions, and allocations of (a) the Company's discretionary contributions, if any, and (b) Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their pre-tax contributions, after-tax Roth contributions, rollover contributions and Company safe harbor matching contributions, plus actual earnings (losses) thereon. Vesting in Company discretionary contributions, if any, plus actual earnings (losses) thereon, is based on a participant's years of service, vesting at a rate of 20% per year, with a participant being fully vested after five years of service.

Forfeitures

At December 31, 2022, forfeited nonvested accounts amounted to \$0. At December 31, 2021, forfeited nonvested accounts amounted to \$15,346. Forfeitures are portions of participants' accounts that participants surrender by terminating employment prior to becoming fully vested. These accounts will be used to reduce future Company contributions or to pay administrative expenses of the Plan in accordance with the Plan document. Forfeitures amounting to \$20,069 were used during 2022.

Notes Receivable from Participants

Plan participants may borrow up to the lesser of 50% of the vested portion of the participant's account balance or \$50,000, but no less than \$1,000. The notes are secured by the vested balance in the participant's account, bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator, and are repaid ratably through payroll deductions from the participant's compensation. Interest rates on notes outstanding at December 31, 2022 ranged from 4.25% to 6.50%. A participant may have only one loan outstanding at any given time.

Payment of Benefits

On termination of service due to death, disability, retirement, or for other reasons, a participant may elect to receive an amount equal to the value of the participant's vested interest in their account in the form of a lump sum payment or, upon a participant's death, by payment options as defined in the Plan. In addition, while still employed by the Company, the Plan allows for in-service withdrawals by participants who have attained the age of 59 ½ from the vested portion of their account balance. The Plan also allows for hardship withdrawals for specific situations as defined by the Plan.

Payment of Benefits (Continued)

At December 31, 2022 and 2021, there were no amounts owed to former participants whose employment had been terminated and who requested payout of their account balances.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Management fees for investments in mutual funds are deducted from income earned on a daily basis and therefore reflected as a reduction of investment return for those investment assets. Fees specific to individual participant activity, such as loan fees, are charged to the individual participant's account. All other expenses incurred in connection with the administration of the Plan are either paid by the Plan and allocated to participant accounts, or paid by the Company and excluded from these financial statements.

Payment of Benefits

Benefit payments are recorded when paid.

Note 3: Information Prepared and Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Charles Schwab Trust Bank, the Trustee of the Plan.

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted market prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Mutual funds held outside and within self-directed brokerage accounts: Funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan and self-directed brokerage accounts are deemed to be actively traded.

Common stocks held in self-directed brokerage accounts: Valued at the closing price reported on the active market on which the individual securities are traded.

Money market deposit account: Valued at cost, which approximates fair value, and is a capital preservation vehicle that bears interest at a reasonable rate as determined monthly by Charles Schwab Trust Bank. The crediting interest rate for the period from January 1, 2021, to December 31, 2022, ranged from .05% to 1.8%.

Note 4: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022 and 2021. Classifications within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 21,642,122	\$ -	\$ -	\$ 21,642,122
Self-directed brokerage accounts	506,916	-	-	506,916
Money market deposit account	2,561,068	-	-	2,561,068
Total investment assets, at fair value	\$ 24,710,106	\$ -	\$ -	\$ 24,710,106

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 25,599,622	\$ -	\$ -	\$ 25,599,622
Self-directed brokerage accounts	861,895	-	-	861,895
Money market deposit account	509,267	-	-	509,267
Total investment assets, at fair value	\$ 26,970,784	\$ -	\$ -	\$ 26,970,784

Note 5: Tax Status

Effective January 1, 2022, the Company adopted a restated and amended Prototype Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan ("Prototype Plan") sponsored by Schwab Retirement Plan Services, Inc (Note 1). The Prototype Plan obtained its latest determination letter on September 21, 2020, in which the Internal Revenue Service (IRS) stated that the Prototype Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not requested its own IRS determination letter. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6: Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company discretionary contributions.

Notes to Financial Statements

Note 7: Related-Party and Party-In-Interest Transactions

Certain investments and other Plan assets are managed by Charles Schwab Trust Bank, the Trustee, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the Trustee for investment advisory and other administrative expenses amounted to \$65,867 for the year ended December 31, 2022. Fees of \$17,000 incurred and paid by the Plan to its independent accountant for attest services also qualify as party-in-interest transactions. In addition, certain administrative functions are performed by employees of the Company, for which no compensation is received from the Plan for their services.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Subsequent Events

The Plan has evaluated subsequent events through October 3, 2023, which is the date the financial statements were available to be issued.

Effective January 1, 2023, Katena Products, Inc. became a participating employer in the Plan. Additionally, on March 1, 2023, the net assets of the Katena 401(k) Plan approximating \$5,600,000 were merged into the Plan.
