Part I	Asset and Liability Statement
1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditor's Report

Board of Trustees and Plan Participants
Koopman Lumber, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Koopman Lumber, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of schedule H, line 4a—schedule of delinquent participant contributions and schedule H, line 4i—schedule of assets (held at end of year), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Koopman Lumber, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Koopman Lumber, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Company originally established the Plan on January 1, 1993. The Plan is a defined contribution plan covering eligible employees of Koopman Lumber Company, Inc. (Plan Sponsor or Company). The Plan is subject to the provisions of the Internal Revenue Code of 1986, as amended (the Code) and the Employee Retirement Income Security Act of 1974 (ERISA). An employee of the Company serves as the Plan Administrator (Plan Administrator). The Plan was most recently amended January 1, 2022 to comply with the most recent legislative and regulatory changes as set forth in the Code.

Eligibility: An employee is eligible to participate in the Plan when they have reached the age of 21 and met the service requirement of six months and a minimum 500 hours of service.

Contributions: Each year, participants may contribute up to the maximum amount of pretax annual compensation as determined by the Code. As of November 15, 2017, Roth contributions are also allowed. All participants who attain age fifty before the close of the plan year shall be eligible to make catch-up contributions. Participants may rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 6% of eligible compensation. Contributions are automatically invested in the applicable Vanguard Target Retirement Income Fund unless otherwise changed or directed by the participant.

The Company makes discretionary matching contributions up to the first 5% of a participant's eligible compensation. The Company's discretionary matching contribution for the year ended December 31, 2022 was equal to 25% of the first 5% of eligible compensation.

The Company may also make a discretionary profit-sharing contribution to the Plan each year at the option of the Company. Employees must be employed by the Company on the last day of the plan year and complete 1,000 hours of service during the plan year in order to be eligible for an allocation of the discretionary profit-sharing contribution. These additional eligibility requirements are waived if employment terminated during the year due to death, disability or retirement. No discretionary profit-sharing contributions were made to the Plan during the year ended December 31, 2022. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's discretionary matching contribution, allocations of any discretionary profit-sharing contribution and the Plan's earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Koopman Lumber, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit-sharing contributions plus actual earnings is as follows:

Years of Service	Percentage Vested
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments including pooled separate accounts and a guaranteed investment account. Participants may change their investment options daily.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans must be repaid over a period of no more than five years unless the loan is to purchase a primary residence, in which case the term may be longer. The loans are collateralized by the vested balance in each participant's account and bear interest at a rate comparable to local commercial rates at the time of the loan. The rates were 4.75% to 8.5% on loans outstanding as of December 31, 2022, which mature through 2027. Principal and interest are paid ratably through payroll deductions and loans are due upon termination of the participant. Participants may only have one loan outstanding at a time.

Benefit payments: The Plan permits withdrawals when a participant terminates employment, retires or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½ or 72. Benefits are payable in lump-sum payments with certain exceptions allowed.

Forfeitures: Amounts of participant forfeited non-vested accounts are used to reduce future administrative expenses or employer contributions to the Plan. During the year ended December 31, 2022, the amount forfeited was \$1,111. Net loss on forfeited amounts was \$194 during the year ended December 31, 2022. Forfeitures used to reduce employer contributions during the year ended December 31, 2022, were \$1,111. There was \$983 and \$1,177 available in an unallocated forfeiture account to use for future employer contributions or administrative expenses as of December 31, 2022 and 2021, respectively.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets generally accepted accounting principles in the United States of America (U.S. GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to U.S. GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (ASC).

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual amounts could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit payments: Benefits are recorded when paid.

Accounting for uncertainty in income taxes: U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the United States (U.S.) federal, state or local tax authorities for years before 2019.

Note 3. Information Certified and Provided by John Hancock Life Insurance Company (U.S.A.) (the Custodian)

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedules that was prepared by or derived from information provided by the Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Custodian that information provided to the Plan Administrator by the Custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following assets.

	December 31	
	2022	2021
Investments at fair value:		
Pooled separate accounts	\$ 18,309,101	\$ 18,948,513
Guaranteed interest account	462,587	331,360
	<u>\$ 18,771,688</u>	<u>\$ 19,279,873</u>
Notes receivable from participants	\$ 303,554	\$ 271,815

The Custodian also certified to the completeness and accuracy of \$3,340,822 of net depreciation in fair value of investments, \$2,593 of interest and dividends related to the aforementioned investments and \$17,072 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Koopman Lumber, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Pooled separate accounts: Investments are valued at net asset value (NAV), which is based on the quoted market price of the underlying assets and adjusted for administrative charges of the separate account.

Guaranteed interest account: Investment valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer (see Note 5).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Investments in fair value hierarchy:				
Guaranteed interest account	\$ -	\$ -	\$ 462,587	\$ 462,587
Investments measured at NAV (a)				18,309,101
Investments, at fair value				<u>\$ 18,771,688</u>

Description	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Investments in fair value hierarchy:

Investments measured at NAV (a)				18,948,513
Investments, at fair value				<u>\$ 19,279,873</u>

- (a) In accordance with FASB ASC 820-10, certain investments that are measured at fair value using NAV per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

- (b) The investment the target date funds adjusts allocations over time to become more conservative and meet the changing risk and return objectives of investors over their expected investment horizon.
- (c) The investment strategy of the lifestyle funds focuses on a balance between high level of current income and growth of capital and is used for a broadly diversified, risk-targeted portfolio.
- (d) The investment strategy of the growth funds focuses primarily on stocks of larger U.S. companies employing an investment style of growth.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

- (e) The investment strategy of the aggressive growth funds focuses primarily in stocks of larger U.S. companies employing an investment style of growth. An aggressive growth fund invests in the stocks of companies that are growing rapidly.
- (f) The investment strategy of the income funds focuses primarily on seeking income or growth of income, with less emphasis on capital appreciation.
- (g) The investment strategy of the growth and income funds focuses on a combination of growth and income by investing primarily in stocks of larger, mature companies.
- (h) This category is a stable value fund, which invests in a collective trust. The collective trust seeks to preserve principal and provide contract value liquidity on a daily basis for plan-permitted, participant directed withdrawals while maintaining a competitive rate of interest. The collective trust invests primarily in diversified fixed income investments and in stabilizing agreements.

During the year ended December 31, 2022, the Plan purchased or transferred in \$140,905 of Level 3 investments and had no issuances of Level 3 investments nor had any transfers out of Level 3.

The following tables as of December 31, 2022 and 2021, represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments and the significant unobservable inputs and the ranges of values for those inputs.

December 31, 2022					
Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range Significant Input Values	Weighted Average
Guaranteed interest account	<u>\$ 462,587</u>	Discounted cash flow	Risk-adjusted discount rate applied	0.30% - 1.37%	0.64%

December 31, 2021

Guaranteed interest account	<u>\$ 331,360</u>	Discounted cash flow	Risk-adjusted discount rate applied	0.30% - 1.37%	0.65%

Note 5. Guaranteed Interest Account

The Plan has a guaranteed interest account (the Contract) with the custodian. Contract funds are guaranteed by the custodian, are subject to the liabilities of the custodian and are not maintained in a pooled separate account apart from claims of its creditors.

The Contract is included in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer as reported to the Plan by the custodian. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Based on certain restrictions discussed below, the Plan has determined that the Contract is not fully benefit-responsive and therefore fair value is the relevant measurement attribute.

Koopman Lumber, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 5. Guaranteed Interest Account (Continued)

Per the terms of the Contract, certain restrictions apply to the accessibility of funds in the general account. Lump-sum withdrawals are available immediately, but not all distributions are allowed at contract value. The following distributions are processed at the lesser of market or contract value: eligible rollover distributions (other than severance of employment, retirement, disability, death, financial hardship, return of excess contributions, required minimum distributions), withdrawals required by a court of competent jurisdiction or any federal or state regulatory agency, contract termination and all pre-retirement distributions as permitted by the Plan are processed at market value only.

There are no reserves against fair value for credit risk of the contract issuer or otherwise. The crediting interest rate is reviewed at least monthly for resetting.

Note 6. Party-in-Interest Transactions

The Plan's investments are comprised of units of pooled separate accounts and a guaranteed interest account managed by affiliates of the custodian. These transactions qualify as party-in-interest transactions. The Plan issues notes receivable to participants, which are secured by the balance in each participant's account, which also constitute party-in-interest transactions.

Note 7. Tax Status

The Plan, through its adoption of the non-standardized defined contribution pre-approved plan effective January 1, 2022, has obtained a copy of an opinion letter issued to Freeman Retirement Plan Consulting LLC, dated June 30, 2022, stating that the volume submitter plan is acceptable under Section 401 of the Code and that any employer adopting this plan will be considered to have the plan qualified under Section 401(a) of the Code. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax exempt.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Nonexempt Transactions

For the years ended December 31, 2022 and 2021, the Company inadvertently failed to deposit approximately \$52,000 and \$4,900, respectively, of participant deferrals and loan repayments within the required timeframe set by the DOL regulations. For the late remittances, the Company has reimbursed the Plan for lost earnings and will pay any applicable excise taxes related to 2022 and 2021, respectively.
