INDEPENDENT AUDITOR'S REPORT

To the Plan Trustees and Committee
Peripheral Vascular Associates 401(k) Plan
San Antonio, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Peripheral Vascular Associates 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Peripheral Vascular Associates 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, John Hancock Life Insurance Company, the Custodian, as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PERIPHERAL VASCULAR ASSOCIATES 401(k) PLAN
Notes to Audited Financial Statements
December 31, 2022 and 2021

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Peripheral Vascular Associates 401(k) Plan ("Plan") are prepared following the accrual method of accounting.

Recognition of Income: The basis of investments held by the Plan is adjusted daily to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized and unrealized gains and losses on investments are computed using this adjusted basis. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments: Investments in self-directed brokerage accounts are reported at quoted prices at year end (net asset value). Self-directed brokerage accounts include cash, certificates of deposit, common stocks, mutual funds, exchange trade funds, government and corporate bonds and alternative investments. Pooled separate accounts invested in mutual funds are valued based on the underlying investment. Purchases and sales of securities are recorded on a trade-date basis. Dividends on mutual funds are considered when the fair value is determined. Gains and losses (realized and unrealized) are reported in net (depreciation) appreciation in fair value of investments in the statement of changes in net assets available for benefits.

Participants' Notes Receivable: Participants' notes receivables are stated at their unpaid principal balance plus any accrued interest. Interest is recognized as accrued. An allowance was not required at either year end. If a participant ceases to make a note repayment and the Plan administrator deems the participant note to be in default, the note balance is reduced and a benefit payment to the participant is recorded.

Benefit Payments: Benefits are recorded when paid.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

New Accounting Pronouncements: Management is not aware of any new accounting pronouncements that have been released, and are not yet effective, which will have a significant impact to its financial position or results of operations in future periods.

Use of Estimates: The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from these estimates.

NOTE B - DESCRIPTION OF THE PLAN

The following description provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan, established September 1, 1975, covering virtually all employees of Peripheral Vascular Associates (the Plan Sponsor) who have one year of employment and 1,000 hours of service within 12 consecutive months. The Plan is for the exclusive benefit of its participants and their beneficiaries. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

PERIPHERAL VASCULAR ASSOCIATES 401(k) PLAN
Notes to Audited Financial Statements
December 31, 2022 and 2021

NOTE B - DESCRIPTION OF THE PLAN – continued

Plan Restatement: The Plan was restated effective January 1, 2022, and has been amended with required regulatory changes including the most recent hardship distribution provisions and the SECURE, CARES, and CAA provisions.

Contributions: Participants may contribute pretax from their annual compensation, as defined in the Plan. Participants direct the investments of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions (“rollovers”) from other qualified defined benefit or contribution plans. The Plan Sponsor may contribute a matching contribution as determined each year by its Board of Directors up to 5% of annual compensation. The Plan Sponsor, at its discretion, may also make a profit-sharing match.

Participant Accounts: Each participant's account is allocated a percentage of a) the Plan Sponsor contributions, b) Plan earnings, and c) charged administrative expenses. Allocations are based on the participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are 100% vested at all times in their voluntary contributions and actual earnings thereon. A participant's interest in the discretionary contributions the employer makes to the Plan becomes 100% vested upon attaining the Plan's normal retirement age or if employment is terminated due to death or disability. If employment is terminated prior to normal retirement age for any reason other than death or disability, then the employee's interest in employer contributions becomes 100% vested following six years of employment in accordance with specific vesting schedules based on years of service as required by the Department of Labor Rules and Regulations.

Forfeitures: At the election of the Plan Sponsor, forfeitures may be used to pay administrative expenses of the Plan or allocated to participants. Forfeited non-vested accounts totaled \$0 at December 31, 2022 and 2021. The Plan used approximately \$31,100 in 2022 and \$37,100 in 2021 in forfeitures.

Participants' Notes Receivable: Participants may borrow from their fund accounts a minimum of \$500, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Interest rates are established daily by the Trustee. Principal and interest is repaid at least quarterly by payroll deduction.

Investment Options: Upon enrollment in the Plan, a participant may change their investment options daily and direct employee contributions in several investment options.

Payment of Benefits: Payment of the vested account balance is immediate when the participant reaches normal retirement age, dies or terminates employment. If the total vested account balance is less than \$5,000, the participant may receive a single lump sum payment. If the vested account balance is equal to or greater than \$5,000, various payment options are available and are described more fully in the Plan agreement. Hardship withdrawals are available to the Plan participants upon approval by the Plan Committee.

Plan Termination: Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE B - DESCRIPTION OF THE PLAN – continued

Tax Status: Peripheral Vascular Associates 401(k) Plan has adopted a volume submitter profit sharing plan with CODA. The volume submitter profit sharing plan has been approved by the Internal Revenue Service as qualifying under Section 401(a) of the Internal Revenue Code (IRC). The Plan has been amended since it was adopted; however, the Plan administrator believes the Plan is appropriately designed and is currently being operated in compliance with applicable requirements of the IRC. Management is not aware of any tax positions that would have a significant impact on its financial position. Its federal tax returns for the last four years remain subject to examination.

GAAP requires Plan management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.

NOTE C – INVESTMENTS CERTIFIED BY THIRD PARTY (unaudited)

As permitted by Department of Labor CFR 2520.103-8, the following information was certified and held by John Hancock Life Insurance Company, the Custodian, and was not audited by the independent auditor.

	2022	2021
Interest-bearing cash	\$ 14,274	\$ -
Investments, at fair value	11,102,556	12,319,551
Participant notes receivable	348,719	275,608
Net (depreciation) appreciation in fair value of investments	(2,024,843)	1,453,517
Interest on participant notes	15,294	14,226

The remaining investments and participant notes receivable totaling \$20,551,912 at December 31, 2022 and \$25,908,647 at December 31, 2021 are held in self-directed brokerage accounts and were not certified by the custodian. Income (loss) on these investments and participant notes receivable totaled (\$4,369,605) in 2022 and \$3,442,214 in 2021. Auditing procedures applied to these investments were in accordance with U.S. generally accepted auditing standards (*non-section 103(a)(3)(C) procedures*).

NOTE D - TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed by the Plan document. Expenses paid directly by the Plan Sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net (depreciation) appreciation of fair value of investments.

NOTE E - FAIR VALUE MEASUREMENTS

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets
 - quoted prices for identical or similar assets or liabilities in inactive markets
 - inputs other than quoted prices that are observable for the asset or liability
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means
 - if the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a description of the valuation methodologies used for various types of assets measured at fair value:

Pooled separate accounts: Valued at the underlying fair value of investments (mutual funds) held.

Self-directed brokerage accounts:

Cash and certificates of deposit: Valued at the contribution plus applicable interest.

Common stocks, mutual and exchange trade funds: Valued at the closing prices reported on the active market on which the individual securities are traded.

Government and Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Alternative investments: Estimated based on appraisals or similar valuation techniques.

Notes to Audited Financial Statements

NOTE E - FAIR VALUE MEASUREMENTS – continued

There have been no changes in methodologies used for valuation of investments, nor transfers between levels. Changes in level 3 investments were unrealized gains (losses). The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value:

	Fair Value Measurements Using			
	Level 1	Level 2	Level 3	Total
<i><u>December 31, 2022:</u></i>				
Self directed brokerage accounts	\$ 19,602,829	\$ 737,544	\$ 173,786	\$ 20,514,159
Pooled separate accounts	-	11,102,556	-	11,102,556
Investments, at fair value	<u>\$ 19,602,829</u>	<u>\$ 11,840,100</u>	<u>\$ 173,786</u>	<u>\$ 31,616,715</u>
<i><u>December 31, 2021:</u></i>

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The audited financial statements are prepared on the accrual basis of accounting, whereas the Form 5500 is prepared on the cash basis. The following is a reconciliation of net assets available for benefits as of December 31:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per financial statements	\$ 32,138,669	\$ 38,529,128
Add: other reconciling items	<u>-</u>	<u>191</u>
Net assets available for benefits per Form 5500	<u><u>\$ 32,138,669</u></u>	<u><u>\$ 38,529,319</u></u>
