To the Plan Administrator of
Align Credit Union 401(k) Profit Sharing Plan
40 Market Street
Lowell, MA 01852

We have conducted an ERISA Section 103(a)(3)(C) audit of the financial statements of Align Credit Union 401(k) Profit Sharing Plan (the "Plan") as of and for the year ended December 31, 2022 and have issued our report thereon dated October 12, 2023. Professional standards require that we advise you of the following information related to our audit

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated July 21, 2023, our responsibility, as described by professional standards, is to conduct our audit in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). For an ERISA Section 103(a)(3)(C) audit, the audit will not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of the cash basis of accounting. Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the cash basis of accounting.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of Align Credit Union 401(k) Profit Sharing Plan solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, and our firm have complied with all relevant ethical requirements regarding independence. We have determined the Plan has personnel with suitable skill, knowledge, or experience who make managerial decisions to eliminate identified threats to independence or reduce them to an acceptable level.

Significant Risks Identified

We have identified management override of internal controls over financial reporting to be a significant risk because management is primarily responsible for the design, implementation, and maintenance of internal control.

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by Align Credit Union 401(k) Profit Sharing Plan is included in Note 2 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2022. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements are the valuation and leveling of investments and the net appreciation (depreciation) in fair value of investments. Management's estimates of these accounting estimates are based on various factors. We evaluated the key factors and assumptions used to develop these accounting estimates and determined that they are reasonable in relation to the financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the Plan's financial statements relate to the fair value estimates. The Plan's presentation of the financial statements and the related disclosures are in conformity with the cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States of America. The disclosures in the financial statements are neutral, consistent and clear.

Significant Unusual Transactions

We did not identify any significant unusual transactions. All significant transactions have been recognized in the financial statements in the proper period.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards also require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. There were no uncorrected misstatements identified during the audit.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. There were no corrected misstatements identified during the audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Plan's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management, which are included in the management representation letter dated October 12, 2023.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, business conditions affecting the plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the Plan's auditors.

Other Matters

The ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, was subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

This report is intended solely for the information and use of the Plan Administrator, and management of Align Credit Union 401(k) Profit Sharing Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Spinelli CPA, PC

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Align Credit Union 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Align Credit Union 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits arising from cash transactions as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits arising from cash transactions for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Align Credit Union 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements arising from cash transactions, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the cash basis of accounting described in note 2.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Align Credit Union 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the cash basis of accounting described in Note 2, and for determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Align Credit Union 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Align Credit Union 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Align Credit Union 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year - cash basis as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ALIGN CREDIT UNION 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Align Credit Union 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provision.

General

The Plan is a defined contribution plan covering all employees of Align Credit Union ("Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The investments of the Plan are maintained in a trust (the "Trust") by Fidelity Management Trust Company ("Fidelity" or the "Trustee") and the recordkeeping functions are performed by Fidelity Workplace Services LLC. The Plan is administrated by the Plan Sponsor's Administrative Committee ("Committee"), which is a committee comprised of members of management of the Plan Sponsor. The Committee has overall responsibility for the operation and administration of the Plan. The Committee, along with its investment advisors, has developed an investment policy to determine the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

All employees of the Plan Sponsor who are at least 21 years of age are eligible to participate in the Plan on their dates of hire and can enter the Plan on the first day of any subsequent month. Employees are not eligible to participate for purposes of the Plan Sponsor's matching or discretionary contributions until the employee has completed 1,000 hours of service in the first 12 months of employment and must have attained age 21. After completing age and service requirements, the employee can enter the Plan on the first day of the Plan year or the first day of April, July, and October, whichever comes first.

Participant Contributions

Each year, participants may defer on a pre-tax basis up to the lesser of 90% of eligible compensation, as defined in the Plan, or the maximum amount permitted under section 401(k) of the Internal Revenue Service ("IRS") code. The Plan allows for after-tax Roth contributions in addition to pre-tax contributions. The participant may elect to cease or change the amount of the contribution as of the first day of each month. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-seven investment options for participants. Participants may change their deferral percentage and investment options directly with Fidelity at any time. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Employer Contributions

The Plan Sponsor may make a discretionary matching contribution for an amount up to 4% of each participant's compensation, determined annually. The Plan Sponsor made matching contributions of 3% for qualified employees in the 2022 and 2021 plan year. In addition, the Plan Sponsor has elected to make safe harbor non-elective contributions in an amount equal to 3% of participant's eligible compensation, as defined by the Plan. The Plan Sponsor may also make discretionary contributions to the Plan and are allocated to participants based on a percentage of compensation, as defined by the Plan. For the 2022 and 2021 plan year, the Plan Sponsor made a discretionary contribution of 2% of a participant's compensation, as defined by the Plan. The participant and Plan Sponsor contributions are allocated among the twenty-seven investment options as directed by the participant. All employer contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the participant's allocation of the Plan Sponsor's contributions and the participant's proportional allocation of the Plan's earnings, including realized and unrealized gains and losses, and charged with their withdrawals and distributions and certain permitted Plan expenses. Participants determine the percentage in which contributions are to be invested in each fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, including rollover contributions from another employer's qualified retirement plan, plus actual earnings thereon. Effective January 1, 2015, the Plan Sponsor contribution portion of participant accounts plus actual earnings thereon are based on years of continuous service, which increases in 20% increments starting after one year of continuous service for participants hired after January 1, 2015. A participant is 100% vested after five years of credited service. All other participants hired before January 1, 2015 are fully vested in the employer contributions.

Forfeitures

When certain terminations of participation in the Plan occur, the non-vested portion of a participant's employer account represents a forfeiture, as defined by the Plan. Amounts forfeited under the Plan are used to first reduce administrative expenses and then used to reduce future employer contributions. During the years ended December 31, 2022 and 2021, \$1,889 and \$20,329, respectively, of forfeitures were used to pay employer contributions. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$16,290 and \$490, respectively.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in the preceding one year period or 50% of their vested account balance. Only one loan is permitted to be outstanding at any time. Loans must be repaid over a period of no more than five years, unless used to acquire a principal residence, in which case the maximum repayment period is ten years. Participants borrowing from their vested account balances are required to sign promissory notes pledging up to half the value of their vested account balances. These notes bear interest at a fixed rate determined quarterly by the Plan administrator based on prevailing interest rates charged by persons in the business of lending money for loans, which would be made under similar circumstances. Principal and interest is paid ratably through payroll deductions each pay period. Participant loans are accounted for separately within the participant's account. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the Statements of Net Assets Available for Benefits. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. As of December 31, 2022 and 2021, the balance in participant loans outstanding was \$195,096 and \$271,996, respectively. These loans are shown as notes receivable from participants in the Statements of Net Assets Available for Benefits.

Distribution of Benefits

Distribution can be made if requested due to disability, retirement, or termination of employment. On termination of service for any reason, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, if the vested interest is \$5,000 or less. If the participant's vested interest is over \$5,000, the participant's consent will be required for any distribution and may elect to receive payment in a lump-sum amount or installments paid over a certain number of years selected by the participant.

Beneficiaries may request a distribution of the vested account balance in the event of death. The account balance will continue to increase or decrease, as appropriate, based on the investment returns until it is distributed.

Distribution can be deferred to a later date, however, it cannot be postponed if the vested account balance is \$5,000 or less; in which case the Plan administrator will direct the Trustee that any amount exceeding \$1,000 be distributed to an Individual Retirement Account or Annuity ("IRA"). If the vested account balance is \$1,000 or less, the Plan administrator will direct the Trustee to distribute it as a lump sum distribution without the participant's consent. Prior to such distribution, participants still have the right to request that the amount be distributed directly to them in the form of a lump sum payment or to request that it be rolled-over to a different IRA provider or another retirement plan eligible to receive rollover contributions. If the participant fails to request a different treatment of an automatic distribution under the Plan's cash-out provision, the distribution will be paid over to an IRA provider chosen by the Plan administrator and invested in a product designed to preserve the principal of that distribution while still providing a reasonable rate of return and preserving liquidity. The fees assessed against this newly established IRA by its provider will be paid by the participant.

Participants may make an in-service withdrawal of their vested account balance at age 59½ or upon demonstration of a hardship. A hardship withdrawal from a participant's account may be permitted while a participant is still actively employed if the participant has a financial hardship for which funds are not reasonably available from other resources of the participant.

**ALIGN CREDIT UNION 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Distribution of Benefits (Continued)

Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the IRC or standards established by the Secretary of the Treasury or his delegate. All hardship withdrawal requests are subject to approval of the Plan administrator.

A withdrawal of all or a portion of any rollover contributions in the Plan, along with any pre-tax earnings on those contributions, is allowed for any reason upon request while the participant is still actively employed.

Funding Policy

The Company remits employee deferral and Plan Sponsor matching contributions to the Plan on a weekly basis.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States of America ("U.S. GAAP"). The cash basis of accounting is a cash receipts and disbursements method of accounting unlike U.S. GAAP where information is reported on an accrual basis. However, under the modified basis of accounting investments are stated at fair value, which is consistent with U.S. GAAP.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on a cash basis and any related fees are recorded as administrative expenses when they are incurred. An allowance for credit losses is not necessary as the notes are collateralized by the participants' account balance. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

ALIGN CREDIT UNION 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with the cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments are recorded when paid.

Plan Expenses

All expenses of maintaining the Plan are paid by the Plan Sponsor. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

At December 31, 2022 and 2021, the Plan's investments were held by the Trustee. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan measures fair value in accordance with the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active and inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and supported by little or no market activity and significant to their fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level and by investment class, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021.

ASSETS AT FAIR VALUE AS OF DECEMBER 31, 2022				
	Level 1	Level 2	Level 3	Total
Investments at Fair Value

Investments Measured at Net Asset Value (1)				
Common/Collective Trust				1,825,143
Total Plan Investments Measured at Fair Value				\$ 25,855,848

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The common/collective trust held by the Plan requires twelve months' notice for a complete liquidation, however the trustee, at their discretion, may waive the twelve month waiting period. Participant directed redemptions are allowed daily with no restrictions. There are no unfunded commitments.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the end of the reporting period.

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and units in the Fidelity Advisor Stable Value Portfolio Class I Fund managed by Fidelity Management Trust Company who is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments. The Plan also carries notes receivable from participants, which are party-in-interest transactions.

The Plan Sponsor provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 - TAX STATUS

The Plan was amended on August 19, 2021, to adopt a prototype non-standardized plan document sponsored by Fidelity, who received an opinion letter from the IRS dated June 30, 2020, which states that the prototype plan is qualified under the appropriate sections of the IRC. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and the related Trust is tax-exempt. Therefore, the Plan Administrator believes the Plan continues to be qualified.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits for any tax periods in progress.

NOTE 10 - SUBSEQUENT EVENTS

The Plan Sponsor has evaluated the financial statement impact of subsequent events occurring through October 12, 2023, the date that the financial statements were available to be issued. The Plan Sponsor is not aware of any subsequent events that would require recognition or disclosure in the financial statements.
