Independent Auditor's Report

Plan Administrator
Grayhill, Inc. Advantage Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Grayhill, Inc. Advantage Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grayhill, Inc. Advantage Plan

Notes to Financial Statements

Note 1. Plan Description

The following brief description of the Grayhill, Inc. (the Company) Advantage Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established to enable eligible employees of the Company to share in a portion of the Company's profits and to defer receipt of a portion of their compensation for the principal purpose of providing benefits at time of retirement, disability or death. Employees become eligible to participate upon completion of 90 days of service. Participants become eligible for the Company matching contribution and profit-sharing contribution, if any, after completing one year of service, which is defined as 1,000 hours in a 12-month period immediately following the date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant contributions: Each year, participants may contribute up to the lower of 25% of their annual compensation or the maximum allowable by the Internal Revenue Service (IRS). Unless the participant elects otherwise, new participants automatically defer 2% of their pretax annual compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Company matching and profit-sharing contributions: Company matching contributions are made at the discretion of the Company's Board of Directors equal to a percentage or dollar amount of a participant's contributions. Such amounts are credited among the accounts of participants who have made compensation deferrals during the year. Profit-sharing contributions are made at the discretion of the Company's Board of Directors. Contributions are allocated to the eligible participants' accounts based upon the rate of each participant's points, as defined by the Plan, to the total points of all eligible participants. Points are awarded based upon employee compensation and length of service. The total of Company matching and profit-sharing contributions for the year ended December 31, 2022 was \$1,964,000. The contributions were made in March 2023 and therefore included as a receivable as of December 31, 2022.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's matching contribution, if any, and an allocation of (a) the Company's discretionary profit-sharing contribution, if any, (b) forfeitures of terminated nonvested accounts, (c) plan earnings and (d) administrative expenses. Allocations are based on participants' account balances, compensation or points, as defined. Earnings include interest, dividends and changes in the fair value of investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Vesting: Participants are immediately vested in their contributions and Company matching contributions plus earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service. In the event of death, disability or retirement at designated ages, participants become fully vested.

Investment options: Upon enrollment in the Plan, participants may direct their account balances into a variety of investment options, as more fully described in the Plan's literature. Participants may change their investment options at any time.

Grayhill, Inc. Advantage Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000, reduced by the participant's highest outstanding loan balance in the preceding 12 months or 50% of their vested account balance. Note terms range from one to five years or up to 10 years for the purchase of a primary residence. The notes are collateralized by the balance in the participant's account. The notes bear interest at rates that range from 3.25% to 6.25% at December 31, 2022, which is commensurate with local prevailing rates at the time of loan origination as determined by the Plan Administrator. Principal and interest payments are paid through payroll deductions.

Payment of benefits: If a participant terminates for any reason, the Plan provides that the participant may receive benefits in the form of a lump-sum or installments. Withdrawals are also allowed at any time for hardship reasons as defined in the Plan. Account balances less than \$5,000 at the date of termination are paid in a lump-sum upon termination.

Forfeited accounts: Forfeitures are allocated to the participants' accounts based upon the ratio of each participant's points, as defined by the Plan, to the total points of all eligible participants. Forfeitures may also be used to reduce Company contributions. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$32,527 and \$17,273, respectively. During the year ended December 31, 2022, forfeitures of \$49,800 were allocated to participant accounts.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC).

Investment valuation and income recognition: Investments are reported at fair value, except for the guaranteed income fund, which is at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in dividends.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for direct investments in fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to direct investments in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Delinquent notes are treated as distributions based upon the terms of the plan document surrounding defaults.

Grayhill, Inc. Advantage Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Excess participant contributions: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions adjusted for earnings.

Administrative expenses: Investment management and administrative expenses of the Plan are paid by the Plan as provided in the plan document. Certain other administrative expenses are paid by the Company on behalf of the Plan, without reimbursement.

Payment of benefits: Benefits are recorded when paid.

Accounting estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 11, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Prudential Bank & Trust, F.S.B., Prudential Retirement Insurance and Annuity Company, and Empower Annuity Insurance Company, collectively the Trustees

The following is a summary of the Plan's asset and income information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustees and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustees as of December 31, 2022 and 2021, that information provided to the Plan Administrator by the trustees related to the following assets and income is complete and accurate, or complete and accurate to the best of their knowledge and belief, related to the following assets and income. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income.

The following information has been certified by Prudential Bank & Trust, F.S.B. as of December 31, 2022 and 2021, and for the year ended December 31, 2022:

	2022	2021

	2022	2021
Units of pooled separate accounts, at fair value	\$ -	\$ 12,737,165
Guaranteed income fund, at contract value	-	17,501,957

*On April 1, 2022, Empower Annuity Insurance Company of America (EAICA), the parent company of Empower Retirement, LLC acquired the shares of Prudential Bank & Trust, F.S.B and Prudential Retirement Insurance and Annuity Company. Empower Retirement, LLC (Empower) and Prudential Retirement Insurance and Annuity Company are providing the certification in affiliation. Empower, Prudential Bank & Trust, F.S.B and Prudential Retirement Insurance and Annuity Company are qualified institutions consistent with 29 CFR 2520.103-8. Prudential Retirement Insurance and Annuity Company was renamed to Empower Annuity Insurance Company on October 3, 2022.

Note 4. Related-Party Transactions

The Plan's investments are held and managed by trustees. These transactions, therefore, qualify as party-in-interest. The trustees also perform administrative and recordkeeping services for the Plan. Fees paid by the Plan for the investment management services amounted to \$85,954 for the year ended December 31, 2022.

Certain employees of the Company provide administrative services to the Plan. These employees did not receive compensation from the Plan for their services. The Company pays certain administrative expenses incurred by the Plan.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Grayhill, Inc. Advantage Plan

Notes to Financial Statements

Note 6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in inactive markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in valuation methodologies used at December 31, 2022 and 2021.

Units of pooled separate accounts: Valued at the total of the net asset value (NAV) of the underlying investments held by the account at year-end. The Plan's interest in the pooled separate accounts is valued based on the information reported by the investment advisor.

Shares of registered investment companies: Valued at quoted market prices which represent the NAV of shares held by the Plan at year-end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded (Level 1 input).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 34,043,462	\$ -	\$ -	\$ 34,043,462
Total assets in the fair value hierarchy	<u>\$ 34,043,462</u>	<u>\$ -</u>	<u>\$ -</u>	<u>34,043,462</u>
Investments measured at NAV (a)				11,130,216
Investments at fair value				<u>\$ 45,173,678</u>

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 42,753,782	\$ -	\$ -	\$ 42,753,782
Total assets in the fair value hierarchy	<u>\$ 42,753,782</u>	<u>\$ -</u>	<u>\$ -</u>	<u>42,753,782</u>
Investments measured at NAV (a)				12,737,165
Investments at fair value				<u>\$ 55,490,947</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share (or its equivalent) as of December 31, 2022 and 2021:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
Units of pooled separate accounts	\$ 11,130,216	\$ 12,737,165	\$ -	Monthly	None

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investment from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2022, there were no transfers in or out of Level 3.

Grayhill, Inc. Advantage Plan

Notes to Financial Statements

Note 7. Investment Contract with Insurance Company

The Plan maintains an investment contract with Prudential Retirement Insurance and Annuity Company (PRIAC). PRIAC maintains the contributions in a general account. In connection with the transaction (Note 3), Prudential Financial, Inc. is no longer affiliated with Prudential Bank & Trust, F.S.B and PRIAC. The Plan utilizes an insurance product contract issued by PRIAC accordingly under power of attorney granted to Empower. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by PRIAC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals and administrative expenses. The guaranteed income fund contract issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

The guaranteed rate of interest for 2022 was 1.42%. For purposes of crediting interest to participants, the rate for 2022 was 1.42%.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed income fund. Contract value, as reported to the Plan by PRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value within reasonable timeframes.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest and adjusted rate is based on a formula agreed upon with the issuer but may not be less than 0%. Such interest rates are reviewed semiannually by PRIAC.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Participants should refer to the investment contract for a list of such events. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

There are no contract termination clauses or charges applied upon discontinuance to terminate the agreement prior to the scheduled maturity date.

Note 8. Tax Status

The Plan is a nonstandardized 401(k) profit sharing plan and trust. The prototype plan has received an opinion letter dated December 4, 2020, from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving this letter. The Plan Administrator believes that the Plan is designed and is being operated in compliance with applicable requirements of the Internal Revenue Code.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Grayhill, Inc. Advantage Plan

Notes to Financial Statements

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2022 and 2021:

	2022	2021

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2022:

Net decrease in net assets available for benefits per the financial statements	\$ (9,596,425)
