INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Weichert 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Weichert 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules ("DOL") and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WEICHERT 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan:

The following description of the Weichert 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General - The Plan became effective on October 1, 1975, as a defined contribution plan sponsored by Weichert Co. (the “Company” and “Plan Sponsor”). Substantially all employees of the Company who have attained age 21 are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Administration - The Plan is administered by the Plan Sponsor. The Plan’s assets are held by T. Rowe Price Trust Company (the “Trustee”), who is responsible for the custody and management of the Plan’s assets.

Automatic Enrollment - All eligible employees are automatically enrolled in the Plan upon meeting the eligibility requirements unless they elect to opt out of participation. Automatic enrollment sets the pre-tax deferral contribution rate at 3% of an employee’s compensation in the absence of other employee elections.

Contributions - Contributions to the Plan are made by both the participating employees and the Company. Upon meeting eligibility requirements, participants may contribute up to 50% of their eligible compensation on a pre-tax basis, subject to Internal Revenue Code (“IRC”) limitations. Highly compensated employees may contribute up to 12% of their eligible compensation each payroll period. Each newly hired full-time eligible employee shall automatically commence participation in the Plan. Pre-tax contributions of 3% of compensation will begin the first pay date that coincides with the participant’s initial entry date into the Plan. The participant may elect to cease or change the amount of these contributions at any time. Participants may also contribute funds from another qualified retirement plan (“rollover contributions”), subject to certain requirements.

The Company may make discretionary non-elective matching contributions. The Company matches participant’s elective deferrals at a rate of 25%, up to 6% of compensation, for a maximum match of 1.5% of compensation. Catch up employee deferral contributions are not eligible to be matched upon.

Participant Accounts - Individual accounts are established for each plan participant. Each participant’s account is credited with the participant’s contribution and allocation of (a) the Company’s contribution, if any, (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

WEICHERT 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Participants become 100% vested in the Company's contributions and earnings thereon upon death, total and permanent disability, or attainment of age 55. Otherwise, a participant's interest in the Company's matching contributions and earnings thereon vests according to the following:

Completed Years of Service	Percent Vested
Less than 2 years	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 years or more	100%

Forfeitures - When certain terminations of participation in the Plan occur, the non-vested portion of a participant's account represents a forfeiture, as defined by the Plan. If a forfeiting participant is re-employed and fulfills certain requirements, as set forth in the Plan, the participant's account will be restored. Forfeitures may be used to reduce Company matching contributions or to pay Plan expenses. Forfeitures that were used to reduce Company matching contributions totaled \$124,617 in 2022. At December 31, 2022, there were \$728 in unapplied forfeitures. There were no unapplied forfeitures at December 31, 2021.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant (or participant's beneficiary in the event of death) may elect to receive an amount equal to the value of the participant's vested interest in their account. Participants who voluntarily terminate employment may elect to receive a distribution of 100% of their vested benefits in a lump sum or, in an installment payment. Participants who have a vested account balance in excess of \$5,000 will generally be distributed in a lump sum or, at the participant election, be rolled over either to another qualified retirement plan or to an individual retirement account. A participant who has an account balance between \$1,000 and \$5,000 and fails to elect either a lump sum or rollover, will have their account automatically rolled over into an individual retirement account established in the participant's name. A participant who has an account balance less than \$1,000 will be automatically distributed as soon as administratively feasible.

Notes Receivable from Participants - Participants may obtain loans from the Plan at a minimum of \$1,000 and a maximum of one half of a participant's account balance, or \$50,000 whichever is less. Loans bear a reasonable rate of interest as reflected by local banks and are collateralized by a participant's account balance. Loans are generally repaid through payroll deductions within five years. Only one loan is permitted to be outstanding at a given time.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions in net assets available for benefits during the reporting period. Actual results, as determined at a later date, could differ from those estimates.

WEICHERT 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees and insurance companies. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Money Market Fund - Money market fund includes highly liquid short-term investments purchased with maturities of three months or less.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. At December 31, 2022, professional fees were paid by the Plan and are included in administrative expenses. Fees related to the administration of notes receivable from participants, withdrawals, asset fees and investment advisory fees are charged directly to the participant's account and are included in administrative expenses. Recordkeeping and investment related expenses are included in net depreciation of fair value of investments.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Hardship Withdrawals - The Plan provides for hardship withdrawals from participants' vested balances, not to exceed an amount required to meet an immediate need created by hardship, and then only to the extent that such immediate need cannot be satisfied by other sources reasonably available to the participant. Permissible circumstances for hardship withdrawals include medical expenses, purchase of a home, tuition payments, amounts necessary to prevent eviction from the participants' personal residence, and such other circumstances as the Plan Administrator may determine in accordance with Internal Revenue Service ("IRS") rules and regulations.

Subsequent Events - The Plan Administrator has reviewed and evaluated all subsequent events and transactions from December 31, 2022 through October 2, 2023, the date the financial statements were available to be issued. The effects of those events and transactions that provide additional pertinent information about conditions that existed at the Statements of Net Assets Available for Benefits date have been recognized in the accompanying financial statements.

WEICHERT 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3 - Certified Investment Information:

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, the Trustee, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- a) Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2022, and 2021.
- b) Investment (loss)/income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.
- c) Investment information included in the Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule of assets (held at end of year).

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule of assets (held at end of year).

Note 4 - Common Collective Trust:

The Plan invests in investment contracts through its common collective trusts (CCT). The CCT's fair value is a relevant measure attribute. The CCT held by the Plan is a stable value investment which has an objective to preserve capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve this objective the fund invests primarily in insurance contracts and corporate and government agency bonds. Redemptions are allowed for participants daily, however, in the event of a complete redemption, the Plan is subject to a one-year redemption notice period which may be waived by the trustee. There are no unfunded commitments at December 31, 2022, and 2021.

Note 5 - Fair Value Measurements:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements FASB ASC 820, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

WEICHERT 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds - Valued at the closing price in the active market in which the fund is traded.

Self-directed brokerage account - Contains common stock and mutual funds which are valued at the closing price reported on the active market on which the individual securities are traded.

Money market fund - Interest-bearing money market fund that seeks to provide a rate of return from a deposit in a bank account that is insured by the Federal Deposit Insurance Corporation up to applicable limits. It is valued at the closing price in a similar market in which the fund is traded.

Common collective trust - Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. All collective trusts utilize NAV as the practical expedient to valuing the investment upon sale.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

WEICHERT 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

The following tables set forth by level and by investment class, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 173,446,787	\$ -	\$ -	\$ 173,446,787

Total assets in fair value hierarchy	<u>\$ 173,844,404</u>	<u>\$ 870,510</u>	<u>\$ -</u>	174,714,914
Investments measured at net asset value (a)				<u>26,233,464</u>
Total investments at fair value				<u>\$ 200,948,378</u>

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 220,121,583	\$ -	\$ -	\$ 220,121,583
Self-directed brokerage account	431,298	-	-	431,298
Money market fund	-	646,631	-	646,631
Total assets in fair value hierarchy	<u>\$ 220,552,881</u>	<u>\$ 646,631</u>	<u>\$ -</u>	221,199,512
Investments measured at net asset value (a)				<u>25,674,353</u>
Total investments at fair value				<u>\$ 246,873,865</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2022 and 2021, there were no significant transfers in or out of Levels 1, 2 or 3.

Note 6 - Tax Status:

The Plan was written on an IRS non-standardized pre-approved document, which obtained its latest opinion letter on August 19, 2020 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

WEICHERT 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 7 - Plan Termination:

Although it has not expressed any intent to do so, the Company reserves the right to amend, alter or terminate the Plan subject to the provisions of the Employment Retirement Income Security Act of 1974 (“ERISA”). In the event of plan termination, participants would become fully vested in their individual accounts.

Note 8 - Parties in Interest:

Certain Plan investments are managed by the Trustee. Services provided by the Trustee include investment, recordkeeping, and administrative services to the Plan. The fees associated with these services qualify as party-in-interest. Fees paid by the Plan for investment management and recordkeeping services amounted to \$13,578 for the year ended December 31, 2022.

Additionally, fees paid by the Plan for independent audit services included in administrative expenses also qualify as party-in-interest. Audit fees totaled \$17,750 for the year ended December 31, 2022.

Note 9 - Risks and Uncertainties and Concentration of Investment Risk:

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant’s account balances and the amounts reported in the financial statements.

The Plan may invest in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by sub-prime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market’s perception of the issuers and changes in interest rates.

The Plan’s investment in two funds comprise approximately 25% and 27% of total investments for the years ended December 31, 2022 and 2021, respectively.
