Independent Auditor's Report

To the Plan Administrator of
The Park School Defined Contribution Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of The Park School Defined Contribution Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Park School Defined Contribution Retirement Plan's 2022 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section

- the amounts and disclosures in the accompanying 2022 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of The Park School Defined Contribution Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Park School Defined Contribution Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Park School Defined Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Park School Defined Contribution Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedules, Form 5500, Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of The Park School Defined Contribution Retirement Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated June 29, 2023 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters (Continued)

Auditor's Report on the 2021 Financial Statements (Continued)

Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE PARK SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following description of The Park School Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution 403(b) plan covering substantially all employees of The Park School (the Plan Sponsor) as defined in the Plan document. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Sponsor's 403(b) Fiduciary Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance, and reports to the Plan Administrator.

b. Eligibility

All employees are eligible to participate and contribute elective deferrals into the Plan upon their date of hire. Employees become eligible to make the mandatory employee contribution and to receive the non-elective matching contributions after completing two years of service, defined as 1,000 hours of service during a twelve month period. An academic support or intern employee, employees who are not a full-time or regular part-time administrator, a member of the faculty, or staff employee are excluded from the mandatory employee contributions.

Effective, September 1, 2022, the Plan was amended to allow for academic support employees to participate in the Plan. Additionally, the two years of service requirement was removed for the mandatory employee contributions and the Plan Sponsor non-elective matching contributions.

c. Contributions

Each year, participants may contribute a percentage up to 100% of pre-tax annual compensation, subject to statutory limitations. Participants who are age 50 or older are also permitted to make catch-up contributions into the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

In addition, as a condition of employment with the Plan Sponsor, all eligible employees, as defined in the Plan document are required to contribute 5% of eligible compensation to the Plan (mandatory employee contribution).

The Plan Sponsor is required to contribute on behalf of all eligible employees a non-elective matching contribution. The Plan Sponsor calculates the non-elective matching contribution per pay period. For the year ended December 31, 2022, the Plan Sponsor made non-elective matching contributions equal to 5% of participating employees' compensation, totaling \$545,787 for the year ended December 31, 2022.

d. Participant Accounts

Each participant's account is credited with the participant's contributions, Plan Sponsor contribution and an allocation of Plan earnings (losses) and is charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant's adjusted compensation and the number of years of participation in the Plan, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

THE PARK SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF PLAN (Continued)

e. Vesting

Participants are immediately vested in their voluntary contributions, Plan Sponsor contributions and actual earnings (losses) thereon.

f. Payment of Benefits

The Plan provides for a normal retirement benefit to be paid to participants who have reached the age of 65. Upon termination of service, a participant may maintain their account or elect a lump-sum amount equal to the value of their account, installments, annuity options or ad-hoc distributions. There are also retirement benefits available upon disability and death. The Plan has an involuntary cash-out provision allowing for the Plan Administrator to pay out vested balances up to \$1,000 to participants who have terminated employment with the Plan Sponsor during the Plan year.

The Plan allows in-service withdrawals upon attainment of age 59 ½. A participant may also request a withdrawal upon demonstration to the Plan Administrator that they are suffering a "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 1.401(k)-1(d)(3)(i) of the Internal Revenue Code (the Code).

g. Notes Receivable from Participants

The Plan allows for participants to borrow an aggregate amount up to the lesser of (i) 50% of the participant's vested account balance or (ii) \$50,000. The minimum loan allowed is \$1,000. Participants may have three outstanding loans at any given time. The loans are secured by the balance in the participant's account and bear a fixed interest rate of the Federal Reserve Board Bank Rate plus 1%. Principal and interest are paid at least quarterly.

h. Plan Loans

The Plan allows for participants to borrow an aggregate amount up to the lesser of (i) 50% of the participant's vested account balance or (ii) \$50,000 of the participant's vested account balance. The minimum loan allowed is \$1,000. Loans are made through Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equity Fund (CREF), the qualified institution, and 110% of the outstanding loan balance is collateralized by the participant's account balance. Repayments of principal and interest are credited back to TIAA and CREF, and not their own participant's account balance.

Outstanding plan loans as of December 31, 2022 and 2021, totaled \$94,754 and \$161,764, respectively, and are included in TIAA traditional annuity contracts - non-benefit-responsive in the accompanying statements of net assets available for benefits. Under the borrowing terms, \$104,229 and \$177,940, respectively, of Plan assets serve as collateral to these loans as of December 31, 2022 and 2021.

i. SECURE Act 2.0

On December 29, 2022, the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0 was executed. SECURE Act 2.0 contains over ninety new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

THE PARK SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements
December 31, 2022 and 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting principles (U.S. GAAP) established by the Financial Accounting Standards Board (FASB). References to U.S. GAAP in these notes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully-benefit-responsive investment contracts, which are reported at contract value. Non-benefit-responsive investment contracts are reported at fair value. Units held by the Plan in variable annuity accounts and a pooled separate account are based on each fund's daily net asset value (NAV) as a practical expedient, which is considered by the Plan Administrator to be the best approximation of fair value. Fair value of mutual funds is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All investments are not traded on public exchanges and are redeemable only by the issuer. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors and qualified institution. See Note 4 for discussion of fair value measurement.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Gains and losses are recognized as incurred upon sale or maturity of investments or based on market value changes during the period. Net depreciation of investments includes realized and unrealized gain (losses) on investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest, which approximates fair value. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowances for credit losses have been recorded as of December 31, 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. There were \$13,839 of defaulted loans included in benefits paid to participants in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.

THE PARK SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements
December 31, 2022 and 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Certain administrative and accounting fees are paid by the Plan Sponsor and, accordingly, are not reflected in the accompanying statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants, benefit payments and recordkeeping services are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events have been evaluated through October 12, 2023, which is the date the financial statements were available to be issued. There were no events that met the criteria for recognition or disclosure in the financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S QUALIFIED INSTITUTION

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equity Fund (CREF), a qualified institution, has certified to the completeness and accuracy of certain investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, and the supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2022, and certain related investment transactions and investment income (loss) and interest income on notes receivable from participants reported in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to certified investment information, except for comparing such certified investment information included in the accompanying financial statements and supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2022.

4. FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. *Fair Value Measurement* establishes a hierarchy of the valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The fair value hierarchy is as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

THE PARK SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements
December 31, 2022 and 2021

4. FAIR VALUE MEASUREMENT (Continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Variable annuities: The fair value of accumulation units held by the Plan in variable annuity accounts are based on each account's daily NAV as a practical expedient, which is considered by the Plan Sponsor to be the best approximation of fair value. As of December 31, 2022 and 2021, the Plan had no plans to sell the variable annuity accounts at amounts different from NAV. Variable annuities are not exchange traded. Data for NAVs are available daily to plan administrators and client investors via the TIAA and CREF website and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. Redemption frequency and notice period is available on a daily basis. There are no unfunded commitments from participants in the Plan who invest in these accounts.

TIAA traditional annuity contracts - non-benefit-responsive: Investments in TIAA Traditional Annuity contracts that are non-benefit-responsive investment contracts are reported at fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs. The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. See Note 6 for discussion of the TIAA Traditional Annuity contracts.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate account: The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily NAV as a practical expedient, which is considered by the Plan Sponsor to be the best approximation of fair value. The NAV is used as a practical expedient to estimate the fair value, unless it is probable that all or a portion of the pooled separate account will be sold for an amount different from NAV. As of December 31, 2022 and 2021, the Plan had no plans to sell the pooled separate account at an amount different from NAV. This account is not exchange traded. Data for the NAV is available daily to plan administrators and client investors via the TIAA website, and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings.

Notes to Financial Statements
December 31, 2022 and 2021

4. FAIR VALUE MEASUREMENT (Continued)

Pooled separate account (Continued): The underlying holdings are primarily valued using independent pricing sources. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the unallocated contract provides the fund with a liquidity guarantee whereby TIAA ensures that the account has funds available to meet participant redemption, transfer or cash withdrawal requests. There are no unfunded commitments from participant redemption, transfer or cash withdrawal requests. There are no unfunded commitments from participants in the Plan who invest in this account.

There have been no changes in methodologies used at December 31, 2022 and 2021.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present by level within the fair value hierarchy, the Plan's assets at fair value as of December 31:

4. FAIR VALUE MEASUREMENT (Continued)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 investments in the TIAA traditional annuity contracts for the year ended December 31, 2022:

Balance, beginning of year	\$ 10,950,256
Investment earnings	454,848
Purchases	29,046
Transfers	(104,042)
Sales	<u>(299,338)</u>
Balance, end of year	<u>\$ 11,030,770</u>

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

Type	2022 Fair Value	Principal Valuation Technique	Unobservable Inputs	Range
TIAA traditional annuity contract - non-benefit-responsive	<u>\$ 11,030,770</u>	Discounted Cash Flow	Risk-adjusted discount rate applied	3.70% - 6.25%

Type	2021 Fair Value	Principal Valuation Technique	Unobservable Inputs	Range
TIAA traditional annuity contract - non-benefit-responsive	<u>\$ 10,950,256</u>	Discounted Cash Flow	Risk-adjusted discount rate applied	3.00% - 3.80%

Changes in Fair Value

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The following table presents the category, fair value, redemption frequency, and redemption notice period for the Plan's investments, the fair values of which are estimated using the NAV per share as of December 31:

	Fair Value		Redemption Frequency	Redemption Notice Period
	2022	2021		
Variable Annuities:				
Domestic Stock Funds (a)	\$ 16,339,774	\$ 22,490,603	Daily	Daily

THE PARK SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements
December 31, 2022 and 2021

4. FAIR VALUE MEASUREMENT (Continued)

The Plan's investment in the TIAA and CREF Real Estate Fund with a balance of \$1,980,562 and \$1,977,638 as of December 31, 2022 and 2021, respectively, has been excluded from the above table as it is a direct filing entity.

- (a) These funds invest in various types of domestic stocks in the large, midsize or smaller capitalization groups to seek long-term capital growth.
- (b) This fund invests in foreign equities and in fixed income securities to achieve a long-term rate of return.
- (c) This fund invests in a combination of equity securities and debt securities to achieve a long-term rate of return and capital appreciation.
- (d) These funds invest in various types of debt securities to achieve long-term rates of return while preserving capital.
- (e) This fund invests in high quality, short-term instruments to achieve high current income and capital preservation.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all accrued benefits shall be paid to participants in accordance with the provisions of the Plan.

6. TIAA TRADITIONAL ANNUITY CONTRACT

The TIAA Traditional Annuity Contract is a guaranteed fixed annuity contract available as an investment option to the Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity Contract is offered through a variety of contract types, including Retirement Annuities (RA), Group Retirement Annuities (GRA), Supplemental Retirement Annuities (SRA), and Group Supplemental Retirement Annuities (GSRA). The type of contract through which a participant invests in the TIAA Traditional Annuity Contract determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

The RA and GRA are non-benefit-responsive guaranteed contracts in which the value is based on TIAA's quoted redemption value of the contract owned by the Plan participant at year-end.

As the SRA and GSRA are fully benefit-responsive guaranteed contracts, contract value is the relevant attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

Participants who chose to allocate a portion of their retirement savings to the TIAA Traditional Annuity Contract make contributions that purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified rate of interest, is guaranteed by TIAA's claims-paying ability. The guaranteed annual interest rate is 3% for all premiums remitted under all TIAA Traditional Annuity Contract accumulating contracts entered into by the Plan's participants. The TIAA Traditional Annuity Contract also provides an opportunity for participants to receive additional amounts, which the TIAA Board of Trustees may declare on a year-by-year basis.

THE PARK SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements
December 31, 2022 and 2021

6. TIAA TRADITIONAL ANNUITY CONTRACT (Continued)

These additional amounts, when declared, remain in effect for the twelve-month “declaration year” that begins each March 1st for accumulation annuities and January 1st for lifetime payout annuities; they are not guaranteed for future years. The TIAA Traditional Annuity Contract does not permit TIAA and CREF to terminate the agreement prior to the scheduled maturity date.

All RA contracts require withdrawals in the form of a lifetime payout annuity or in periodic installments over a ten-year period. All GRA contracts may be withdrawn in a single lump-sum within 120 days of termination of employment; this transaction is subject to a 2.50% surrender charge. All SRA and GSRA contracts provide for full participant-directed liquidity. When a participant’s accumulation in the TIAA Traditional Annuity Contract is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan itself, would limit the Plan’s ability to transact at contract value with the contract issuers. The Plan Administrator believes the occurrence of such events that would limit the Plan’s ability to transact at contract value with the Plan’s participants is not probable.

7. PARTY-IN-INTEREST TRANSACTIONS

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, transactions with investment funds managed and held by the qualified institution and notes receivable from participants are considered party-in-interest transactions. During plan year 2022, the Plan paid \$2,174 of administrative fees to the Plan’s qualified institution.

8. TAX STATUS

The Plan Sponsor has obtained an opinion letter dated August 17, 2017, in which the Internal Revenue Service (IRS) stated that the restated prototype plan document was in compliance with applicable requirements of the Code. The Plan Administrator timely adopted the restated prototype plan. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is currently being operated in accordance with the Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

10. PROHIBITED TRANSACTION

During the Plan year ended December 31, 2022, the Plan Sponsor failed to segregate and remit in a timely manner, certain participant contributions (salary reduction amounts) within the required time period as specified by the United States Department of Labor Reg. 2520.3012. Failure to segregate and remit contributions within the specified time period is a prohibited transaction. Management intends to take corrective action during the 2023 plan year.
