Independent Auditors' Report

To the Plan Administrator of
Monahan Products, LLC 401(k) Profit Sharing Plan

Scope and Nature of ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Monahan Products, LLC 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Monahan Products, LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Monahan Products, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants in order to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Monahan Products, LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Cont.)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Monahan Products, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of schedule of assets (held at end of year, Schedule H, Line 4i) as of December 31, 2022 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Monahan Products, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022

Note 1 - Description of Plan

The following description of the Monahan Products, LLC 401(k) Profit Sharing Plan (the "Plan") is only provided for general information. Participants should refer to the Summary Plan Description or Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established January 1, 2010 and is a defined contribution plan with a salary reduction feature under Internal Revenue Code Section 401(a). The Plan Administrator/Sponsor is Monahan Products, LLC. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator oversees governance of the plan as well as determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility – All employees of the Company, except union and leased employees, residents of Puerto Rico, are eligible for the plan upon attaining age 21. In order to be eligible to receive an employer match contribution, participants age 21 years or older, must have completed a year of service. However, in order to be eligible to receive a nonelective profit sharing contribution, participants age 21 years or older, must have completed 501 hours of service during the plan year or be employed on the last day of the plan year. If a participant's employment terminates due to death, disability, or retirement, the participant will be eligible for the nonelective profit sharing contribution in the year of death, disability or retirement regardless of service hours or active employment.

Participant Contributions – Participants, at their option, can defer up to 100% of their eligible compensation on a pre-tax basis, not to exceed the IRS annual limit. Participants age 50 and over may voluntarily contribute additional catch up contributions subject to IRS limits. Salary deferrals are not subject to federal income taxes until withdrawn from the Plan in accordance with Section 401(a) of the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified pension plans (rollover contributions). In addition, the Plan allows for Roth deferrals, which are treated as post-tax deferrals. These contributions are subject to the same deferral limits as pre-tax contributions.

Employer Contributions – The Plan allows an annual discretionary matching contribution of elective pre-tax and ROTH salary deferrals and catch-up contributions. In addition, the Company may elect to make a discretionary profit-sharing contribution to the Plan. There was a discretionary matching contribution of \$257,655 for the year ended December 31, 2022, which has been recorded as a receivable in the accompanying statement of net assets available for benefits. There was no profit-sharing contributions for the year ended December 31, 2022.

Vesting – Participants are immediately vested in their contributions plus related earnings. Employer matching and profit-sharing contributions and related earnings vest in accordance with the following schedule:

<u>Years of Credit Service</u>	<u>Percentage of Account Vested</u>
Less than one	0%
One	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six	100%

Note 1 - Description of Plan (Cont.)

If a participant's employment terminates due to death, disability or retirement, the participant's employer contribution account becomes 100% vested.

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of the Company's discretionary contributions, if any, and plan earnings (based on participant's investment election and account balance). The benefit to which a participant is entitled to is the participant's vested account balance.

Investment Options – All assets of the Plan are participant directed. Participants have the option of directing the investment of their contributions, as well as any employer contributions into various shares of registered investment companies or a collective investment trust offered by the Plan.

Payment of Benefits – Plan benefits are available at normal retirement age (age 65), deferred retirement, disability retirement, death, or termination of employment. A participant must receive the vested portion of their account as a lump-sum payment. If the amount of a terminated participant's account is \$5,000 or less, the plan administrator may distribute the vested account without the terminated participant's consent according to the provisions of the Plan.

In-Service Withdrawals – The Plan allows for annual in-service withdrawals from the vested portion of a participant's account upon the participant's attainment of age 59½. However, rollover contributions may be withdrawn at any time.

Notes Receivable from Participants – Participants may borrow an amount up to 50% of their vested account balance. The maximum loan amount is \$50,000, reduced by the highest outstanding loan balance in the preceding twelve-month period. Repayment terms may not exceed five years, although a loan for the purchase of a principal residence may be repaid over a longer term. Each borrowing is evidenced by a note bearing interest at a prevailing rate as determined by the Plan Administrator. The notes are secured by the vested balance in the participant's account. Principal and interest payments are credited to the borrowing participant's account. Principal and interest are paid in level amortization payments made through payroll deductions. Loans will become due and payable in full upon the participant's death, retirement or other termination of employment with the Company.

Forfeited Accounts – Forfeited balances of terminated participants' non-vested accounts are used to reduce future employer contributions and plan administrative expenses. During 2022 and 2021, the Company utilized \$1,509 and \$6,005, respectively, of forfeited, nonvested amounts to reduce employer matching contributions. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$33 and \$1,509, respectively.

Revenue Sharing Credit – For certain investments in the plan revenue sharing credits are generated and received by Empower Trust Company, LLC, "the custodian", the custodian is returning that revenue share back to the Plan and the Plan in turn returns that revenue to the participants who are invested in those funds through an offset of the administrative recordkeeping fees. Credits issued to participants during the year ended December 31, 2022 totaled \$16,553 and are reported net of related plan administrative expenses in the accompanying statement of changes in net assets available for benefits.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements of the Plan are prepared using the accrual method of accounting, except that benefit payments are recorded upon distribution.

Accounting Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Note 2 – Summary of Significant Accounting Policies (Cont.)

Fair Value Measurements – The Plan follows the provisions of the Financial Accounting Standard Board's ("FASB") Accounting Standards Codification ("ASC") Topic 820, "Fair Value Measurements and Disclosures" ("ASC Topic 820"), for assets and liabilities that are measured and recorded at fair value on a recurring basis, and to determine fair value disclosures. This standard defines fair value, establishes a framework for measuring fair value, and requires disclosures about fair value measurements. Investments measured using the net asset value ("NAV") practical expedient are exempt from categorization within the fair value hierarchy (see Note 4).

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. If a participant does not make loan repayments for a period of 90 days and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. Therefore, no allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value, fair value is the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies.

Net investment appreciation and depreciation reflected in the statement of changes in net assets available for benefits include the realized gains and losses on investments bought and sold during the year, as well as unrealized gains and losses on investments held during the year (see Note 3).

Purchases and sales of securities are recorded on a trade-date basis, interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

Payment of Benefits – Benefit payments to participants are recorded upon distribution.

Plan Administrative Expenses – The Plan's administrative expenses are primarily paid by the Company and by the Plan from the participants' forfeited accounts. Fees related to the administration of notes receivables from participants and participant withdrawals are charged directly to the participant's account and are included in administrative expenses, while expenses for items such as recordkeeping fees are allocated to participants accounts. Investment related fees are included in the net appreciation/depreciation of the fair value of investments.

Evaluation of Subsequent Events – Management has evaluated subsequent events involving the Plan for potential recognition or disclosure in the accompanying financial statements. Subsequent events are events or transactions that occurred after December 31, 2022 up through October 11, 2023, the date the accompanying financial statements were available to be issued.

Note 3 - Information Prepared and Certified by the Plan's Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodian, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

Note 3 - Information Prepared and Certified by the Plan's Custodian (Cont.)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by, Empower Trust Company, LLC (formerly Great-West Trust Company, LLC), the custodian:

Note 4 – Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, "Fair Value Measurement", are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 – Fair Value Measurements (Cont.)

There have been no significant transfers between levels during the year ended December 31, 2022.

The following is a schedule of the Plan's assets at fair value by category within the fair value hierarchy:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>December 31, 2022</u>				
Shares of registered investment companies (mutual funds)	<u>\$ 7,036,861</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,036,861</u>
Collective investment trust, measured at net asset value				<u>377,566</u>
Total investments at fair value				<u>\$ 7,414,427</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>December 31, 2021</u>				
Shares of registered investment companies (mutual funds)	<u>\$ 6,654,080</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,654,080</u>
Collective investment trust, measured at net asset value				<u>169,872</u>
Total investments at fair value				<u>\$ 6,823,952</u>

The following is a description of the valuation methodologies used for investments measured at fair value.

There have been no changes in the methodologies used at December 31, 2022 and 2021.

Shares of Registered Investment Companies – These investments (mutual funds) are public investment vehicles valued at the daily closing prices, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust – This investment, a stable value fund, is a public investment vehicle valued at the NAV of units of the fund. The NAV, as provided by the administrator of the fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the fund less its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Note 4 – Fair Value Measurements (Cont.)

The following table summarizes investments for which fair value is measured using NAV per share as a practical expedient:

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
<u>December 31, 2022</u>				
Collective investment trust - Putnam Stable Value Fund	\$ 377,566	N/A	Daily	N/A
<u>December 31, 2021</u>				
Collective investment trust - Putnam Stable Value Fund	\$ 169,872	N/A	Daily	N/A

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of a complete or partial plan termination, participants will become 100% vested in their accounts, and participants' accounts will be distributed to participants in accordance with the Plan's provision.

Note 6 - Income Tax Status

The Plan is a qualified cash or deferral arrangement established under Section 401(k) of the Internal Revenue Code and is exempt from federal income taxes under Section 401(a) of the Internal Revenue Code. On March 8, 2021, the Company executed an adoption agreement using an Angell Pension Group, Inc. Volume Submitter Defined Contribution Plan and relies on a favorable determination letter from the Internal Revenue Service dated June 30, 2020, issued for the Volume Submitter Plan. Although the Plan has been amended since receiving the favorable opinion letter from the IRS, The Plan Administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and exempt from federal income taxes.

Note 7 – Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts and these transactions are party-in-interest transactions. All of the party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 8 – Investment Risks and Uncertainties

The Plan provides for investment options in various mutual funds and a collective investment trust, which are exposed to various risks, such as interest rate, credit risk and market risk. Due to the level of risk associated with certain investment securities, and the level of uncertainty related to changes in the value of these investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.
