Capital Bancorp, Inc. 401(k) Profit Sharing Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of Capital Bancorp, Inc. 401(k) Profit Sharing Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2022, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time, which is generally one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting as described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Prior Period Statement of Net Assets Available for Benefits

We performed a compilation engagement with respect to the 2021 statement of net assets available for benefits and our report on the financial statements thereon, dated October 11, 2023, stated that we did not audit or review the financial statements and accordingly express no opinion, or other form of assurance on the accompanying 2021 statement of net assets available for benefits.

1. Description of the Plan

The following description of Capital Bancorp, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Capital Bancorp, Inc., (the "Plan Sponsor") and certain eligible employees of a third-party service provider of security (the "Security Group") to the Plan sponsor. The Plan was originally adopted on January 1, 1975. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by a Plan Administrator and overseen by the Plan Sponsor's Board of Directors.

Eligibility

The Plan entry date is the first of every month. The Plan has no age or service requirement for eligible employees of the Plan Sponsor. An eligible employee of the Security Group is an employee who has reached age 21 and has provided at least 1,000 hours of service to the Plan Sponsor during an eligibility computation period. An eligible employee of the Plan Sponsor must complete one year with 1,000 hours of service to receive Employer Non-elective Contributions.

Contributions

Participants who have satisfied the Plan's eligibility requirements may contribute up to 90% of eligible compensation, subject to certain maximum limitations imposed by the Internal Revenue Code ("the Code"), as defined in the Plan. Participants may elect to make pre-tax deferrals or Roth deferrals. Roth deferral contributions cannot be re-characterized as pre-tax deferral contributions once elected. Participants who have attained age 50 before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan Sponsor has elected for the Plan to be treated as a Safe Harbor plan effective January 1, 2023. Under these provisions, the Company will make matching contributions based on a participant's deferral contributions in an amount equal to 100% of the first three percent of compensation contributed to the Plan by a participant, plus 50% of the next two percent of compensation contributed to the Plan by the participant. Participants will receive Safe Harbor Matching Contributions after completing one year of service.

The Plan Sponsor may make Discretionary nonelective contributions to the Plan on behalf of its eligible participants. The discretionary nonelective contribution shall be allocated to a participant's account based on a formula that takes Social Security into account as specified in the Plan document.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Plan Sponsor's matching and discretionary contributions and Plan earnings and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant's investment elections and earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

Participants may direct the investment of their contributions and the Plan Sponsor's contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market fund as investment options for participants. Participants may change their investment options at any time throughout the year via internet or direct phone access to the Plan's trustee. The Plan's qualified default investment alternative ("QDIA") is the Fidelity Freedom retirement date target funds.

Vesting

Participants are always 100% vested in their Rollover Contributions, Qualified Nonelective Contributions, Deferral Contributions, Safe Harbor Matching Employer Contributions and any earnings thereon. Vesting of Employer Nonelective Contributions plus earnings is based on years of service according to the terms of the Plan. The vested balance in a participant's account representing the Employer Nonelective Contributions becomes 20% upon completion of 2 years of service, 40% after 3 years of service, 60% after 4 years of service, 80% after 5 years of service, and 100% after 6 years of service. Upon termination of service, the non-vested portion is subject to forfeiture rules under the Plan.

Forfeited Accounts

Terminated participants may forfeit the non-vested portion of their Employer Account balance. A forfeiture will occur in the Plan Year that a terminated participant receives a distribution of the entire vested Account, or after five consecutive one-year breaks in service for terminated participants who do not receive a distribution. However, forfeited account balances of a terminated participant will be restored according to the Plan when the participant is rehired by the Company before incurring five consecutive one-year breaks in service, and the participant repays the full amount of the distribution before the end of the five-year period that begins on the date of re-employment. Unrestored forfeitures are retained in the Plan and are used to first pay for administrative expenses before reducing future Employer contributions payable under the Plan. At December 31, 2022 and 2021, forfeited nonvested accounts totaled $34,098 and $19,815, respectively. During 2022, the Plan did not use any forfeitures.

Notes Receivable from Participants

Participants may borrow from their accounts an amount not to exceed the lesser of: (a) one-half of the participant's vested account balance or (b) $50,000 reduced by the participant's greatest outstanding loan balance during the 12 months preceding the date of the loan. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 7.25%, which is commensurate with local prevailing rates as determined by the Plan administrator. Loans are required to be repaid within five years of the date the loan proceeds are received except for loans to purchase a principal residence, which may be repaid over a period not to exceed 10 years. Principal and interest are repaid ratably through periodic payroll deductions. Participants may only have two outstanding loans at any time.

Payments of Benefits

Upon termination of service due to death, disability or retirement, participants may receive a lump sum payment equal to their vested account balance. Benefits under the Plan will generally be paid to participants or their beneficiaries in cash. Distributions to participants with vested account balances between $1,000 and $5,000 may be made in a single lump-sum payment equal to the value of the participant's vested interest in their account or rolled over to an individual retirement account designated by the Plan Administrator. Participants with vested account balances more than $5,000 may defer distributions or elect to receive distributions. To comply with certain requirements of the SECURE Act of 2019 and IRS regulations, the Plan requires participants to take their first required minimum distribution (RMDs) in the year they reach age 72.

Participants who are also active employees may request a hardship withdrawal of at least $500 up to their vested account balance to satisfy certain heavy financial needs, subject to certain conditions and restrictions. A participant with a financial hardship must first exhaust all other assets reasonably available to them prior to obtaining a hardship withdraw. Hardship withdrawals will be subject to the 10% nonperiodic income tax withholding rate unless a participant elects out of the withholding. A qualifying hardship withdrawal may be used to satisfy the following needs: (1) payment of medical expenses that would be tax deductible; (2) purchase of a primary home; (3) stop eviction from primary home, or stop foreclosure on such home; (4) payment of tuition, related educational fees, and room and board expenses for up to the next 12 months of post-secondary education of the participant, spouse, children, or dependents defined in the Plan; (5) burial or funeral expenses for a deceased parent, spouse, child, or dependents defined in the Plan; and (6) expenses to repair damage to primary home that would be tax deductible.

2. Summary of Significant Accounting Policies

Date of Management's Review and Subsequent Events

The Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2023, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are presented on the modified cash basis of accounting, which is a basis of accounting other than generally accepted accounting principles. Consequently, certain additions and the related assets are recognized when received rather than when earned and certain deductions are recognized when paid rather than when the obligation is incurred.

Use of Estimates

The preparation of financial statements in conformity with a basis of accounting other than accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments of the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 4 for discussion of fair value measurements.

The net depreciation in the fair value of investments consists of the realized gains and losses on investments bought and sold as well as held during the year and unrealized appreciation (depreciation) of investments. The net change in unrealized appreciation (depreciation) in the fair value of investments is determined by the change in fair value from the beginning of the year to the end of the year or change in fair value from date of the purchase to the end of the year.

Purchases and sales are recorded on a trade date basis. Interest income and dividends are recorded when received.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. The fair value disclosures for financial instruments are not required for participant loans. Also, participant loans continue to be considered as investments for Form 5500 reporting purposes.

Excess Contributions

Excess contributions originated in the current reporting period and refunded to participants during the reporting period are offset in participant contributions and benefit payments to participants on the statement of changes in net assets available for benefits. Excess contributions originated in the current reporting period and refunded to participants before or after March 15 of the following reporting period are accrued as liabilities on the statements of net assets available for benefits. Excess contributions are presented as corrective distributions in expenses section on Schedule H of Form 5500.

Contributions

Contributions are recorded when the cash is received by Fidelity Management Trust Company, the trustee of the Plan in accordance with the modified cash basis of accounting utilized by the Plan. There were no participants' or employer contributions related to the 2022 and 2021 plan years received by the trustee of the Plan subsequent to the respective years then ended.

Benefits Payments

Benefits are recorded when paid.

Administrative Expenses

Officers or employees of the Company perform certain administrative functions of the Plan. However, such officers and employees receive no compensation from the Plan. Fees and expenses charged under a participant's account fall into three basic categories.

Investment fees are generally assessed as a percentage of assets invested and are deducted directly from the participant's investment returns as applicable.

Plan administration fees cover the day-to-day expenses of the Plan for recordkeeping, accounting, legal and trustee services, as well as additional services that may be available under the Plan. In certain cases, Plan administration costs are covered by investment fees that are deducted directly from investment returns. In other cases, plan administrative fees are either paid directly by the Employer, or are passed to the Plan participants, in which case a recordkeeping fee is deducted from a participant's account.

Transaction-based fees are associated with optional services offered under the Plan and are charged directly to the individual participants' account who use the feature available under the Plan.

3. Information Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

	2022	2021
Money market fund	$ 2,700,342	$ 2,288,534
Mutual funds	11,074,940	14,489,122
Total	$ 13,775,282	$ 16,777,656
Notes receivable from participants	$ 384,658	$ 457,154
Interest income on money market fund	$ 35,838	
Dividend income on mutual funds	$ 784,038	
Interest income on notes receivable from participants	$ 24,929	

4. Fair Value Measurements

ASC Topic 820, *Fair Value Measurements and Disclosures* establishes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three broad levels of the fair value hierarchy are as follows:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.
- Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1).
- Level 3 inputs consist of unobservable inputs and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs are not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs are not available. During 2022 and 2021, the valuation of Plan investments did not require the use of Level 2 inputs.

Level 1 Fair Value Measurements

Money market funds - The money market fund is valued using pricing models maximizing the use of observable inputs for similar securities. Although a money market fund seeks to preserve the value of $1 of investment at $1 per share (unit), it is possible to lose money by investing in such a fund.

Mutual funds - The fair value of mutual funds is based on quoted net asset value ("NAV") of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily NAV and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 3 Fair Value Measurements

Life insurance contracts - The life insurance policies of the Plan are held outside of Fidelity Management Trust Company's trust and are not actively traded, and significant other observable inputs are not available. Thus, the fair value of the life insurance contracts at Plan year end is determined by the Plan based on the estimated cash surrender values provided by the policy issuer, Protective Life Insurance Company, for each policy on March 1st following the Plan year then ended.

The following table set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Unobservable Inputs (Level 3)	Fair Value
December 31, 2022:			
Money market fund	$ 2,700,342	$ -	$ 2,700,342
Mutual funds	11,074,940	-	11,074,940
Cash surrender values of life insurance contracts	-	742	742
Total investments, at fair value	$ 13,775,282	$ 742	$ 13,776,024
December 31, 2021:			
Money market fund	$ 2,288,534	$ -	$ 2,288,534
Mutual funds	14,489,122	-	14,489,122
Cash surrender values of life insurance contracts	-	1,323	1,323
Total investments, at fair value	$ 16,777,656	$ 1,323	$ 16,778,979

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2022 are reported in net depreciation in fair value of investments.

5. Party-In-Interest Transactions

Certain Plan investments are shares or units of mutual funds and money market funds sponsored and managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Plan trustee and custodian as defined by the Plan. Therefore, Fidelity is a party-in-interest under ERISA and transactions with Fidelity qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net depreciation in fair value of investments on the accompanying statement of changes in net assets available for benefits, as they are paid through revenue sharing rather than a direct payment.

Plan transactions and records are administered by Fidelity Investments Institutional Operations Company, Inc. ("FIIO"), an affiliate of Fidelity, the Plan Trustee. FIIO is the record keeper of the Plan; therefore, transactions with FIIO qualify as party-in-interest transactions. During 2022, fees incurred by the Plan for record keeping services totaled $1,725 and are included in administrative expenses on the accompanying statement of changes in net assets available for benefits.

The Plan owns life insurance policies managed by Protective Life Insurance Company (PLIC) and U.S. Business of Canada Life Assurance Company (CLA) for the benefit of three participants who are also owner of the Company. Therefore, PLIC and CLA are parties-in-interest and transactions with PLIC and CLA qualify as party-in-interest transactions. During 2022, fees paid to PLIC and CLA for premiums on the three life insurance policies totaled $6,687 and are included in administrative expenses on the accompanying statement of changes in net assets available for benefits.

Payne & Smith, LLC is the Plan's independent public accountant ("IPA") as defined by the Plan. Therefore, the IPA is a party-in-interest under ERISA and transactions with the IPA qualify as party-in-interest transactions. Fees incurred by the Plan for audit and nonattest services provided by the IPA are paid by the Company and are therefore, neither disclosed nor included or accrued on the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. Tax Status

The Plan has adopted a Non-Standardized Pre-Approved Profit Sharing Plan with a qualified Cash or Deferred Arrangement (Profit Sharing Plan with CODA) sponsored by Fidelity Management & Research Company (Fidelity). The Fidelity Profit Sharing with CODA received its latest determination letter, dated June 30, 2020, from the Internal Revenue Service (IRS) as to the plan's qualified status. The IRS opinion letter has been relied upon by the Plan. Although the Plan has been amended since receiving the IRS opinion letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audit by tax authorities; however, there are currently no audit for any tax periods in progress.

7. Plan Termination

While there is no intention to do so, the Company reserves the right to terminate the Plan. In the event of termination of the Plan, the participants become fully vested in their employer contribution balances, and the net assets of the Plan will be distributed to the participants of the Plan in accordance with the provisions of ERISA.

8. Risks and Uncertainties

The Plan provides for various investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with investment securities, and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

The following table presents concentrations of investments that represented 5% or more of the Plan's net assets at December 31, 2022 and 2021:

	2022	2021
Money market fund-		
Fidelity Government Money Market Fund	$ 2,700,342	$ 2,288,534
