KPM Herkules Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the KPM Herkules Group 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects,

the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KPM HERKULES GROUP

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE PLAN YEARS ENDED DECEMBER 31, 2022 AND 2021

1. Description of Plan

The KPM Herkules Group 401(k) Plan (Plan) was established for the purpose of providing retirement benefits to the employees of the Herkules USA Corporation, Inc. and its affiliated companies located in Ford City, Pennsylvania, USA (Group). The accompanying financial statements include only the activity and financial position of the Plan and are not intended to reflect the companies within the Group as a whole.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Group. An employee becomes eligible to participate in the Plan on the first day of the Plan Year quarter coinciding with or next following the date the Plan's eligibility requirements have been satisfied. Eligibility requirements include completion of 250 hours of service within the first three months of employment, and attainment of age eighteen. If an employee does not complete 250 hours of service in the first three months of employment, the service requirement will be satisfied by completing a year of service, with a minimum of 1,000 hours of service during the year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

The Plan allows participants to make voluntary contributions to the Plan, by entering into a salary reduction agreement with the respective companies within the Group. Participants can contribute up to 100 percent of eligible compensation as defined by the Plan or as otherwise limited by the Internal Revenue Code.

The employer match is calculated as 50 percent of elected deferral contributions, for elective deferral contributions not exceeding six percent of a participant's eligible compensation.

In addition to the employer match, the Plan allows the companies within the Group to make a discretionary profit sharing contribution each year. To be eligible for the contribution, an employee must be actively employed on the last day of the Plan Year and have completed

KPM HERKULES GROUP

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

at least 1,000 hours of service during the Plan Year. No profit sharing contribution was made for the years ended December 31, 2022 and 2021.

Participants may also contribute amounts representing distributions or rollovers from other plans and certain IRAs. All contributions, including the employer contributions, may be directed at the discretion of each participant into the various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with (a) the participant's contributions; (b) the Group's contributions; (c) any participant rollovers; and (d) an allocation of Plan earnings and is decreased by any account distributions and charged with an allocation of administrative expenses. Allocations are based on participants' earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, including rollovers and transfers, and actual earnings thereon. Participants are also completely vested in their accounts upon retirement age or due to death or permanent disability. Vesting in the employer contributions is based on the years of service as follows:

<u>Years of Service</u>	<u>Percentage</u>
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeitures represent participant account balances that are not vested upon the termination of an employee. Forfeitures are used for the payment of Plan expenses and to offset employer contributions. Approximately \$12,400 and \$17,400 was forfeited from participant accounts in 2022 and 2021, respectively. In 2022 and 2021, approximately

KPM HERKULES GROUP

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE PLAN YEARS ENDED DECEMBER 31, 2022 AND 2021

\$6,800 and \$5,700 was used to pay Plan expenses. Forfeitures were not used to offset employer contributions in 2022 or 2021. The balance of the forfeiture account at December 31, 2022 and 2021 was \$33,676 and \$27,796, respectively. The forfeiture account gained approximately \$258 and \$144 in investment income during 2022 and 2021, respectively.

Notes Receivable from Participants

The Plan permits participants to borrow up to 50% of their non-forfeitable account balance up to \$50,000. Loans cannot be less than \$1,000. A participant may only have one outstanding loan at any given time. Loans bear a reasonable rate of interest of 4.25% to 6.50%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

All distributions from the Plan are made in one lump-sum payment. Participant vested account balances that do not exceed \$1,000 are automatically distributed to the participant with or without consent. Benefits are paid upon written request and are recorded when paid to the participant, a beneficiary, or a designated rollover account.

Hardship withdrawals may be made to purchase or make certain repairs to a residence, assist in paying tuition, certain funeral expenses, to prevent eviction or foreclosure, and to assist in paying expenses for health care not covered by insurance.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into any of the choices provided under the Plan as listed on the supplemental schedule. These are determined by the Group and participants may change their investment options daily.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

KPM HERKULES GROUP

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE PLAN YEARS ENDED DECEMBER 31, 2022 AND 2021

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses.

Investment Valuation and Income Recognition

The Plan's investments are included in the financial statements at fair value (except for fully benefit-responsive contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the plan custodian, Empower Annuity Insurance Company (Empower). See Note 3 for discussion of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis of accounting. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein. Actual results could differ from those estimates.

KPM HERKULES GROUP

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE PLAN YEARS ENDED DECEMBER 31, 2022 AND 2021

Payment of Benefits

Benefits are recorded when paid. There were no benefits allocated to the accounts of persons who had withdrawn from the Plan but were not paid as of December 31, 2022 and 2021.

Plan Expenses

Plan expenses may be paid by the companies within the Group, or allocated among participant accounts either proportionately based on the value of the account balance or as an equal dollar amount based on the number of participants in the Plan. In addition, the Plan may assess against an individual participant's account, certain expenses which are incurred by, or are attributable to, that participant. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Subsequent events have been evaluated through the Independent Auditor's Report date, which is the date the financial statements were available to be issued.

Description	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	\$ 15,411,505	\$ -	\$ -	\$ 15,411,505
Investments at fair value	<u>\$ 15,411,505</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 15,411,505</u>

Fair values for Level 1 investments are determined by reference to quoted market prices and other relevant information generated by market transactions. Fair values for Level 2 investments are determined by reference to quoted prices for similar investments in active markets. Level 3, investments have significant unobservable inputs, as they trade infrequently or not at all.

Mutual Funds – Valued at the daily closing price reported on the active market on which the securities are traded. When calculating a fund’s value, portfolio securities for which market quotations are readily available are generally valued at their market value, which typically is the last quoted sales price at the time of valuation.

The assets or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE PLAN YEARS ENDED DECEMBER 31, 2022 AND 2021

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of the future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Investment Contract

The Key Guaranteed Portfolio (KGP) fund, which is fully benefit-responsive, is included in the financial statements at contract value. Contract value, as reported to the Plan by the custodian, represents contributions made under the contract, plus earnings, less withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. If the contract is surrendered completely, a market value adjustment may be applied to the balance. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2022 and 2021 was \$730,266 and \$834,958, respectively. The effective annual yield and crediting interest rate ranged from 0.80% to 1.05% from January 1, 2022 through December 31, 2022 and was 0.90% from January 1, 2021 through December 31, 2021.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Empower is responsible for maintaining the balances due to each of the eligible participants in the Plan. The net assets available for benefits include assets available to current eligible employees as well as terminated employees who have not yet been paid their benefit by

the Plan. Empower is also responsible for the proper payouts of benefits to eligible terminated employees per the terms of the Plan documents.

5. Plan Termination

Although it has not expressed any intent to do so, the Group has reserved the right to terminate or to amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their account balance.

6. Income Tax Status

The Internal Revenue Service has determined and informed the plan administrator by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. The Plan annually files a Form 5500.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress for the Plan.

7. Information Certified by the Plan's Custodian

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2022 and 2021, and net appreciation (depreciation) of fair value investments

and dividends and interest for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower, the custodian of the Plan.

8. Related-Party and Party-In-Interest Transactions

Certain Plan investments are managed by the custodian or third-party administrator. Therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan amounted to \$69,754 and \$77,054 for the years ended December 31, 2022 and 2021, respectively.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of plan net assets available for benefits per the financial statements as of December 31, 2022 and 2021 to Form 5500:

	<u>2022</u>	<u>2021</u>
Plan net assets available for benefits per the financial statements	\$ 13,721,261	\$ 16,449,017
Less: Deemed distributions for Form 5500	<u>(11,588)</u>	<u>(3,102)</u>
