Independent Auditors' Report

Plan Management
Dean Inc. 401(k) Profit Sharing Plan and Trust
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Dean Inc. 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Dean Inc. 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Reliance Trust Company as of December 31, 2022 and 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section–

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dean Inc. 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dean Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dean Inc. 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dean Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment

information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion–

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Dean Inc. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements
For the Years Ended December 31, 2022 and 2021

Note A – Description of Plan

The following description of Dean Inc. 401(k) Profit Sharing Plan and Trust ("the Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was formed on January 1, 2000 by Dean Inc. (the "Employer" and "Plan Sponsor") and is a defined contribution and profit-sharing plan with a 401(k)-provision covering all eligible employees, as defined in the plan agreement. An employee shall become eligible to make deferrals to the Plan upon attainment of age 21 and completion of three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Under the Plan's provisions, each eligible participant may elect to contribute up to 90% of their pre-tax compensation, after-tax compensation (Roth contribution), or any combination thereof, in increments of 1%. Contributions are not to exceed the maximum dollar limit in effect for such calendar year in accordance with Section 401(a)(30) of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Employer makes matching contributions equal to 10% of the first 5% of each participants' compensation which is deferred into the Plan. The Employer may also elect to make a discretionary contribution in an amount not to exceed the maximum allowed as a deduction for federal income tax purposes. Only participants employed by the Employer on the last day of the Plan year are eligible for the discretionary contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer matching contributions, employer discretionary contributions (as applicable), and Plan earnings (losses). Participant accounts may be charged with management or service fees for benefits paid out of a participant's account, such as distributions, withdrawals, and loans, and an allocation of any administrative expenses paid by the Plan. Allocation of employer discretionary contributions are based on participant compensation for the Plan year to the total compensation of all participants eligible for the contributions. Allocation of Plan earnings and administrative expenses are based on participant account balances in participant directed investments and total participant account balances, respectively. The benefits to which a participant is entitled to are benefits that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferrals and related earnings thereon. Participants are vested in Employer matching and discretionary contributions, and related earnings thereon, based on a six-year graded method where a participant becomes 20% vested after two years of service, increasing by 20% per additional year of service, with full vesting after six years of credited service.

To be credited a year of service for vesting purposes, participants must complete at least 1,000 hours of service during the Plan's calendar year.

Participants become 100% vested in their account balance upon death if prior to termination of employment with the Employer.

Note A – Description of Plan (continued)

Investment Options
Upon enrollment in the Plan, participants may direct contributions to any of the investment options offered by the Plan. The investment options include mutual funds and a common collective trust. The fund values are computed daily by the custodian and reflect changes in the unit values of the investments.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $500 and a maximum of $50,000, limited to 50% of the participant's vested account balance. The maximum loan amount is reduced by the excess of the highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date of the new loan. There may be a maximum of two loans outstanding for each participant with a maximum outstanding total loan balance of $50,000. The notes are secured by the balances in the participants' accounts and note terms require the notes to be fully repaid through payroll deductions within five years of the date of the note, unless such note is used to acquire a principal residence, and that all notes must bear interest at the prime rate effective as of the date of the note, as published by The Wall Street Journal, plus 2%.

Only participants employed by the Employer may borrow funds. When a participant ceases employment, any outstanding notes are immediately considered due and the participant's account will be reduced by the outstanding balance.

Payment of Benefits
Upon the occurrence of a distributable event, such as termination, death, disability, or retirement, as defined by the Plan, a participant may receive a single lump-sum cash distribution equal to the value of the participant's vested interest in his or her account, a lump-sum rollover, a partial payment, installment payments, or elect to defer receiving payments until reaching the required minimum distribution age. Upon reaching age 59½, participants may elect to receive an in-service withdrawal of all or part of their vested account balance. Hardship withdrawals of a participant's vested account balance may also be granted in accordance with the plan agreement. Terminated participant account balances will be automatically distributed if their vested interest is $5,000 or less.

Forfeited Accounts
Forfeitures may be used to pay plan administration expenses or to reduce employer matching or discretionary contributions. Forfeited, non-vested accounts totaled $192 and $585 for the years ended December 31, 2022 and 2021, respectively. During the years ended December 31, 2022 and 2021, $1,216 and $1,344 of forfeitures, respectively, were used to reduce the employer match.

Note B – Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Participant Contributions Receivable
Participant contributions receivable represent participant deferrals withheld prior to December 31, 2022 and 2021. The balance is based on actual collections subsequent to year end.

Note B – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for a fully benefit-responsive investment contract which is reported at contract value, as of December 31, 2022 and 2021. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements and investment at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses on the accompanying statements of changes in net assets available for benefits and are expensed to participant accounts when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Expenses incurred in connection with the general maintenance of the Plan that are paid by the Plan, such as plan administration fees and fees related to the distribution of notes receivable from participants and benefit payments, are charged directly to participant accounts as described in the "Participant Accounts" section of Note A and are recorded as administrative expenses on the accompanying statements of changes in net assets available for benefits. Investment related expenses are included in net appreciation in fair value of investments on the accompanying statements of changes in net assets available for benefits.

Note C – Investments

Unaudited Information Certified by the Plan Custodian

The December 31, 2022 and 2021 statements of net assets available for benefits, the investment activities included on the statements of changes in net assets available for benefits for the years then ended, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the custodian in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The Plan's investments were held in custodial accounts maintained by Reliance Trust Company for the years ended December 31, 2022 and 2021, and the plan administrator obtained certifications from the custodian for the years then ended. The information certified includes investments of $2,301,636 and $2,577,687 for the years ended December 31, 2022 and 2021, respectively, and related total net investment income (loss) of ($460,818) and $291,966, respectively, for the years then ended.

Note D – Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, establishes the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are delivered principally from or corroborated by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to maximize the use of observable inputs and minimize the use of unobservable measurements.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded and are reported as level 1.

The preceding method described may produce fair value calculations that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

Note D – Fair Value Measurements (continued)

The following is a summary, within each level of the fair value hierarchy, of the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2022 and 2021.

	Fair Value Measurements as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$2,301,150	-	-	$2,301,150

	Fair Value Measurements as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$2,576,811	-	-	$2,576,811

Investment at Contract Value

The Plan is invested in one investment measured at fair value based on net asset value (NAV) per unit as of December 31, 2022 and 2021. This investment is through Invesco Trust Company, the trustee, and is a fully-benefit responsive collective trust fund (the Fund). The Fund's underlying investments consist mainly of guaranteed investment contracts (GICs), and other short term investment funds that are carried at contract value. The plan administrator believes contract value is an appropriate determination of fair value. The Fund seeks to preserve principle and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity.

Because the Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the account. The account is presented on the face of the statements of net assets available for benefits at contract value. Contract value approximates fair value and, therefore, no adjustment to contract value is necessary in arriving at the net assets available for benefits. Contract value, as reported to the Plan by the custodian at December 31, 2022 and 2021, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The income from the Fund (also known as the crediting rate) is recorded at the contract rate and is net of fees to the issuer of the wrap contract and custody fees on underlying assets. Earnings on the underlying assets are factored in the next computation of the crediting rate reset.

The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with plan participants are probable of occurring.

Note E – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note F – Income Tax Status

The basic plan document from which the Plan was drafted has received a determination from the Internal Revenue Service (IRS) by a letter dated October 6, 2020 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note G - Risks and Uncertainties

Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materiality affect participant account balances and the amounts reported on the statements of net assets available for benefits.

Note H – Related Party and Party-In Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. Plan transactions with parties-in-interest include administrative fees paid to the Plan's third-party administrator, ADP, and the Plan's custodian, Reliance Trust Company. Such fees are included on the statements of change in net assets available for benefits.

Note I – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to Form 5500:

	2022	2021

Add: Excess contributions payable at current year-end	3,880	23,053
Less: Excess contributions payable at prior year-end	(23,053)	(16,075)
Change in net assets available for benefits per Form 5500	$ (272,089)	$ 792,431

Note J – Plan Amendments

The Plan agreement was restated effective April 1, 2022.

Note K – Subsequent Events

Subsequent events have been evaluated through October 11, 2023, the date the financial statements were available to be issued.
