Independent Auditor's Report

The Plan Administrator
Roivant Sciences, Inc.
401(k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Roivant Sciences, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not required parts of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

prepare the financial statements or to the financial statements themselves, and to other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Roivant Sciences, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Roivant Sciences, Inc. and its U.S. affiliates (collectively, the Company, Employer, and Plan administrator), which includes the employees of Roivant Sciences, Inc.; Altavant Sciences, Inc. (through January 31, 2021); Enzyvant Therapeutics, Inc. (through January 31, 2021); Spirovant Sciences, Inc. (through January 31, 2021); Sumitovant Biopharma, Inc. (through January 31, 2021); Sio Gene Therapies, Inc. (formerly known as Axovant Sciences, Inc.) (through January 31, 2021); Datavant, Inc. (through July 31, 2021); Affivant Sciences, Inc. (beginning May 16, 2022); Alyvant, Inc.; Aruvant Sciences, Inc.; Covant Therapeutics Operating, Inc. (beginning December 1, 2022); Dermavant Sciences, Inc.; Enolink Co., Ltd. (formerly known as Enovant Technologies, Inc.) (through July 1, 2022); Genevant Sciences, Inc.; Hemavant Sciences, Inc. (beginning May 16, 2022); Immunovant, Inc.; Kinevant Sciences, Inc.; Lokavant, Inc.; Lysovant Sciences, Inc.; Metavant Sciences, Inc.; Priovant Therapeutics, Inc.; Proteovant Therapeutics, Inc.; Respivotant Sciences, Inc.; Roivant Technology Sub 1, Inc.; Vant AI, Inc.; and Zest Dermatology, Inc. (beginning August 1, 2022), collectively, and any employee from participating affiliates who is aged 21 or older.

The Plan was amended on March 29, 2022 to incorporate certain regulatory and legislative requirements.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Investments are participant-directed, and the Plan uses Fidelity Management Trust Company as the Trustee (the Trustee).

During 2022, assets of the Plan with respect to participants who were employed by Enolink Co., Ltd. (formerly known as Enovant Technologies, Inc.) were transferred into separate 401(k) plan. Net assets of \$157,527 were transferred out of the Plan and are reflected as transfer of net assets on the Plan's statement of changes in net assets available for benefits.

Contributions

Each year, participants may contribute up to 90% of pre-tax annual eligible earnings, as defined in the Plan document, through a salary reduction as either a pre-tax or Roth deferral. Effective January 1, 2021, participants may also make voluntary after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute rollover amounts from other eligible retirement plans, as defined. Contributions are subject to certain annual limitations, as imposed by the Internal Revenue Service (IRS). The Company also may make annual discretionary matching contributions, annual discretionary profit-sharing contributions, or other qualified nonelective contributions. The Company matches employees' contributions for participating employees of Roivant Sciences, Inc. and certain participating U.S. affiliates, up to a certain percentage or set dollar amount, as determined annually by Roivant Sciences, Inc. and each participating affiliate.

Roivant Sciences, Inc. 401(k) Plan

Notes to Financial Statements

Participant Accounts

The Plan maintains individual accounts for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's contributions, if any, and allocations of Plan earnings or losses, and charged with an allocation of administrative fees. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their employee deferral contributions, rollover contributions, qualified nonelective contributions, and any earnings thereon. Participants are vested in employer matching contributions and discretionary matching contributions, if any, and any earnings thereon after two years of service.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan, which include investments in a money market fund and various mutual funds.

Payments of Benefits

Participants are eligible to receive a distribution of their vested balance under the following circumstances: (a) retirement, (b) termination of employment, (c) disability, and (d) death. Participants also are entitled to hardship withdrawals while still employees.

Notes Receivable from Participants

Participants may borrow from their vested accounts an amount not less than \$1,000 and not to exceed the lesser of \$50,000 or 50% of their vested account balance. A participant may only have one outstanding loan at a time. Loan terms range up to five years but can be longer for the purchase of a primary residence. The loans are secured by related participants' account balances and bear interest at rates of 4.25% to 8.00%, which is commensurate with local prevailing rates at the time of loan application. Principal and interest are paid ratably through payroll deductions.

Forfeitures

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$525,394 and \$159,413, respectively. Forfeitures may be used to reduce future Company contributions and pay Plan expenses, as directed by the Employer. During the years ended December 31, 2022 and 2021, the forfeiture account was held in the permissible investments selected by the Employer. During 2022, forfeitures in the amount of \$125,765 were used to pay Plan expenses and no forfeitures were applied to contributions.

Roivant Sciences, Inc. 401(k) Plan

Notes to Financial Statements

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting and conform to accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of the Plan's financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and changes therein, and the disclosures of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

At December 31, 2022 and 2021, liabilities of \$61,457 and \$15,732, respectively, were recorded for the amount refundable by the Plan to those participants whose contributions for the 2022 and 2021 Plan years were in excess of amounts allowed by the IRS. The Plan has taken the appropriate corrective measures and refunded the contributions to the participants in 2023 and 2022.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable are reclassified as a deemed distribution based on the terms of the Plan document. In 2022, there were no deemed distributions. Fees charged by the Trustee relating to notes receivable from participants are paid from the participants' accounts and are included in administrative expenses and expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Administrative Expenses

Certain expenses incurred in the administration of the Plan, including recordkeeping and trust fees, are paid by the Company and are excluded from these financial statements. Fees related to

participant-directed transactions are paid by the Plan. Investment-related expenses are included in net appreciation in fair value of investments.

3. Information Certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income, net and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Roivant Sciences, Inc. 401(k) Plan

Notes to Financial Statements

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following tables set forth the level, within the fair value hierarchy, of the Plan's assets at fair value.

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 53,743,408	\$	\$	\$ 53,743,409
Money market fund, measured at NAV*				1,681,748
Investments, at fair value				\$ 55,425,157

December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 38,309,589	\$ -	\$ -	\$ 38,309,589
Money market fund, measured at NAV*				937,793
Investments, at fair value				\$ 39,247,382

* Certain investments that are measured at fair value using the net asset value (NAV) per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds - Mutual funds are valued at their daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund - Fair value for the money market fund is determined based upon the NAV of the shares held by the Plan. NAV is based upon the fair value of the underlying investments. The Plan's investment in the money market fund may be redeemed daily. There are no redemption fees or notice periods and no unfunded commitments as of December 31, 2022 and 2021.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market

Notes to Financial Statements

participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by the Trustee. Any purchases and sales of these funds are performed in the open market at fair value and qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

The Plan issues notes receivable to participants, which are secured by the vested balance in the participants' accounts. Notes receivables from participants also qualify as exempt party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

7. Tax Status

The Plan uses a volume submitter plan from Fidelity Management & Research Company, which received an opinion letter from the IRS on March 31, 2014, which states that the pre-approved plan, as then designed, satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. The Plan has been amended and the amended pre-approved plan received an opinion letter from the IRS dated June 30, 2020, which states that the amended pre-approved plan satisfies the applicable provisions of the IRC. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax provisions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan provides for investments in various investment securities that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Late Remittances

During the year ended December 31, 2022, certain participant contributions and loan repayments in the amount of \$256,288 were not remitted within the appropriate time period by the Company. These transactions constitute a prohibited transaction as defined by ERISA. The Company is in the process of taking the appropriate corrective measures.

During the years ended December 31, 2021, 2020, 2019, and 2018, certain participant contributions and loan repayments in the amount of \$37,722, \$125,667, \$269,075, and \$297,809, respectively, were not remitted within the appropriate time period by the Company. These transactions constitute a prohibited transaction as defined by ERISA. Participant contributions and loan repayments totaling \$37,722, \$123,651, \$269,075, and \$286,567 for the years ended December 31, 2021, 2020, 2019, and 2018, respectively, were pending correction under DOL's Voluntary Fiduciary Correction Program (VFCP) at December 31, 2022. The Company is in the process of taking the appropriate corrective measures for the remaining amounts totaling \$2,026 and \$11,242 for the years ended December 31, 2020 and 2018, respectively.

10. Subsequent Events

The Plan was amended during 2023 to allow the immediate participation of employees of various companies formed during 2023.

For purposes of determining the effect of subsequent events on these financial statements, Plan management has evaluated events subsequent to December 31, 2022 and through October 13, 2023, which is the date these financial statements were available to be issued, and there were no other significant subsequent events requiring adjustments or disclosures to the financial statements as stated herein.
